

INDEX

VOL. XII

(Roman numerals refer to the Proceedings; Arabic numerals to the Transactions.)

	PAGE
Action of organo-magnesium compounds on quinone. By C. C. Wallace	301
Aluminium salts, influence of, on the estimation of sulphates. By H. J. M. Creighton.....	207
Amygdalin, a new method for the detection of. By H. J. M. Creighton	34
Aquatic fungi, some Nova Scotian. By C. L. Moore	217
Brodie, W. S.—Some effects of ice action near Grand Lake, Cape Breton	253
Butterflies and moths, mostly collected in the neighborhood of Halifax and Digby, Nova Scotia. By J. Perrin and J. Russell	258
Canada, notes on mineral fuels of. By R. W. Ells, LL. D.....	61
Cape Breton, N. S., note on recent earthquake in. By D. S. McIntosh, <i>M. Sc.</i>	311
Cavanagh, H., and Stairs, D.—Geological conditions affecting the water supply in Halifax. (Title only.)	lvi
Cassiterite. <i>See</i> Occurrence of tin in Nova Scotia. By H. Piers....	239
Catalogue of butterflies and moths, mostly collected in neighborhood of Halifax and Digby, N. S. By J. Perrin and J. Russell	258
Cetacea; skeleton of a [fossil] whale [<i>Monadon monoceros</i> , Linn.] in the Provincial museum, Halifax, Nova Scotia; with notes on the fossil Cetacea of North America. By G. H. Perkins	139
Coal, action of organic sulphur in, during the coking process. By A. L. McCallum	212
Coking, action of organic sulphur in coal during the coking process. By A. L. McCallum	212
Creighton, H. Jermain Maude, <i>M. A.</i> —Behavior of solutions of hydriodic acid in light in the presence of oxygen.....	49
Few chemical changes influenced by radium; a new method for the detection of amygdalin	34
Influence of aluminium salts on the estimation of sulphates...	207
Influence of radium on the decomposition of hydriodic acid...	1

	PAGE
Crichton, G. L. H. <i>See</i> Mackenzie, C. J.	
Dartmouth Lakes, water from. <i>See</i> water power of Halifax County, Nova Scotia. By F. W. W. Doane, C. E.	21
Davis, Harold S., B. A.—Concerning the effect of gravity on the concentration of a solute	291
On a new method of estimating iodides. (Title only.)....	lxxi
Deceased members. <i>See</i> Obituary notices.	
Delegate to Geological Society of Glasgow, appointment of.....	liv
Digby, N. S.; catalogue of butterflies and moths, mostly collected in neighborhood of Halifax and Digby, Nova Scotia. By J. Perrin and J. Russell	258
Doane, Francis Wm. Whitney, C. E.—Presidential address (1906): (1) work of the Institute; (2) research work; (3) sanitary scientific work	i
Presidential address (1907): (1) deceased members; (2) technical education	xxxii
Water power of Halifax County, Nova Scotia: part 1, Dartmouth Lakes power	21
Downs, Andrew, reminiscences of a Nova Scotian naturalist. By <i>Major-General</i> C. Hardy	xi
Earthquake in Cape Breton, N. S., note on a recent. By D. S. McIntosh, <i>M. Sc.</i>	311
Ells, R. W., <i>LL. D., F. R. S. C.</i> —Notes on mineral fuels of Canada..	61
Exchange of publications	x
Flemming, H. W.—Cement testing in the engineering laboratories of Dalhousie University. (Title only.)	lvi
Fletcher, Hugh, B. A.—Sketch of life	lviii
Resolution passed on occasion of his death	lxx
Fletcher, Dr. James—Sketch of life	lviii
Fraser, William Pollock, M. A.—Rusts of Nova Scotia [<i>Uredineæ.</i>] (<i>See special index, pages 440 and 444.</i>)	313
Fuels, notes on mineral, of Canada. By R. W. Ells	61
Fungi, some Nova Scotian aquatic. By C. L. Moore	271
Fungi of Nova Scotia. By Dr. A. H. MacKay	119
Fungi. <i>See</i> Myxomycetes of Pictou County, N. S. By C. L. Moore	165
Fungi. <i>See</i> Rusts of Nova Scotia. By W. P. Fraser, M. A. (<i>Special index, pages 440 and 444.</i>)	313
Gilpin, Edwin, M. A., D. Sc., LL. D., F. R. S. C., C. I. S. O.—Sketch of life	xxxii
Girasol. <i>See</i> Occurrence of opal in granite near New Ross, Lunenburg County, N. S. By H. Piers	446
Grand Lake, C. B., some effects of ice action near. By W. S. Brodie	253
Gravity, concerning the effect of, on the concentration of a solute. By H. S. Davis	291

INDEX.

xix

	PAGE
Halifax; catalogue of butterflies and moths, mostly collected in neighborhood of Halifax and Digby, N. S. By J. Perrin and J. Russell	258
Halifax County, N. S., water power of: part 1, Dartmouth water power. By F. W. W. Doane, C. E.	21
Halifax water works. By H. W. Johnston	72
Hardy, Major-General Campbell, R. A.—Reminiscences of a Nova Scotian naturalist: Andrew Downs	xi
Haycock, Prof. Ernest.—History of erosion in the Cornwallis Valley, Nova Scotia. (Title only.)	lxxii
Hydriodic acid, behavior of solutions of, in light in the presence of oxygen. By H. J. M. Creighton	49
Hydriodic acid, the influence of radium on the decomposition of. By H. J. M. Creighton	1
Ice action, some effects of, near Grand Lake, Cape Breton. By S. Brodie	253
Jacquet River, New Brunswick. <i>See</i> Skeleton of whale. By Prof. G. H. Perkins, Ph. D.	139
Johnston, Henry W., C. E.—Halifax water works	72
Run-off from a small drainage area near Halifax. (Title only.)	xxx
Kennedy, Prof. George Thomas, M. A., D. Sc., F. G. S.—Sketch of life King Edward VII., meeting adjourned on account of the demise of His Majesty	lxxii
Lepidoptera. <i>See</i> Catalogue of butterflies and moths, mostly collected in neighborhood of Halifax and Digby, N. S. By J. Perrin and J. Russell	258
Librarian's report, (1905-6), ix; (1906-07), xli; (1907-8), lii; (1908-9), lxix.	
Light, behavior of solutions of hydriodic acid in, in the presence of oxygen. By H. J. M. Creighton	49
Lunenburg County, N. S., occurrence of opal in granite near New Ross. By H. Piers	446
McCallum, A. L., B. Sc.—Action of organic sulphur in coal during the coking process	212
Scheelite in Nova Scotia	250
McIntosh, Donald Sutherland, M. Sc.—Note on recent earthquake in Cape Breton, N. S.	311
McIntosh, Kenneth—On the commonly accepted axioms in celestial mechanics (Title only.)	liv
McKavanagh, Thomas J.—Recent results in wireless telegraphing. (Title only.)	lxxii
Water purification by ozone. (Title only.)	lv

	PAGE
MacKay, Alexander Howard, LL. D., F. R. S. C.—Fungi of Nova Scotia	119
New Nova Scotian insect; the birch-leaf saw-fly (<i>Phlebotrophia mathesoni</i> , Alexander MacGillivray) (Title only.)	lxxi
Mackay, Prof. Ebenezer, Ph. D.—Presidential address (1908): (1) progress of the institute since 1890; (2) progress of technical education; (3) technical education and research; (4) the institute in the public service	xlvii
Presidential address (1909): (1) deceased members; (2) work of the institute; (3) the atomic theory	lvii
McKay, Thomas C., D. Sc.—The California earthquake. (Title only.)	lxxi
Variation of the Hill effect with the temperature and previous heat treatment in the use of magnetic metals. (Title only.)	lxxi
Mackenzie, C. J., and Crichton, G. L.—Weathering of structural stone in Halifax. (Title only.)	lvi
McLeod, Robert Randall—Sketch of life	lviii
Magnesium (organo-) compounds, action on quinone. By C. C. Wallace	301
Mineral fuels of Canada, notes on. By R. W. Ells, LL. D.	61
<i>Monodon monoceros</i> , Linn. See Skeleton of a whale in the Provincial museum, Halifax. By Prof. S. H. Perkins, Ph. D.	139
Moore, Clarence L., M. A.—Some Nova Scotian aquatic fungi.....	217
Myxomycetes of Pictou County	165
Moose River, N. S.—See Scheelite in Nova Scotia. By A. L. McCallum	250
Moths and butterflies, catalogue of, mostly collected in the neighborhood of Halifax and Digby, Nova Scotia. By J. Perrin and J. Russell	258
Myxomycetes of Pictou County. By C. L. Moore	165
New Ross, Lunenburg County, N. S., occurrence of opal in granite near. By H. Piers	446
Nova Scotia, fungi of. By A. H. MacKay, LL. D., F. R. S. C.....	119
Obituary notices of deceased members. See Gilpin, E., xxxi; Kennedy, G. T., xxxv; Parker, D. McN., xxxiv; Tinling, E. B., xxxvi; McLeod, R. R., lviii; Pickford, C., lviii; Fletcher, J., lviii; Fletcher, H., lviii.	
Occurrence of opal in granite near New Ross, Lunenburg County, N. S. By H. Piers	446
Officers for 1906-7, x; 1907-8, xlii; 1908-9, liii; 1909-10, lxx.	
Opal, occurrence of, in granite near New Ross, Lunenburg County, N. S. By H. Piers	446
Organo-magnesium compounds, action of, on quinone. By C. C. Wallace	301

INDEX.

XXI

	PAGE
Parker, <i>Hon.</i> Daniel McNeil, <i>M. D.</i> —Sketch of life	xxxiv
Perkins, <i>Prof.</i> George H., <i>Ph. D.</i> —Skeleton of a whale [<i>Monodon monoceros</i> , <i>Linn.</i> , <i>fossil</i>] in the Provincial museum, Halifax, Nova Scotia; with notes on the fossil Cetacea of North America	139
Perrin, Joseph; and Russell, John.—Catalogue of butterflies and moths, mostly collected in the neighborhood of Halifax and Digby, N. S.	258
Pickford, Charles, death of	lviii
Piers, Harry.—Occurrence of opal in granite near New Ross, Lunenburg County, Nova Scotia	446
Occurrence of tin in Nova Scotia	239
Presidential address, (1906, by F. W. W. Doane), work of the Institute, research work, sanitary scientific work, i. (1907, by F. W. W. Doane), deceased members, technical education, xxxi. (1908, by Dr. E. Mackay), progress of the Institute since 1890, progress of technical education, technical education and research, the Institute in the public service, xlvii. (1909, by Dr. E. Mackay), deceased members, work of the Institute, the atomic theory, lvii.	
Prince, <i>Prof.</i> E. E.—(1) Fish-eating habits of Medusæ: (2) the present and future of our fisheries. (Title only.)....	xliv
Provincial Museum, Halifax, skeleton of a whale in. By <i>Prof.</i> G. H. Perkins, <i>Ph. D.</i>	139
Quinone, action of organo-magnesium compounds on. By C. C. Wallace	301
Radium, a few chemical changes influenced by; a new method for the detection of amygdalin. By H. J. M. Creighton.....	34
Radium, the influence of, on the decomposition of hydriodic acid. By H. J. M. Creighton	1
Rain-guage, self-recording, at Halifax	xxx
Ramsay, Lake, Lunenburg County, Nova Scotia. <i>See</i> Occurrence of tin in Nova Scotia. By H. Piers	239
Russell, John. <i>See</i> Perrin, J.	
Rusts (<i>Uredineæ</i>) of Nova Scotia. By W. P. Fraser, <i>M. A.</i> (<i>See special index, pages 440 and 444.</i>)	313
Scheelite in Nova Scotia. By A. L. McCallum	250
Seal of Institute	xi, xxx
Skeleton of a whale, <i>Monodon monoceros</i> , <i>Linn.</i> , from Jacquet River, New Brunswick, in the Provincial Museum, Halifax; with notes on fossil Cetacea of North America. By <i>Prof.</i> G. H. Perkins, <i>Ph. D.</i>	139
Solute, effect of gravity on the concentrate of a. By H. S. Davis....	291

	PAGE
Sulphates, influence of aluminium salts on the estimation of. By H. J. M. Creighton	207
Sulphur, action of organic, in coal during the coking process. By A. L. McCallum	212
Stairs, D. <i>See</i> Cavenagh, H.	
Technical College, Halifax, Institute meets for first time in	lxx
Tin, occurrence of, in Nova Scotia. By H. Piers	239
Tinling, <i>Capt.</i> E. B.—Sketch of life	xxxvi
Treasurer's report, (1905-6), ix; (1907-8), liv; (1908-9), lxix.	
Tungsten. <i>See</i> Scheelite in Nova Scotia. By A. L. McCallum....	250
<i>Uredineæ</i> . <i>See</i> Rusts of Nova Scotia. By W. P. Fraser, <i>M. A.</i> (<i>Special index, pages 440 and 444.</i>)	313
Wallace, Curtis C.—Action of organo-magnesium compounds on quinone	301
Water power of Halifax County, Nova Scotia: part 1, Dartmouth Lakes power. By F. W.W. Doane	21
Water works, Halifax. By H. W. Johnston	72
Whale (<i>Monodon monoceros, Linn, fossil</i>), skeleton of, in the Pro- vincial Museum, Halifax, Nova Scotia; with notes on the fossil Cetacea of North America. By G. H. Perkins	139
Woodman, <i>Prof.</i> J. Edmund.—Economic geology of Arisaig, N. S. (Title only.)	xlv
Recent iron and limestone investigations in Nova Scotia. (Title only.)	liii
