*Our President, Dr. A. E. Kerr*

# The President's Message...

I am glad to avail myself of the opportunity graciously extended to me by the Editors of *Pharos* to place on record my personal appreciation, and that of my colleagues, of the splendid graduating class of 1955. We shall always be grateful that we had some part in your education, and we send you forth in complete confidence that you, like your predecessors in Dalhousie, will give a good account of yourselves wherever you go and whatever your particular calling may be.

It is not given to more than a small proportion of the youth of this or any other land to be members of a University, "with all the rights and privileges appertaining thereto". You belong to that small minority, and society has a right to expect a contribution from you commensurate with the advantages that you have enjoyed. The divinest Person in all history said to Himself, "I am among you as one that serveth". The renown of your University will rest on sure foundations if each successive graduating class reproduces that spirit.

I trust that you will remember that your relationship with your Alma Mater does not end when you leave the campus, but will continue as long as you live and should mean more and more to you as the years go on. Edinburgh requires of every student a pledge, which reads, "For the rest of my life I shall cherish the University of Edinburgh with gratitude and goodwill". Dalhousie, although modelled on Edinburgh, requires no such promise, but she nevertheless fondly hopes that her children will not fail to cherish her.

A. E. KERR,

President.

# STUDENTS' COUNCIL

President, VICTOR F. BURSTALL

Vice-President, SALLY A. ROPER

The success of student government at Dalhousie depends to a large extent upon the interest and industry of the student body as a whole, for the main function of the Council of Students is to provide the framework and necessary financial assistance to organizations under its jurisdiction. There is a relatively small sphere within which the council acts in direct contact with students. The majority of student benefits are derived through member organizations. To the executive and members of these organizations I extend my heartiest congratulations for a job well done. The contribution of your co-operation and hard work to the success of student government this year is immeasurable.

Perhaps the major accomplishment this year was the improvements made to the dining-room in the men's residence. These improvements have ended many years of dissatisfaction with conditions there and have worked to the advantage of all parties concerned. University officials have been most co-operative in this respect.

In the field of external affairs, interest in the National Federation of University Students has reached an unprecedented level. There is a large and active committee on the campus this year, and student opinion permitting, indications are that N.F.C.U.S. will play a major role in conducting student interests on a national level. The survival of N.F.C.U.S. depends upon active student committees in all universities throughout Canada and implementation of National Policies. N.F.C.U.S. has proved somewhat inadequate in these departments in the past but the future is indeed promising.

The council this year has devoted much attention to the ever increasing interest in interfaculty sports. Financial support given to this very important aspect of student activity is almost triple the amounts given in previous years. This increased support was given mainly because it was felt that through this medium the old Dalhousie spirit of which we so often hear would be revived, and because the emphasis is upon student participation. It seems too many are satisfied with merely being good spectators. It is gratifying to see so many taking advantage of the opportunities offered by interfaculty competition this year.

The financial position of the council has been quite satisfactory in carrying on the activities of previous years. It does not permit, however, the undertaking of new activities or substantial improvements to existing activities. With a close budget, the criterion must be the financial assistance received in previous years. So long as this is the major factor in receiving appropriations from the council and the merits of the case are of little weight, overall improvements in students activities are impossible.

In closing I would like to express my sincere thanks to everyone who has helped me discharge my duties as council president, especially the vice-president and secretary-treasurer of the council.

VIC BURSTALL,

President of the Council of Students 1954-1955.

# DALHOUSIE GAZETTE

*Canada's Oldest College Newspaper*

**GEORGE TRAVIS**

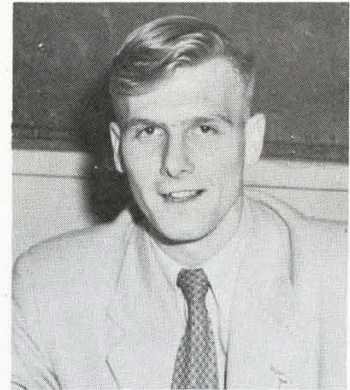

The **Gazette** published nineteen editions this year, including a special eight page edition covering the big events of the college year. The Associate Editor system was inaugurated and as a result "Canada's Oldest" was able to produce a top-notch newspaper.

The paper continued to play a prominent role in the interests of the student body, supporting the students in the canteen proposals and the N. F. C. U. S. question. The **Gazette** also sent delegates to the Atlantic Regional and National Canadian University Press Conferences, the latter being held in Ottawa during the Christmas vacation. Besides business the **Gazette** found time to have a pleasant social life. In October, the paper held a Masquerade Dance.

A well organized hard working staff, led by hard working, competent Editors, have made 1954-55 one of the most successful press runs in the **Gazette's** long history.

## RINK RATS

The Rink Rats have had their most successful year this season, due to the spirit and willingness the committee, the students, the council and the fraternities have shown.

The Rink Rats could not have had such a bonanza year without the help of Anne Stacey, as treasurer and maintenance (wo)men; Bob MacLean for tackling the arduous task of running the rink canteen; Sarah Pullen for the wonderful job on the programs; and especially the fraternities, both male and female, who willingly and gladly gave up their time to help the rink canteen, helped make the Rink Dance a success, and who helped in many other endeavors. Special mention should be made of the fact that they turned all their profits made on the inter-fraternity dance. To them and everybody, thank you.

## DAL RADIO COMMITTEE

The Dalhousie Radio Committee successfully carried out an expanded and varied program of activities during the 1954-55 year. A 13 point musical series was initiated early in the year over Halifax radio station C J C H with the co-operation of the Dalhousie Glee and Dramatic Society. These programs were also carried by stations C J L S Yarmouth; C K E C, New Glasgow; C K C L, Truro; C K E N, Kentville; C F A B, Windsor; C J C B, Sydney; and C K B W, Bridgewater.

A series of informative programs fell within the field of the Canadian Broadcasting Corporation.

These regular programs plus another successful annual D-Day presentation on March 9, over C J C H completed a bust round of activities for D. R. C., finalized with a super "party night" for Dal's many radio enthusiasts.

## SODALES

Sodales, Dalhousie's debating society, has had a year of renewed interest. There were twenty-three teams participating in interfaculty debating, with several first round debates run off before the Christmas holidays. Interfaculty debates were well attended, providing a contrast with former years. The first of our intercollegiate debates was held at St. Mary's University in November, and after the second term began, we were hosts to a team from St. Francis Xavier, and sent debaters to Mount Allison. Sodales was in charge of the Dalhousie delegation to the Maritime University Students Parliament, held at the University of New Brunswick, and the interest in politics aroused on this campus proved that this was a worthwhile activity. Sodales has completed the second year in which it figured as an important campus organization.

## CHEERLEADERS

The Cheerleaders again proved their value by aiding the various teams to victory. Their support of the football team was of prime importance, and their cheers gave the boys added help especially when they were feeling a bit low. This year there was a whole new group of girls, and their practising brought them excellent results, and especially victory to the teams.

Left to right: Connie Baxter, Jackie Galloway, Sue Petrie, Elizabeth Montgomery, Janet MacLachlan.

## CERCLE FRANCAIS

Students of French enjoyed themselves during the year at the regular meetings of the "Cercle Francais". This club is organized by Professor Chavy, who brought interesting French films and records to the meetings. Members of the club joined in sing-songs, games, and informal conversation, all in French.

The climax of the club's activity was the French evening. This is known as a "soiree", and was sponsored in the middle of the second term. This evening was highly entertaining, both to the actors and the audience.

## STUDENT CHRISTIAN MOVEMENT

S. C. M. is a world wide organization under the World Student Christian Federation, providing an opportunity for students to learn what it means to say "I am a Christian." Recognizing that different persons must come to this idea in different ways, the S. C. M. has tried to provide several approaches. This year chapel services have been held at the University Chapel each morning from Monday to Friday. Open Houses have been held on Sunday Nights with a speaker and informal discussion. Bible study groups, each met once a week to study parts of the Synoptic Gospels or Saint-Paul, while other groups have had discussions on the meaning of faith and doctrinal beliefs.

Several conferences were arranged for this year to give any interested students a chance to meet together, as responsible members of the Christian community, with S. C. M. members from other Maritime Universities.

## SOCIOLOGY CLUB

The Sociology Club has resumed its activities for 1954-55 with the election of the following officers:

Honorary President, Dr. H. S. Prince. President, Russ Hatton. Vice-President, Max Clattenburg. Secretary, Eileen Kelley. Representatives of the Sociology class include: Soc. 1, Weldon Smith; Soc. 3, Nancy Hanrahan; Soc. 4, Mary Lou Courtney; Soc. 5, Mary Marwood.

Tentative plans for the club include various special speakers, films, etc. The year will close with the annual Sociology Banquet.

## NEWMAN CLUB

1954-55 proved to be a most successful one for the Newman Club in activities spiritual, social, and intellectual. The meetings were well attended, the lectures excellent, and the social hour as usual was a success. A communion breakfast was held monthly and a retreat was held after Christmas. The idea of a Newman Club Mission was very well received, and it is hoped it will become an annual custom.

## MEDICAL SOCIETY

The Medical Students' Society wishes to pay tribute to the late Dean H. G. Grant, under whose direction our school made such great progress.

We have conducted our first year of business with Dr. C. B. Stewart as Dean, and are looking forward to a continuing beneficial association with him.

Prominent among this year's affairs were the introduction of a special medical students' life insurance plan by CAMSI, and the continuing publication of the Society's Journal. The Journal is presently edited by Dave Janigan and Bill Janes, both ex-Studley men. The Meds were as usual well-represented in interfaculty sports.

The Society has replaced the Annual Banquet with a fall dance. The Annual Ball was again a great success, and a fitting ending to the year's activities.

## ARTS AND SCIENCE SOCIETY

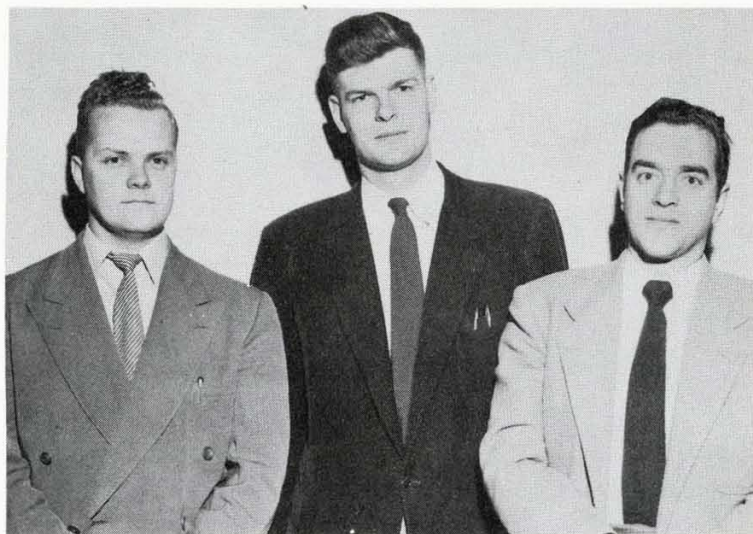

All in all a good year for the faculty. The Dalhousie calendar was put out with the help of W.U.S.C.; interfaculty sports having amalgated with Pharmacy, did very well. The cross country race was won by Colin Wetmore of Arts and Science. Ruth Newman and Butch Thornhill managing Sodales and the Conolly Shield plays respectively credited the society by their efforts. Jeanette LeBrun, from Bridgetown was the Arts & Science candidate for Campus Queen, and the MacKinnon Trophy was presented for the second time by the Society.

Left to right: Alex Campbell, Helen Scammell, Barbara Ann Grossman.

## LAW SOCIETY

The Dalhousie Law Students' Society completed another successful year. With strong teams in all Inter-Faculty activities, and representation on most student bodies, the aspiring legal men showed interest and leadership in the surrounding legal community. Elocution was at a new pitch in successful Moot Courts, Mock Parliament, and Bennett Shield Debates. The Law Balls, both poor and otherwise, provided the glitter of the season.

Left to right: Purdy Crawford, Pat Nowlan, Jim Cox.

## GRADUATE STUDIES

The Dalhousie Society of Graduate Students was founded at the suggestion of Dr. Johnstone, the present Dean of the Faculty of Graduate Studies. The object of the society include fellowship among the students of a faculty of such widely varying fields of study, representation for graduate students on the campus and better information on scholarships, fellowships, and other opportunity for post-graduate study for its members.

The society this year comprises over a hundred students and has been very active in campus affairs considering the diverse interests of its membership.

Left to right: Ron Tolmie, Joan Cahill, Hilton McIntosh, Sheligh McInnis, Evelyn Bennett, E. J. MacDonald.

**COMMERCE COMPANY**

This year the Commerce Society re-organized under the title, The Dalhousie Commerce Company. The Company is popularly known on the campus as Dalcom. The executive is now known as the Board of Directors.

The Dalhousie Commerce Company experienced a very successful year. The Company declared dividends in the form of social activities, sports, debating, speakers and tours. The social activities were highlighted by The Millionaires Sweater Dance held in January. Commerce was strongly represented in the inter-faculty sports and in debating. During the year Dalcom sponsored speakers, who gave informal talks on different phases of business life, followed by question and answer periods. Business executives both local and from across Canada were heard. Very interesting tours of industrial plants and commercial institutions in Nova Scotia were undertaken.

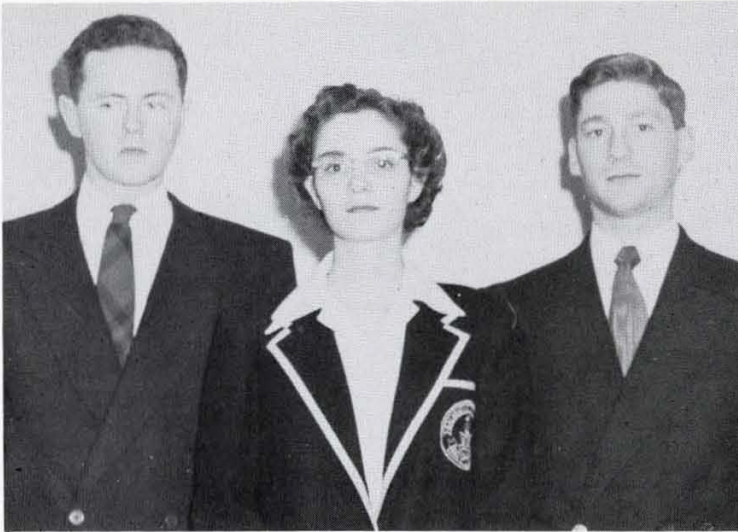

Left to right: Larry Marshal, Ken Mounce, Larry Doane, Ted Irwin, John Bourinot, Fred Ogilvie, Fanny David, Richard Brockfield.

**PHARMACY SOCIETY**

The Pharmacy Society consists of all students registered in Pharmacy at the Maritime College of Pharmacy and at Dalhousie. This year, under the presidency of Bill Glenwright, has been very successful with excellent attendances at meetings. In Inter-fac sports this year Pharmacy joined with Arts and Science.

The annual Pharmacy Ball and Banquet was held at the Lord Nelson Hotel on February the 18th. and turned out to be a great success.

Left to right: Paul Briggs, Geraldine Welsh, Bill Glenwright, president.

**DENTAL SOCIETY**

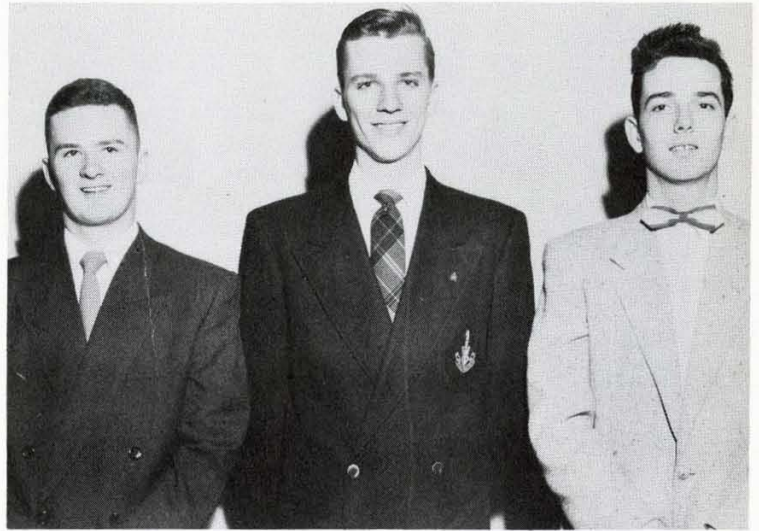

The Dalhousie Dental Students' Society is organized for the furtherance of the common interests of Dalhousie Dental Students all of whom are automatically members. Despite the handicap of size, sports is a phase that is not neglected, finding its supporters in softball, basketball, volleyball, and hockey. A party for the first year students, a Dental Ball, a smoker and a graduating banquet are annual features of the society. From time to time these are augmented by topics such as pertinent films and discussions on mutual problems as they arise.

Front row: Don Williams, president. Back row: (left to right): George Clarke, Sam Newman, Jack MacNeily.

## ENGINEERING SOCIETY

The Engineering Society had another very active year. In October the Engineers journeyed to Liverpool to inspect the Mersey Paper Mill. The social events of the year, the Engineers Ball and the Hayloft Jamboree, were real do's. Teams were also entered in all interfaculty sports. Finishing off the year were the home and home hockey and basketball series with the Acadia Engineers and the Annual Banquet. Unofficial activities were also enjoyed by all.

Left to right: Peter Adams, John Brown, president; Jack Dawson.

## DELTA GAMMA

Delta Gamma is an organization to which all women students on the Campus automatically belong. This year, under the presidency of Jeanette LeBrun, with Tinker Pullen as secretary, was a very successful one.

The activities included Open House at Shirreff Hall in November, the entrance of a team in Interfac Debating and a Delta Gamma sponsored play in the Connolly Shield Competition. Co-Ed week was again very successful and was highlighted with the crowning of a Campus King at the annual Sadie Hawkins Dance.

## CANTERBURY CLUB

The aim of the Dalhousie-Kings Canterbury Club is to serve the mission of Christianity in higher education by fostering among the students a better understanding of the Faith and Practice of the Church of England in Canada, and by loyalty to its corporate life through a program of worship, study, and service.

The group met at All Saints Cathedral Hall at 8:30 each Sunday evening to discuss many interesting topics. On the first Sunday in every month the meeting took the form of a Corporate Communion at King's College Chapel.

### WEST INDIAN SOCIETY

The West Indian Society, one of the oldest societies on the Dal Campus, aims at fostering a closer relationship between Canadian and West Indians and to stimulate an interest in West Indian affairs. The Society holds its meeting in the West Common Room in the Mens' Residence on the second Tuesday of each month and all those interested are welcome.

Left to right: (front row): Shelagh Ellman, Matt Epstein, June Nudelman, (missing), Erwin Goldberg, president.

### HILLEL FOUNDATION OF DALHOUSIE

Hillel is the campus organization for the promotion of Jewish educational, cultural, and social activities. Sponsored by the B'nai B'rith of Halifax, its program for the year 1954-55 included services, study group, breakfast clubs and lecture series, Oneg Shabbat, counselling and Home Hospitality under the guidance of counsellor Rabbi I. Mayefsy. Several very successful social events were held, including a Penny-an-Inch Dance. During the year Hillel meetings were held in Room 231 in the Arts building on Tuesday noons.

### N. F. C. U. S.

After the national conference, held this fall in Toronto, the N.F.C.U.S. committee at Dalhousie, consisting of a chairman and fifteen members, began a united effort to justify N.F.C.U.S. on the Dalhousie Campus. The committee worked on three projects; a 10%-20% discount for students from various Halifax business firms; investigation into the text book prices; and Christmas season employment for Dalhousie students. The opportunity of Government Scholarships was made known to the students along with the local projects by extensive coverage in the Gazette.

### W. U. S. C.

The past year has been one of the most ambitious and successful that we have ever had. Our three major financial projects were, the joint sponsoring with the Rink Rats of the three major productions of the Glee and Dramatic Society, the sale of a campus calendar in collaboration with the Rink Rats, and our annual Exhibition and Sale of Indian Handicrafts.

On the International scene, W.U.S.C. is planning a seminar in Japan for this summer as well as study tours of West Africa and the West Indies.

## SHIRREFF HALL

"House Committee" as it is usually called is a democratic society which guides the destiny of all those girls who in any way violate the rules of the house. The functions of the Hall governed by this organization include the popular Hall formal and the annual Christmas party. The Committee enforces the rules and the students abide by the honour system and no hard feelings are held by either party. We are grateful for the guidance to us by the President and the whole committee.

## I. V. C. F.

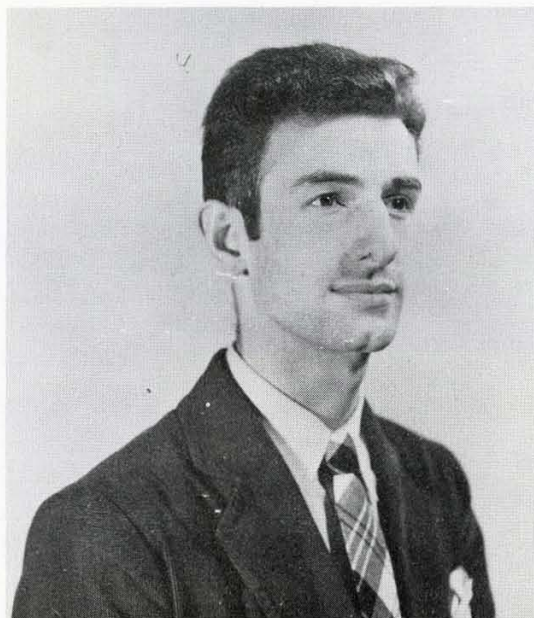

The I. V. C. F. is an association of groups of Christian students in Universities, High Schools, Normal Schools and Nurses Training Centers. Their common purpose is to witness the reality and the power of Christ as Saviour in every phase of life and to see to bring others into a personal faith in Him. Activities of the group center mainly around Bible studies and Prayer groups, socials and larger open meetings featuring a speaker or a movie.

## MIDLOTHIAN CLUB

Midlothian Club meets fortnightly on Thursday afternoons at Shirreff Hall to discuss and review books of current interest. Each member reviews, in turn, a book of her own choice. During the year the procedure is varied when professors are invited to speak. Midlothian Club takes its name from Midlothian County in Scotland, the home of the Earl of Dalhousie.

# GLEE CLUB

In 1954-55 the Glee Club experienced its most successful season in recent years. The revue "T.V. Or Not T.V." presented in the middle of November started the year successfully financially, and otherwise. Two productions were presented in the Spring. These were the three act play "Arsenic and Old Lace", and the Gilbert and Sullivan opera "The Yeoman and the Guard", both had a high standard, and were well received. This year we were able to obtain the Q. E. H. Auditorium, and this was a great asset to the production. The Glee Club was favoured this year in having the aid of W.U.S.C., and Rink Rats, in the selling of tickets for their shows, thus enabling all parties to profit from the successful shows. Here's to the future, may it ever be better.

**MRS. FLORENCE ATKINSON**  
Physical Education Instructress

Our coach came to Dalhousie four years ago as Miss Rowley and leaves with our warm wishes for the future as Mrs. Atkinson. Besides giving able leadership to the D.G.A.C., she has coached many teams in all sports to championships, both local and Martime. She has been a popular figure on the campus, and her hearty laugh and friendly smile will long be remembered. Thanks for a job well done, and the very best of luck.

Front row, left to right—Mrs. Atkinson, Elsie Lane, Barb Clancy, Jean Anthony, Jans Wilson. Second row, left to right—Eileen Kelley, Lorraine MacAlpine, Betty Bissett, Gwen MacDonald. Back row, left to right—Anne Thompson, Mary Chipman, Janet Christie, Anne Rayworth, Elizabeth Milligan. Inset — Carolyn Myrden.

# Varsity Tennis

Back row, left to right—Mary Chipman (mgr.), Murray Dewis, Don Hill, Bob Fraser. Front row, left to right—Anne Stacey, Jean MacPherson, Carolyn Flemming.

The intercollegiate tournament was held at Halifax early in the fall, with Dal as host. The girls won their section of the tournament and the boys tied for first place in their section with the Nova Scotia Agriculture College. Our team contained many of the Province's top-ranking tennis players.

# Varsity Badminton

The Dalhousie badminton tournament was held shortly after Christmas to determine the team to represent Dal in the Maritime intercollegiate tournament to be held at Dal on the 26th of February. Our team won the tournament last year and it looks as if they will do it again.

Front row, left to right—Jans Wilson, Anne Stacey, Carolyn Flemming. Back row, left to right—Bob Rozee, Bob Fraser, Bud Alberstat.

# Ground Hockey

Front row, left to right—Maureen Connolly, Jane McNeill, Anne Stacey, Patty MacLeod (captain), Carolyn Myrden, Barb Clancy. Back row, left to right—Mrs. Atkinson (coach), Val Wood, Ann Rayworth, Audrey Hollebhone, Gwen MacDonald, Carolyn Flemming, Jans Wilson, Judy Keyston.

This year's Ground Hockey Team, with many newcomers in its ranks, won the Nova Scotia Championship for the third consecutive time, but dropped the Maritime title to Mount Allison in a close match. The girls won an exhibition game against Edgehill to round off the season.

# Volleyball

This is the first year that volleyball has been an intercollegiate sport. The round - robin tournament was held at the Dalhousie gym and Dal was runner-up.

## Scores:

Dalhousie: 31 Acadia: 23  
Dalhousie: 10 Mount A.: 20

An exhibition game was played against Q. E. H.

Back row, left to right—Eileen Kelley (mgr.), Maureen Connolly, Carolyn Flemming, Gwen MacDonald, Marg Griffiths, Marcia Kelley, Jackie Galloway, Jean MacPherson, Anne Stacey, Barb Clancy, Mrs. Atkinson (coach). Front row—Anne Thompson, captain.

# Intermediate Basketball

Front row, left to right—Maureen Connolly, Elise Lane, Jane McNeill, Pat Barrett (captain), Mary Chipman, Carrie Ann Matheson. Back row, left to right—Ann Rayworth (mgr.), Ruth Murphy, Jackie Galloway, Marg Griffiths, Jean Anthony, Eileen Kelley, Jean MacPherson, Mrs. Atkinson (coach).

The Intermediate Team is entered in the City League and is providing excellent competition for the league's many strong teams. The girls participated in the intercollegiate "B" tournament held at Acadia on February 18th and 19th and placed third. The team is entered in the Nova Scotia Women's tournament to be held in Halifax in March.

# Varsity . . .

Front row, left to right—Carolyn Myrden, Carolyn Flemming, Jans Wilson, Barb Clancy, Elizabeth Montgomery. Back row, left to right—Mrs. Atkinson (coach), Anne Stacey, Gwen MacDonald, Jane McNeill, Anne Thompson, Betty Bissett (mgr.).

The Varsity Team, under the capable coaching of Mrs. Atkinson, is having a very successful season. With only one game to play in the inter-collegiate league it looks as if Dal is sure to win. The team is in undisputed first place in the City League. The exceptionally fine work of the guards and the smooth playing of the forwards makes this team one to be proud of.

### **MILESTONES**

#### **VS. MILLSTONES!**

Daily decisions are either milestones or millstones. Often there will seem to be as little difference in the choice as in the words; a single little loop.

But it is not so simple as it seems. For example, when the decision involves building a home you can choose the sound investment of good construction and pass another milestone to success. Or you can settle for a jerry built job and carry another backbreaking millstone.

WHERE QUALITY LEADS — THRIFT FOLLOWS!

## PROFIT BY EXPERIENCE

In a man's work he meets many problems which are outside the scope of his own knowledge and training. To solve such problems successfully, he is wise to rely on the experience of others.

If any future problem of yours involves valves, remember that there is a wealth of solid experience on which you can call: Jenkins' 80 years of experience in the design and manufacture of quality valves, as well as the experience of the thousands of industries which have learned to rely on those valves — knowing them to be the longest-lasting, lowest-upkeep valves that money can buy.
