University of King's College

(In Association with Dalhousie University)

HISTORICAL SKETCH

King's College, established by Act of Legislature, in 1789, was founded at Windsor in 1790, and in 1802 a Royal Charter was granted by King George III in which the College is referred to as "the Mother of an University for the education and instruction of youth and students in Arts and Faculties to continue forever and to be called KING'S COLLEGE." It was the first University established in what is now Canada. The first President of the College, Dr. William Cochran, came from King's College, New York, which afterwards changed its name to Columbia, and two other King's Colleges, one at Fredericton and the other at Toronto, were subsequently founded; but King's College, Nova Scotia, is the only one which has survived. Among its Alumni are many famous men who have won honourable distinction in Church and State. The burning of the College residence at Windsor, February 5, 1920, raised afresh the scheme of University Federation for the Maritime Provinces; and a generous offer from the Carnegie Corporation to give a sufficient sum to provide for the Arts course, if the College would move to Halifax and erect buildings there, seemed to the Governors an opportunity which they ought not to let pass. In 1923 a basis of association with Dalhousie University was agreed upon, and the beautiful property on the North West Arm, known as University Hall, was leased as a temporary residence for students, the College moved from Windsor to Halifax, and the internal life of the College continued on exactly the same lines as in former years. In 1930 King's established herself permanently in Halifax in commodious new buildings erected on a site deeded to King's by Dalhousie University. The session of 1930-31 opened in the new King's College, which provides residences for men and women students, under supervision of members of the staff, a President's house, administration offices, library, lecture rooms, dining hall, a chapel and a large recreation hall. The buildings are of stone, of fire resistant construction, and modern in every respect, and are on the same campus and within a few minutes walk of the Dalhousie University buildings.

King's retains complete control of her Divinity School as well as of her endowments, administration of residences, etc., but holds in abeyance her degree-conferring power in Arts and Science.

ORGANIZATION OF THE UNIVERSITY

The Board of Governors is the supreme governing body of the University. As defined by the Acts of 1923, it consists of the Bishops of the Dioceses of Nova Scotia and Fredericton, and the President of the University, together with ten members elected by the Alumni Association and eight by each of the Synods of Nova Scotia and Fredericton. The Governors have the management of the funds and property of the College, and the power of appointment of the President, professors and officials. The Board appoints an Executive Committee.

University of King's College

(Founded A. D. 1789)

1945-1946

157th SESSION

(In Association with Dalhousie University)

The University of King's College, having moved from Windsor to Halifax and entered an association with Dalhousie University, the students of both institutions must satisfy the same entrance requirements. (See p. 18).

Separate classes for their respective students are provided in King's and Dalhousie in English 1, and Elem. Russian and Russian I. All other classes are attended jointly by students of King's and Dalhousie and are given by Dalhousie professors or by professors on the King's Foundation, depending on the courses taken. The students of both institutions follow the same curriculum, take the same examinations and must attain the same academic standard.

The academic facilities in Arts and Science are shared by the students of both institutions, and the students of King's College have the added advantage of residential life in King's College buildings on Dalhousie Campus. At the end of a successful course the student receives the same degree as a Dalhousie graduate but his diploma is countersigned by the President of King's College and bears the words "A student of King's College."

A student of King's College has the advantage of attending classes in a large institution with increased facilities as well as the more intimate and friendly relations of a small residential college.

Students intending to enter one of the Dalhousie professional schools may take their pre-professional work in Arts or Science as students of King's College and thus assure themselves a place in the King's residence.

KING'S COLLEGE RESIDENCE

The residential life is the most outstanding feature of King's College, as it brings together students of different temperament and training, to their great benefit.

The residences have been designed with a view to the comfort and convenience of the students, and to facilitate study. In a suite of two rooms (bedroom and study), each student has a bed, bureau and closet, and study chairs and tables are provided; this arrangement avoids any crowding. There is an ample supply of hot water at all times, and the buildings are designed so that it is not necessary to go outside for any student activities.

Students are required to reside in the College building, but in special circumstances permission may be granted to reside outside. All students are under the immediate charge of the Dean of Residence, but **must report to the President at the beginning and end of each term.**

Students must provide their own blankets, sheets, pillowslips and towels.

All property belonging to students while in residence is held by them entirely at their own risk.

Students in residence must turn in ration books to Bursar on the day they take up residence.

The residence will be open for students from the evening of September 25, 1945, until the morning of December 19, 1945; and from the evening of January 2, 1946, to the morning after Encaenia Day, 1946; (in case of students expecting to receive their degrees this time will be extended to May 15, 1946). *Any students permitted to reside in the College at other times must pay at the rate of \$2.00 per night.*

Hours.—Every student is expected to be in his room after 11 p.m., and in bed before midnight; also to be in Commons Hall for breakfast at 8 a.m. on week days and 9 a.m. on Sundays.

Meals in Rooms.—No student can be furnished with breakfast or any other meal in his rooms, except by permission of the President and in such cases of illness as would render it imprudent that he should be present in the Hall, *and no student is allowed to take crockery or cutlery from the dining hall or the pantry.*

Doors.—The doors are closed at 11 p.m. and all resident undergraduates are expected to be in by that hour.

Guests.—No one who is not a resident student or a member of the staff may be in College after 11 p.m. except by permission of the President. Guests are expected to conform to the rules of the College and students will be held responsible for those whom they entertain

Intoxicants.—The introduction by or for any student of beer, wine, spirits, or any kind of intoxicating liquor into the College is strictly forbidden.

At gatherings of students, whether held in the College or elsewhere, intoxicating liquors are forbidden.

Radios.—Radios are not allowed in the College residences.

Fraternities.—The various King's College societies and Clubs are all designed to fill the social and athletic needs of students. External so-called Greek Letter social fraternities, therefore, can have no place in King's College, and residential facilities in the College will not be granted to members of such fraternities.

Behaviour.—Students are expected to preserve a quiet and orderly behaviour at all times in the halls and corridors of the College especially during the hours of Lectures.

Chapel.—Students attend the daily morning and evening services in the College Chapel. Students belonging to other Communions are required to attend their own services on Sunday, and except in such cases, *all are expected to attend Chapel service at eleven o'clock on Sunday morning* unless specially excused by the President.

Gowns.—Students are required to wear academical costume at meetings of Convocation, at all College lectures and examinations; and all students in residence are required to wear gowns in Chapel, at dinner in Commons Hall and on other occasions when so ordered. The academical habits shall be such as have been customarily worn in King's College in times past.

Expenses.—The charge to resident students for board room, and light is from \$300 to \$350, depending on location of room, payable in two instalments, one at the beginning of each term, at the Bursar's Office, King's College.

Students whose accounts are unpaid after 30 days may be asked to leave the College, unless they have the written permission of the President, and interest at the rate of 6% per annum will be charged on these accounts from date of issue.

Fee for the Support of Student Organizations

At the request of the King's student body, a fee of \$10 is collected on enrolment from each student who takes more than one class. This fee entitles the student to the privileges of the

various student organizations and clubs, to a copy of the King's College *Record*, and to inclusion in an insurance scheme.

Caution Deposit.—On enrolment each resident student is required to make a deposit of fifteen dollars as caution money to cover damage done to furniture, etc. This amount less deductions, will be returned by mail three weeks after the close of the session.

Discipline

The Board of Discipline may use all means deemed necessary for maintaining discipline in the residence and on the premises of the University. It is the duty of the Dean of Residence to see that order is maintained. Every professor or officer of the College is required to report cases of improper conduct that may come under his notice. Students conducting themselves in an unbecoming manner on or beyond the premises of the College during the session, may be fined, suspended or expelled.

WOMEN'S RESIDENCE

The residence for women students is conducted under practically the same regulations as the residence for men.

All residents are under the general superintendence of the Dean of Women.

Women students wishing to be out after evening chapel must notify the Dean and state where they are going. Permission must be obtained from the Dean to be out after 10 p.m. and a record is kept of the hour of return of those who have received such permission.

GENERAL UNIVERSITY REGULATIONS

Registration

All students of the University are required to enter their names in the Register annually, agreeing to obey all the regulations of the University already made or to be made, and to pay the required fees and deposits before entering any class or taking any examination. Students withdrawing from the University or intending to discontinue the work of any class must notify the Office of the Registrar.

Students' Health Service

1. All students of the University are required to submit to an annual medical examination at the beginning of the session. Women students will be examined at Shirreff Hall; men students at the Public Health Clinic. Lists indicating appointments will be posted early in the session. 7. King's College provides a doctor to attend students in residence.

Physical Training

All students in their first year of attendance at the University are required to follow a prescribed course of Physical Training, unless they are exempted by a medical certificate or by satisfactory evidence that they have already completed a similar course of training at an approved institution.

Each new student on registration must report to the Director of the Gymnasium.

Tutors

For students whose proficiency in languages is not satisfactory the department concerned will recommend accredited tutors.

Discipline

Irregularity of attendance, except for approved reasons, or neglect of or unsatisfactory progress in studies shall be regarded as sufficient cause for dismissal from one or more classes, or, in extreme cases, from the University. Any Faculty may, at its discretion, ask the Senate to dismiss from classes for the remainder of the session students whose progress in studies is unsatisfactory.

Students are expected to be in attendance on the first day of term, and to remain in attendance until the last day of term, as set forth in the calendar. A fine will be levied by the University for infraction of this rule.

No return of fees will be made to any student dismissed from classes or from the University.

Non-Academic Student Activities

Students representing the College in non-academic activities must be in good standing. Those who are ineligible for such representation are as follows:*

(a) Students on probation in any Faculty. (b) Students registered for less than nine lectures per week, a period of two laboratory hours being regarded for this purpose as equivalent to one lecture. (c) Students who have failed to pass in at least half their classes in the last sessional or midsessional examinations.

Not more than two books may be borrowed at one time by a student not in an Honour course, nor more than four by a student taking Honours.

Students are allowed the privilege of borrowing books from the library for the summer. Students using this privilege are required to make a deposit with the Librarian's office. This deposit is returned when the books are replaced in the library.

Dalhousie Library

The Library is open during the session on every week-day, except Saturday, from 9 a.m. till 5.30 p.m., and on Saturday till 12 noon, and during the greater part of the session from 7.30 to 10.00 every evening except Saturday and Sunday.

University Caution Deposit

Each student on registration is required to deposit two dollars as caution money to cover damage done to furniture, apparatus, etc. This amount, less deductions, if any, will be returned at the close of the session. There shall be no deduction from the Caution Fund for damages which have been charged to or assumed by individuals.

Laboratory Deposit

A student taking a class involving laboratory work is required to make a deposit of ten dollars per class, with a maximum of twenty dollars, on registration. This amount, or what remains of it after deducting any charges which may have been incurred or breakage or materials used, is returned to the student at the end of the session.

Unclaimed Deposits

Balances of Caution and Laboratory Deposits left unclaimed three years will be applied to the purchase of books for the University Library.

*These regulations do not apply to the Dramatic Society.

Conferring of Degrees

Successful candidates for degrees are required to appear at Convocation in the proper academic costume to have the degrees conferred upon them.

By special permission of the Senate degrees may be conferred in exceptional cases, *in absentia*. Written application giving reasons for the request must be made well in advance to the Secretary of Senate. The additional fee for such degrees conferred at Convocation is \$10.00. (See page 27).

GENERAL FACULTY REGULATIONS

Admission to Classes

1. Candidates for a degree must pass the Matriculation examinations (*p. 18 et seq.*). Only those classes which a student attends as an Undergraduate are recognized as qualifying for a degree in Arts or Science.

2. A student deficient in one of the required foreign languages, whose preparation in this language has not covered any considerable part of the work prescribed for Matriculation, may be refused admission to more than three undergraduate classes.

3. No undergraduate shall be admitted to a class until he has satisfied the preliminary qualifications.

4. The list of classes which a student may take shall include all required classes, before any elective is added, but candidates for admission to Honour courses may have this rule modified on application to the Committee on Honours.

5. Five classes shall be regarded as constituting a normal year's work for a student in good standing. Students seeking admission to six classes must make written application to the Committee on Studies, furnishing reasons in support of their application. No student who has failed in any class of his course in the preceding year of his attendance shall be admitted to more than five classes without special permission.

6. Any student, who at the Christmas examinations has not shown reasonable proficiency, may, at the discretion of the Faculty, be required to discontinue attendance at the University for the remainder of the session. Fees will not be reimbursed to such students.

Class Work and Attendance

In order that their class work may be recognized as qualifying for a degree or diploma, candidates must conform to the following requirements:

1. All students are required to attend the classes of their prescribed course regularly and punctually.

2. They must appear at all examinations, prepare such essays, exercises, reports, etc., as may be prescribed and, in case of a class involving field or laboratory work, complete such work satisfactorily.

3. They must secure positions on the Pass List. In determining this list both the standing attained in prescribed class exercises and in field or laboratory work and that in the various examinations are taken into consideration. A candidate who fails to obtain a mark of at least 20 per cent on the work of the session in any class shall lose credit for attendance in such class.

4. When the work of a student becomes unsatisfactory or his attendance irregular he will be reported to the Committee on Studies who may require him to discontinue attendance in the class or classes concerned and to be excluded from the examinations.

5. A candidate taking an affiliated course must, in the case of classes taken in another Faculty, conform to the regulations of such Faculty and must secure a position on the pass list in accordance with such regulations.

Examinations

Sessional and Class Examinations

For the purpose of examination the session is divided into two terms, the separation occurring at the Christmas vacation.

In all classes other than purely laboratory classes, two examinations, at least, are held, the Christmas examinations at the end of the first term, immediately before the Christmas vacation, and the Spring examinations after the close of lectures in the Spring. Other examinations in any class may be held at dates appointed by the instructor. The papers set at the Spring examination in any subject cover the work of the whole session in that subject, and not merely the work of the second term, and at least 25 per cent of the questions shall be set on the ground covered before Christmas.

Ordinary and Distinction Class Lists

The names of candidates successful in the ordinary examinations are arranged in the published lists in order of merit in each

class. The requirements for Distinction in any class shall be determined by the department concerned, it being understood that Distinction entails independent work of high quality. To be eligible for Distinction in any class students must obtain at least sixty per cent in the ordinary work of the class. The Distinction list for a class shall be published in order of merit, without division into grades. (See page 31).

Supplementary and Special Examinations

A student who fails to secure a position on the Pass List in a class, but who has passed in at least half of his classes and has otherwise fulfilled the requirements in class work stated on p. 23, may be allowed the Supplementary examination in such class at the beginning of the next session of his attendance, on the day appointed in the University Almanac. A student who fails to appear at or to pass the Supplementary examination can only get credit for that class by passing a *Special examination therein.

Supplementary or Special examinations in any class shall in all cases cover the whole work of the session in that class, and not merely the work of the first or second term.

Supplementary and Special examinations are held in September only.

No award of Class Distinction is made on the results of a Supplementary or Special examination.

A student wishing to appear as a candidate at a Supplementary or Special examination shall be required to give notice of his intention to the Secretary of the Committee on Studies and Attendance on or before 20th August, the fee (see p. 27) to be remitted with the notice.

*Students who have failed to pass in any class should carefully note that any examination taken subsequent to the Supplementary examination held in September of the next session of their attendance is a Special examination. The standard required to pass a Special examination is considerably higher than that required for other examinations.

Order of Classes

Candidates who intend to take one of the Affiliated Courses, or to enter an Honour Course, or who wish to be eligible for Scholarships, should consult the Bursar concerning the proper order of their classes.

All required classes should be completed in the first two years of a course, leaving the Elective classes to be taken up in the two final years.

Affiliated Courses

An undergraduate looking forward to the study of Divinity, Law, or Medicine may offer one of the following groups:—

For Divinity.—New Testament Greek and two of the following: Hebrew, Biblical Literature, Church History 2, as conducted by the Divinity Faculty of King's College, in place of three of the Electives in Table I.

For Law.—Any four classes of the first year in Law.

For Medicine and Dentistry.—The classes of first year Medicine, instead of four of the Elective Classes on p. 29.

Securing Degrees in Three Years

Provided a student has completed matriculation; provided also that he has won standing of at least fifty per cent in Grade XII or equivalent examinations on at least four subjects of those listed below, he may be allowed to try to complete his degree in three years, but he will not be given credit for more than five of these subjects. The subjects are as follows:—

Latin 1, Greek 1, French 1, German 1, English 1, History 1, Mathematics 1.

A candidate will be allowed supplementary examinations in the subjects required to complete five classes provided that the certificate shows a mark of at least thirty per cent in such subjects and that the candidate has credit for the corresponding matriculation subjects. **No credit will be given for certificates obtained after a student has once been registered in the University.**

The certificates to which these provisions apply are the following:

- *(a) High School Certificate of Grade XII of Nova Scotia issued by the Department of Education;
- (b) Grade XII Certificate from Accredited Schools of the Department of Education of the Province of Nova Scotia;
- (c) Honour Diploma as issued by Prince of Wales College, P. E. I.;
- (d) Certificate of the first year of Memorial University College, Newfoundland;
- (e) Grammar School License of New Brunswick;
- (f) Equivalent Certificates issued by Departments of Education of other Provinces.

The above privilege of taking Supplementary examinations on certain subjects of the first year, granted to the holders of specified certificates, may be granted also to other candidates who in the opinion of the Committee on Admission have equivalent qualifications.

(B) Distinction in the Ordinary Course

The degree of Bachelor of Arts or of Science with Distinction will be conferred for special excellence shown in the classes of the Ordinary course. The award of such degree is based upon the Class Distinctions (p. 24) gained by candidates; and not only are the number and grade of such Distinctions considered, but also the extent and character of the work by which they have been gained.

To be eligible a student must have completed at least ten classes in which Distinction may be obtained; and he must have secured Distinction in not more than eight classes nor in fewer than six classes distributed over at least two and not more than three departments.

Students taking more than 25 hours per week (lectures and laboratory) will not be admitted to read for Distinction in any class.

No distinction work will be offered in Latin 1, Greek 1, French 1, German 1, Spanish 1, English 1, Mathematics 1, Physics 1, 2, Chemistry 1, 2, Biology 1, Zoology 2.

Candidates for Distinction must consult the Committee on Studies with respect to the selection of classes.

*The standard required is 50 per cent in each subject.

(C) Degree of Bachelor with Honours

An undergraduate who has passed in at least *nine* classes of the Ordinary Arts or Science course with sufficient credit is allowed to enter an Honour course.

Permission to enter an Honour course must be obtained from the Faculty, and only students of outstanding merit will be granted this privilege. *The student should therefore plan the course so as to include the Preliminary classes in the first two years*

The departments in which Honour Courses are offered, together with the preliminary classes needed, and the Honour classes, are shown in Table II on the following page.

Students contemplating an Honour course should before entering their second year consult the department concerned regarding courses and necessary Distinctions.

Honour Students must consult their department for advice regarding the scope of their work and the standard required in the examinations.

The examinations in the subjects of an Honour course are held at the end of the last year of the course; or a candidate may defer the examinations until a year after he has passed in the ordinary subjects of the fourth year; in which case, however, he shall not receive his degree until he has passed the examinations of such Honour course.

Successful candidates will be declared to have obtained degrees with Honours, or with High Honours.

Diploma in Education

King's College graduates are eligible for the course leading to a Diploma in Education. Education 1 is the only course for which undergraduates are permitted to register.

By arrangement with the Nova Scotia Department of Education, graduates in Arts and Science who have completed the course at Dalhousie University leading to a Diploma in Education subsequent to receiving their degree in Arts or Science may receive a permanent Superior First Class License to teach in any public school in Nova Scotia. This course, or its equivalent at another College or University recognized by the Provincial Department of Education, must be satisfactorily completed by any university graduate who wishes to teach in the public schools of Nova Scotia, and qualifies him for a position in any high school receiving government grants.
