

**YEARS** ago, before Trust Company service was established, people had no choice but to leave the execution of their Wills in the hands of one or more individuals, whose experience, ability and available time to devote to executor's duties were problematical.

Today you can avoid the uncertainties and dangers of individual executorship by appointing a Trust Company as executor in your Will, at no greater expense.

# No News is *Bad* News

**O**N NEWS depends all our hopes and plans for the future. On NEWS depends our happiness. No news is depressing . . . makes us uncertain. No news is bad news. Because we live in a democratic country and because we enjoy a free press, news of to-day's warfare in the far-off corners of the world is flashed to The Halifax Herald and The Halifax Mail within minutes or hours of their occurrence. This news appears in these papers with news of events that happened at the same time in our own country. Good or bad, news of disasters, victories, politics, business, society, science, health tips or sports are brought to you quickly and authentically. These papers also strive to make it easier to grasp and understand the importance of to-day's news through comments by the world's most famous writers and commentators—Dorothy Thompson, Kirke L. Simpson, Raymond Gram Swing and others, together with timely colored maps and exclusive photographs of historic interest through the medium of Telephoto News Service.
