Telephoning To Out-of-Pro- vince Friends Need Not Now Cost You So Much.

A recent decision of this Company should prove specially satisfactory to those who have friends resident in North America outside of this province, with whom they like to have an occasional chat.

The decision, which became effective on December 1st, was to adopt into this Company's practice the Standard Classified Method of quoting rates on calls to points on this Continent outside the bounds of Nova Scotia.

One of the outstanding features of the System was the introduction, so far as calls for out-of-Province points originating in this province are concerned, of Station-to-Station Service.

As its name implies, the service, put broadly, consists in connecting not two persons but two stations or telephones—the calling and the called stations.

This is the lowest priced service furnished during the day; in the evening (between 7 and 8.30 p. m.) it costs even less and at night (between 8.30 p. m. and 4.30 a. m.) the charge is still further reduced.

To persons who feel sure that the person with whom they want to speak is likely to be beside his telephone when the call is made, Station-to-Station service affords an excellent way of obtaining telephone service at a low cost.

Person-to-Person service, the class of service to which telephone users in this province have hitherto been restricted, is still the highest grade of service we furnish, and the new method also provides for Messenger and Appointment Service—forms of Person-to-Person Service.

The new system is now universally effective on this Continent for international and interprovincial business and has met with a cordial reception. The result of the brief experience of its operation in Nova Scotia indicates that it will be received with equal favour by this Company's customers.

EVERY MAN INTENDS TO MAKE A WILL

But when one feels fit and eager for
the day's work, can make the ninth hole
in four and help carry a canoe around
a three-mile portage, it's hard to contem-
plate the idea of a WILL with any
seriousness.

That's why so many men die without
a will.

That's why so many a comfortable
little fortune is wasted in legal tangles.

That's why so much property gets
into hands for which it was never intended.

Every man has rather decided views
about the disposition of the wealth that
he has created and saved. And he can
enforce his wishes by a carefully drawn
will and a wise choice of an executor.
He can choose no executor who will
administer his estate more prudently
and faithfully than

**A Good Living

Old Age**

THE Canada Life Assurance Company has a District in the Province of Ontario, offering these opportunities.

There is a certain man, with no Life Insurance experience, with whom we desire to get in touch; likely a very promising business man between twenty-five and forty-five years of age, who realizes the limitations across his path of opportunity, and whose abilities require greater outlook and earning capacity.

Such a man may want to make a move, but hesitates to "take a plunge."

There is a better way: The Canada Life will undertake to thoroughly educate him for the life insurance business, which has been growing and will grow as has no other business, a business which offers permanent success, does not fluctuate, is a professional occupation and has been truly named "The best paid hard work in the world."

This is done by close contact, a correspondence course and personal assistance, free of charge.

The first two booklets of the course will be sent to anyone interested. All correspondence strictly confidential.
