MAKE YOUR WILL

HAVE you made your Will. . . or had it reviewed in the light of today's income taxes and succession duties? In either case, you should not delay a day longer. With duties and taxes what they are, your estate should be protected to prevent liquidation of its assets. Most men are in a quandary what to do, so complex are the changes.

We are, however, familiar with these matters and our expert knowledge can save you money and help you maintain your estate at a maximum. Remember, "where there's a WILL there's a Way!"

P.S.—Why not arrange for a confidential discussion of your will or any problem concerning your Estate. No obligation.

Serving Canada In This Emergency, Too

Telephone Men and Telephone Women are accustomed to emergencies. Battling the elements at all hours of the day and night has always been their work. That is why our Country's War call has not found them wanting—that is why they are performing the biggest job in Telephone history so smoothly and efficiently.

Our army of Telephone Workers wears no uniform, but every member of it from the oldest veteran to the latest recruit is active in the service of Canada. Each of them is one of the many workers essential for the support of our fighting forces.

What can you do to provide the planes, to train and equip our airmen for battle

You can provide the money, by watching every penny you spend, by saving all you can. Personal thrift is vitally necessary now. Every dollar you can spare is needed for Canada's war effort. Honor your pledge to invest in War Savings Certificates regularly. Build up your savings account. Set aside a little each month to meet the war taxes which must be paid. We have a job on our hands. Let's finish it.

A "Free Press"

For Only 4c.

NEWSPAPERS are vital to the success of the war effort. In German-controlled countries the press is Government controlled. News is published so that the people will read only what the Government want them to know. We, in Canada, can be thankful for a "Free Press". We are told "both sides" of the story. Through its news, editorial and advertising columns are published the facts which keep us informed on every conceivable topic from rationing instructions, Government policies to sport news, beauty care, and the urgent needs of humanitarian appeals. The press in Canada is rendering an all important job these days. Yes, read your daily newspaper carefully and appreciate the privileges we enjoy with a free press in a free Canada.

Your Estate— How Will It Be Divided?

The Division of your Estate between your beneficiaries and the various taxing authorities is the important thing to-day. Your estate may be **needlessly** reduced if your Will is planned without adequate knowledge of Succession Duties and Income Taxes.

By carefully planning the distribution of your estate through your Will, and appointing a skilled, responsible executor, you can do much to eliminate loss to your beneficiaries. We invite you to consult the competent officials at any of our offices, entirely without obligation. Our experience of fifty years is at your disposal.

NEARLY every person in Nova Scotia is engaged, wholly or in part, in some form of war work. Our mines, factories and shipyards are working overtime. No effort is spared in meeting the needs of men of the armed forces who are stationed within the Province.

Yet we do not forget our friends across the Border and in Central Canada. We want them to remember that they will be very welcome in Nova Scotia when the war is over.

When you write or speak with these friends remind them of Nova Scotia's fine recreational facilities, climate and scenery. Help us to
