Increasing Health Access for Women

How will nurses make a difference?

February 4, 2008

8:30 am - 10:30 am

*Sir Charles
Tupper
Building
Theatre B*

Have you ever thought about the barriers faced by lone mothers when accessing health services? What about African Nova Scotian women? Or a young woman living on the street? Have you wondered what nurses can do to increase accessibility? Join us for a morning of thought-provoking discussion with women who are doing just that!

All nursing students and faculty welcome!

Refreshments provided!
