

Dr. J. Lynch

11. 18. 1787

To

W. D. D. D.

D^r Sir

I would be obliged to you to give whatever apparatus you have that is for the Air Pump, or that is any way connected with it, that we may be sure of the screws fitting each other and also the squares that the key may fitt all alike,

The hemispheres the gold experiment and the Air pipe will be ready, I would be glad to know what other apparatus you may want that we may now prepare, them, I think it will be better to get what Glasse you may want made to day please to give a list of these things in writing to the bearer

I am Sir your Friend and
Very humble servant

Capel Street June 10. 1782. James Lynch
