

# INDEX

VOL. XVI

(Roman numerals refer to the Proceedings; Arabic numerals to the pages of the Transactions.)

Accidental Occurrence of Rock Ptarmigan. By Harry Piers . . . . .	1
Adams' Method for Alkyl Iodides—A Modification of. By H. S. King	87
Address. See Presidential Addresses.	
Alkaline-Earths Metals, their Qualitative Separation. By C. B. Nickerson . . . . .	25
Alkyl Iodides, a Modification of Adams' Method. By H. S. King . . . . .	87
Ammonia (Aqueous), Action on Mercurous Chloride. By H. S. King	115
Analysis, Qualitative, Mg, K and Na. By H. S. King . . . . .	
ANNUAL SESSIONS: 1922, Nov. 20. (Minutes) . . . . .	i
1923, Nov. 14. (Minutes) . . . . .	vii
1924, Nov. 12. (Minutes) . . . . .	xiii
1925, Oct. 14. (Minutes) . . . . .	xxi
Appendix : . . . . .	199
Babkin, Prof. Boris. Augmented Secretion of Salivary Glands . . . . .	196
Blue, Molybdenum—its Properties and Composition. By L. A. Munro	9
<i>Buccinum undatum</i> , the Whelk—Some of its Reactions. By J. N. Gowanloch . . . . .	132
Butler, K. H. Molecular Weight Determinations in Liquid Cl . . . . .	198
Calcite, Electrical Conductivity of. By W. J. Jackson . . . . .	46
Carbon-Sulphur Compounds removed from Coal Gas. By K. L. Dawson . . . . .	178
Cathartics, the Action of Saline. By N. B. Dreyer . . . . .	180
Chipman, H. Ritchie. Devitrification of Old Glass . . . . .	144
Liquid Hydrogen Sulphide as Ionizing Solvent . . . . .	189
Churchill, Frederick J. Recent Changes Coast Line of Kings Co., N. S. . . . .	84
Coal Gas, Carbon-Sulphur Compounds removed. By K. L. Dawson . . . . .	178
<i>Coregonus labradoricus</i> Richardson, (Sault White Fish) in N. S. By Harry Piers . . . . .	95
Dawson, K. L. Removal of Carbon-Sulphur Compounds from Coal Gas . . . . .	178
Devitrification of Old Glass. By H. Ritchie Chipman and Douglas McIntosh . . . . .	144
Digestibility of White of Egg. By I. G. Macdonald and E. G. Young . . . . .	197

Dreyer, N. B. Action of Saline Cathartics. . . . .	180
Electrical Conductivity of Calcite. By W. J. Jackson. . . . .	46
Electrical Units of Charge—the Ratio of. By George C. Laurence. . . . .	183
Electrolytic Zinc—the Hydrogen in it. By W. Roy Elliott. . . . .	152
Elliot, W. Roy. Hydrogen in Electrolytic Zinc. . . . .	152
Esker in Digby County. By D. S. McIntosh. . . . .	139
<i>Fundulus, Gyrodactylus</i> ectoparasitic upon it. Its Occurrence and Control. By J. N. Gowanloch. . . . .	126
Gowanloch, James Nelson, B.A., B. Sc., Prof. Zoology, Dalhousie University. Occurrence and control of the Trematode <i>Gyrodactylus</i> ectoparasitic on <i>Fundulus</i> . . . . .	126
A Study of Reactions of the Whelk, <i>Baccinum undatum</i> . . . . .	132
<i>Gyrodactylus</i> ectoparasitic on <i>Fundulus</i> , its Occurrence and Control By J. N. Gowanloch. . . . .	126
Hayes, Ronald F., B.Sc., Dalhousie University. The Negative Geotropism of the Periwinkle, <i>Littorina littorea</i> —A Study in Littoral Ecology. . . . .	155
Hydrogen in Electrolytic Zinc. By W. Roy Elliott, B. Sc. . . . .	152
Hydrogen Sulphide (Liquid) as an Ionizing Solvent. By H. Ritchie Chipman, Ph.D. and Prof. Douglass McIntosh. . . . .	189
Iodides, a Modification of Adams' Method of preparing Alkyl Iodides. By Harold S. King. . . . .	87
Ionizing Solvent, Liquid Hydrogen Sulphide. By H. Ritchie Chipman. . . . .	189
Jackson, W. J., (MacGregor Fellow in Physics). The Electrical Conductivity of Calcite. . . . .	46
Jost, Dr. A. C., Prov. Medical Officer. A Nova Scotia Life Table. . . . .	65
Kenty, Carl, M. Sc. (MacGregor Fellow in Physics). Radium Content of some Nova Scotia Minerals. . . . .	174
King, Prof. Harold S. King, Dalhousie. A Procedure for the Qualitative Analysis of the Group, Mg, K, and Na. . . . .	30
A Modification of the Adams' Method for Alkyl Iodides. . . . .	87
Action of Aqueous Ammonia on Mercurous Chloride. . . . .	115
A Still for the Preparation of Pure Water. . . . .	176
<i>Lagopus rupestris</i> in Nova Scotia. By Harry Piers. . . . .	1
Laurence, George C., MacGregor Fellow in Physics, Dalhousie University. The Ratio of Electric Units of Charge . . . . .	183
Lectures. See Popular Lectures.	
Library. See Reports of Librarian.	
Life Table. A Nova Scotia Life Table. By Dr. A. C. Jost. . . . .	65
<i>Littorina littorea</i> , Negative Geotropism of the Whelk. By F. Ronald Hayes. . . . .	155
Louisite; its Nature. By Dr. T. L. Walker, Director, Royal Ont. Museum of Mineralogy. . . . .	35

MacCurdy, Margaret, B. Sc. Estimation of Potassium Platonic Chloride.....	142
MacKay, Dr. A. H. Phenological Observations, Nova Scotia, 1922.....	54
Phenological Observations, Nova Scotia, 1923.....	104
McIntosh, Prof. Donald Sutherland. An Esker in Digby County.....	139
McIntosh, Prof. Douglas, F. R. S. C. Oxonium Compounds.....	96
Devitrification of Old Glass.....	144
Liquid Hydrogen Sulphide as an Ionizing Medium.....	189
Solubilities and Molecular Determinations in Liquid Chlorine.....	198
McLarren, Dr. P. D. Augmented Secretion of Salivary Glands.....	196
Members, Lists of.....	198
Mercurous Chloride, Action of Aqueous Ammonia on it. By H. S. King.....	115
Methyl Alcohol, Examination of Some Tests for it. By Prof. E. W. Todd.....	147
Modification of Adams' Method for Alkyl Iodides. By Prof. H. S. King.....	87
Modification of Procedure of Qualitative Separation of Alkaline Earths. By Prof. C. B. Nickerson.....	25
Molecular Weights Determinations in Liquid Chlorine. By K. H. Butler, B. A.....	198
Molybdenum Blue, its Composition and Properties. By Lloyd A. Munro.....	9
Munro, Lloyd Alexander, B.A. Molybdenum Blue.....	9
Nickerson, Carleton Bell, M. A., Prof. of Chemistry, Dalhousie. Modification of Procedure for Qualitative Separation.....	25
Alkaline Earth Metals.....	25
Nova Scotia, Life Table. By Dr. A. C. Jost, Prov. Med. Officer.....	65
Obituary Notices:	
Dr. Frank Woodbury.....	i
Rev. Edward Henry Ball, D. C. L.....	i
Donald M. Fergusson, F. C. S.....	xiii-xviii
F. W. Dobson, D. D. S.....	xiii-xix
Frank W. Ryan, D. D. S.....	xiii-xix
Prof. L. W. Bailey LL.D., F. R. S. C.....	xxii
Sir Charles Frederick Fraser.....	xxii
Dr. E. N. Payzant.....	xxii
Martin Murphy, C. E., D.Sc., D. S. O.....	xxiv
Oxonium Compounds. By Prof. Douglas McIntosh.....	96
Periwinkle, the Negative Geotropism of <i>Littorina littorea</i> By F. Ronald Hayes, B. Sc.....	155
Phenological Observations, 1922. By Dr. A. H. MacKay.....	54
Phenological Observations, 1923. By Dr. A. H. MacKay.....	104

Piers, Harry. Accidental Occurrence in N. S. of Rock Ptarmigan . . .	1
Tungsten (Scheelite) Deposit, Lower. Sackville, Hfx . . . . .	38
<i>Coregonus Labradoricus</i> (Sault Whitefish) in N. S. . . . .	92
Platinic Chloride, Estimation of K as, $K_2PtCl_6$ . By Margaret McCurdy, B.Sc. . . . .	142
Popular Lectures. The Quebec Bridge. By Prof. W. P. Copp . . . . .	iv
Races Above the Clouds. By Prof. John Cameron . . . . .	iv
Weather in the Belt of Cyclonic Storms. By Prof. D. S. McIntosh . . . . .	v
In-Breeding and Out-Breeding. By Prof. J. A. Dawson . . . . .	v
What Seeing Means. By Prof. D. Fraser Harris . . . . .	vi
The Lure of Nature-hiking. By E. Chesley Allen . . . . .	ix
The Age of the Earth. By Prof. Douglas McIntosh . . . . .	ix
Musical Sounds; their Nature and Quality. Dr. S. G. Ritchie . . . . .	ix
Sight-Seeing at Banff and Lake Louise. By M. F. Bancroft . . . . .	x
Pearly Mussel and the Button Trade. By J. B. Feilding . . . . .	xi
Waves and Radiant Energy. By Prof. H. L. Bronson . . . . .	xv
Production, Transmission and Detection of Wireless Waves. By Prof. J. H. L. Johnstone . . . . .	xvi
Short Wave Transmission. By A. W. Greig . . . . .	xvi
Transatlantic Reception and Dispersal of News. By T. W. Murray . . . . .	xvi
Potassium Platinic Chloride, Estimation of K as $K_2PtCl_6$ By Margaret McCurdy . . . . .	142
Presentation to Mr. and Mrs. Harry Piers . . . . .	xxiv
Presidential Addresses:	
1925, by Prof. John Cameron . . . . .	i
1924, by Prof. C. B. Nickerson . . . . .	vii
1925, by Prof. C. B. Nickerson . . . . .	xviii
1926, by Dr. S. G. Ritchie . . . . .	xxvii
Presidents, List of . . . . .	200
Ptarmigan, Rock ( <i>Lagopus rupestris</i> ) in N. S. By Harry Piers . . . . .	i
Qualitative Analysis of Mg, K & Na., New Procedure. By Prof. H. S. King . . . . .	30
Qualitative Separation of Metals of the Alkaline Earths. By Prof. C. B. Nickerson . . . . .	25
Radium Content of Some Nova Scotian Minerals, By Carl Kenty, M. Sc., Dalhousie Univerwity . . . . .	174
Recent Changes in the Coast Line, Kings County, N. S. By Frederick J. Churchill . . . . .	84
Reports of Librarian. Harry Piers, for . . . . . 1922 . . . . .	i
. . . . . 1923 . . . . .	vii
. . . . . 1924 . . . . .	xiii
. . . . . 1925 . . . . .	xxi

Reports of Treasurer, Donald J. Matheson, B. Sc., for 1922.....	ii
1923.....	vii
1924.....	xiii
1925.....	xxi
Rock Ptarmigan ( <i>Lagopus rupestris rupestris</i> vel <i>welchi</i> ) By Harry Piers.....	1
Salivary Glands, Augmented Secretion of. By Prof. Boris Babkin and Dr. P. D. McLarren.....	196
Scheelite (Tungsten). New Deposit. By Harry Piers.....	38
Separation, Qualitative, of Metals of Alkaline-Earth. By Prof. Nickerson.....	25
Solubilities and Molecular Weight Determinations in Liquid Chlorine By K. H. Butler, M. A., and Prof. Douglas McIntosh, F. R. S. C.....	189
Still, for the Preparation of Pure Water. By Prof. H. S. King....	176
Todd, Prof. E. W., Dal. Univ. Tests for Methyl Alcohol.....	147
Treasurer, See Reports of Treasurer	
Tungsten (Scheelite), New Deposit, Lr. Sackville, Hfx. Co. By Harry Piers.....	38
Walker, Prof. T. L., Director Royal Ontario Museum of Mineralogy, Toronto. On the Nature of Louisite.....	35
Water, Pure; A Still for its Preparation. By Prof. H. S. King....	177
Whelk ( <i>Buccinum undatum</i> ). A Study of some of its Reactions. By Prof. J. N. Gowanloch.....	132
Young, Prof. E. G., Ph.D., Dalhousie University. The Digestibility Of the White of Egg.....	197
Zinc, Hydrogen in Electrolytic Zinc. By W. Roy Elliot, B.Sc., Dalhousie University.....	152
