

D. Sir

I Received your favours of 4<sup>th</sup> Inst.  
and agreeable thereto have sent you  
Ferguson's Lectures & D. Duncanson's  
Mercury price of Binboards. ~~There~~  
not a copy of any of the others are to  
be got in town, I have wrote for Martins  
Navigation shall in a few post & will  
for the Siginometry. ~~of~~ & Long's Astrono-  
my, the last of which is exceeding scarce,  
they Books are only to be had of particular  
Books. I am extremely happy to hear  
every thing goes well, may it long con-  
tinue which is the earnest wish of Sir  
Yours always. Charles Elliot

in. 15 July 1772

Your Carriers are very unregular in the  
Motions, or this has lain by several days  
I pray can you introduce Dweing  
Ding and I hope our Account of the  
Logarithm Tables will Oblige C. E.  
if it consists with Mr Dinwoodie's convenience

Seal

Mr James Dinwiddie  
Seat of ~~the~~ Prof of Mathematics  
with a  
small family of Quakers
