

Sir,

happening to mention to Col. Dighton
the many surprizing cures you had effected
by the use of Galvanism, he expressed a
strong desire to be possessed of a Galvanic
Apparatus; I informed him that in an
advertisement I had read in the Palmetto
Gazette, that you had one for sale,
should that not be already disposed
of, be so obliging as to inform me
what the price of it is, and he will send
an order on his agents for the amount.
Should you have parted with it, have
the goodness to inform me, if you
could

let him have another.

I am sir,
