INTRODUCTION.

King's College was founded A. D., 1789, by an act of the Provincial Legislature, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in Canada.

A Provincial Act incorporating the Governors of King's College and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approval "all Statutes, Rules and Ordinances" of the Board of Governors are subject by resolution of the Board of Governors recorded in the Statutes of the University.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

The University confers degrees in Arts, Divinity, Law, Engineering and Science. The School of Engineering was added in 1871.

Candidates for Matriculation may now be examined at distant centres, under special regulations, which will be found in the Calendar.

The aggregate outlay necessary for the three year's residence and study qualifying for a degree will of course depend much upon the tastes and economy of the student, but may be estimated

at about \$150 to \$200 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees, (See Stat. Cap III. Sec. 2.) besides the fee for a B.A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a scholarship is held besides, nearly the whole cost of education will be covered. The Calendar supplies all necessary information with regard to these nominations.

A general statement of the financial condition of the University is appended.

The examiners for the past Academical year, outside the Faculty, were as follows: *Divinity*, Rev. Canon Partridge, D.D. *English and Economics*, Prof. Keirstead, M. A.

COURSE OF STUDY.

The object aimed at in the Arts Course is to impart a good general education, while every facility is afforded for the prosecution of special studies. Accordingly every matriculated student, except under peculiar circumstances to be approved of by the College Board, is required to attend the Lectures of all the Professors until he has passed his Responsions. After this he is at liberty to select three or more of the subjects lectured on to form the subject of his B. A. Examination. If the student be desirous of taking Honours at his B. A. Examination he can do so in any one or more of the subjects lectured on after passing the ordinary Examination. The precise regulations will be found under the heading of Examinations.

There are at present in the University five Schools open to matriculated students.

- I. The School of Arts.
- II. " " Divinity.
- III. " " Engineering.
- IV. " " Science.
- V. " " Civil Law.

Students who do not intend proceeding to a degree may attend the Lectures of any of the Professors, subject to the usual regulations, and can obtain from the Registrar certificates of examinations passed.

The course of Engineering is framed with a view of giving the student a sound and thorough training in Mathematics, pure and applied; a comprehensive knowledge of Engineering and applied Science, together with such practical experience in work connected with the profession of a Civil Engineer as it is within the scope of the University to afford.

The course for B. Sc. has been established for carrying on advanced study in Mining and Chemistry.

Numerous Scholarships, Prizes, and Honorary Distinctions are open to be competed for by students in the several faculties, the principal of these being the following:—

In case of sickness a medical certificate must be produced, if required by the Board.

The introduction or use of spirituous liquors in the College is absolutely prohibited.

THE UNIVERSITY LIBRARY.

The foundation of the Library is due to the efforts of the first Bishop of Nova Scotia, and may be placed in the year 1790. Several contributions in money had previously been received, but it was not till that year that efforts were made to obtain books.

The original fund at the disposal of the Governors was not more than £250 sterling, and was intrusted to Mr. Inglis (afterwards Bishop,) son of the Bishop, and a graduate of the University, who repaired to England in 1800, for the purpose of purchasing books. The names of Dr. Moore, Archbishop of Canterbury, Dr. Porteous, Bishop of Rochester; William Wilberforce, Sir S. Bernard Morland, John Eardly Wilmot, M.P., and others, thus became connected with the early history of the Library.

Munificent gifts from the University of Oxford continued to increase the value of the collection, which was further enriched by gifts from various English gentlemen, and from others settled in Nova Scotia.

The room in the College building set apart for many years for a Library Hall, was completed in 1810 at the expense of Sir Thomas Strange and the Archbishop of Canterbury.

Subsequently valuable works were presented by Drs. Bayard and McCulloch, and by the Society for Promoting Christian Knowledge.

Among later benefactors may be mentioned Dr. Greswell, of Worcester College, Oxford; The Smithsonian Institute; The British and Foreign Bible Society; The Dean and Chapter of Westminster; T. B. Akins, Esq., D.C.L.; The Society of Incorporated Alumni of King's College; E. Binney, Esq., C. Cogswell, Esq., M.D.; The Dominion Government; The Radical Bay Club; The Haliburton Club; The Secretary of the Interior, United States; American Institute of Mining Engineers; The Royal Society; The Religious Tract Society; The Rev. George McCawley, D.D.; The late Rev. Canon Hensley, D.D.; General Sir W. F. Williams, K.C.B.; The late Bishop of Nova Scotia;

The Right Rev. Dr. Rigaud, late Bishop of Antigua; The Rev. George Morris; The late Rev. G. W. Hodgson, M.A., and Her Majesty the Queen.

This large collection of Books, now numbering about 10,000 volumes, contained till the year 1870 in a single room in the College Building, was then removed to the new Hall specially built for the purpose and presented to the University by the Incorporated Alumni. It contains a large number of standard works of reference in Theology, which is by far the richest department in the Library, and a fair selection of the great Greek and Latin Classics.

In modern History and Belles-Lettres it is very poorly supplied.

It is also much to be desired that some well-wisher to the College would present some volumes of German Literature to the Library, which contain scarcely any German books.

In Science some recent standard works have from time to time been added, and next to Theology and Classics, this is the largest department. The language of Modern Europe are not so well represented.

In spite of many blanks, the Library is one of the largest in the Province, and contains all the elements requisite for making it a thoroughly well appointed and efficient Reference Library.

There is no special Library Fund except the fee from students, and the collection can only be increased by grants of money from the Governors, the occasional lapsing of the Welsford prize money and the benefactions of friends of the University.

THE MUSEUM.

NATURAL HISTORY.

GEOLOGY AND MINERALOGY.

The Geological Specimens, many of which are very fine, illustrate the most prominent features of general Geology, but the majority have been collected in Nova Scotia, and are especially adapted to show the character of the Fossil Flora and Fauna of the Province. There are several collections, which may be discriminated as follows:—

1. The W. B. Almon Collection, presented over forty years ago by Mrs. W. B. Almon, of Halifax, contains, with many minerals and a few shells, a considerable number of rock specimens and a few fossils, chiefly from Scotland, collected by the late W. B. Almon, M.D.

2. The Governors' Collection consists of coal fossils obtained in 1860, at the expense of the Governors of the College; these were collected by Professor How, with the valuable assistance of a party headed by Richard Brown, Sr., Esq., then agent at the Sydney Mines, who from long study was familiar with the district. Many of the specimens are exceedingly fine, and some are of large size.

3. The Alumni Collection consists of Silurian and Devonian Fossils, chiefly from Arisaig, N. S., collected, named and arranged stratigraphically by Dr. Honeyman; purchased and presented in 1861 by the Alumni of King's College.

4. The Australian Collection consists of specimens obtained through Colonel Nelson, in 1863, from Sir William Dennison, then Governor of New South Wales, in exchange for Nova Scotian specimens from the College Cabinet, sent by Professor How. It contains some beautiful fossils, and is arranged stratigraphically; its value is increased by an accompanying large detailed colored section made by the Government Examiner of Coal Fields under instructions from Sir W. Dennison.

5. A collection of British Fossils, chiefly Silurian and Devonian, obtained through Dr. McCawley in exchange for Nova Scotian specimens sent by Professor How from the College Cabinet, in 1860, to Captain, now Sir James Anderson.

6. A collection from Europe, illustrating chiefly the nature of crystalline and sedimentary rocks, purchased by the Governors.

7. Several collections, some of which are unnamed, and single specimens, given and obtained by exchange at various times; of these it will suffice to name: Reptilian Tracks of great geological interest presented by the widow of their discoverer, the late Dr. Harding; valuable Fossils, chiefly carboniferous, presented by H. Poole, Esq.; Silurian Fossils from Arisaig, presented by H. Hill, Esq., Sheriff of Antigonish; Coal Plants from Cumberland County, presented by Rev. Mr. Townshend, Rector of Amherst; Cretaceous Fossils from England, presented by C. B. Bowman, Esq., and Dr. Honeyman; Silurian and Carboniferous Fossils of Nova Scotia, from Professor How; Rocks and Minerals from the Dominion Government; Devonian Corals of Ontario and Canadian Rocks from Professor Spencer.

The Mineralogical specimens represent the most important species of Minerals,—some of them are of great beauty. They consist of those in the collection of Zeolites collected at the expense of the Governors, and of various others obtained by gifts and exchange, as mentioned with regard to the geological department. Sir Rupert George; Rev. Dr. Robertson, Rector of Wilmot; H. Brown, Esq., Director of the Geological Survey of Victoria, formerly a distinguished student in Science at this College; Rev. J. Ambrose; Rev. J. C. Cochran; C. B. Bowman, Esq.; J. Bowman, Esq.; Rev. D. W. Pickett; Hon. W. Odell, and Professor How, have presented interesting specimens.

ZOOLOGY.

The Willis Collection consists of specimens fully illustrating Nova Scotia Mollusca, named, arranged, and presented by J. R. Willis Esq.; a collection from the U. S. Government.

The department is further illustrated by a collection of foreign shells, some interesting skulls and skins, and a limited number of preserved animals.

BOTANY.

The Cogswell Herbarium, bound in five imperial folio volumes, contains a fine systematically arranged collection of Pœnogramous and Cryptogamous Plants of Great Britain, presented by Dr. Cogswell.

The Gossip Herbarium consists of a small number of Scottish Plants presented by Dr. Gossip.

The Willis Herbarium consists of Nova Scotia Algæ and Terrestrial Plants, presented by J. R. Willis, Esq.

The Strange Herbarium consists of a considerable number of East India Plants, presented in 1805, by Sir T. Strange.

The Ball Herbarium of Nova Scotia consisting of about 250 species, presented by Rev. E. H. Ball.

There are also a few woods, barks, leaves and fruits—from various sources—presented by C. B. Bowman, Esq., Hon. W. J. Almon, M.D., and other benefactors.

THE GENERAL COLLECTION.

The General collection consists of various curiosities from different parts of the world, and a small but choice cabinet of coins. Other interesting curiosities are the beautiful Indian Pipe from Queen Charlotte's Island, the models of the leaning Tower and the Baptistry at Pisa, and the memorials of Gens. Williams and Inglis, which include the sword worn by the former throughout the siege of Kars, and that used by the latter during the defence of Lucknow. There is also a model of the Cawnpore Memorial Cross, formed of wood from the house in the courtyard of which the women and children were massacred.

The College possesses also a number of autographs of royal and distinguished personages; one of Thomas Moore, the poet, inscribed in a copy of Lucian, presented by him on the occasion of his visit

The Coins illustrate the Numismatics of Rome, and most of the countries of the modern world.

The different departments of the museum are arranged in twenty-four flat cases, supported by the balustrade surrounding the gallery, and five large table cases all glazed and provided

with lock and key. The large specimens which could not be conveniently placed in cases are arranged on shelves or distributed in different parts of the hall.

The friends of Science in Nova Scotia and elsewhere are respectfully requested to contribute specimens to the Museum of King's College. The steps which have been lately taken by the Governors to provide suitable cases for the arrangement and display of the contents of the Museum in the fine Hall erected at the expense of the Alumni, offer a guarantee that the liberality of donors will be carefully recognized and fully recorded.

A superb collection of Loyalist China, over three hundred pieces, arranged in three cases, was presented by Judge and Mrs. Weldon, on the 79th anniversary of the landing of the Loyalists in New Brunswick.

In the library, in addition to a number of Photographs, there are several large Oil Paintings—including those of the late Drs. McCawley and Cochran, Rev. Charles Porter, A.M., the late Dr. J. T. Twining, and of Paul Mascarene. There are also marble busts of General Williams and of Cicero and Demosthenes.

It is particularly requested that donors will send their contributions of Books, Coins and Curiosities, addressed to the *Librarian*, and of Natural History specimens to the *Natural History Curator*, King's College Museum, Windsor, N. S., in order that the receipt may be duly acknowledged, and the donations recorded in the yearly Calendars as heretofore.

EPITOME OF PROCEEDINGS
OF THE
Annual Meeting of the Alumni,

Held in the College Hall, Windsor,

On Wednesday, June 29th, 1892, at 10.30 A. M.

Dr. Trenaman, president, in the chair.

Prayers, by the Rev. Canon Maynard.

The minutes of last annual meeting, 24th June, 1891, were read and approved.

Proxies were handed in, examined, and reported correct.

The following were laid on the table:

The minute book of the board of governors;

A statement of the College finances;

A report of the financial position of the College prepared by the auditors at the request of the governors.

The latter was ordered to be sent to the governors for their information.

The following were proposed and elected members of the Association:

Hon. J. W. Longley, Halifax; Rev. Dr. Cartwright, Yarmouth; E. Norman Dimock, Windsor; G. Howard Shaw, Windsor; J. A. Shaw, Jr., Windsor; Charles Hensley, Windsor; Thos. Allison, Windsor; Robert Trapnell, Windsor; Rev. C. F. Lowe, Summerside, P. E. I.

Mr. Karl Weatherbe, a graduate, was enrolled as a member of the association under rule 15.

The annual report of the executive committee, including the treasurer's account, was read as follows:

WINDSOR, N. S., 29th June, 1892.

The Executive Committee of the Alumni of King's College, Windsor, on their 45th Anniversary submit the following:

REPORT.

1. They have the pleasure of announcing that the Rev. Dyson Hague, Rector of St. Paul's, Halifax, has kindly consented to deliver the Alumni oration at the Encœnia to-morrow.

2. The Treasurer's account for the year ended 30th April, duly audited, and showing a balance in hand of \$361.29, is submitted herewith.

3. Two governors of the College are to be elected in place of Dr. Henry Youle Hind, and Rev. Dr. Ambrose, who go out of office under section 3, cap. 66, acts of 1853.

4. Under by-law IV, the Vice-President goes out of office.

5. Under the same by-law the Rev. J. O. Ruggles, Messrs. R. J. Wilson, and H. P. Scott, retire from the Executive committee.

6. The committee are pleased to learn, and to inform the Alumni of the continued success of the Church School for Girls.

7. (a) A communication having been received from the Governors on the financial position of the College, suggesting the sending of an agent to England to collect funds for the College, and asking the co-operation of the Alumni, your committee commend the subject to your favorable consideration. (b)—In addition to this recommendation the committee would suggest the prospective benefit from the active employment of the faculty during recess in the interests of the institution.

8. The Governors having further informed your committee that they have felt constrained, in consequence of the state of the finances, to reduce the staff of professors, and asked the hearty co-operation of the Alumni at this critical juncture of affairs, your committee regret that the Board of Governors have felt themselves called upon to dispense with the services of one of the Professors, and especially, that the chair *selected* should have been the one which the Alumni from the time of their organization have considered of the greatest importance, and in which they have taken the deepest interest by their contributing so large a portion of their funds to its maintenance. The committee commend the subject to the serious consideration of this meeting, and trust that the Alumni may see their way to take such steps in co-operation with the Governors as will place the finances of the College on a sound and satisfactory basis.

9. Your committee regret to have to announce the death during the year of the following members of the University:

Charles Cogswell, matriculated, 1827.—B.A., 1831.—M.D. a. e., 1859.

Rev. J. J. Ritchie, matriculated, 1830.—B.A., 1835.—M.A., 1851.

The report was received and considered clause by clause.

Clauses 1 to 6 were severally adopted.

Clause 7; Sec. (a) was lost. Sec. (b) was carried with following rider :—

And that this matter be referred to the Board of Governors with the request that they confer with the members of the Faculty with a view, if possible, of putting it into actual operation.

Clauses 8 and 9 were adopted; and the report was adopted as a whole, as amended.

Referring to Clause 8, the following resolution was adopted :—

That this meeting of the Alumni of King's College learns with much regret of the decision of the Board of Governors of the College to suspend for the present, the professorship of modern languages on account of lack of funds. Such action will, in the judgment of the Alumni, prove detrimental to the College by weakening the staff of professors and diminishing the prestige of the college, and would respectfully suggest to the Board of Governors the advisability of retaining the said professorship in its integrity. The meeting would also pledge itself to aid the Board by the use of all legitimate means in raising the requisite funds for sustaining the professorship of modern languages.

[NOTE.—A copy of this resolution was transmitted to the Board of Governors. The Board agreed to retain the professorship if the Executive Committee of the Alumni would guarantee \$850.00 of the salary. The Executive Committee gave the required pledge, a professor has been appointed, and it is trusted that the appeal to be sent out by the committee for raising a SUSTENTATION FUND will receive a liberal response from the Alumni.]

The report of the committee on "Sustentation Fund," (pages 114, 115, last year's calendar,) was read as follows:

**Report of the Chairman and Treasurer of the King's College, Windsor,
Alumni SUSTENTATION FUND.**

TO THE ASSOCIATED ALUMNI, K. C., W. :

Mr. President and Gentlemen :

When, at the annual meeting of the A. Alumni last year, a resolution was passed that the Alumni would raise \$1000.00 to help to extricate the College from its financial depression, and a committee was appointed to have the matter in charge, many were sanguine that the required amount, and more, would easily be raised.

This result has not been realized.

The statement from my books is as follows :

Amount promised in answer to as strongly worded an appeal as could by our ingenuity be framed.....	\$498 50
Amount actually raised to date	472 00
Balance promised yet unpaid	26 50

This balance is perfectly good.

This amount has been paid into the hands of the Treasurer, Mr. J. Y. Payzant, and has been, with the exception of \$17.50, expense of printing and stationery, used by him in payment of the salary of the Tutor in Science, though it may not all appear in his account, as quite a sum has been received by me since his books were closed, and after a second reminder.

I subjoin some facts from an analysis for the information of the meeting :

1. The whole amount came from 35 persons.
2. Of this, one person whose name I am not at liberty to disclose, (not being a graduate) gave \$160.00.
3. Hence, \$312.00 was given by 34 persons or an average of \$9.17 each.
4. Of the 35 contributors 25 are graduates of King's College, either in course or honorary; 29 are residents of N. S.; 5 of N. B.; 1 of P. E. I.

The following are my inferences from this analysis :

(a) The bulk of our graduates and Alumni have not been reached in a way that they will respond to. I do not understand their want of zeal as indifference, but as simple immobility; they should be tried another way. Let the Exec. Com. of the Alumni take the matter in hand, it is their work.

(b) Comparatively speaking, no interest has been aroused in N. B. It can be. I know New Brunswick better than Nova Scotia, and (1) their is little enthusiasm for the State University. (2) The churchmen of the Diocese of Fredericton will rally to the only Church College of the Maritime Provinces if they are only taken enough pains with. I have the names now of a person in almost every parish, authorized and recommended by the clergyman, to collect the balance of Mr. How's accounts, some of which I have received. Form an Alumni Committee for N. B. and give it its work.

(c) We have not yet tapped the masses; \$160.00, the highest, and \$4.00, the lowest amounts promised show that. If the Alumni can arrange for a yearly universal dollar subscription list, devised in so wise a way as to give the donor an interest in the College, its financial troubles are at an end.

(d) The work necessary cannot be done by one man whose hands are already too full. But a live committee, who are near together, and will work, might safely guarantee, this coming year, \$2000.00.

In conclusion, while expressing my great regret at not being well enough to be present at the meeting to-day, perhaps I may be permitted to say that, all things considered, I believe there are more hopeful signs for the College's future coming into view than since I have known it. It is on the upgrade. Now, if ever, the motto for the Alumni Association should be "No surrender." It will be a presage of hopeless disintegration and decay if, when the golden gleams are dimly shining on eastern hills, the Alumni separate this year without devising the means of carrying on the cause.

My books and memoranda are at the disposal of the Alumni. The last committee was unwieldy and impracticable because of distances to be travelled. There were never more than the legal three, and a meeting was only held because one of the three, who had mistaken the day, came, two successive days, from Windsor, to attend it.

Respectfully submitted,

FRANCIS PARTRIDGE,
Chairman and Treasurer.

After an exhaustive discussion the report was received and referred to the Executive Committee with the request that they appoint a committee to raise a "Sustentation Fund" for the College.

[See note appended to resolution following clause 8 of report of the executive committee.]

Hon. Senator Almon and Mr. Clarence H. Dimock were elected governors in place of Dr. Hind and Dr. Ambrose.

Dr. H. Y. Hind was elected Vice-President of the Alumni.

Rev. J. O. Ruggles, Mr. R. J. Wilson, and Mr. W. C. Silver were elected to fill vacancies on the executive committee.

Read letter from Hon. Judge Hanington of Dorchester, N. B., expressing the regret of himself and others that the closing exercises of the college and of the school for girls had not been arranged to take place in the same week.

The consideration of the report of the committee appointed in 1887 to codify the acts, by-laws, and rules, (p. 123, calendar 1888; 122, 1889; 159, 1890; and 115, 1891;) was deferred for another year.

Money votes were passed as follows:

The Governors, towards the teaching of Modern Languages.....\$350 00
The Secretary for past year..... 60 00

A series of resolutions was introduced, amended, and adopted in the following form:—

1. That the Board of Governors be requested to consider the advisability of procuring an act of the legislature, to make three members of the faculty, in rotation, members of the board of governors.
2. That the governors be requested to consider the advisability of borrowing \$12,000 to be employed during the next long vacation in putting the college buildings and the library hall in thorough fitness for efficient work, and providing one or more lecture rooms, according to plan.
3. That the governors be requested to consider the advisability of placing the collegiate school and the college under one responsible head, and the management of the landed property under one supervision for the support of the combined institutions.
4. That the governors be requested to consider the advisability of submitting all investments and securities, and property of all kinds to examination, and when profitable to re-adjustment, scrupulously maintaining the endowment intact with a regard to all trusts.

Thanks were voted to the I. C. R., W. & A. R., W. C. R., and N. S. C. R., for reductions in fares.

7. The college, hereby incorporated, shall be taken to be an university, with all usual privileges of such an institution, whether relating to the conferring of degree and honors, or otherwise.

8. From the time of this act coming into operation until the appointment of a full board of governors, by virtue hereof, the present governors, shall, notwithstanding this act, continue to exercise all the powers which are now vested in them, by the act hereby repealed, and the royal charter which they now hold.

9. All academical honors and degrees, and all rights, powers, privileges, and authorities, now had, held, or exercised by any person, by virtue of the act hereby repealed, or of the charter hereinbefore referred to, except so far as they may be necessarily

10. The royal charter, incorporating "the governors, president, and fellows of King's college, at Windsor, in the province of Nova-Scotia," shall not be in any manner effected by this act except so far as may be necessary to give effect to this act.

CHAPTER 63.

An Act to amend the Act to Incorporate the Governors of King's College, Windsor.

(Passed the 19th day of April, A.D., 1883.)

Be it enacted by the Governor, Council and Assembly, as follows:

1. The number of the Governors of King's College, Windsor, shall be increased to fifteen, by the addition of two Governors,

who shall hereafter be elected from time to time by the Diocesan Synod of Nova Scotia, and shall be members of that Synod at the time of their election. Such additional Governors so to be elected, shall hold office for four years and shall go out of office alternately, and one of such Governors, shall be elected at each regular biennial session of the Diocesan Synod of Nova Scotia. Until such election can take place, J. Norman Ritchie and Charles James Stewart of Halifax, Esquires, who have been nominated by the said Synod for the purpose at its last session, shall be and they are hereby appointed, Governors of King's College Windsor; the said Charles James Stewart to continue in office until the session of said Synod in 1884, and the said J. Norman Ritchie until the session of said Synod in 1886. In case of the death or resignation of any of said additional Governors, the vacancy shall be filled at the next ensuing session of the Diocesan Synod of Nova Scotia, and the Governor then elected shall hold office for the residue of the term of four years.

[“In all cases the out-going Governor may be re-elected, if then a member of the Synod.” Journal of the 16th session, 1882, of the Diocesan Synod of N. S., p. 82. See sec. 4 below.]

Whenever and so soon as the Diocesan Synod of Fredericton shall by resolution declare King's College at Windsor to be the college approved by said Synod for the education and training of the divinity students of the diocese of Fredericton, the Governors of King's College, Windsor, may by resolution, duly passed at a meeting called for that purpose, still further increase their number by the addition of three more Governors, one to be the Lord Bishop of Fredericton for the time being who shall then be *ex officio* a Governor of King's College, and the remaining two to be elected from time to time by the Diocesan Synod of Fredericton in such way and for such term as the said Diocesan Synod may from time to time limit and appoint, and to be members of that Synod at the time of their election. But if at any time thereafter the approval and support of the Diocesan Synod of Fredericton should be withdrawn from King's College, or the divinity students of that Diocese should cease to attend said college, the persons so elected by the Synod of that Diocese, and also the Bishop of Fredericton, shall thereupon cease to be

Governors of King's College, Windsor, and the number of said Governors shall be reduced to that extent, which reduction shall be effected by a resolution of the Governors of King's College, Windsor, passed at a meeting called for that purpose.

[Governors elected by the Diocesan Synod of Fredericton hold office for one year, and are eligible for re-election if then members of the Synod.

The Canon of the Synod of Fredericton, governing the election is as follows :
