Introduction.

KING'S COLLEGE was founded by an Act of the Provincial Legislature. A. D. 1789, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia, and was opened in 1890. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in Canada.

A Provincial Act incorporating the Governors of King's College, and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

The University confers degrees in Arts, Divinity, Law, Engineering, Science, and Medicine. The School of Law, situated in St. John, N. B., was established in 1892.

Candidates for Matriculation may now be examined at distant centres under special regulations, which will be found in the Calendar.

Students reside in the main College building, which is heated throughout with hot water. Two or three, according to arrangement, share a study between them, and each has his own bedroom.

The aggregate outlay necessary for the three years' residence and study qualifying for a degree will, of course, depend much upon the tastes and economy of the student, but may be estimated at about \$250 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees (See Stat. Cap. III, Sec. 2), besides the fee for a B. A. degree: There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a Divinity scholarship is held besides, nearly the whole cost of education will be covered. The unabridged Calendar supplies all necessary information with regard to these nominations.

Non-resident Undergraduates are admitted to the College Course and Graduations, under regulations which will be found in the Calendar.

The list of members of the University, winners of Prizes, holders of Nominations, and much other matter are omitted from this Calendar, but will be published again in the full Calendar in 1907.

A general statement of the financial condition of the University is appended.

The examiners for the past Academical year, outside the Faculty, were as follows:—Classics, the Very Rev. Dean Patridge, D. D.; Hebrew, the Venerable Archdeacon Smith, D. D.; Divinity, Rev. C. W. Vernon, M. A., B. D.

UNIVERSITY OF KING'S GOLLEGE, WINDSOR, NOVA SCOTIA.

An Act of Parliament was passed in 1789 for the establishment of "King's College of Nova Scotia," in accordance with the recommendation of a Committee of the House of Assembly, November, 1787. The College was opened in 1790, and a Royal Charter was granted by His Majesty King George III, in 1802.

Course of Study.

The object aimed at in the Arts Course is to impart a good general education, while every facility is offorded for the prosecution of special studies.

There are at present in the University six schools open to matriculated students:—

1.	The	School	ot	Arts.
II.		"		Divint

III. "Engineering.

IV. "Science.

V. "Law.

VI. "Medicine.

Every Resident matriculated student in Arts, except under peculiar circumstances, to be approved of by the College Board, is required to attend the Lectures of all the Professors until he has passed his Responsions. After this he is at liberty to select three or more of the subjects lectured on to form the subject of his B. A. examination. If the student be desirous of taking Honours at his B. A. Examination, he can do so in any one or more of the subjects lectured on after passing the ordinary Examinations. The precise regulations will be found under the heading of Examinations.

Students who do not intend proceeding to a Degree may attend the Lectures of any of the Professors, subject to the usual regulations, and can obtain from the Registrar certificates of examinations passed.

The Course of Engineering is framed with a view of giving the student a sound and thorough training in

Mathematics, pure and applied; a comprehensive knowledge of Engineering and applied Science, together with such practical experience in work connected with the profession of a Civil Engineer as it is within the scope of the University to afford.

The course of B. Sc. has been established for carrying on advanced study in Mining and Chemistry.

Every facility is afforded for students who wish to prepare for the Provincial Grade A. Examination.

Numerous Scholarships, Prizes, and Honorary Distinctions ore open to be completed for by students in the several faculties, the principal of these being the following:

University of King's College.

Students.

Students are admissable to the College who are not less than 16 years of age, and who have matriculated and are desirous of proceeding to Degrees in Arts, Engineering, or Science; and also elective students who desire to attend during an Academical Year or Term, one, two or more course of lectures.

Women are admitted on the same conditions, and have the same privileges as men.

Matriculation.

Every candidate for Matriculation must lodge with the President of the College, before the day of Examination, a certificate of good moral conduct extending over a period of not less than eighteen months immediately preceding. In the case of candidates from a boarding-school, a certificate from the Head Master will suffice; but those candidates who have attended a day school must, in addition, produce a certificate from the minister of the church they have attended.

The Faculty of the College are authorized to accept certificates from the Head Masters of such schools as they may approve in lieu of Matriculation.

The Junior leaving Examination (Grade XI) of the High Schools of Nova Scotia, including the subjects prescribed, is accepted as equivalent to the Matriculation Examination.

The Senior Local Examination is accepted as equivalent to Matriculation into the second year, and the Junior Local Examination as equivalent to Matriculation, as far as they cover the subjects required.

Every student on Matriculation must sign a declaration that he will comply with the rules and regulations of the University.

Attendance at Lectures.

Attendance at all Lectures, except those which are announced as optional, is compulsory upon all undergraduates.

Professors will register the presence or absence of students immediately before beginning lectures; any student entering thereafter will be noted as absent, unless a satisfactory explanation be given to the Professor.

No student is allowed to absent himself from any Lecture (except by special permission, obtained from the Professor), nor from the Examinations in any Department in his course.

Of Terms and Residence.

The Academical year begins in October, and contains three terms. Michaelmas Term extends from the first Saturday of October to December 22nd; Lent Term from the second Saturday of January to the Saturday before Palm Sunday; Easter Term from the Monday after Easter Monday to the last Thursday but one in June.

Students are required to pass the Terminal Examinations at the end of Michaelmas and Easter Terms. No student who has failed to pass a terminal examination shall be allowed to present himself for examination in the subjects of any subsequent term until he shall have passed a supplementary examination in the subjects in which he has previously failed. The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade," i. e., to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

The following days are observed as holidays in the University: All Saints' Day, Ash Wednesday, Ascension Day, Whitsun Monday, and the Birthday of the reigning Sovereign.

Regulations for Non-Resident Students in Arts, Engineering and Science.

Non-resident under-graduates, i. e., students residing at such a distance from Windsor as to render them unable to attend the lectures of the Professor (the decision in each case resting with the College Board) are admitted to the College course and graduation under the following conditions:—

- 1. Students in Arts must matriculate, and, in their first year, pass one terminal examination.
- 2. In their second year they must pass the examination for Responsions, as prescribed for resident students.
 - 3. In the third year they are required to pass:—
- (a) The terminal examination at the end of Michaelmas term.
- (b) The examination for the Degree of B. A., at the end of the Easter Term.

- 4. In case of failure, candidates must pass a supplementary examination before they can present themselves for a succeeding examination.
- 5. Supplementary examinations are held at the beginning of the next term after the regular examination.
- 6. Candidates who fail in the Degree Examination may present themselves for a supplementary examination at the end of the following Michaelmas Term.
- 7. Candidates for the Degree of B. Eng. are required to matriculate in the School of Engineering, and to pass:—
 - (a) One terminal examination in their first year.
 - (b) The first University examination for the Degree of
- B. Eng. before entering upon their third year.
- (c) The second University examination for the Degree of B. Eng. before entering upon their fourth year.
- (d) The final University examination for the Degree of B. Eng. at the end of their fourth year.
- 8. Candidates for the Degree of B. Sc. are required to matriculate in the School of Science, and to pass:—
 - (a) One terminal examination in their first year.
- (b) The first University examination for the Degree of B. Sc. at the end of the Easter Term in their second year.
- (c) The second University examination for the Degree of B. Sc. at the end of the Easter Term in their third year.
- (d) The final examination for the Degree of B. Sc. at the end of the Easter Term in their fourth year.
- 9. All examinations are held at the College, at Windsor, but that for Matriculation may be held at various centres.
- ro. On application to the President of the College, arrangements may be made, under suitable regulations, for holding Matriculation Examinations at other centres than those prescribed in the College Calendar.

- 11. Candidates must appear at the examination in proper academical costume, and during their attendance at the College are subject to the same regulations as resident students.
- 12. Non-resident students may compete for the McCawley Hebrew Prize, the Bishop's Prize, and the Binney Responsions Prize, but they are not eligible for scholarships, nor can they hold nominations.
- 13. Non-resident students are permitted to become students for one or more terms, for the purpose of attending lectures in such subjects as they may desire, but they shall not be exempt from the regulations governing such students, except with the consent of the College Board.
- N. B.—On application, information will be afforded by the Professors of the different departments as to the subjects required for the terminal examinations.

All fees, including College dues, must be paid to the Bursar before a candidate may present himself for examinations, and they are not returnable in case of failure to pass.

The fees for admission to degrees, etc., are the same as those already prescribed.

Women are admitted on the same conditions, and have the same privileges as men.

Full particulars of the Matriculation Examinations, and of the different courses of study will be found in the College Calendar, which may be obtained from the President of the College. The above regulations do not apply to students from Theological Colleges admitted to King's College under conditions stated below.

Students from Other Colleges.

Students who have taken a partial course at any other University recognized by the Board of Governors, may, upon presentation of certificates of their standing, be admitted ad eundem statum and complete their course at King's College.

Students who have received their diploma from St. Augustine's College, Canterbury, St. Boniface, Warminster, Wycliffe College, Toronto, or Montreal Diocesan Teeological College, may obtain the degree of B. A. from this University, by a residence of one year, upon presenting satisfactory certificates of work done, and passing the required examinations in any three subjects other than Divinity.

Graduates of the Royal Military College, Kingston, are allowed to proceed to the degree of B. Eng. or B. Sc. on passing an examination in those subjects which are not included in the Kingston course. Other colleges of equal standing will doubtless obtain the same privilege.

Discipline.

All students are required to be in residence not later than the first Monday in each Term.

The resident Students are under the immediate charge of the President and Vice-President.

All students are required to attend the services in the College Chapel. A Register of attendance is kept. Students who are not members of the Church of England are permitted to attend the Sunday Services of their own Church.

Students residing in the College are not to be out of it after 10 p. m., without the permission of the President, or, in his

absence, the Vice-President, and such regulations shall be made as may be found necessary to secure the strict observance of this rule. The College authorities may enter the apartments of any undergraduates at all hours of the day or night.

No visitor is allowed to remain in College after 10 p. m., unless by permission.

The President is authorized to impose fines or written exercises for infraction of regulations, insubordination or disorderly conduct; matters of a more serious nature shall be referred to the Board of Discipline, which meets once a week, or oftener if required.

Each Professor keeps a record of the attendance at his Lectures, and reports thereon at the weekly meeting of the Board.

The Board of Discipline may deprive any Student of his Term for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, if required by the Board.

The introduction or use of spirituous liquors in the College is absolutely prohibited.

Regulations for bolding Matriculation Examinations at other centres than King's College.

To meet the convenience of Candidates for Matriculation who reside at a distance from Windsor, Matriculation Examinations may be held at other centres than King's College, subject to the following conditions:—

I.—A Committee of not less than five members must be nominated by the Governors of King's College, for the purpose of conducting the Matriculation Examinations in the city or town where it is desired that such examinations should be held.

II.—The said Committee must appoint a Secretary to conduct the necessary correspondence with the President of King's College.

III.—The following declaration must be signed by all the members of the Committee:—

"We, the undersigned, having been nominated by the Governors of King's College as a Committee for the purpose of conducting Matriculation Examinations for King's College, N. S., hereby pledge ourselves to conducting such examinations according to the rules laid down by the Board of Governors for that purpose.

IV.—The examination questions shall be forwarded under seal to the Secretary of the Committee, from King's College, N. S., and shall be opened at the hour appointed for the commencement of the examination, in the room where the examination is to be held.

V.—No candidates shall introduce, for any purpose whatever, any book or papers into the examination room.

VI.—No talking, and no communication whatever, shall be permitted amongst the candidates undergoing the examination.

VII.—Candidates shall write the answers on paper provided by the Committee for that purpose.

VIII.—The days for holding the Matriculation Examinations shall be those appointed in the Calendar of King's College.

IX.—On each occasion when it is proposed to hold a Matriculation Examination at a distant centre, notice should be sent by the Secretary of the Committee to the President of King's College, one month before the date of the examination.

X.—Each candidate for Matriculation, at any distant centre, shall pay in advance a fee of five dollars.

XI.—Two or more members of the Committee shall be present throughout each session of the examination, and shall sign the following declaration, which shall be transmitted, with the answers of the candidates, to the President of King's College—

"We, the undersigned, have been present during the whole time of the examination, when the accompanying papers were worked, hereby declare that the examination has been in all respects fairly conducted, and in accordance with the prescribed rules."

The Secretaries of Committees now appointed are:—
J. Roy Campbell, Esq., B. C. L., St. John, N. B.
Hon. Mr. Justice Hodgson, D. C. L., Charlottetown, P. E. I.
Rev. Canon Pilot, D. D., D. C. L., St. John's, Newfoundland.

On application to the President of the College, arrangements may be made, under suitable regulations, for holding the examination in other centres.

Examinations and Graduation.

TERMINAL EXAMINATIONS.

Every student is required to undergo an examination at the end of Michaelmas and Easter Terms in all the subjects in which he has attended lectures. Any Professor may, at his discretion, dispense with examination in optional subjects.

Every undergraduate, previous to presenting himself for any Terminal Examination, must obtain from each Professor whose lectures he has attended during the term, a certificate of attendance and good conduct.

No Professor will grant such certificate if more than two absences without leave, during the course of the term, are recorded against the applicant, or if his conduct has been in any way reprehensible.

Such certificate must then be handed in by the Senior of each class to the President, who shall post in the Commons' Hall a list of eligible candidates, previous to the beginning of the examination, and no undergraduate is allowed to present himself at any Terminal Examination unless he has complied with these regulations.

The list of candidates who have passed the Terminal Examination is published in the hall after the final meeting of the College Board for that term. Any student whose name does not appear in the list is allowed a *supplementary examination at the beginning of the term, in those subjects in which he has failed.

TEXT BOOKS.

Students should provide themselves with the necessary text books before intering upon their work.

Information concerning the books required and editions recommended, if not given in the Calendar, may be obtained upon application to the several Professors.

RESPONSIONS.

Every matriculated student in Arts is required to pass an examination called Responsions, for which he may present himself in Lent Term following his admission; and no term after the sixth can be reckoned until it has been passed. Candidates failing in any subject are required to present themselves for the whole examination again at the beginning of the following Michaelmas Term. The subjects for 1904 are as follows:—

N. B.—Candidates who do not take Greek will be required to pass in both Modern Languages.

I. CLASSICS :-

II. ENGLISH LITERATURE:

- First Term:—Spenser's Faerie Queene, Book I; Palgrave's Golden Treasury of Songs and Lyrics, Book I; Kingsley's Westward Ho! (to be read in private): Lectures on the Tudor writers; Essays.
- Second Term:—Shakespere's The Merchant of Venice; Sydney's Defence of Poesy; Kingsley's Hereward the Wake (to be read in private); Lectures on the Tudor writers; Essays.
- Third Term:—Milton's Paradise Lost, Books I and II; Palgrave's Golden Treasury of Songs and Lyrics, Book II; Lectures on the XVII Century writers; Essays.
- Fourth Term:—Shakespere's As you Like it and Julius Caesar; Genung Working Principles of Rhetoric; Scott's Ivanhoe (to be read in private); Outline Lectures on the English Language. Essays.
- Fifth Term:—Addison, Spectator Papers; Extracts from Landor; Brook's Primer of English Literature; Thackeray's The Virginians (to be read in private): Notes on the XVIII and early XIX Century writers: Genung Working Principles of Rhetoric; Essays.

Note. - Students are required to write short Essays once a week, and a weekly "Conference" will be held in English Composition.

III. DIVINITY:

Old Testament History: A general knowledge of the text of the Historical Books, &c. Maclear's Class Book of Old Testament History.

IV. MATHEMATICS:

- First Term:—Algebra: Simultaneous Equation Problems, Quadratics, Indices, Surds Euclid: Problems and Exercises on Book I.
- Second Term:—Algebra: Ratio, Proportion, Variation, Arithmetic and Geometric Progression. Euclid: Problems and Exercises on Books II and III.

^{*}Any Student requiring a supplementary examination must apply to the Board of Discipline, enclosing a fee of five dollars.

University of King's College.

- Third Term: -Algebra: Harmonic Progression, Notation. Euclid: Book IV, definitions of Book V, first 19 propositions of Book VI.
- Fourth Term: Algebra: Surds and Imaginary Expressions, Theory of Quadratic Equations. Euclid: Book VI with exercises on Modern Geometry; Trigonometry. Circular Measure, Functions of an angle; the fundamental formulae.
- Fifth Term:—Algebra: Miscellaneous Equations, Inequalities. Indeterminable Equations, Logarithms; Trigonometry: Trigonometrical Ratios of two angles, Solution of Triangles.

V. SCIENCE:

Chemistry and Physics. Chemistry of the First year, (Wilson's Textbook and lecture notes). Practical (analytical) Chemistry of the first and second terms of the Second Year, (Jones' Junior course of Practical Chemistry). Botany (Gray's lessons).

VI. MODERN LANGUAGES-FRENCH OR CERMAN:

(Students not taking Greek take both French and German.)

FRENCH.

Term I, II, III. Three Lectures a Week.

- Grammar: -Louis Fasquelle's Grammar (American Book Co., New York), Exercises, 61-120.
- Conversational Exercises: -- "Methode Berlitz," 2 livre. (Publishers: Carl Scheenhof's successor, 23 School Street, Boston, Mass).
- Literature :- Les Demoiselles de Saint Cyr, by Dumas, (Macmillan & Co.), and Specimen of French Prose, XIX Century, by E. Berthon. (Macmillan & Co., New York).

Term IV, V. Three Lectures a Week.

- Grammar: Exercises 103-154, Fasquelle.
- Conversational Exercises:-- "Methode Berlitz," 2 ème livre and Narration and Composition.
- Literature: Specimen of French Prose XIX Century. Specimen of French Verse XIX Century, by H. E. Berthon. (Publishers: Macmillan & Co., New York).

GERMAN.

Term I, II, III. Three Lectures a Week.

Grammar :- Lesson XV to end of XXXIII of Joynes Meissner's German Grammar, (D. C. Heath & Co., Boston).

- Conversational Exercises:—"The Conversation Method in German, Bober-McKay," (Publishers: T. C. Allen & Co., Halifax, N. S.)
- Literature: -- "Waldnovellen" von Baumbach, (D. C. Heath & Co., Boston), and selected poems. (No text book).

Term IV, V.

Grammar: -- Joynes Meissner's Lessons XXVI-XLIV,

- Conversational Exercises with "Die Schulreiterin" by E. Poll as text book.
- Literature: Anno 1870 by Liliencron with notes by Bernhardt. (D. C. Heath & Co), and selected poems.

DEGREE EXAMINATION.

The Examination for the B. A. Degree is held towards the end of Michaelmas and Easter Terms. Students are not permitted to offer themselves for this before their ninth term except those who intend to offer themselves for Honours, who may be examined in the Ordinary Degree subjects in their seventh term. In such case, the student must pass an examination in the Honour subjects chosen by him before being admitted to a degree.

The examination is carried on mainly by written questions and answers, but the Examiners at all times have the power of examining viva voce.

Every Candidate for a Degree must give notice in writing, to the President of the University, of his intention to present himself for examination, such notice to contain a list of subjects prepared, and to be sent not later than twenty-one days previous to the date published in the Calendar for the holding of Degree Examination.

Candidates must be examined in at least three of the subjects on which lectures are delivered by the Professors. The following (or their equivalent) are the subjects of an ordinary degree.

I. CLASSICS:

LATIN.—Tacitus, Annals, I; Cicero, Pro Lege Manilia and Pro Archia, Tacitus, Historics, I: Cicero, De Senectute and De Amicitia; Horace, Odes Books III and IV.

GREEK.—Plato, Apology and Crito, Sophocles, Antigone; Demosthenes, De Coroná.

Sight Translation (Latin) will be practiced each term, and a passage set in the examination. Candidates will also be examined in a selected period of Roman and Grecian History, the Geography of Ancient Greece and Italy, and in a selected portion of Donaldson's *Theatre of the Greeks*.

II. ENGLISH LITERATURE:

Sixth Term:—Palgrave's Golden Treasury, Book III: Johnson, Life of Pope: Gosse's History of XVIII Century Literature; Thackeray's Esmond (to be read in private) Essays.

Seventh Term:—Bright's Anglo-Saxon Reader; Chaucer's The Parliament of Foules; Jevon's Lessons in Logic, first 10 chapters: Brook's History of English Literature from the beginning of the Norman Conquest; Essays.

Eight Term:—Bright's Anglo-Saxon Reader; Marlowe's Dr. Faustus Shakespere's Macbeth, and three other plays to be announced Dowden's Shakespere Primer; Saintbury's History of Elizabethan Literature; Jevon's Lessons in Logic, to end of book: Scott's Kenilworth (to be read in private); Harrison, Description of England (Scott's Library): Essays.

Ninth Term:—Palgrave's Golden Treasury, Book IV; Carlyle, Sartor Resartns; Ruskin, Sesame and Lilies; Tennyson's The Princess; Selected Poems of Robert Browning; Saintbury's History of XIX Century Literature; Emerson, Essays on Books, Beauty, Culture and Eloquence (to be read in private); Essays.

Note.—Students are required to write short essays once a week; a weekly "Conference" will be held in English Composition. Besides the regular terminal work in Composition, every student is required to write three special essays. Of these the first is to be handed in at the end of the first year, the second before the Responsions Examination in the second year, and the third before the Degree Examination.

III. DIVINITY:

BIBLE.—General Introduction, Text, Versions, Contents of Books.

GREEK TESTAMENT.—The Four Gospels, (Tischendorf's Synopsis Evangelica); Miller's Introduction to Textual Criticism.

PRAYER BOOK. -- History and Contents of the Book of Common Prayer,

CHURCH HISTORY.—A general knowledge of the History of the Church of England.

IV. MATHEMATICS:

ALGEBRA.—Permutations and Combinations; Binomial Theorem (any exponent); Exponential and Logarithmic Series: Interest and Annuities; Convergence and Divergence of Serie, Determinants Probabilities; Part of the Theory of Equations.

Pure Geometry.—Euclid, Book XI, first twenty-one propositions.

PLANE AND ANALYTIC GEOMETRY.

PLANE TRIGONOMETRY.

DIFFERENTIAL CALCULUS.

ASTRONOMY and NAVIGATION.

V. NATURAL SCIENCE:

GEOLOGY.—Dana's Text-book, and Lecture Notes.

MINERALOGY, including Blowpipe Analysis, Dana's Manual.

VI. MODERN LANGUAGES.—FRENCH OR GERMAN.

FRENCH.

Terms VI. VII, VIII, IX. Three Lectures a Week.

Grammar: - Fasquelle's complete.

For Composition and Narration: - Macmillan's French Composition. Second course for advanced Students.

Literature:—"Les Horaces by Corneille—"Athalie" by Racine Molière's L' Avare.

History of French Literature: General view of French Literature up to the XIX Century, and more fully the XIX Century. Text book, "Sept grand auteurs du dix-neuvième siècle" by A. Fortier (D. C. Heath & Co.)

Sight Translation—Letter-writing.

GERMAN.

Terms VI, VII, VIII, IX. Three Lectures a Week.

Grammar: - Joynes Meissner complete.

For Composition and Narration:—"Exercises on German Composition" by Horning (Publishers: The Copp Clark Co. Toronto.)

Literature:—"Maria Stuart" by Schiller. "Faust" I part by Goethe.

History of Literature:—General view of German Literature up to the

XIX Century, further: Wildenbruch's "Das neue Gebot"; Gerhardt

Hauptmann's "Versunkene Glocke"; Sudermann's Heimat; Vikter

Schiffil's Trompeter von S.; Julius Wolff's "Rattenfanger"; Der

wilde fager" and "Lurlie."

Sight Translation---Letter-writing.

VII. ECONOMICS AND HISTORY:

Sixth Term:—Lectures on Early European Literature; Hallam's History of the Middle Ages.

Seventh Term:—Newcomb's Political Economy, Books I and II; Woolsey's International Law, Part I: Jevon's Lessons in Logic, as in English course; Green's History of the English People.

Eighth Term:—Newcomb's Political Economy, Books III and IV; Woolsey's International Law, Part II; Jevon's Lessons in Logic, as in English course; Roberts History of Canada.

Ninth Term:---Newcomb's Political Econony, Book V; Walker's Political Economy, Advanced Course.

Lectures will be given in Railway Economics.

HONOURS.

All candidates for Honours in any branch must first pass the Ordinary degree examination.

Every candidate for a degree in Honours shall be examined in one or more of the following subjects, at his own choice.

I. CLASSICS:

GREEK,---Plato: Republic, Books I-IV; Sophocles: Antigone; Theocritus: Ten selected Idyls; Pindar: Olympian Odes.

LATIN.—Lucretius: De rerum Natura, Books I-II; Catullus: Ellis's Carmina Selecta; Cicero: DeOratore, Book I; Terence: Andria.

LATIN PROSE.—Mahaffy's Greek Literature: Ferrier's Lectures on Early Greek Philosophy; Zeller's Socrates and the Socratic Schools; Crutwell's History of Roman Literature; Whitney's Life and Growth of Languages.

II. ENGLISH LITERATURE:

The Honour Work in English will cover the development of the Language up to the time of Shakespeare. One representative work will be selected from each of the great periods for special study. Each candidate must present a Thesis upon some literary subject, involving original research.

Lectures will be given and examination papers set on the following work:—

Taine's History of English Literature; Lanier's Science of English Verse; Anglo-Saxon, Beowulf (Ed. Harrison and Sharp); Chaucer's Prologue, and Knighte's Tale; Dowden'e Shakespere: His Mind and Art; Shakespere, selected plays; Tennyson's In Memoriam; Swinburne's Atlanta in Calydon; Matthew Arnold selected Essays; Parkman's France and England in North America, selected volumes; Raleigh's A Story of the English Novel.

NOTE.—Each candidate for Honours will be required to write two Essays upon approved subjects, and to carry on a prescribed course of reading in the standard English novels.

III. DIVINITY:

Hebrew Bible (selected portions): Greek Testament (selected Epistles): Westcott On the Canon of the N. T., or Salmon's Introduction to the New Testament; Butler's Analogy; Church History to A. D. 45% and Sketches of Medieval Church History. Browne On the Articles; Pearson On the Creed; Hooker's Ecclesiastical Polity, Book V; Liddon's Bampton Lectures, or Bowne's Theism; St. Augustine, De Doctrina Christiana.

IV. MATHEMATICS AND MATHEMATICAL PHYSICS:

ALGREBA.—Spherical Trigonometry: Analytic Solid Geometry; Geometrical Conics, Differential Calculus, including Maxima and Minima: Integral Calculus; Mechanics, Statics and Dynamics; Hydrostatics: Geometrical Optics.

V. NATURAL SCIENCE:

ANALYTICAL CHEMISTRY, advanced course: (Jones' Junior Course of Practical Chemistry and Fresenius' Manuals); Geology, advanced course; Palæontology (Nicholson's Manuals); Field Geology (Geikie's Outlines).

The scientific collections of the College are available for study, and these are supplemented, when necessary, by the Professor's collections. Excursions for field work will be made when practicable.

VI. MODERN LANGUAGES.—FRENCH OR GERMAN:

FRENCH.

Les plus grands auteurs du XIXe siècle, par A. Fortier (D. C. Heath & Co). La chute d'un ange, par Lamartine (Extraits). Hernani, par Victor Hugo (Extraits). Louis XIII et Richelieu (Cinq-Mars), Alfred de Vigny. Il faut qu'une porte soit ouverte ou fermèe, par Alfred de Musset. Atvator. par Théophile Gautier. Chardenal's exercises on French idioms (Hachette & Co). Essays.

GERMAN.

Either of the following two courses:

Course A.—Goethe's Meisterwerke, by Bernhardt (D. C. Heath & C.) Extracts. Schiller's Marie Stuart and Die Jungfrau von Orleans; Neuste Litteratur: Wildenbruch's Das neue Gebot, Sudermann's Heimath, Gerh. Hauptmann: Die versunkene Glocke; Jol. Wolff, Lurlei (Extracts). Essays.

Course B.—Wright's Old High German and Middle Figh German Primer. Musterstücke aus der altdeutschen Zeit im Ur Text (Carla Wenckebach). Musterstüche aus der mittelhoch-deutshen Zeit im Ur-Text (Kurz). Bernhardt's Gothische Grammatik. Auszuge : us Ulfilas Bibel Uebersetzung.

VII. ECONOMICS AND HISTORY:

The Text-book and books of reference for the above course will be announced at the beginning of the Michaelmas Term. The course will include Lectures in Political Economy, International Law, Constitutional and General History, and History of the Aryan Race, together with theses on various problems in Applied Economics.

Modifications in the subjects to be made with the approval of the Board of Governors.

Successful candidates for degrees will be classed as follows:

HONOUR DEGREES.

First.....Optime Meruit.

Second Laudables progressus fecit.

Third Honores in — etc., adeptus est.

PASS DEGREES.

Successful candidates are divided into three classes according to the average marks obtained.

Candidates must obtain, in all examinations, a minimum of 35 per cent. in each paper.

Elective Students may also obtain Pass Certificates, Honour Certificates, and Diplomas, in lieu of Degree.

FOR THE DEGREE OF M. A.

Candidates must be of three years standing from the time of taking the B. A. degree, and must present a satisfactory thesis on some subject approved by the College Board.

DIVINITY STUDENTS.

Candidates for Holy Orders, entering College for theological study, are subject to the same regulations as other students.

The course of study comprises the subjects usually required for the Ordination Examination, and the special subjects prescribed for the "Voluntary Preliminary Examination" of the Provincial Synod of Canada. Students are also practised in the composition and delivery of sermons.

This course ordinarily covers a period of two years; but for graduates who have taken Greek in their Arts course, one year's residence is usually sufficient.

GRADUATION IN ENGINEERING-DEGREE OF BACHELOR OF ENGINEERING.

Undergraduates presenting themselves for examination for the Degree of Bachelor of Engineering, shall be required to have matriculated in the School of Engineering, to be of twelve terms standing and to have passed the First and Second University Examinations for that Degree.

Candidates for the First University Examination for the Degree of B. Eng., will be required to be of six terms standing. The Course of Studies for this Examination will include:—

Chemistry, (as with the 1st and 2nd years Arts Course).
Botany and Zoology, (as in the 1st and 2nd years Arts Course).
*French, (as in the 1st and 2nd years Arts Course).
English Literature, as for Responsions.
Mathematics and Civil Engineering.

Euclid, (as in 2nd year of Arts Course).

Euclid, (as in 2nd year Arts Course).

Plane Trigonometry, (as in 2nd year Arts Course).

Surveying, Chain Surveying.

Geometrical Drawing, Linear Drawing.

Platting Land Survey.

^{*}German may be substituted for French at the students option.

2nd Term.—Algebra, (as in 2nd year Arts Course).

Euclid, (as in second year Arts Course).

Plane Trigonometry, (as in 2nd year Arts Course).

Analytic Geometry, to end of straight line.

Surveying, Compass Surveying, Latitudes and Departures.

Geometrical Drawing, Linear Drawing.

Platting, Land Survey.

Field Work.

3rd Term.—Algebra, Permutations, Combinations, Induction.
Euclid. Book XI.

Plane Trigonometry, relation between sides and angles of Triangles, Division of Angles,

Analytic Geometry, Circle.

Surveying, adjustment and use of instruments, Obstacles.

Geometrical Drawing, Projection.

Copying and Reducing Plans, Mechanical Lettering, Field Work.

4th Term.--Algebra, Progressions, Binomial Theorem.

Plane Trigonometry, Solution of Triangles, Heights and Distances, Inverse Functions.

Spherical Trigonometry, relations between sides and angles of triangles.

Analytic Geometry, Parabola, Ellipse and Hyperbola.

Differential Calculus, Differentiation of Algebraic and Transcendental Functions.

Surveying, Laying out and dividing up land, Slide Rule Planimeter.

Geometrical Drawing, Isometric and Perspective.

Platting, Plans and Elevations of Masonry Structures, Round Writing.

Field Work.

5th Term.—Algebra, Logarithmic and Exponential Series, Convergence and Divergence of Series.

Plane Trigonometry, Expansion of Functions, De Moivre's Theorem.

Spherical Trigonometry, Solution of Right and Oblique Angled Triangles.

Analytic Geometry, General Equation of Second Degree.

Differential Calculus, Successive and Partial Differentiation,
Expansions of Functions, Direction of Curvature,

Surveying, Theory and Practice of Levelling, Solar Transit.

Geometrical Drawing Perspective.

Platting, Survey of Town, Round Writing Titles. Field Work.

6th Term.—Algebra, Theory of Equations.
 Spherical Trigonometry, Inscribed and Circumscribed Circles,
 Spherical Excess.
 Analytic Solid Geometry.
 Differential Calculus, Maxima and Minima.
 Survéying, Levelling.

Geometrical Drawing, Perspective. Platting Contour Map.

Field Work.

Candidates for the Second University Examination for the Degree of B. Eng., will be required to be of nine terms standing and to have passed the First University Examination for that Degree. The Course of Studies will include:—

Geology, as for Degree of B. A.

Mineralogy (including Blowpide Analysis), as for Degree B. A.

*French, as for Degree of B. A. or † German as in 1st year Arts Course.

Mathematics, Natural Philosophy and Civil Engineering.

7th Term.—Geometrical Conics, General Properties.
Integral Calculus, Elementry Integrals.
Mechanics (Pure), Statics.
Hydrostatics.
Civil Engineering, Railway Curves.
Surveying, Geodesy and Topography.
Platting, Plans and Elevations of Buildings.
Detail Drawing for Wood, Iron and Masonry Structures.
Field Work.

8th Term.—Geometrical Conics, Parabola and Ellipse.
Integral Calculus, Integration by Parts, by Substitution, and
by formulæ of Reduction, Trigonometric Integrals.
Mechanics (Pure), Dynamics.
Civil Engineering, Railway Curves, and Earthwork.

Surveying, Hydrographic and Mine Surveying.

Platting, R. R. Location and Profile.

Detail Drawing.

Field Work.

^{*}German may be substituted for French at the student's option.

[†] French may be substituted for German if the student has taken German for his 1st University Examination.

9th Term.—Geometrical Conics, Hyperbola.

Integral Calculus, Application to Curves, Volumes, Surfaces, etc.

Mechanics (Pure), Dynamics.

Acoustics, Elementary Principles.

Civil Engineering, Earthwork.

Surveying, Precise and Barometric Levelling.

Platting, R. R. Location, Profile and Sections.

Field Work.

The Final Examination for the Degree of B. Eng. will include:—

*French as in the 4th year Science Course, or † German as in the 2nd year Arts Course.

Natural Philosophy and Civil Engineering.

10th Term.—Optics.

36

Steam and the Steam Engine.

Practical and Applied Mechanics.

Civil Engineering, Timber and Masonry Construction.

Hydraulics, Flow of Water in Pipes.

Theory of Structures, Analytical and Graphical Determination of Stresses.

Highway Engineering.

Platting, Locating from Contour Map, Design of Frog.

Field Work.

11th Term.—Astronomy.

Practical and Applied Mechanics.

Civil Engineering, Tunnels and Foundations.

Hydraulics, Flow over Weirs, and in Channels.

Theory of Structures, Bridge and Roof Design.

Sanitary Engineering, Sewage Collection and Removal.

Design of Plate Girder Bridge.

Field Work.

12th Term. - Astronomy and use of Nautical Almanac.

Practical and Applied Mechanics.

Civil Engineering, Fountains.

Water Supply.

Theory of Structure, Bridge Design.

Sanitary Engineering, Sewage Disposal.

Design for Roof Truss, Graphic Method.

On the recommendation of the College Board candidates will be permitted to enter upon the second year's work, if upon enter ing the College, they shall pass an Examination in all subjects comprehended by the course in the first year.

Students and graduates from other colleges may at the discretion of the College Board be permitted to proceed to the Degree of B. Eng. upon passing the Second University and Final Examinations for that Degree and by attending such lectures and passing such other examinations as the College Board may consider necessary.

The fee for the Degree of Bachelor of Engineering will be \$12.00. It must be lodged with the Bursar before the examination begins.

Text-books and books of reference:

Todhunter's Plane and Spherical Trigonometry, Hall and Stevens' Euclid, Hall and Knight's Algebra; Analytical Geometry and Conic Sections, Wentworth, C. Smith: Differential and Intergral Calculus, Osborne; Galbraith and Haughton's Manuals of Mechanics, Hydrostatics, and Optics; Rigg's Steam Engine; Ripper's Steam: Deschanel's Natural Philosophy: Astronomy, Godfrey, Young; Rankine's Civil Engineering; Modern Framed Structures, Johnson, Bryan and Turneaure; Merriman's Hydraulics: Fanning's Hydraulics and Water Supply; Moore's Sanitary Engineering; "Building Construction" as arranged to meet requirements of Science and Art Department, South Kensington; Practical and Applied Mechanics, Twisden, Duncan and Lanza; Surveying. Gillespie, Raymond Baker; Engineering, Field and Office Pocket Books, Trautwine, Searle, Carnegie: Linear Drawing, Projection and Perspective, Davidson; Lettering, Ja_oby, Reinhardt.

FOR THE DEGREE OF M. ENG.

Every candidate must have taken the Degree of B. Eng., and must have been engaged in practical work as a Civil Engineer for at least three years from the time of so doing. He must have held a position of responsibility in such connection.

He will be examined in Practical Engineering, including the Preparation of Designs, Specifications and Estimates for Engineering Work, and also in some special branch of Theoretical Engineering Science, selected by the Candidate, and (upon the recommendation of the Professor of Engineering) approved of by the College Board.

^{*}Or German if the student has taken German throughout his course.

⁺Or French if the student has taken two years of German and one of French.

The particular department of Practical Engineering work in which the candidate will be examined, will be chosen with reference to the character of the work in which he has been specially engaged, and in this portion of the examination candidates will be tested as regards their knowledge of the subject by being required to submit a complete set of Drawings, Specifications and Estimates for some proposed work, for the preparation of which a month or five weeks will be allowed. These Drawings, with the detailed calculations upon which they are based, will be sent in to the Examiners, and if they are approved, an Oral Examination of the candidates will be conducted for the purpose of supplying the authenticity of the work submitted and of testing the candidate's professional ability.

The Examiners in Civil Engineering shall be appointed yearly by the Board of Governors, and the Professor of Engineering shall be, *ex officio*, a member of the examining body.

FOR DEGREE OF BACHELOR OF SCIENCE-(B. Sc).

In all cases the First University Examination for Degree of B. Sc. shall be held at the end of the sixth term, and the second University Examination for this Degree shall be held at the end of the ninth term, and the Final Examination at the end of the twelfth.

FIRST YEAR.

Mathematics and Civil Engineering (as in first year Engineering Course).

Chemistry (as in the first year Arts Course).

English Literature (as in first year Arts Course).

The French or German Language.

Surveying and Levelling (with Field and Office Work as in Engineering Course).

SECOND YEAR.

Mathematics (as in second year Engineering Course).

Chemistry, Qualitative Analysis (as in second year Arts Course).

Botany and Zoology (as in second year Arts Course).

English Literature (as in Arts Course, Terms 4 and 5).

The French or German Language.

Mensuration, Surveying (with Office Work).

THIRD YEAR.

Mathematics Physics (Selected course in Mechanics and Hydrostatics). Geology (including Petrography and Field Geology).

Mineralogy (including Crystallography and Blowpipe Analysis).

Mining.

Economics (as in Arts Course, Term 6).

Geometrical Drawing.

The French or German Language.

Geological Excursions

FOURTH YEAR.

Mathematical Physics (Selected Course in Optics and Astronomy).

Economic Geology and Mineralogy.

Chemistry (Qualitative Analysis of Minerals, Ores, etc.)

Metallurgy and Assaying.

Geological Drawing.

Economics (as in Arts Course, Terms 5, 7, 8, 9).

French.—Terms 10, 11 and 12: Scientific French Reader, by Herdler. "Sept grands auteurs du dix-neuvième siècle," par A. Fortier. Essays.

GERMAN.—Terms 10, 11, 12: Scientific German Reader, by Dippold, Extracts of new German Literature. Essays.

Among the subjects of Mining in which the students will be instructed are: Blasting and use of explosives; Quarrying and Hydraulic Mining; Boring, Sinking, Timbering, and Tubing of Shafts; Driving and Timbering of Levels; Underground Conveyance and Hoisting; Drainage and Pumping; Lighting and Ventilation of Mines; Methods of Exploitation employed in working Coal Seams and Metalliferous Deposits, etc.

Text-books required, besides those included in the list required in the Ordinary and Honour Arts Course in Natural Science:—

Warrington Smyth's Coal and Coal Mining; Haswell's Colliery Management; Bauerman's Metallurgy of Iron; Cavies Metalliferous Minerals and Mining, Earth Minerals and Mining, and Slate Quarrying, Collins' Mining and Quarrying, Metal Mining, and Coal; Burgoyne's Blasting and Quarrying; W. N. Hartley's Quantitative Analysis; Greenwood's Metallurgy; Ricket's Notes on Essaying; Morgan's Manual of Mining Tools and Atlas,

In addition to the Text-books before mentioned, the following are for reference: Geology (Dawson's Acadian, Dawson's Lecture Notes, Lyell's); Reports of the Canadian and U. S. Geological Surveys; Mining reports of

Nova Scotia; Transactions of the American Institute of Mining Engineers; Publications of the Institute of Civil Engineers, London; Proceedings of the N. S. Institute of Natural Science; Honeyman's Geological Giants and Pigmies; Greenwell's Mine Engineering; Phillips' and Von Cotta's Treatises on Ore and Ore Deposits; Burat's Geologic Appliquée; Report on Mineral Resources of Ontario.

FOR THE DEGREE OF M. Sc.

A candidate for this Degree must be a B. Sc. of three years' standing. He will be required to send in a satisfactory Thesis on some subject embodying original work, and also to pass an examination in some branch of scientific work, approved by the College Board, on the recommendation of fhe Professor of Science.

FOR THE DEGREE OF D Sc.

A Candidate for D. Sc. must be a B. Sc. of eight years' standing, or a M. Sc. of five years' standing.

A Thesis on some approved subject, to be sent to the Board of Examiners, and a proof of continued successful work in Science.

EXAMINERS.

- r.—The Examiners to conduct the Degree or Prize Examinations in each year shall be appointed by the Governors.
- 2.—These Examiners shall sign the Declaration, No. 2, in the Appendix, to the present code of Statutes.
- 3.—The Examination shall be conducted by means of printed or written papers, together with a *viva voce* Examination at the discretion of the Examiner, and shall take place at such a time as shall permit of the results being made known at the Encænia of that year.

DEGREES IN DIVINITY.

The University of King's College having entered into an agreement with the other Church Universities and Theological Colleges in Canada to adopt a uniform standard for Degrees in Divinity, all such Degrees are now only conferred by the University in accordance with the Canon of the Provincial Synod of Canada on Degrees in Divinity, within the Ecclesiastical Province of Canada. Particular information concerning the

regulations for such Degrees, and concerning the "Voluntary Preliminary Examination," may be had upon application to the President of the College.

DEGREES IN CIVIL LAW.

[See LAW SCHOOL CALENDAR at end of Volume].

DEGREES IN MEDICINE AND SURGERY.

[See particulars under "Faculty of Medicine" at end of Volume].

Local Examinations.

Local Examinations for Candidates who are not members of the University, are held in Windsor the first week in June, and at other places where it may be requested, at such times as may be found expedient.

Every Candidate who passes the examination is entitled to receive a certificate specifying the subjects in which he or she has satisfied the Examiners and the class obtained. To obtain a first class an average of 75 per cent. must be made, and an average of 50 per cent. for second class.

The Junior Examination is accepted for Matriculation, Senior for entrance into the second year as far as they cover the subjects required.

Candidates passing the Senior Examination receive the title of "Associate in Arts."

Local Committees wishing to have examinations held in their several districts may obtain all necessary information from the President of King's College,

All such applications must be lodged with the President two months before Examinations begin.

REGULATIONS FOR SENIOR CANDIDATES.

Every Candidate is required to pay a fee of \$4.00 to the Secretary of the Examining Committee.

The Examinations will comprise the subjects mentioned in the following 12 Sections. Students are required to satisfy the Examiners in Section I, and in at least 4 of the 11 Sections II-XII, of which 2 must be taken from the 4 Sections II-V, and one from the 5 Sections VI-X. No candidate may enter for more than 8 Sections altogether. In any of the Sections V-IX, XI, XII, distinction is given for work done sufficiently well.

I.—Arithmetic, including Simple and Compound Interest, Discount and Stocks,

Section II.-Religious knowledge. Any 2 of the following, and 3 for Distinction :-

- (a) Jeremiah XXVI-XXVIII, XXXIV-XLIV, LII, Ezra, Nehemiah.
- (b) Gospel of St. Mark.
- (c) The Prayer Book-Collects, Epistles and Gospels, Holy Communion Service, Baptismal Offices
- (d) Church History A. D. 381-590, English Church History to A. D. 604.

Section III.—One of the following, and both for Distinction :-

- (a) Outlines of English History from 1688-1760.
- " Canadian " " 900-1698

Section IV.—Any 2 of the following, and 3 for Distinction:—

- (a) Outlines of English Historical Literature from the Birth of Chaucer to the Death of Shakespeare.
- (b) Shakespeare's "Richard II."
- (c) Byrons "Childe Harold," Canto III.

V.—The Physical, Commercial and Political Geography of Great Section Britain and her Colonies.

VI.—French. (a) Passages will be set for translation into English from "Le Petit Chose en Provence; Part I, Daudet.

- (b) Questious will be set requiring a fair knowledge of
- Passages not contained in the book named will be set for translation into English.
- (d) Passages will be set for translation from English into French.

Section VII.—Latin. (a) Virgil Æneid XII; Horace, Odes I; Cæsar, de Bello Civili I; Cicero, Pro Murena; Candidates must select one prose and one verse subject from these four.

University of King's College.

(b), (c), (d), as in Section VI.

Section VIII.—Greek. (a) Euripides, Hercules Furens; Homer, Odyssey X: Thucydides I (24-87). Herodotus VIII (1-99). Candidates must select one prose and one verse subject from these four.

(b), (c), (d), as in Section VI.

Section IX,—German (a) Leberecht, Hünchen, by Seidel. (b), (c), (d), as in Section VI.

Section X_{\cdot} —(a) Candidates will be required to satisfy the Examiners in Euclid I, II, III, IV, VI. Questions will also be set in Book XI.

- (b) Algebra, including Binomial Theorem, and the Theory of Logarithms.
- (c) Plane Trigonometry inclusive of the use of the Exponential Theorem, De Moivre's Theorem, and the expansions of $\sin \theta$ and $\cos \theta$ in the powers θ .
- (d) Conic Sections treated both geometrically and by easy analytical geometry.
- (e) Applied Mathematics including Elementary Statics and Elementary Dynamics.

*Scholarships and Prizes.

THE COGSWELL SCHOLARSHIP.

(£24 sterling per annum. Open to candidates for Holy Orders, under the direction of the Trustees.)

1902-R. M. FENTON.

THE DIVINITY SCHOLARSHIPS.

(Open to Students for Holy Orders actually requiring assistance and subject to the control of the Bishop of the Diocese).

Eight in Number.—Thirty pounds sterling per annum.

Two of these Scholarships are awarded each year, and are tenable for four years. They are awarded to those only who matriculate and take an Arts Course. In order to obtain a Scholarship a candidate must make an average of not less than fifty per cent. in the Matriculation Examination, and be not less than nineteen years of age. The Scholarships are awarded according to the rank obtained in the Matriculation Examination, without excluding some consideration of the character and

circumstances of the candidates. The Scholarships shall be forfeited for serious misconduct, of which the Board of Discipline shall be the judges (the Board to report to the Bishop for his action), and any student failing to keep his terms, except prevented by illness or other urgent reason, shall *ipso facto* forfeit his Scholarship, and the scholarship thus forfeited may, upon the recommendation of the President and Professor of Divinity, be given by the Bishop to a Divinity Student of the same Academical standing as the one who forfeits the Scholarship.

Divinity Scholars are required to reside in the College Building.

THE BINNEY EXHIBITION.

\$50.00 per annum.

In the year 1858, Miss Binney, sister of the late Visitor, and daughter of the late Rev. Dr. Hibbert Binney, in the name and on behalf of her father's executors, handed over to the Governors certain stock amounting to \$1000, to found an exhibition at King's College, to be called "The Binney Exhibition," in memory of her said father.

The design of this Scholarship is to assist students who may require assistance, and who shall have commended themselves by their exemplary conduct, although their abilities and acquirements may not qualify them to be successful competitors for an open scholarship.

Terms.—On or before the first day of May, in every year, the College Board shall nominate two students, in their third term at the least, whom they may deem best qualified, having regard to their straitened means and the excellence of their character; and the President shall forthwith transmit their names, together with a brief statement of their claims, to the Visitor, who shall select one of them to be the Exhibitioner, and to receive the interest accruing for the following year, commencing July 1st. Or, at his discretion, if he considers the claims of the two nominees to be equal, or nearly so, the Visitor may adjudge that the amount be divided between them.

^{*}No Scholarship or prize open to competition shall be awarded unless at least 50 per cent, shall have been made in each paper.

THE McCAWLEY HEBREW PRIZE.

(£9 sterling. Open to all members of the University who are below the standing of M. A., and who have not already gained the first premium in Hebrew)

This prize is given out of the interest of a Trust Fund in the hands of the Society for the Propagation of the Gospel in Foreign Parts. The Fund and the conditions of the Prize are thus stated in the Report of Society:—

"This Fund arises from a gift of £150 sterling, in the British North American Bank, made by the Rev. George McCawley, D. D., Falmouth. Nova Scotia, the interest to be paid to the student of King's College, Windsor, N. S., who shall pass the best examination in Hebrew Bible and Greek Testament: the examination being under the direction of the Visitor and President."

Subjects for Examination, 1904:-

HEBREW.

Gen. i-vi; Psalms i, ii, viii, xix, xxiii, cxx-cxxxiv.

GREEK.

The Epistle to the Hebrews.

Hebrew counts 300 marks; Greek, 100 marks.

1903 :- Not awarded.

THE BISHOP'S PRIZE.

(\$20.00).

The prize is open to all members of the University of not more than twenty-one or less than twelve terms standing in June, 1901.

Subject for 1904:-

"The Outlook for Foreign Missions; with comment (a) upon past principles, whether sound or unsound, and (b) upon past methods, whether good or bad, and suggestions as to needed changes or new methods which should be tried."

The Essays to be sent to the President by June 1st, 1904.

1903:—No Candidate.

THE ALMON-WELSFORD TESTIMONIAL.

WILLIAM J. ALMON, Esq., M. D., endowed King's College with \$400, the interest of which is appropriated as a prize to be competed for every June, by the matriculated students in their

first year of residence. The prize to be presented by the President, in the College Hall, on the anniversary of the attack upon the Redan, in which MAJOR WELSFORD fell, on which day in every year his gallant and loyal deeds are to be commemorated in Latin. N. B.—Day changed to second Thursday in October.

1903 :- G. Q. WARNER.

. THE STEVENSON SCHOLARSHIPS.

(Three, of \$60.00 each.)

The Rev. J. Stevenson, M. A., (some time Professor of Mathematics in King's College), left a sum of money for the purpose of founding three Scholarships, tenable for two years, and open to matriculated students in their second year of residence.

REGULATIONS.

- (1.) These Scholarships shall be competed for in the month of October, and shall be open to all matriculated students in their second year of residence.
- (2.) No student shall hold more than one of these Scholarships; and in the event of two being vacant at the same time, they shall be awarded to the first and second candidates on the list who shall have attained the proper number of marks.
- (3.) Candidates must select from the following list subjects aggregating not less than 600 and not more than 800 marks:—

THE MCCAWLEY CLASSICAL SCHOLARSHIP.

This Scholarship is given out of the interest of a fund raised by subscription for a Testimonial to the Rev. G. McCawley, D.D., on his retirement from the Office of President.

- (1.) The competition shall be confined to matriculated under-graduates who have completed their first year of residence.
- (2.) The examination shall be conducted by the President, assisted by such other person as the Governors shall appoint for the time being, either within or without the University, as assessor.
- (3.) The examination shall be confined principally to such classical works as the President shall have appointed at the beginning of Michaelmas Term preceding, and shall include the translation, grammatical construction and relation to the content of the passages selected, together with such critical papers in prose and verse as may be set at the examination.
- (4.) The examination shall be subject, in respect of the number of marks required, to the general regulations of the University with reference to prizes and scholarships.
- (5.) In the event of there being no competition, or on failure in the examination, the year's interest shall be expended in the purchase of classical books for the library from a list selected by the President, having in view in the first instance, the completion of a collection of the works of all the classical authors, and of the best editions of the respective works, whether English and foreign, and also of books illustrative of the same, at the discretion of the President.
- (6.) This scholarship shall be competed for in the Easter Term.

1903:-No Candidate.

CHAS. S WILCOX, Auditors. R. PAULIN,

THE

ALUMNI OF KING'S COLLEGE,

WINDSOR, NOVA SCOTIA.

ESTABLISHED 1846. - - - INCORPORATED 1847.

RESOLUTION No. 2.

Moved by Hon. Mr. Justice Hanington and seconded by Rev. W. H. Bullock:

Resolved, that this meeting disapprove of the scheme by which the amalgamation of King's College with Dalhousie is proposed, or any amalgamation for the merging of King's into any other University.

And further Resolved, that the officials and Faculty of this University be reorganized with a new President and such other changes as will qualify it to fill the place it should, both as to efficiency, as well as in the public confidence, and that on that basis every effort be made to win the sympathy and also the strong financial aid of Church people and other friends of the institution, and that the members of the Alumni undertake to do all in their power to collect and promise funds to carry this resolution into effect, such funds only to be used when such reorganization is affected. Payments to be made on demand (or as the case may be) but payments to be discontinued at the end of three years if satisfactory reorganization of the College does not take place within that time.

RESOLUTION No. 3.

Moved by Dr. W. Bruce Almon and seconded by Mr. C. S. Wilcox:

Whereas, at the General Annual meeting of this Association a resolution was moved by Hon. Mr. Justice Hanington and duly passed requesting the Board of Governors to take steps in the direction of reorganizing the teaching staff of the College and the appointment of a new President, and

Whereas, at the Governors' meeting held subsequently no action was taken to give effect to this request, but the matter was dropped by a resolution of the Board setting forth that the time was inopportune to make any changes in the faculty, and

Whereas, the success of Collegiate institutions in more recent times has depended not so much upon the scholarship of their presidents, but upon their breadth of view and their ability to enlist and retain the active sympathies and support of the public and especially of the religious bodies to which they are affiliated,

Therefore Resolved, that this meeting does most vigorously protest against the shelving of a question of such vital importance to the successful canvass for, and to the usefulness of the College, and to express the hope that the Board of Governors may take the matter up at the ensuing meeting in December and give such timely notice as will enable them to announce the appointment of a new President in June next, and

Further Resolved, that this Association express the wish that all the members of the Board who sit as representatives of the Association shall use their influence by vote and otherwise, to give effect to the resolution in question.

RESOLUTION No. 4.

Moved by Hon. Mr. Justice Hanington and seconded by Rev. J. R. DeWolfe Cowie:

Resolved, that King's University with the Girls' School at Edgehill and Collegiate School should be efficiently maintained at Windsor as the affiliated Educational Institutions of the Church, and as essential to its progress and well being.

RESOLUTION No. 5.

Moved by Mr. C. S. Wilcox and seconded by Dr. M. A. B. Smith:

Whereas, the maintenance and support of King's College in its integrity upon the sound principles which underlie its charter and foundation, is the chief object for which this Alumni Association was organized and incorporated, and for which its exists to-day, and

Whereas, in order to keep pace with the growing demands of the age it is desirable to add to the teaching staff of the college, extend the curriculum, and make other improvements which will call for an increased annual expenditure, and

Whereas, it is desirable to enlist the living interest and warm personal support of all members of our Communion throughout the Maritime Provinces by enlarging the membership of the Association and forming local branches thereof, by encouraging the formation of women's auxilaries and other helping agencies, the successful accomplishment of which will require the personal services of an accredited agent, and

Whereas, it has been intimated that the Rev. S. Weston Jones has most generously offered his services for the work, requiring therefor only the unavoidable travelling expenses,

Resolved, that the Rev. S. Weston Jones be and is hereby appointed for the purpose above specified, to visit the parishes in the interests of King's College as the accredited agent of this Association, and

Further Resolved, that should the agent named in the resolution be unable from lack of time or any unforeseen cause, to accomplish the objects desired, the Executive Committee be, and is hereby authorized, if found necessary to facilitate or expedite the work in hand, to appoint one or more additional agents on the same terms,

RESOLUTION No. 6.

Moved by Hon. Mr. Justice Hanington and seconded by Mr. C. E. DeWolfe:

That the funds as collected by the Agency of the Alumni be deposited with the Treasurer of the Alumni, the purpose and trust of such contribution to be designated and deposited accordingly on separate account.

RESOLUTION No. 7.

Moved by Hon. Mr. Justice Hanington and seconded by Mr. F. A. Dixon:

That this meeting highly appreciates the efforts of the ladies and other local committees and agencies in raising money to place King's on a satisfactory and efficient basis, and would suggest that any aid so secured shall be used for that purpose on the reorganization of the officials and Faculty contemplated by our resolutions to make the College efficient and to merit and win the confidence of the public.

RESOLUTION No. 8.

Moved by Rev. W. H. Bullock and seconded by Mr. F. A. Dixon:

That the Treasurer of this Association be authorized to pay any necessary expenses for printing leaflets, cards, pamphlets, and postage, &c., in connection with the present canvass out of the general fund collected by the Rev. Mr. Jones, and upon his certificate.

RESOLUTION No. 9.

Moved by Rev. R. F. Dixon and seconded by Mr. C. E. DeWolfe:

Whereas, it is desirable to obtain a largely increased number of students attending King's College,

And Whereas, it is the opinion of this meeting that the fees at present charged are excessive,

Resolved, that the Board of Governors be urged to adopt the reduced scale of fees suggested by this Association at its June meeting, such reduction to take effect from the reorganization of the College.

RESOLUTION No. 10.

Moved by Mr. Thos. Brown and seconded by Hon. Mr. Justice Hanington:

That the Secretary be instructed to send to the Board of Governors, and to each individual member, a printed copy of the resolutions passed to-day.

RESOLUTION NO. 11

Moved by Hon. Mr. Justice Hanington and seconded by Mr. C. E. DeWolfe:

That this meeting protests against any effort being made to secure legislation to carry into effect the proposed or any scheme of amalgamation, or interfere in any way with the property of King's, and the trusts on which it is held, and that a committee be appointed to carry out this resolution; and that the Executive Committee be that committee.

RESOLUTION No. 12.

Moved by Rev. S. Weston Jones and seconded by Mr. C. E. DeWolfe:

That Dr. Smith, Dr. Almon and Mr. T. Brown be a committee to furnish the proceedings of this meeting to the press.

Epitome of Proceedings of the Annual Meeting of the Alumni,

Held in Convocation Hall, Windsor, on Wednesday, 17th June, 1903, at 9.45 a.m.

Dr. Trenaman, President, in the chair.

94 members were present, in person, during the day, and 59 by proxy.

Prayers by the Lord Bishop of Nova Scotia.

The minutes of the last annual meeting, 18th June, 1902, and of the special meeting, 27th August, 1902, were read and approved.

The minute book of the Board of Governors and statements of the college finances were laid on the table.

Sixty-one proxies were handed in, examined, and fifty-nine reported correct.

The following were proposed and duly elected as members of the Association:—

T. C. Allen, Fredericton, N. B. Rev. H. H. Gillies, Cambridge, N. B. Wm. T. Hunt, St. Eleanors, P. E. I. John Russell, Sr., St. John, N. B. A. C. Zwicker, Mahone Bay, N. S. W. F. Rev. H. T. Parlee, Halifax, N. S., enrolled as a graduate, under No. 15, of "Rules passed at different times."

The Report of the Executive Committee (including the Treasurer's account) was submitted, considered clause by clause, amended, and adopted as follows:—

REPORT OF THE EXECUTIVE COMMITTEE.

WINDSOR, N. S., 17th June, 1903.

To the members of the Alumni of King's College, Windsor:

Your Executive Committee beg to report as follows:—

COLLEGE FEDERATION.

I. The scheme for the federation of the several Colleges in the Maritime Provinces, to which we referred in general terms in our last annual report, has now been for twelve months before the public. It

was discussed in the Diocesan Synods of Nova Scotia and Fredericton and failed to be accepted by either of these bodies. Copies of the report of the Federation Committee were sent to all the members of the Alumni then on the roll. with a request that they would express their opinions on the subject, and a special meeting of the Society, summoned under the provisions of by-law I, was held in Windsor on August 27th for the purposes,

- (1) Of authorizing a scheme for the collection of funds through out the Maritime Provinces by means of local committees, male or female, in the various sections or parishes of the said provinces, or otherwise, for the purposes of income and permanent Endowment of King's College, Windsor; and
- (2) For the further consideration of the resolution moved by the Hon. Mr Justice Hanington and carried at the last annual meeting of the Alumni.

A large majority of those present at that meeting were emphatically opposed to the Confederation scheme, and a resolution was passed, among others, appointing an agent to visit as far as possible, the several parishes of the two dioceses, in the interests of the College, to test the feeling of Church people generally. This work was done by the Rev. S. Weston Jones, who volunteered to give his services gratuitously, the necessary expenses only to be paid, in accordance with the vote of the special meeting, and his report, to be submitted to you, will show with what success it was attended.

In this crisis of the university's life we are glad to notice an increased interest among all classes in the affairs of the College, much of which has no doubt been due to the activities of the "Friends of King's" whose efforts were endorsed by the special meeting in August.

NEW MEMBERS.

2. The committee are pleased to report that during the year they have, under No. 9 of "Rules passed at Different Times," elected 226 new members. This gratifying increase is largely due to the efforts of Rev. S. Weston Jones.

THE COLLEGE.

3. As to the work of the College during the past year there is little to be said. Professor deMille was granted a year's leave of absence by the governors to pursue his studies at Harvard, lectures in English being supplied by Mr. H. P. Scott, M. A., and in Economics by Prof. Weatherbe. The number of students in attendance has been slightly smaller than last year.

THE COLLEGIATE SCHOOL.

4. With regard to the Collegiate School, we can only repeat what we said a year ago, that it is in a very satisfactory state, but we regret that more of the boys do not pursue their studies at King's College.

COLLEGE BUILDINGS.

5. Attention should be called the fact that a considerable expenditure of money is required to put the college buildings in proper condition. The main building is exhibiting in various ways the signs of age and decay, while the Convocation Hall is in such a state as to call for immediate attention. The Alumni feel a special interest in this building from the fact that it was originally a gift to the college from this Society.

AMENDMENT TO RULES.

6. Notice of motion has been given to amend No. 11 of "Rules passed at Different Times" to read as follows:

"That the name of any member whose annual subscription has not been paid for more than three years, may at the discretion of the Executive Committee, and after due notice given, be removed from the list of membership, and no person who has suffered his membership so to lapse shall be eligible for re-election as a member of the Society for a full year from the time his membership ceased

The name of any person elected to membership shall not be placed on the roll of members until his first year's dues shall have been paid'

instead of

"That any member of the Society whose annual subscription shall remain and be unpaid for three years shall cease to be a member of this Society, and can only be admitted as a new member by being proposed and seconded, and duly elected pursuant to the by-laws."

Your committee recommend the adoption of the amendment.

[The amendment was adopted to read as follows:—

"That the name of any member whose annual subscription has not been paid for three years, may, at the discretion of the Executive Committee, and after due notice given, be removed from the list of membership, and no person who has suffered his membership so to lapse shall be eligible for re-election as a member of the Society for a full year from the time of such removal, unless all arrearages be paid.

The name of any person elected to membership shall not be placed on the roll of members until his first year's dues shall have been

paid."]

VACANCIES BY ROTATION, &c.

7. Under Sec. 3, Cap. 66, Acts of 1853, Hon. Mr. Justice Hodgson and Mr. R. J. Wilson retire from the Board of Governors of the College, and their successors are to be elected at this meeting.

The Ven. Archdeacon Kaulbach has tendered his resignation as a governor; if accepted, a successor is to be elected in his place.

The President of the Alumni, together with Mr. Maynard Bowman, Dr. M. A. B. Smith, and Rev. K. C. Hind retire from the

Executive Committee of the Alumni, under by-law IV, and it devolves on this meeting to fill the vacancies.

The meeting is also to "nominate" five members of the Board of Governors to serve on the Executive Committee of that Board, under sub sec. (c) Sec. 1 of the amended constitution of that committee.

NECROLOGY.

8. Your committee regret to note the death during the year of the tollowing members of the University:—

I. Allen Jack,—Inc. 1861; B. A., 1863; B. C. L., 1877; D. C. L. 1884.

REV. THOMAS MAYNARD,—Matriculated, 1831; M. A., 1857; D. D., Hon., 1878.

REV. MAURICE SWABEY,—Matriculated, 1848; B. A., 1852; M. A., 1869.

TREASURER'S ACCOUNT.

9 The Treasurer's account, duiy audited and showing a balance in hand on current account of \$118.34, (after adding \$200 to the investments) and investments amounting to \$6246.33, is submitted herewith.

In view of a probable deficit in the accounts of the governors for the past year we recommend that \$200, being largely the result of the labors of your agent in securing new members, be placed at the disposal of the Governors towards reducing the deficiency.

Mr. H. H. Pickett was elected a Governor of the College in place of Ven. Archdeacon Kaulbach, resigned; and Mr. Thos. Brown and Rev. Canon Crawford, as Governors in place of Mr. R. J. Wilson and Hon. Mr. Justice Hodgson, who retire under Sec. 3, Cap. 66, Acts of 1853.

Recess for luncheon at 1.15; resumed at 3.30.

Dr. Thos. Trenaman was re-elected President of the Alumn for the ensuing two years.

Mr. Maynard Bowman, and Dr. M. A. B. Smith were reelected as members of the Executive Committee of fhe Alumni; and Rev. H. W. Cunningham was elected in place of Rev. K. C. Hind, who retires under the rules.

Messrs. C. S. Wilcox, H. H. Pickett, Rev. S. Weston Jones, Rev. V. E. Harris, and Dr. M. A. B. Smith were "nominated" as members of the Executive Committee of the Board of Governors.

Money votes were passed as follows, (in addition to the \$200 recommended in the report of the executive committee towards the deficit in the Governors' accounts)

The Governors, towards the salary of the Professor of
Modern Languages\$300 00
The Secretary, for services during the past year 60 00

Thanks were voted to the transportation authorities for concession in railway fares to those attending the closing exercises of the Educational Institutions at Windsor during the week.

The following resolution was moved by Mr. Thos. Brown and seconded by Dr. M. A. B. Smith:

Whereas, this Alumni of King's College in session assembled has on two occasions, namely, at its last annual meeting and at a special meeting, held on the 27th day of August last, urged upon the Governors certain reforms needful for the welfare and continuance of the College, and particularly re-organization of the Faculty under a new head.

Resolved, that now again in annual meeting assembled they reaffirm their previous resolutions and request that they be promptly and efficiently carried into effect.

Rev. C. W. Vernon moved in amendment seconded by Mr. F. L. Davidson:

That the Faculty be re-organized and increased in such a way that, as far as the necessary funds are available, the instruction provided may be so improved as to merit the growing demands of the age.

Mr. Vernon's amendment was lost.

Mr. Brown's resolution carried.

During the discussion on these motions, the Rev. S. Weston Jones submitted his report, as Special Agent to the Alumni:

To the President and Members of the Alumni Association of King's College, Windsor, N. S.:

GENTLEMEN:

78

Doubtful of my fitness for the work, and with many misgivings and in deep consciousness of my shortcomings and my inexperience, I accepted your appointment in August last as Agent, solely because could hear of no one else willing to undertake its duties.

In fairness to myself, and to your judgment of my efforts, I wish you to keep in mind, at the outset, the fact that having no Curate, and unable for lack of private means to employ a locum tenens, I have had the full charge of my parish of Windsor during the whole time that I have been able to devote to the work, having had to arrange for every service of my church during my several absences, often times with considerable difficulty.

I am deeply indebted, and hereby desire to extend my gratitude to my parishioners for submitting to inconvenience caused by my absence, and to those clergymen and students who so kindly officiated for me.

Reckoning up the time I have been able to give to the actual work of visiting parishes in the interest of King's I find I have spent a trifle less than one-third of the year; though in my own home I have written probably at least a thousand letters, many of them thoroughly explanatory of the whole situation and therefore necessarily very long.

After much deep reflection, considering what has been accomplished, the desultory nature of my work, and the results that are given herewith, I cannot but think that a man duly qualified and properly authorized, would so awaken the church population of our two Dioceses to a sense of duty towards the College that income from annual contributions alone, obtained by well organized committees in every parish, would aggregate at least \$5,000 a year.

Owing to lack of time and opportunity, and the necessarily hasty character of my work, I have not been able to do any personal cañvassing worth the while. Indeed I started out with the intention rather of giving information and enlisting the good will and sympathy of the Church public than of collecting funds.

Purposely I announced to the clergy respectively before my visits to their parishes that I was not attempting to raise an endowment nor was I coming to beg. This point must in justice be remembered. The moneys to hand, therefore, may be said to have been given unsolicited, mostly after hearing the story of King's, or in response to the appeals through correspondence of myself and our friends.

The expenses I have done my best to keep down.

During the Autumn I attempted to organize branches of a Society of Church women, of which I hope we shall hear more in a day or two, but since last Advent I have had no time to continue this promising work, though I have paid flying visits to a number of parishes in each of the three Provinces since then.

To the devoted women of our Church who have lent such noble assistance, I wish specially to declare my indebtedness and thanks.

Some of the Branches of the Woman's Society have not yet sent in their returns which will add considerably to this total.

To this statement must be added as a prospective benefit to the College a new Bequest of \$50,000.00 from a Nova Scotian of advanced age, (the Will was duly executed some three months ago) made with a view to encourage the retention of the College by the Church upon its original basis in Windsor, a more thorough support of it by its constituency, to suggest to others to remember the College in their Wills, and, in the not remote future, to both materially assist in its development and its attractiveness to students.

Besides this an old bequest, thought by some to have been cancelled, (\$5,000.00), has been made definitely certain and conditional. When these bequests are added to those which are known to have been made, the aggregate amount from this source will exceed \$100,000.

We have also received conditional promises of \$2,000.00 (Mrs. Wiggins), and \$900.00 (Sir F. Borden, over and above \$100.00 to be

paid in 5 annual instalments, \$20.00 of which has been paid); together with the intimation from others that they are seriously considering the giving of handsome subscriptions.

Once the main question is definitely settled, and it is decided to continue the College's existence as heretofore, and the changes demanded everywhere are made, I have no doubt that an active personal canvass will result in the raising of a sum for endowment larger than any heretofore raised at any one period of the history of the College.

In conclusion I would remark that, more valuable than the money raised or even promised or bequeathed, is the popularization of the College by the enthusiasm aroused everywhere among church people for their venerable Institution, which gives promise at last that the rank and file of our Church members will rally round and develop their University.

With deepest gratitute I hereby acknowledge the many, many kindnesses and the warm co-operation I have met with here, there and everywhere at the hands of laity and clergy alike; and bespeaking your indulgent criticism of my efforts I now place myself and my work in your hands.

S. WESTON JONES, Agent.

It was moved by His Lordship the Bishop, seconded by Hon. Judge Hanington, and carried by a rising vote:

That this Association hereby thanks Rev. S. Weston Jones for the energetic canvass which he has made, and the extended interest he has aroused in the welfare of King's College, as evidenced by the sums raised and promised, mentioned in his report, and trusts that finally an intelligent knowledge of the history of King's College may result in an universal and generous support from the Church people of the Maritime Provinces.

Hon. Judge Hanington moved, seconded by Rev. R. F. Dixon:

Resolved, that this associated Alumni adheres to its resolutions passed in August last, and entirely disapproves of any amalgamation of King's College with Dalhousie or any other college.

Mr. C. E. A. Simonds moved in amendment seconded by Mr. J. Roy Campbell:

Resolved, that this Association is not prepared to request the Board of Governors to finally abandon the movement for University consolidation until the financial and other affairs of King's College can be regarded as being upon a permanently satisfactory basis.

University of King's College.

83

Mr. Simonds' amendment was lost, 23 to 37.

Judge Hanington's resolution carried, 39 to 18.

Rev. Canon Crawford moved, seconded by Dr. M. A. B. Smith:

Resolved, that the sum of \$500 be and is hereby voted to Rev. S. Weston Jones as he shall require from time to time through the course of the current Academic year, this sum to be in addition to his travelling expenses, to enable him to continue his work as agent of the Alumni Association. Such monies to be paid out of funds in his hands.

A cordial vote of thanks was accorded to Dr. Trenaman for his able conduct in the chair.

The meeting adjourned at 7.25.

By-Laws of the Alumni of King's College, Windsor.

Passed at a General Meeting Held at the Halifax Hotel, June 27, 1848.

I. Besides the Annual General Meeting of the Incorporated Society, it shall be competent for the Committee at any time, either of their own accord, or upon a requisition signed by at least ten of the members of the Association, upon giving seven days' notice in the public papers, to call a Special General Meeting of the Association, specifying the purpose for which it is called, and in which meeting it shall be competent for the Association to transact any such business as may be required. Ten members shall be deemed a quorum for the transaction of business.

II. That the books, accounts, and papers of the Association shall be open at all times for the inspection of members, and the Secretary shall furnish an account of the affairs of the Association whenever required by the Committee.

III. That the Treasurer and Secretary, and such officers as shall be requisite for the incorporated Society, shall be annually appointed by the Executive Committee.

- IV. That at the Annual Meeting of the Association, the President and Vice-President shall alternately go out of office accompanied by the first three of the Committee, and that all or any of them having a majority of votes shall be eligible to be re-elected.
- V. That at any meeting, members not present may vote by proxy in writing, to be held by any other member; provided that no member shall be entitled to vote, either personally or by proxy, whose dues are not all paid up for the preceding year.

[A rule, No. 17 (see p. 85) was subsequently adopted "that no member be permitted to hold more than one proxy."—R. J. W.]

- VI. That the funds of the Association will be appropriated for the payment of one or more professors or lecturers, and one or more scholarships at the University of King's College, or one or more teachers or exhibitions in the Collegiate School at Windsor, to be denominated the Alumni Professorships and Scholarships, respectively.
- VII. That the Association will scrupulously apply such donations as may be made to them to such specific objects in aid of King's College as may be directed by the donors respectively.
- IX. (Passsed at a General Meeting of June 21st, 1849.) That the election of Members of the Incorporation shall be by ballot.

Rules Passed at Different Cimes.

1. That no resolution or proceeding inconsistent with or modifying any resolution or proceeding adopted by a general meeting be entertained by the Executive Committee in Halifax, except upon a month's notice to the Committee being given by the person proposing the same, and that no such resolution or proceeding be carried into effect until the same shall have been confirmed by a general meeting to be summoned for the consideration thereof, if necessary to be arranged before the annual general meeting.

- 2. A month's notice shall be given of all resolutions affecting the rights of members or creating new offices or salaries.
- 3. No individual shall be entitled to vote under a parochial certificate unless he be authorized by a parish meeting.
- 4. All annual general meetings of this Association shall be holden at Windsor.
- 5. That the Treasurer make up his annual account to the 30th of April in each and every year.
- 6. In the election of Governors, all the names proposed shall be put on the same ballot, out of whom those having the highest number shall be declared elected; provided that no person shall be declared elected as Governor unless he have a majority of votes cast.
- 7. That in the election of Governors the order of names be such as to place the name of the candidate obtaing the smallest number of votes at the head of the list, and so on in succession.
- 8. That the ballot be not sent round for any officers of this Association, or of the Board of Governors, whose name has not been previously proposed and seconded by some member of the Association; and that the ballot be not taken until all the names of all persons intended to be proposed for any office be given.
- 9. That the Executive Committee of the Associated Alumni be empowered at their monthly meetings, during the interval between one annual general meeting and the next, to elect members of the incorporation, provided that no black beans be cast against them.
- 10. That honorary certificates be granted in the several departments instead of prizes, as heretofore.
- 11. That the name of any member whose annual subscription has not been paid for three years, may at the discretion of the Executive Committee, and after due notice given, be removed from the list of membership, and no person who has suffered his membership so to lapse shall be eligible for re-election

as a member of the Society for a full year from the time of such removal, unless all arrearages be paid.

The name of any person elected to membership shall not be placed on the roll of members until his first year's dues shall have been paid.

- 12. That the Alumni adopt for Life Members donors of \$200 and upwards to the Endowment Fund.
- 13. That a statement be made to the Alumni at their annual meetings of the funds and appropriations of the College.
- 14. That efforts be made to increase the number of Alumni, and that graduates and students be solicited to become members.
- 15. That graduates of the College be *ipso facto* members of the Association, on payment of subscription, without election.
- the payment of the sum of Twenty-five Dollars by any person at any one time may entitle him to life-membership; but "That while the payment of Two Dollars annually confers every privilege of membership, all are earnestly requested to rememper the urgent need of the College, the important work the Alumni are associated to advance, and that they need not necessarily limit the amount to the sum above named."
- 17. That no member be permitted to hold more than one proxy.

LEGISLATION OF THE PROVINCE OF NEW BRUNSWICK
AFFECTING KING'S COLLEGE LAW SCHOOL.
I EDW. VII., CAP. XVII.

An Act relating to the Admission of Attorneys.

Sec.

Preamble.

I Hon. Atty. Gen. and Prest. of the Barristers' Society and another member of said Society to be *ex officio* members of the Board of Examiners of King's College Law School. Sec.

2 Graduate of said School to be admitted an Attorney without further examination.

3 Sec. 3 of Chap. 33. Con. Stat. amended.

Passed 3rd April. 1901.

WHEREAS the University of King's College, Windsor, inthe Province of Nova Scotia, has established a School of Law in the City of Saint John, in this Province, and has appointed a Dean and Law Faculty and Board of Examiners in connection therein;

And whereas a Student at Law in this Province who is a Student in such School, must undergo and pass the Examination prescribed by said Faculty and Board of Examiners before being qualified for the Degree of Bachelor of Civil Law of said University;

Be it therefore enacted by the Lieutenant-Governor and Legislative Assembly, as follows:—

- 1. The Honorable the Attorney General and President of the Barristers' Society of this Province for the time being, and such other member of the Council of the Barristers' Society as may be designated by said Council, shall be *ex officio* members of the Board of Examiners of said School of Law.
- 2. From and after the passing of this Act any Student at Law, making application for admission as an Attorney of the Supreme Court of this Province, shall on presentation of a Diploma from the said University of King's College, conferring on him the Degree of Dachelor of Civil Law, and a certificate signed by the Dean of the said School of Law and countersigned

by the Attorney General or the President of the said Barristers' Society, of his having there satisfactorily passed the examination prescribed by said Faculty and Board of Examiners, and recommending him for admission as an Attorney of said Supreme Court, and on said Student conforming with the requisities of the bye-laws of the Barristers' Society in all other respects, shall be entitled to be admitted as such Attorney without undergoing or passing any other examination.

3. Section 3 of Chapter 33, of Consolided Statutes, is hereby amended by inserting after the word "Laws" in line three, the words "or Bachelor of Civil Law."

DEGREES IN LAW.

BACHELOR OF CIVIL LAW.

I. MATRICULATION.

The candidate for this degree must be a matriculated student of King's College, except in cases hereinafter provided for. If he be an Attorney-at-Law or a Student-at-Law who has been matriculated by any Law Society, or duly entered according to the law and practice of the Courts of any one of the Provinces of Canada, he shall be admitted to matriculation in the University without further examination. These shall be termed undergraduates.

The Candidates will be required to pass three examinations, separated by intervals of not less than a year, to be called the first, second and final examinations in law.

A Barrister of three years' standing, who is a graduate in law of any recognized University may be admitted to the degree of B. C. L. on passing the examination in Roman Law provided for the second year. (Particulars of the University Matriculation Examination will be found in the General Calendar; this examination is held at the College at Windsor, and the following centres: St. John, N. B., Charlottetown, P. E. I., St. John's, Newfoundland, and Bermuda).

A Barrister of not less than seven years' standing, who shall have been a lecturer in the Faculty of Law for three years, may be admitted to the standing of an undergraduate of the third year.

A graduate in law of any recognized University may be admitted as an undergraduate of the third year, and shall be entitled to the degree of B. C. L. on passing the examination for the third year, including an examination in Roman law.

University of King's College.

General students (being those who are not undergraduates) may be admitted to attend the Lectures on producing certificates of good moral character. Partial courses may also be taken.

II. REGISTERING.

All undergraduates must sign the matriculation Register, and general and partial students the register provided for the purpose.

III. TRANSFER OF STUDENTS.

Undergraduates of other Law Schools may be admitted to an ad eundem standing in this School if, on examination, they shall be found qualified. Any person duly matriculated may, at the end of the first year, (though he has not attended the Lectures of the School) matriculate as a student of the second year on passing the same examination as is provided for students at the close of the first year, and the same provision shall apply to the third year.

IV. PEES.

The following fees and dues are payable in advance to the Treasurer:

On signing Matriculation Register \$ 2	00
On Matriculation Examination 5	00
General Student on signing Register 2	00
For Lectures of each year 40	00
For Lectures on single subject 10	
For supplementary or special examination, or on transfer	
of student 5	00
For Degree of Bachelor, which is payable before the final	
examination, and will be returned to unsuccessful	
candidates 12	00
For Diploma 4	00

Special terms can be obtained where two or three subjects only are taken.

V. TERMS.

The academical year begins in November, and consists of two terms,—Michaelmas Term, which extends from the second Tuesday in November to the twenty-second day of December, and Hilary Term which extends from the second Saturday in January to the Saturday next before the second Tuesday in April.

VII. EXAMINATION AND GRADUATION.

All undergraduates shall be required to undergo examinations at the end of Hilary Term in all the subjects of their respective years,

Every undergraduate, previous to presenting himself for an examination, must obtain from each Professor or Lecturer whose lectures he has attended during the term, a certificate of attendance, which shall not be granted without the consent of the. Faculty if there be more than three absences during the course of a term.

An undergraduate who has attended the lectures and passed the examinations of the first two years may be admitted to the degree of B. C. L., on passing the final examination and paying the fees for the third year, without attending the lectures of the third year.

In order that a candidate may pass in any of the three examinations, he must obtain sixty per cent. of the marks assigned to each paper.

If an undergraduate fail to pass in more than two subjects at an examination he shall lose his year, but if he fail to pass in two or less, he shall be allowed a supplementary examination in such subject, or subjects, at the beginning of any subsequent year, and not sooner.

VIII. ACADEMICAL HABIT.

Bachelors of Civil Law are entitled to wear gowns and hoods. The gowns are of black silk and the hoods of blue silk, trimmed with white fur.

DEGREE OF DOCTOR OF MEDICINE AND MASTER OF SURGERY.

DEGREES.

Two Medical Degrees are conferred by this University, viz., Doctor of Medicine (M. D.), and Master of Surgery, (C. M.).

MATRICULATION EXAMINATION.

- r. Candidates for medical degrees must give evidence of having obtained a satisfactory general education, by presenting certificates of having passed, before entering on the course of study qualifying for the degrees, either the Matriculation Examination of the Provincial Medical Board of Nova Scotia, or some other examination recognized by the Board as sufficient.*
- *All information in reference to the requirements for Matriculation Examination of the Provincial Medical Board, Exemptions, etc., may be obtained on application to the Registrar of the Board, Dr A. W. H. Lindsay, 241 Pleasant Street, Halifax.
- 2. The Examinations recognized *pro tanto* by the Provincial Medical Board will be similarly recognized by this Faculty.

DEGREE EXAMINATIONS.

Candidates for the Degrees of M. D. and C. M. shall be required to pass two main examinations—the Primary and Final M. D., C. M. examinations—and to have satisfied at the dates of the examinations certain conditions as to the attendance on classes, etc.

PRIMARY M. D., C. M., EXAMINATION.

- 1. This examination shall consist of two parts; Sect, A to be passed at the end of the First Year, and Sect. B at the end of the Second Year.
 - (A). PRIMARY EXAMINATION, SECT. A.
- (1.) This examination shall include Anatomy, Histology, Chemistry, and Elementary Biology, to the extent indicated in the following synopsis:

ANATOMY.

A written examination on Ostcology, including general physical characters, chemical composition course and structure of bone. Ossification. Arthrology, classification of Joints, structure and mechanism of the more important (hip, knee, shoulder, elbow, ankle, etc.).

HISTOLOGY.

A written examination on the structure of the tissues and of the organs of the body. Candidates may also be called upon to describe the general histological methods of fixing and hardening tissues and organs, and cutting, staining and mounting sections.

CHEMISTRY.

Elementary general chemistry, as in the course of the Junior Chemistry Class, outlined on pp. , . Two papers will be set corresponding to the work outlined under "class-work" and "laboratory-work" respectively in the above course.

ELEMENTARY BIOLOGY.

Candidates will be expected to show a practical acquaintance with the topics indicated as forming the subject matter of the courses of lectures and instruction in Botany and Zoology outlined at pp. ,

- (2.) Candidates for this examination shall be required to produce certificates to the following effect:
- (a) Of having passed the Matriculation Examination of the Provincial Medical Board of Nova Scotia or other examination recognized as sufficient, at least one academic year previously, and of having completed their sixteenth year before the passing of said examination.
- (b) Of having, after passing the Matriculation Examination, attended either in this University, in the Halifax Medical College, or in some other University or College approved by the Faculty, during at least one medical session of eight months duration, the following courses of lectures and instruction, viz.: Anatomy, (Osteology and Arthrology) a course of at least 75 lectures and demonstrations with 10 hours laboratory work per week for six months; Chemistry, a course of at least 75 lectures with a laboratory course of not less than three hours per week for six months; Elementary Biology, a course of at least 100 hours of lectures and laboratory work.

- (B.) PRIMARY EXAMINATION, SECT. B.
- (1.) This examination shall include Anatomy, Physiology and Histology, Chemistry, and Materia Medica to the extent indicated in the following synopsis:

Anatomy:—This examination will be partly written and partly viva voce. The paper may include questions in Descripture and Regional Anatomy, Surgical and Medical Anatomy. At the oral examination, candidates will be examined on the skeleton, recent dissections, models, preparations, etc.

Physiology and Histology:—A written and oral examination on: (a) The physiology of digestion, absorption, circulation, respiration, secretion, nutrition, animal heat, animal motion; the functions of the nervous system, and sense organs; reproductions and development.

(b) The composition of food, and of the tissues, secretions, excretions, and other fluids of the body.

At the oral examinations miscroscopical preparations of the tissue, and organs of the body will also be submitted for identification and description,

Chemistry:—Inorganic, organic and medical chemistry as in the course of the Senior Chemistry Class, outlined on page. The examination will include: (a) Two papers corresponding respectively to the work outlined under "class-work" and "laboratory-work" in the above course. (b) A practical examination in the laboratory. (c) An oral examination, in which in addition to the preceding, questions may be put to the candidates upon the work prescribed in chemistry under Section A of the Primary Examination, (p.).

- (2.) Candidates for this examination shall be required to produce certificates to the following effects:
- (a) Of having passed the Matriculation Examination, or other examination recognized as sufficient, at least two academic years previously, and of having completed their sixteenth year before the passing of said examination.
- (b) Of having, after passing the Matriculation or other equivalent examination, attend either in this University, in the Halifax Medical College, or in some other School of Medicine approved by the Faculty, during at least two medical sessions each of eight months' duration, the course of lectures, etc., prescribed above for Sec. A of the primary examination, and having also attended the following, viz.: Junior Chemistry, a course of at least 75 lectures and demonstrations with 10 hours laboratory

work per week for six months; Senior Chemistry. a course in Organic and Medical Chemistry of 75 lectures with a laboratory course of not less than 3 hours per week for six months; Physiology, a course of at least 75 lectures; Histology, a course of at least 75 hours of lectures and laboratory work.

- (c) Of having passed in the subjects of the first part of the Primary Examination either at this University, at the Halifax Medical College, or at some other Medical College specially. recognized by the Faculty.
- 2. The Primary M. D., C. M. Examination will be held in the second and third weeks in April. Candidates are required to hand in their applications and to transmit as far as possible the certificates specified above for Sect. A or Sect. B as the case may be, to the Secretary of the Faculty at least fourteen days before the date of the examination, and the remainder of the required certificates not less than two days before the date of the examination, and to pay before the date of the examination, one-sixth of the amount of the graduation fee in the case of candidates for Sect. A, and one-third of the graduation fee in the case of candidates for Sect. B.

FINAL M. D., C. M. EXAMINATION.

1. This Examination shall also consist of two parts, one to be passed at the end of the fourth Academic Year.

(A.) Final Examination, Sect. A.

(1.) This examination will include the following subjects:—Materia Medica, Pharmacy and Therapeutics; Pathology and Bacteriology; Medical Jurisprudence, Hygiene and Insanity.

Materia Medica, etc.—This examination will be partly written and partly oral. The candidates will require to possess a knowledge of:

(a) The general nature and composition, and the most important physical and chemical characters of the Pharmacopœial drugs, named in the annexed Schedule.

- (b) The composition of the Pharmacopœial preparations of these drugs, and the process employed in making them.
- (c) The doses, therapeutical uses and modes of administration of these drugs and their preparations; writing of prescriptions.
- (d) The remedial uses of Electricity and Galvanism, Heat and Cold, Climate, etc.
 - (e) Diet.

At the *oral* examination candidates will also be required to recognize the drngs indicated by *italics* in the annexed Schedule:

Liquor Chlori: Calx Chlorinata; Liquor Sodæ Chlorinatæ.

Bromum; Ammonii Bromidum; Potassii Bromidum; Sodii Bromidum.

Iodum; Potassii Iodidum; Sodii Iodidum; Plumbi Iodidum.

Sulphur Sublimatum; Sulphur Præcipitatum; Calx Sulphurata; Potassa Sulphurata.

Phorphorus; Calcii Phosphas; Sodii Phosphas; Ferri Phosphas; Calcii Hypophospis; Sodii Hypophosphis.

Acidum Hydrochloricum; Acidum Nitricum; Acidum Sulphuricum.

Acidum Aceticum; Acidum Citricum; Acidum Tartaricum.

Acidum Boricum; Acidum Sulphurosum.

Acidum Hydrocyanicum Dilutum,

Liquor Ammoniæ ; Liquor Potassæ ; Liquor Sodæ ; Potassa Caustica ; Soda Caustica .

Ammonii Carbonas; Ammonii Chloridum; Liquor Ammonii Acetatis.

Potassii Bicarbonas; Potassii Sulphas; Potassii Chloras; Potassii Tartras Acida; Potassii Permanganas.

Sodii Bicarbonas; Sodii Sulphas; Sodii Nitris; Borax.

Calx ; Calcii Hydras ; Creta Præparata ; Calcii Carbonas Præcipitata.

Magnesia: Magnesii Carbonas; Magnesii Sulphas.

Alumen; Alumen Exsiccatum.

Zinci Oxidum; Zinci Chloridum; Zinci Sulphas.

Cupri Sulphas.

Argenti Nitras.

Hydrargyrum; Hydrargyri Oxidum Flavum; Hydrargyri Oxidum Rubrum; Hydrargyri Subchloridum; Hydrargyrum Perchloridum; Hydrargyri Iodidum Rubrum; Hydrargyrum Ammoniatum; Liquor Hydrargyri Nitratis Acidus.

Plumbi Oxidum; Plumbi Acetas; Liquor Plumbi Subacetatis.

Antimonium Tartaratum.

Acidum Arseniosum; Ferri Arsenias; Sodii Arsenias; Arsenii Iodidum; Liquor Arsenii et Hydrargyri Iodidi.

Bismuthi Subnitras; Bismuthi Carbonas; Bismuthi Citras.

Ferrum; Ferri Sulphas; Ferri Sulphas Granulata; Ferri Sulphas Exsiccata; Syrupus Ferri Subchloridi; Ferri Carbonas Saccharata; Syrupus (et Pilula) Ferri Iodidi; Liquor Ferri Acetatis; Liquor Ferri Perchloridi; Liquor Ferri Pernitratis Liquor Ferri Persulphatis; Ferri Peroxidum Hydratum; Liquor Ferri Dialysatus: Ferri et Ammonii Citras; Ferrum Tartartum; Ferrum Redactum.

Alcohol æthylicum; Spiritus Rectificatus; Spiritus Tenuior.

Æther; Chloroformum; Indoformum.

Chloral Hydras; Butyl Chloral Hydras: Paraldehydum; Sulphonal.

Amyl Nitris: Tabellæ Nitroglycerini, Liquor Trinitrini Spiritus Ætheris Nitrosi.

Acetanilidum: Phenacetin; Peenazonum.

Collodium.

Acidum Corbolicum; Acidum Salicylicum; Sodii Salicylas.

Aconiti Radix et Folia; Aconitina.

Opium; Morphine Hydrochlras; Morphinæ Acetas; Morphinæ Sulphas, Liquor Morphinæ Bimeconatis; Apomorphinæ Hydrochloras: Codeina.

Coca: Cocainæ Hydrochlinæ.

Jaborandi; Pilocarpinæ Nitras.

Quassiæ Lignum; Calumbæ Radix; Gentianæ Radix.

Physostigmatis Semen; Physostigmina.

Caffeina; Caffeinæ Citras.

Conii Fructus et Folia.

Asafætida; Ammonircum; Myrrha; Guaiaci Resina.

Cinchonæ Cortex: Cinchonæ Bubræ; Cortex; Quininæ Sulphus; Quininæ Hydrochloras.

Salicinum.

Ipecacuanha; Senegæ Radix.

Glycerinnm.

Nux Vomica; Strychnina.

Belladonna Radix et Folia; Atropina; Atropinæ Sulphas; Hyoseyami Folia; Stramonii Semiua et Folia; Homatropinæ Hydrobromas.

Cannidas Indica.

Digitalis Folia; Strophanthus.

Oleum Ricini; Oleum Crotonis; Aloe Barbadesis; Aloe Socotrina; Aloin; Rhamni Purshiani Cortex; Colocynthipis Pulpa; Elaterium; Elaterium; Jalapa; Podophylli Rhizoma; Rhei Radix; Senna Alexandrina et Indica; Camphora; Oleum Terebinthina.

Acidum Tannicum; Acidum Gallicum; Kino; Catechu; Hamamelidis Cortex et Folia.

Acidum Benzoicum.

Capaiba. Cubeba. Buchu Folia.

Colchici Cormus et Semina, Scilla. Filix Mas. Santoninnm. Ergola. Oleum Morrhuæ. Cantharis.

Medical Jurisprudence, Hygiene and Insanity:—The Examination will be partly written, partly oral. Candidates will be examined on the following topics:—

Forensac Medicine.

- I. Examination of Persons found Dead with reference to:—(1)
 Indentification; (2) Time of Death: (3) Cause of Death.
- II. Violent causes of Death:—(1) Drowning; (2) Strangulation; (3) Suffocation; (4) Mechanical Injuries and Wounds.
- III. Poisons and Poisoning:—(1) Symptoms and post-mortem appearances in cases of poisoning by the following agents:—Inorganic—Mineral Acids: Solutions of Alkalis; Copper; Lead; Mercury; Antimony; Arsenic: Phosphorus. Organic—Oxalic Acid; Carbolic Acid: Opium; Strychnine; Belladonna; Aconite; Chloroform; Chloral Hydrate; Cyanides. (2) Duties of medical men in cases of Poisoning as regards observation: Treatment and Preservation of parts for Analysis. (3) Preliminary Tests for Poisonous Substances for Clinical Use before reference to an Analyst.
- IV. Medico-legal points in connection with:—Pregnancy, Delivery, Rape, Criminal Abortion, Infanticide, Assaults and Homicide, Wounds and other external Injuries; Mental Capacity in relation to Criminal Responsibility. Contracts and Wills; Malpractice, and Neglect of Duty.
- V. Forms of Insanity. Examination of persons supposed to be insane.

 The Lunacy Laws in so far as they affect the Medical Practitioner, when signing Certificates of Lunacy.

Hygiene.

- WATER, in its relation to the Health and Disease:—(1) The Character and Classification of Drinking Water. (2) The Causes and Sources of the Impurities found in Water, and Methods of Purification. (3) The Diseases conveyed by Water, and the Methods of dealing with Epidemics of such Diseases.
- II. AIR, in relation to Health and Disease:—(1) The Causes and Sources of the Impurties found in Air. (2) The Diseases conveyed through the Air. (3) The Quantity of Air necessary for Health; the Principles of Ventilation.

- III. Soil, in relation to Health and Disease:—(1) The Causes and Sources of the Impurities in the Soil, and the Methods of dealing with them.
 (2) Diseases connected with the Soil. (3) The Methods of dealing with Excreta and Sewage.
- IV. Food, in relation to Health and Disease:—(1) Dietetics. (2) The common Adulterations of the chief Articles of Diet. (3) Diseases connected with Deficiency or Impurity of Food supply.
- V. The Dwelling, in relation to Health and Disease:—The Principles of House Drainage.
- VI. The Principles of Disinfection, and the mode of action of the chief Disinfecting Agents.
- VII. The provisions of the Act for the Notification of Disease.

Pathology and Bacteriology:—The Examination will be partly written, party viva voce. Candidates will be expected to possess a knowledge of:—

- (a) General Pathology, including Degenrative Processes, Inflammation, Morbid Growths, etc.
- (b) General Etiology, with reference to Parasitic and Infective Diseases,
- (c) Systematic Pathology, the more important diseases of the principal systems and organs of the body.
- (d) Bacteriology, to include the General Morphology and Life History of Micro-Organisms; Characters of Organisms Pathogenic to the Human Subject, and their modes of producing disease, etc.

At the oral examination candidates will be examined on gross and miscroscopical preparations, and will be expected to possess a knowledge of the Preparation of Culture Media, Methods of Isolation and Cultivation, Staining, Separation of Bacterial Products, Inoculation.

- (2). Candidates for this examination shall be required to furnish certificates to the following effect, viz:
- (a) Of having passed the Matriculation Examination, or other examination recognized as sufficient, at least three academic years previously, and of having completed their sixteenth year before the passing of said examination.
- (b) Of having, after passing the Matriculation or other equivalent examination, attended either in this University, in the Halifax Medical College, or in some other School of Medicine approved by the Faculty, the course of lectures, etc., prescribed above for candidates for the Primary M. D., C. M. Examination.

- (c) Of having passed the Primary M. D., C. M. Examination at this University.
- (d) Of having, after passing the Matriculation Examination, attended at the Halifax Medical College, or at some other College or School of Medicine approved by the Faculty, during at least one medical session of eight months' duration, the following courses of lectures and instruction, viz.: Materia Medica, a course of at least 75 lectures; Therapentics, a course of at least 50 lectures; Medical Jurisprudence (including Insanity), a course of at least 50 lectures and demonstrations; Hygiene, a course of at least 25 lectures and demonstrations; Pathology and Bacteriology, a course of at least 150 hours lectures, demonstration and laboratory work.
- (e) Either of having, after passing the Matriculation Examination, attended at the Halifax Medical College, or at some other College, approved by the Faculty, one course of instruction of at least thirty lessons in Practical Dispensing, or of having, after passing the Matriculation Examination, had three months' practice in the dispensing of drugs with a registered apothecary or dispensing medical practitioner. Persons submitting a college certificate must also show that they have passed a satisfactory examination at the end of their course of instruction.
- (f) Of having, after passing the preliminary examination attended the Post Mortem Examinations in a recognized Hospital for a period of at least eight months, during which they have received practical instruction in the methods of making Post Mortem Examinations and in framing Reports. Surgery:—The Examination in this subject will be partly written and partly viva voce. The candidates will be expected to possess a knowledge of the Principles and Practice of Surgery, of Surgical Pathology, Surgical Anatomy, and Operative Surgery. They will also be examined on the more common Diseases of the Skin, of the Eye, Ear, Throat, and Nose.

Clinical Surgery:—This Examination will be partly practical and partly oral. Cases will be submitted for diagnosis and treatment. Candidates will also be examined on the application of Splints and Bandages, and on the uses of Surgical Instruments and appliances.

Medicine:—In this subject there will be a written and an oral examination on the Clinical History, Causes, Diagnosis, Prognosis and Treatment of the Diseases of the different systems and organs of the Body. The examination will also include Infectious Diseases, Constitutional Diseases. Mental Diseases and Diseases of the Nervous System. Candidates may also be questioned on Medical Anatomy and Therapeutics.

Clinical Medicine:—The Examination in Clinical Medicine will be partly practical and partly oral. Patients will be submitted for examination, diagnosis and treatment. Examination of Urine, Sputa, etc., will be required.

Obstetrics and Diseases of Women and Children:—In these subjects there will be a written and an oral examination, which will embrace the following:—

- (a) The Anatomy and the Physiology of the Female Organs of Reproduction.
 - (b) The Physiology, Pathology and Therapeutics of Pregnancy.
 - (c) Parturition, natural and morbid.
 - (d) Hygiene, Pathology and Therapeutics of the Puerperal State.
 - (e) Hygiene, Pathology and Therapeutics of Infancy and Childhood.
- (f) Special Pathology and Therapeutics of the Female Organs of Reproduction.

At the oral examination, candidates may also be questioned on Gynæcological Operations and the use of Instruments and Appliances.

- (2.) Candidates for this Examination will be required to furnish certificates to the following effect, viz.:
- (a) That they have completed their twenty-first year, or that they will have done so on or before the day of graduation. This certificate shall be signed by themselves, and shall be after the following form:

(117)

The School is pleasantly situated about three-quarters of a mile from the Town of Windsor. It has good and ample recreation grounds, with a well equipped Gymnasium, in charge of a skilled professional instructor, play-room, cottage infirmary, etc. The building is heated throughout by hot water and lighted by electric light, as are also the gymnasium and play-room.

The School provides a good general education, and pupils are prepared for matriculation at King's College and other Universities, for the entrance examination, Royal Military College, Kingston, Ontario, for the Army and Navy, and for commerical pursuits. The School is carried on under the general management of the Rector, who was formerly, for twelve years, Head Master.

Pupils who are members of the Church of England attend the Sunday services in the College Chapel; those belonging to other denominations may, at the request of their parents, attend the services and the Sunday School of the denomination to which they belong, and the Minister of the Church will be requested to furnish a certificate of regular attendance at the end of each term.

Careful attention is given to moral training and religious instruction.

Brief reports of boys' progress and conduct are sent home at mid-term, and detailed reports at the end of each term.

Pupils are required to pay strict observance to the rules and regulations of the School.

Lessons may be tolton in D	J.Jo cach.

Lessons may be taken in Drawing, Piano, Violin, Flute and Dancing, the fees for which will be given on application. Instruction will be given in Book-keeping, Shorthand and Typewriting, provided a class is formed large enough to warrant the attendance of a special teacher, the fee for which subjects will be given on application.

Reductions in the general fee for Board and Tuition are made for brothers, sons of clergymen, and boys under twelve years of age.

Arrangements may be made for inclusive terms.

All fees are payable strictly in advance.

Pocket money will be given weekly in such amounts as parents may desire.

Boys either provide their own bedding, (except mattress and bedstead), towels, table napkins, etc., or pay a fee of \$15.00 on entering the School, in which case these articles are supplied by the School during the whole period of residence.

It is particularly requested that all clothing, linen, etc., be plainly marked with the owner's name.

There are six exhibitions for the sons of clergymen, and the Board of Governors have placed at the disposal of the School two nominations at King's College, which exempt those who hold them from certain annual College fees and from that for the degree of B. A.

Money prizes of \$40.00, \$20.00, \$15.00 and \$5.00 are presented annually by the Alumni of King's College.

One-half term's notice must be given in writing, or one-half term's fee paid previous to the removal of a pupil.

All correspondence should be addressed to the Rector.
