A decorative border with a repeating floral and scrollwork pattern surrounds the text.

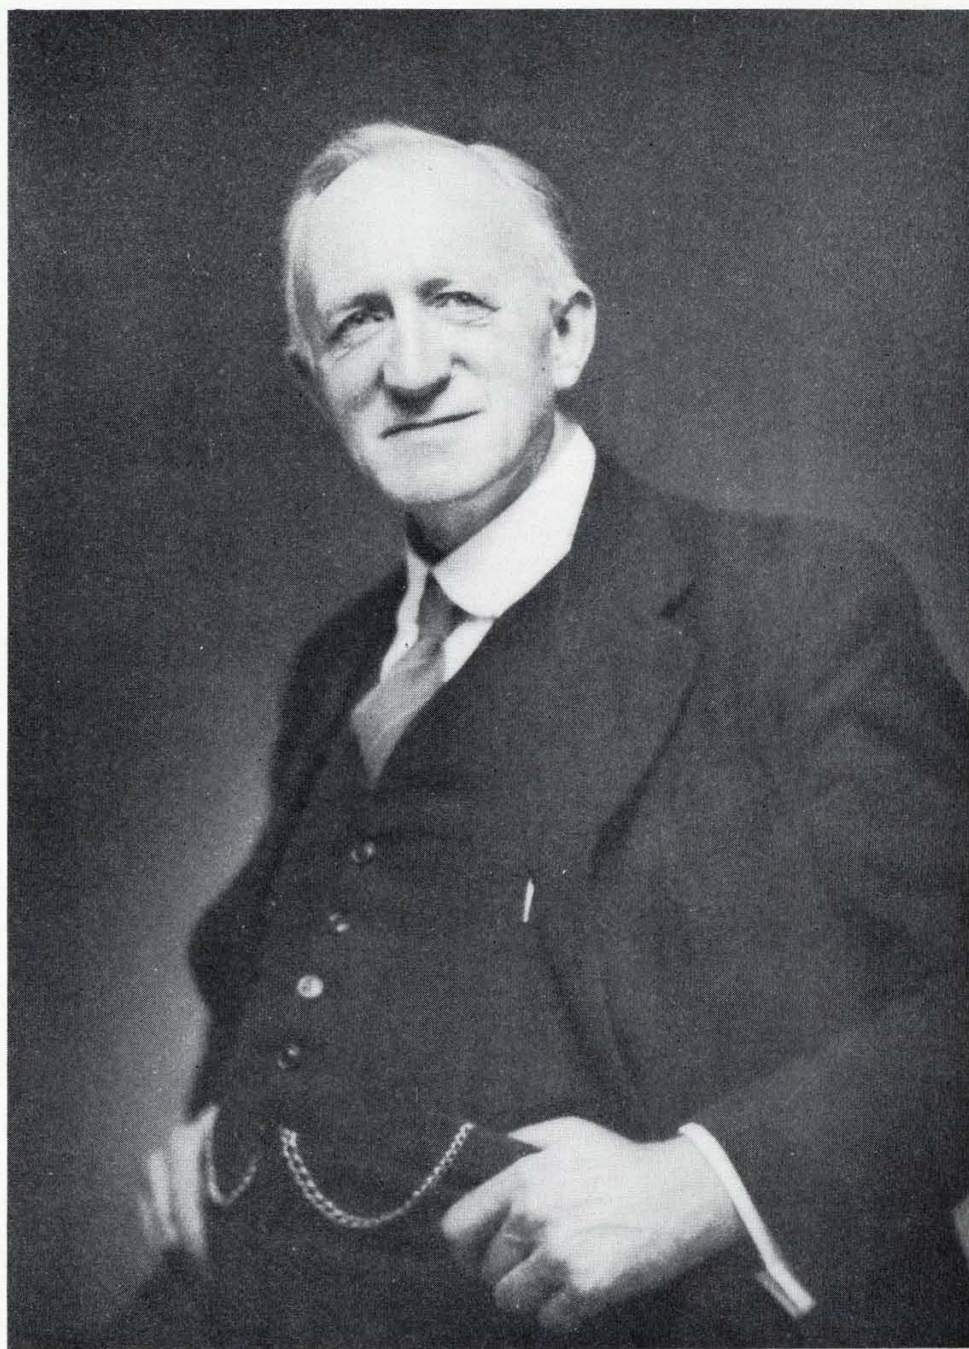

*This year PHAROS is dedicated to  
the memory of two distinguished  
Dalhousians:*

**Dr. H. L. STEWART**

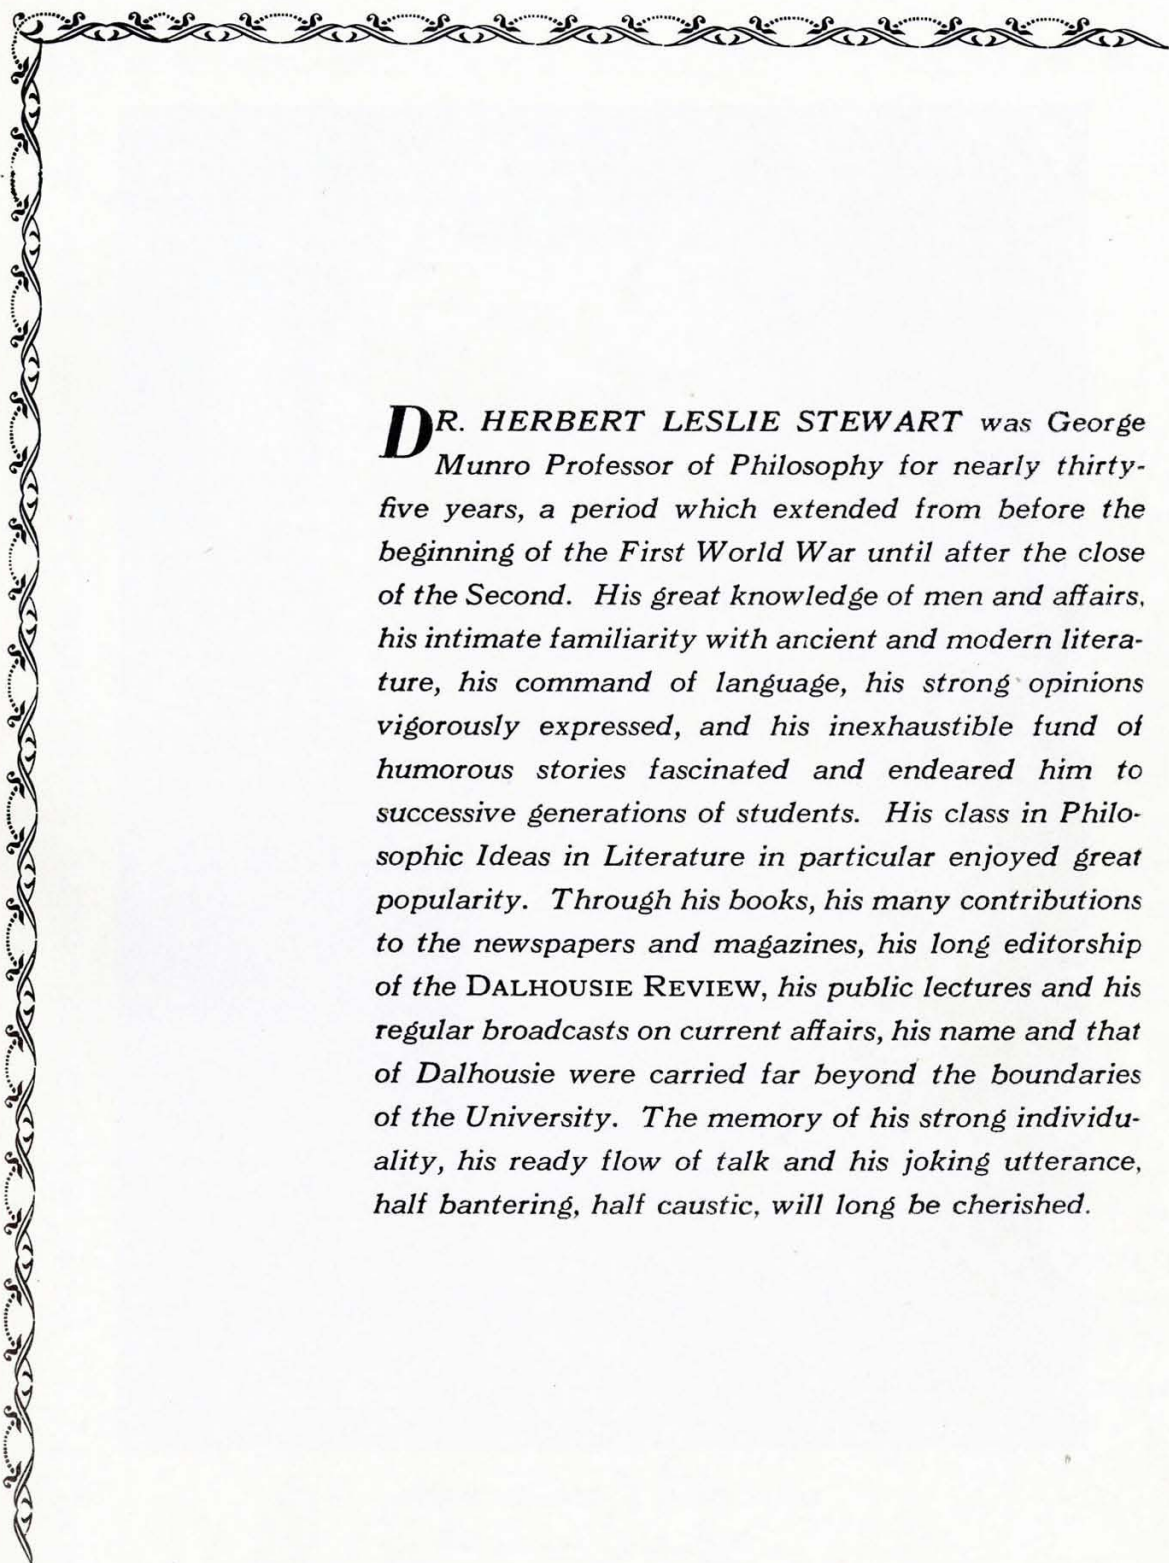

*and*

**PRESIDENT WALKER**

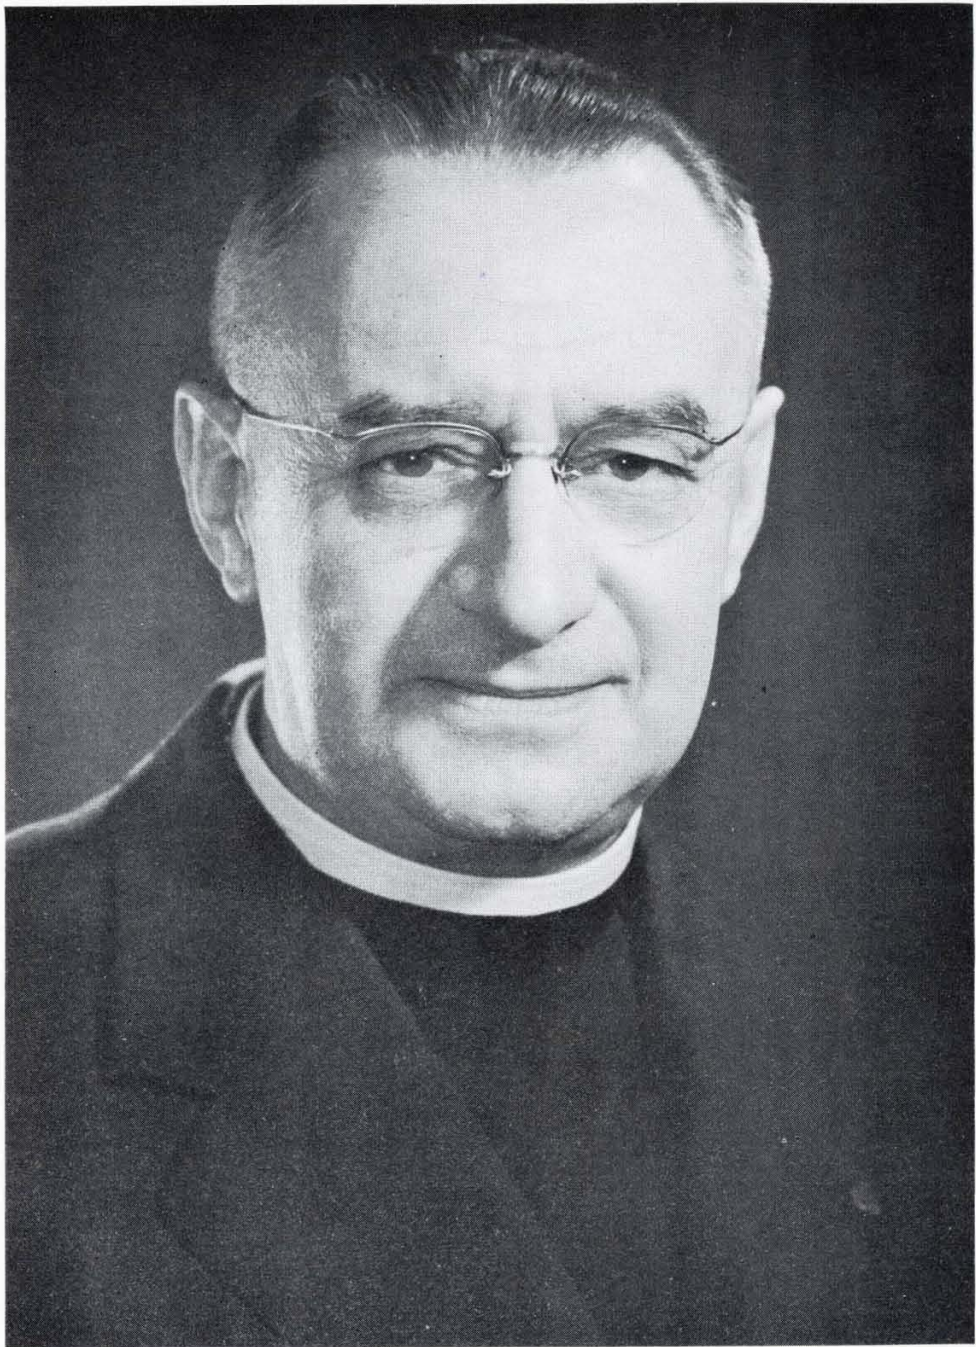

*whose recent passing has saddened  
the University.*

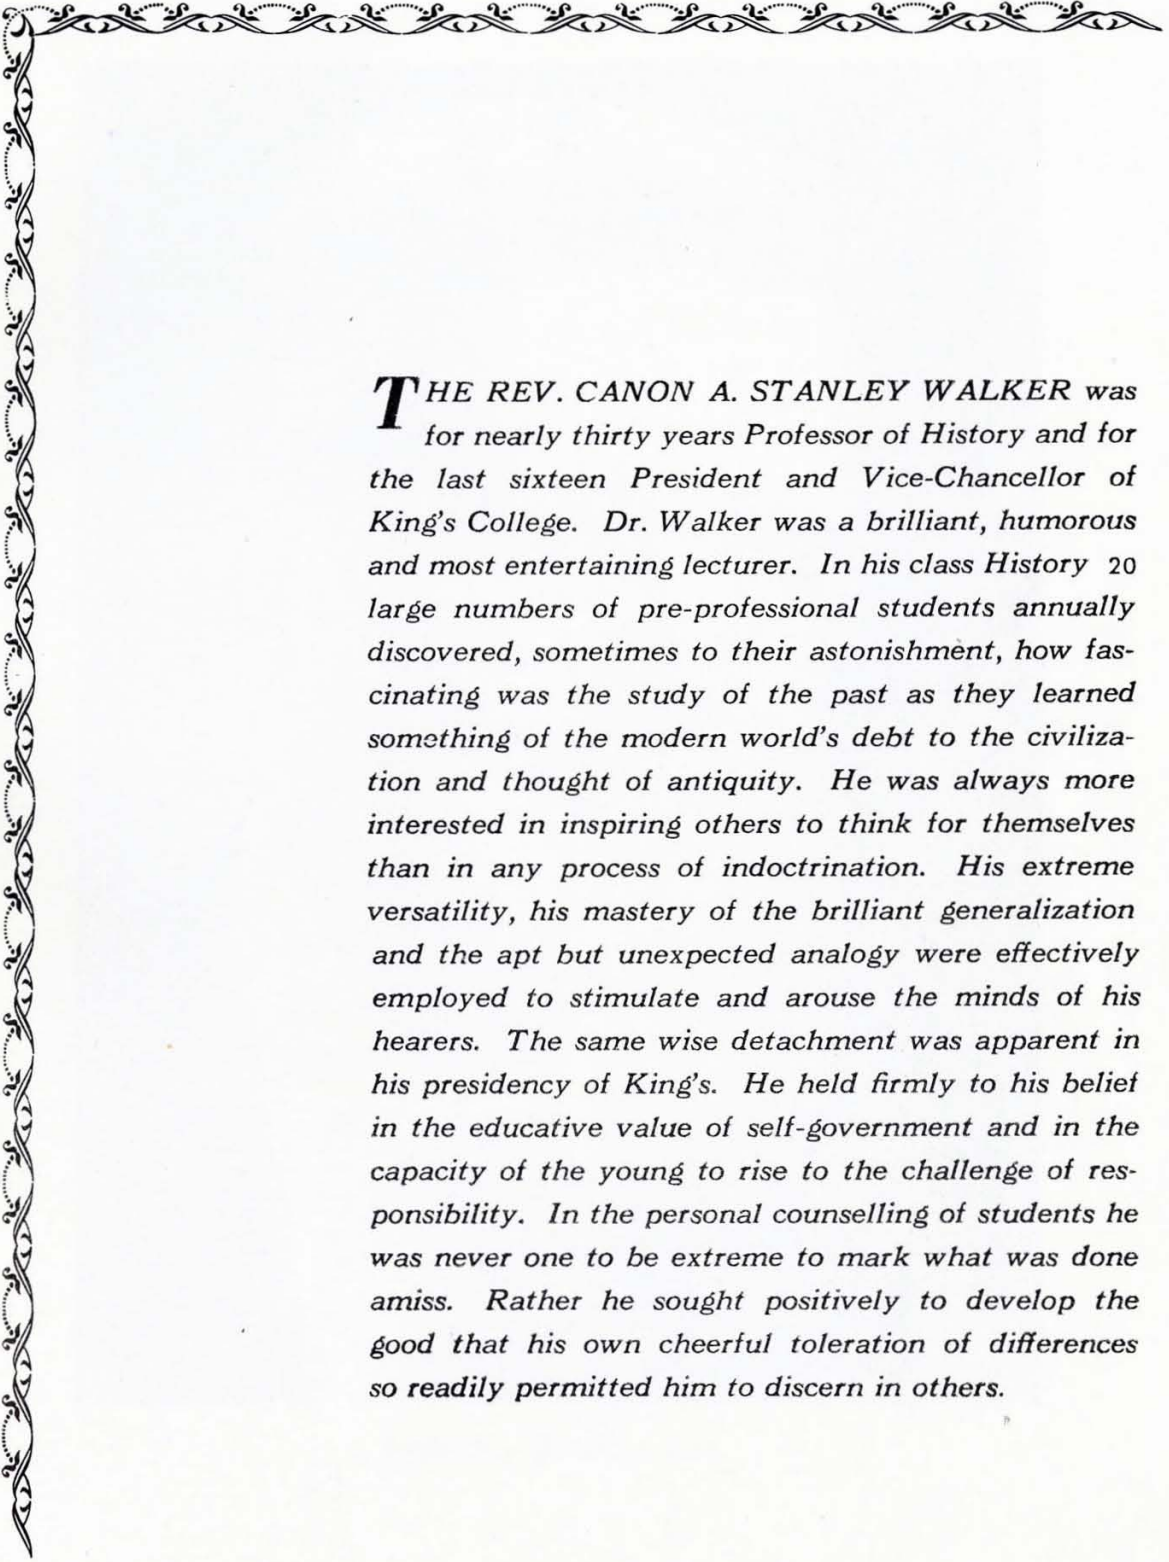

DR. H. L. STEWART, M.A.(Oxon.), Ph.D.

A decorative border with a repeating floral and scrollwork pattern runs along the top and left edges of the page.

**D**R. HERBERT LESLIE STEWART was George Munro Professor of Philosophy for nearly thirty-five years, a period which extended from before the beginning of the First World War until after the close of the Second. His great knowledge of men and affairs, his intimate familiarity with ancient and modern literature, his command of language, his strong opinions vigorously expressed, and his inexhaustible fund of humorous stories fascinated and endeared him to successive generations of students. His class in *Philosophic Ideas in Literature* in particular enjoyed great popularity. Through his books, his many contributions to the newspapers and magazines, his long editorship of the DALHOUSIE REVIEW, his public lectures and his regular broadcasts on current affairs, his name and that of Dalhousie were carried far beyond the boundaries of the University. The memory of his strong individuality, his ready flow of talk and his joking utterance, half bantering, half caustic, will long be cherished.

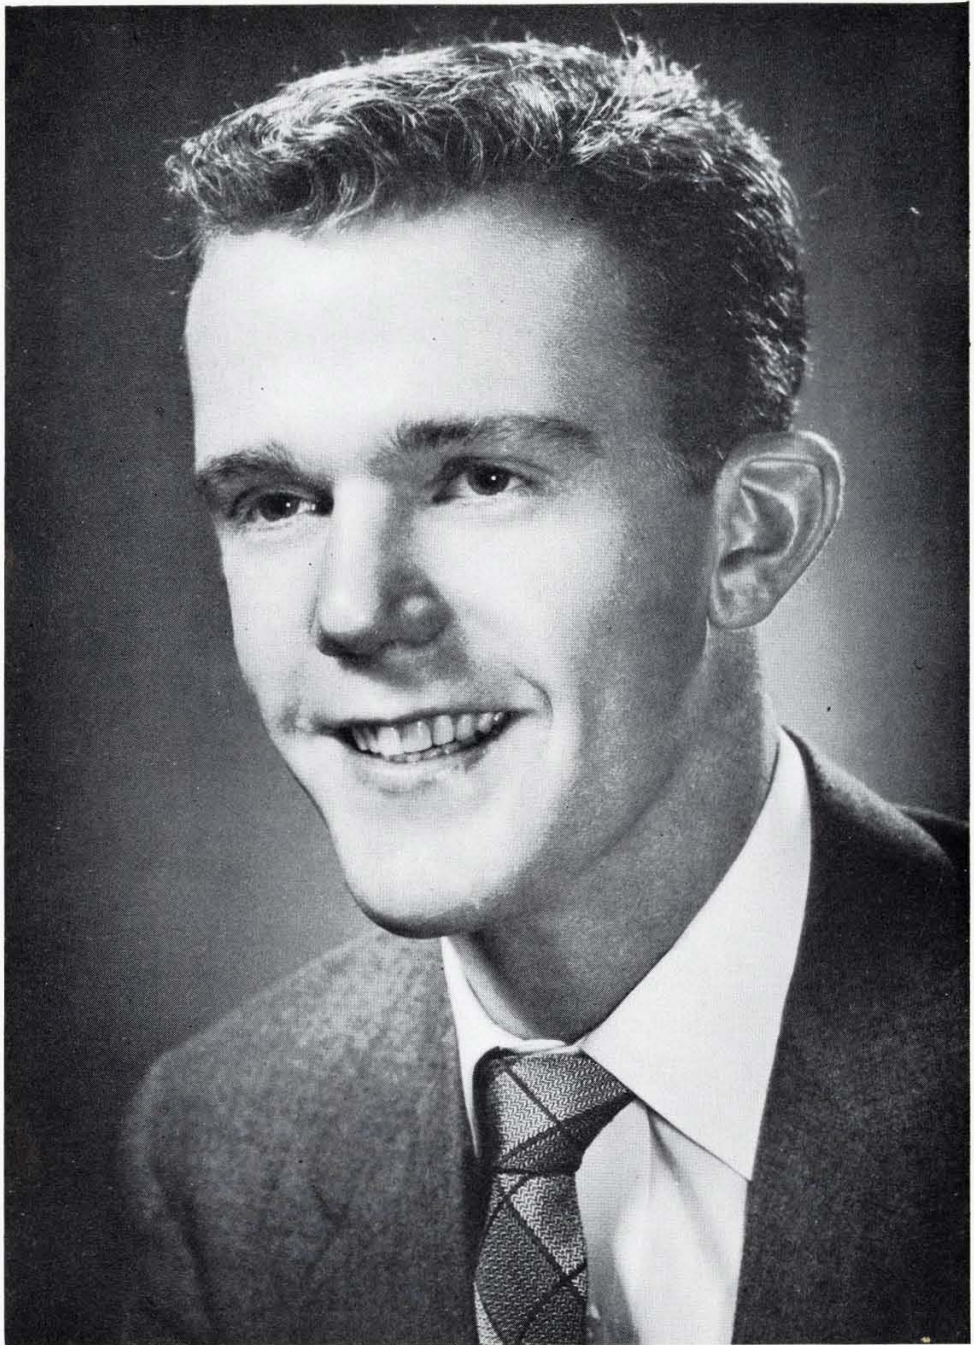

REV. CANON A. STANLEY WALKER  
M.A., B.Litt., LL.D., D.D.

A decorative border with a repeating floral and scrollwork pattern runs along the top and left edges of the page.

**T**HE REV. CANON A. STANLEY WALKER was for nearly thirty years Professor of History and for the last sixteen President and Vice-Chancellor of King's College. Dr. Walker was a brilliant, humorous and most entertaining lecturer. In his class History 20 large numbers of pre-professional students annually discovered, sometimes to their astonishment, how fascinating was the study of the past as they learned something of the modern world's debt to the civilization and thought of antiquity. He was always more interested in inspiring others to think for themselves than in any process of indoctrination. His extreme versatility, his mastery of the brilliant generalization and the apt but unexpected analogy were effectively employed to stimulate and arouse the minds of his hearers. The same wise detachment was apparent in his presidency of King's. He held firmly to his belief in the educative value of self-government and in the capacity of the young to rise to the challenge of responsibility. In the personal counselling of students he was never one to be extreme to mark what was done amiss. Rather he sought positively to develop the good that his own cheerful toleration of differences so readily permitted him to discern in others.

NEIL MONCUR McKINNON

# IN MEMORIAM

The news of the sudden and untimely death of Neil McKinnon came as a great blow to both the faculty and the student body of Dalhousie.

In spite of the fact that Neil's career at Dalhousie was destined to be so short his contribution to the University was, to say the least, considerable.

For two years, Neil or "Dusty" as he was known to many, held down the position of end on the football team. During the winter he was one of the highest scorers on the Junior Varsity Hockey Team.

However, Neil's contribution to his college was not confined to athletics. At the end of his freshman year he was elected Treasurer of the Arts and Science Society, and had he returned this year he would have been its President. Dusty was also a member of the Rink Rats Committee, as well as taking an active role in his fraternity, where he held various positions of responsibility.

Because he gave so much, and because he was so popular, it can be said of Neil that he is missed by many and forgotten by few.

President of the University  
A. E. KERR, B.A., B.D., D.D., LL.D.

# The President's Message...

I am most grateful to the editors of PHAROS for this opportunity to tender my thanks to the student body as a whole for their co-operation in the past year, to offer congratulations, on my own behalf and that of all my colleagues, to the members of it who have successfully completed the requirements for diplomas or degrees, and to say that it has been a genuine pleasure to know them. I mention in particular my appreciation of the assistance provided by the Council of Students, which is responsible for the direct oversight of so many of the extra-curricular activities of the campus.

One record of the life and work of the University in the academic year 1953-'54 will be included in the official reports of the various Faculties and the audited financial statements submitted to the Board of Governors. Another and more graphic record will be preserved in PHAROS, with its interesting pictures and personal references. I have no doubt that when the formal documents of the first category are buried deep in the University archives, PHAROS will still be referred to by all who wish to refresh their memories regarding individual students and to recall outstanding events of the session. The publication of this annual year-book is a service rendered by the students to one another and to the University, and I wish them to know that I am grateful for it.

More than thirty years ago, the Carnegie Foundation for the Advancement of Teaching appointed a Commission to make a survey of education in the Maritime Provinces of Canada. In the course of its report the Commission said that the youth of these Provinces "has no superior in natural equipment; he deserves a thorough, modern education that will carry its own conviction in any part of the American continent". I concur most heartily in that complimentary judgment of the young people who come here to continue their studies, and I trust that they on their part feel that Dalhousie is endeavouring, to the limit of its resources, to give them an education of which they will never have reason to feel ashamed.

I shall always follow the careers of this year's graduates with cordial interest.

President.

# STUDENTS' COUNCIL

GORDON McCONNELL,

President of the Dalhousie  
Students' Council.

The time has come again for the President of the Council of Students to review the year's activities of the student body and various student organizations. Unfortunately, early printing dates force omission of reports on many activities of the latter part of the second term.

Although initiation started out well this year, a misunderstanding arose between the Initiation Committee and the Senate Committee as to procedure, and it was felt that, in the best interests of all concerned, the welcoming program should be carried out under the supervision of the Students' Council.

Many events crowded the fall schedule. The Glee Club's presentation of "As You Like It", and W.U.S.C.'s Indian Caravan were two of the main productions.

In sports, the girls proved to be champion tennis and ground hockey players. The Canadian Football team reached the finals, and the hard-working English Rugby players carried Dal's colours well in their games. The Varsity hockey team, benefiting from previous experience in the Junior Varsity League and the use of their own rink, played excellently.

The girls' basketball team has played very well, but the boys have not done as well in their league, probably because they lack a nucleus of veteran players. More experience should increase their confidence and ability, however.

One of the most important aspects of Dalhousie sports activity, the inter-faculty competition, has aroused more interest and keener participation this year than it has for some time. Use of better grounds and good student spirit have fostered this growth.

The most successful dance of the fall term was the Junior Prom.

Dalhousie students were hosts to several conferences this year, among them the Maritime CUP and the MIDL conferences. Debating continued to be active under Sodales.

A weekly, six-page Gazette replaced last year's bi-weekly, four-page paper. Increasing interest in the Gazette was indicated by a buzz of activity around the office and an improved standard of newspaper.

Interest in the Dalhousie Radio Club was also keen, and the organization shows great promise for next year.

Early in the New Year the Inter-collegiate Blood Drive was held, but Dalhousie's results were not as good as they should have been.

The Rink Rats and W.U.S.C. staged an excellent musical revue, "Singin' In the Seine", in January.

Seven entries in the Connolly Shield competition revealed greater interest in dramatic activity on the campus.

Delta Gamma carried out its activities among the girls, staging its annual Sadie Hawkins' Week and Open House.

Much credit for the maintenance of these activities which foster unity among students in various fields of study must go to the hard-working Council. In the final analysis, however, the students who accepted campus positions and committee appointments, and each student who participated in these various functions contributed to their success. Many thanks must go to Barbara Davison, our Vice-President, for the many hours spent in student affairs and the excellent results received.

In closing may I express my best wishes for a successful year to the '54-'55 Council.

# THE DALHOUSIE GAZETTE

*Canada's Oldest College Newspaper*

Fred Lister, *Editor-in-Chief*

The Gazette launched into the 1953-'54 year with a six-page weekly issue and met with immediate and pleasing success from the beginning.

The new, enlarged page has given much more freedom for original layouts which, when coupled with the efforts of an excellent staff, has resulted in a bigger and better Gazette than ever before.

Among the leading stories of the year was the threatened expulsion of the Gazette from the Canadian University Press Association for non-payment of dues and the Dalhousie Students' Council financial difficulties.

The Gazette again held its annual dance in the gymnasium, a dance which displayed many entertainment features found at no other dance on the campus. The Gazette was also host to the Atlantic region Canadian University Press Annual Conference, and at the same time played a "grudge" basketball game with the staff of our friendly rivals the Acadia Athenaeum.

The year 1953-'54, with a lot of hard work by an extremely competent staff, has seen "Canada's Oldest College Newspaper" maintaining its position as a publication befitting the University of which it is proud to be a part.

# *SINGING IN THE SEINE*

SPONSORED BY W.U.S.C. AND RINK RATS

DIRECTED BY DAVID PEEL AND GRAHAM DAY

# GLEE CLUB

PRESIDENT DAVID PEEL

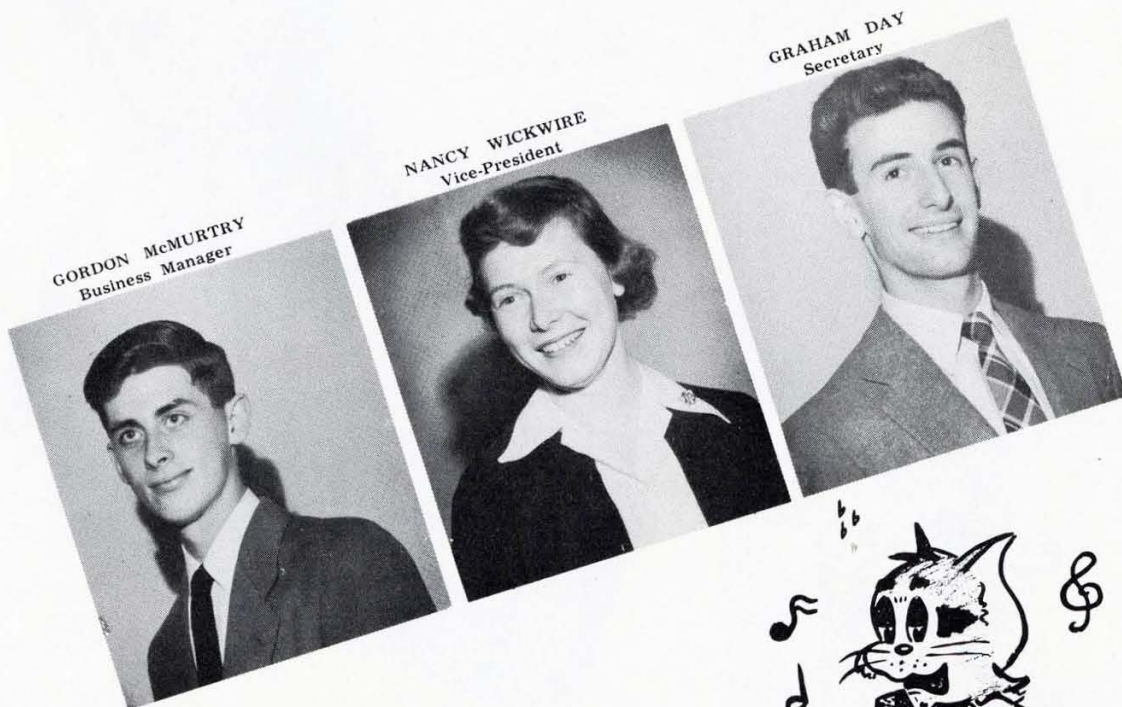

The Dalhousie and Dramatic Society presented "As You Like It" in November, the first Shakespeare performed in three years. It was presented in an Elizabethan atmosphere, with a minimum of staging, and later the production left for Truro.

After Christmas, the D.G.D.S., sponsored by W.U.S.C. and the Rink Rats, presented a Parisian revue, "Singing in the Seine". This took the place of the Black and Gold Revue.

The Connolly Shield Competition, January 27 and 28, sponsored by the D.G.D.S., had eight entries, the largest number in many years.

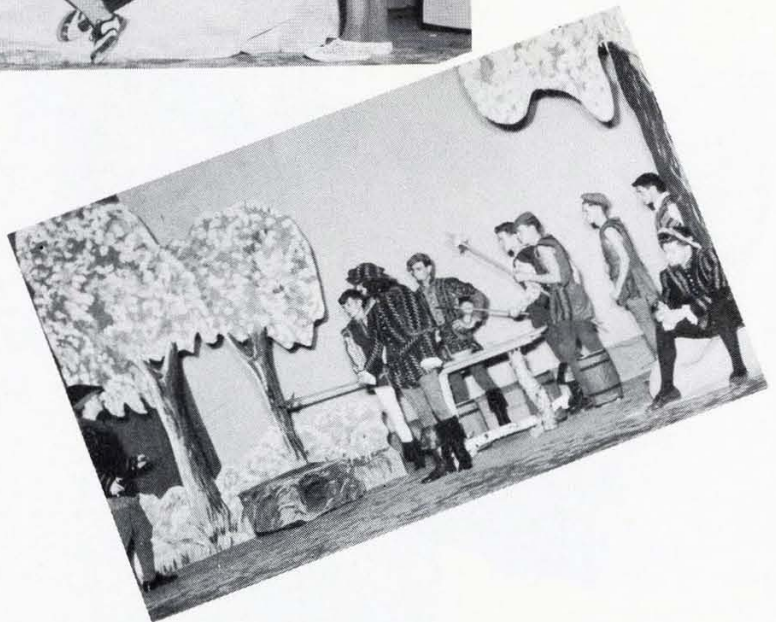

"The Gondoliers", by Gilbert and Sullivan, was the major effort of the year. This difficult operetta took much time and work from the performers. Presented in the last week of February, it too went to Truro.

A vote of thanks must be given to H. L. Pigot, to whom the success of "As You Like It" was due, and "bouquets" to the soloists and Prof. Hamer for "The Gondoliers".

#### ENGINEERING SOCIETY

Left to right: Dexter Kaulbach, John Brown, Jack Dawson, Jack Fawcett (Pres.).

The highlights of the year for the boys from the "Shack" have included the "Hayloft Jamboree", the Annual Banquet and the magnificent Engineers' Ball. Home and home basketball and hockey series were held with the Acadia Engineers. On the local scene the engineers participated in all inter-fac sports, winning the cross country race. All in all the engineers had a very successful year.

#### ARTS AND SCIENCE SOCIETY

Left to right: Stuart MacKinnon, Dave Peel (Pres.), Anne Thompson, Helen Scammell.

This has been an outstanding and significant year for the Arts and Science Society.

This year the Society donated the MacKinnon Memorial Trophy in memory of the late Neil MacKinnon. It was presented to a member of the Varsity Football team, who in the eyes of his fellow students, held the high quality of clean sportsmanship, effort and integrity that was so much a part of Neil MacKinnon.

During the annual Arts and Science dance held Jan. 15, Betty Morse was crowned queen of the Society.

A special drive was made by the treasurer to encourage the sale of the Society pins which was met with great success. As in former years the reputation of the Society was retained, due to the great effort of our inter-faculty debating team.

#### COMMERCE SOCIETY

Left to right: Bill McCurdy, Janet Dawe, Larry Doane, John Cook, Ted Irwin (Pres.), Richard Brookfield.

The Commerce Society experienced a very successful year. The social activities were among the most enjoyable of the year, particularly the Sweater Dance, where Miss Sheila Piercey was chosen Sweater Queen. Discussion groups were again presented this year with prominent speakers taking part. The Society still found time to organize teams in inter-faculty basketball, rugby, hockey, and runners in the cross country race. Debating was also of interest to the Commerce Society.

## LAW SOCIETY

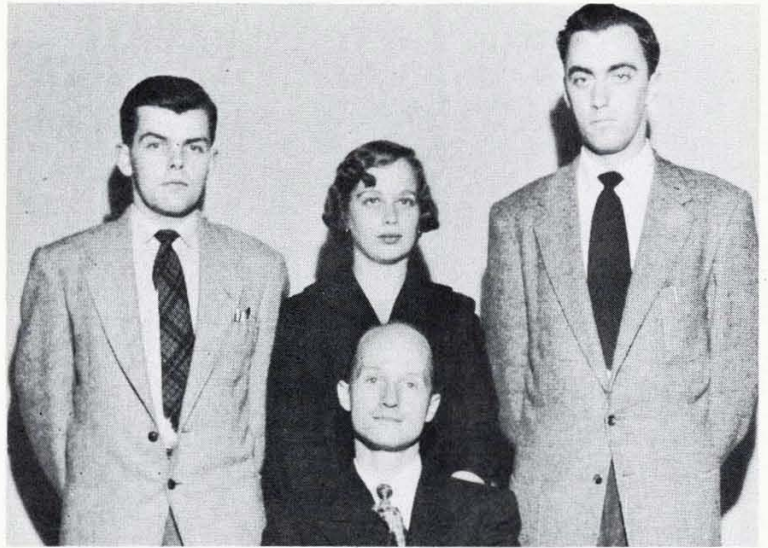

Left to right: Allan Sullivan, Frances Smith, Turney Jones, Jim Fogo (Pres.).

1953-54 has been an active year for the Law Society. The Mock Parliament, the Moot Courts, and the Smith Shield Competition were held and run off in a most successful manner.

Inter-faculty teams in rugby, basketball, hockey and debating were sponsored by the Society. All the teams did well, with the rugby team winning the Inter-faculty rugby championship.

Prof. Parry, of Cambridge, and Dr. Corry, of Queens, were among the guest lecturers and the Hon. George Drew, M.P. spoke to the students under the co-sponsorship of the Law Society and the Progressive Conservative Club.

The Law Ball and the Poor Man's Law Ball were successful, and the activities for the year ended with the annual Banquet and Dance.

## DENTAL SOCIETY

Left to right: Samuel Newman, Jack MacNeilly, Donald Williams, Alan Stewart (Pres.).

Much interest has been shown this year in the Dental Society under the presidency of Alan Stewart, and his executive.

The Annual Ball was held in November, while the banquet was held at a later date in February. Both of the functions proved to be a great success.

On the inter-fac side the Dental Society faithfully supported their hockey and basketball teams, which as usual, kept up their high standards.

To our graduates, best wishes, and much success in the future.

## MEDICAL SOCIETY

Left to right: Ross Langley, Jack Fairweather (Pres.), Thomas Edgett, Helen Wilks.

The Society has enjoyed an exceptionally good year with excellent attendances at meetings, which proved stimulating both by Society activities, guest speakers and films.

Highlighting achievements has been the revival, organization and publication of the Dalhousie Medical Journal, a student publication with wide circulation in the Maritimes and to other Canadian Medical campi. Also the Medical Choir has been revived, and Medical inter-fac sports have been organized on their usual high plane.

Social activities were the Annual Medical Banquet and the Medical Ball. Both highly successful.

#### W. U. S. C.

Left to right: Elizabeth Goring, Donald Young, Laura Wiles, Sally Roper, (Chairman).

The W. U. S. C. committee has had twenty active members. To raise interest and money for a Health Centre in Delhi, India, the committee held an Exhibition and Sale of Indian Handicrafts, a dance, and an open meeting addressed by Ed Cohen, delegate to the Indian Seminar; published a Gazette issue and sponsored a musical revue. Lewis Perinbam, W. U. S. C. national secretary visited the campus to meet the committee.

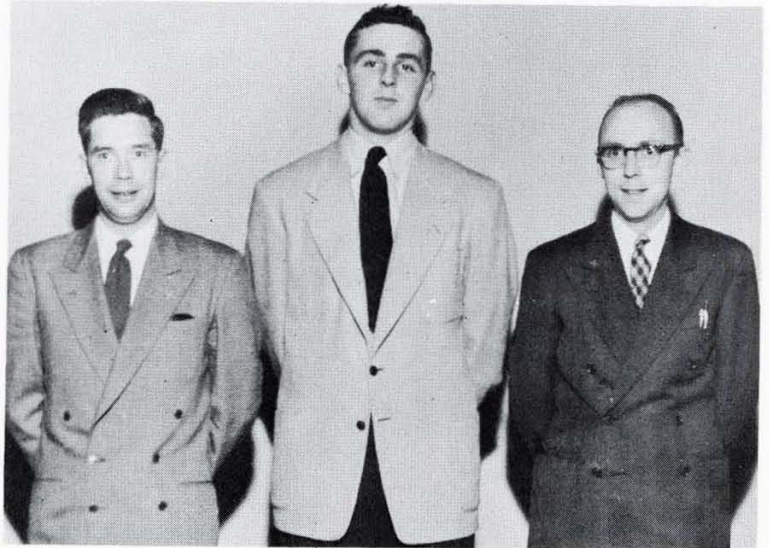

Plans are being made for summer study tours in Europe.

#### PHARMACY SOCIETY

Left to right: Bill Townsend (Pres.), Dick Judge, James Steeves.

This organization consists of all students registered in Pharmacy at The Maritime College of Pharmacy and at Dal. It is the smallest spoke in the big wheel of Dalhousie. We have teams entered in the various inter-fac sports competition.

The Annual Pharmacy Ball and Banquet was held this year at the Nova Scotian Hotel on Jan. 29. It was a huge success, but next year bigger and better things are being planned for the "Best Ball On The Campus".

#### SODALES

Left to right: Ben Douglas, Turney Jones, Jeanette LeBrun, Elizabeth Goring.

Sodales has had a good year. Twenty-four participated in competition for the Bennet Shield and intercollegiate debates were held with Acadia, King's and St. Dunstan's. Other debates were held on topics of current campus interest. Dalhousie was the executive of the Maritime Intercollegiate Debating League and played host to the M. I. D. L. conference held in October.

## STUDENT CHRISTIAN MOVEMENT

Left to right: Carl Abbot, Bryon Reed (Pres.), Alan Creelman, Les Stewart, Elizabeth Goring, Rilda Harris, Marigold Fry, Jane Burchill.

The purpose of the Student Christian Movement, is to make Christianity meaningful for students. It was formed twenty-nine years ago to take over the work of the Y.M.C.A. and the Y.W.C.A. on the campi of Canadian universities.

This year a philosophy discussion and a group which studied church doctrines were organized, as well as the study groups for Bible instruction.

A series of lectures on the meaning of worship was sponsored in the Chapel, and several guest speakers gave interesting talks at the informal meetings on Sunday evenings.

## INTER VARSITY CHRISTIAN FELLOWSHIP

Left to right: Ted Thurston (Pres.), Charles Agnew, Pearl Hazen, Mary Isherwood, Darcy Puddington.

The Inter Varsity Christian Fellowship exists on the campus to strengthen and deepen the spiritual life of the students; and to emphasize the missionary responsibilities and privileges of every Christian. Weekly Bible Study groups and daily meetings were held on the Forrest and Studley campi. Monthly meetings with special topics, speakers and films were open to all students. Several fellowship gatherings, including a day at Grand Lake in the fall, were also held. Our Dalhousie Chapter also participated in an I. U. C. F. Maritime Spring Conference. Membership is open to all.

## NEWMAN CLUB

Left to right: Dennis Madden, Jim Lewis, Murray Webb, Jim Donahoe, Robert Flinn, Nancy Hanrahan, Joan Hennigan, Terry Gillespie.

The Dal-Tech Newman Club is an organization of the 275 Catholic students registered at Dal and N. S. Tech. Its purpose is to provide for the spiritual, intellectual, and social development of its members. Meetings are held every Sunday evening at 8 p. m. in the old St. Mary's College building on Windsor Street. The club chaplain is Rev. Father Lloyd Robertson.

In addition to its regular monthly Communion Breakfasts, a three day mission was held for its members, with Rev. W. V. MacCarthy, of Woodside, N. S. as special speaker.

Intellectual activities included a series of six lectures and discussions on apologetics conducted by Father Stewart, S.J., and a series on medical ethics conducted by a panel of local doctors.

Social activities included the weekly get-togethers after each meeting as well as the annual square dance on November 18.

#### GRADUATE STUDIES

Left to right: David McCurdy, Murray Fraser, George Cross, (Pres.), Joan Cahill.

The monthly meetings of the Society were held regularly this year with a good percentage of the graduates attending. At these meetings, panel discussions were held on the "Value of A College Education", and on occasion speakers enlightened the group. An interesting lecture was given by Prof. C. L. Bennet, on the topic "New Zealand".

#### MIDLOTHIAN CLUB

Elizabeth Goring (Pres.), Nancy Fraser.

Midlothian is an organization which meets fortnightly in Shirreff Hall on Monday evenings for the purpose of reviewing and discussing books. The society is named in honor of the Earl of Dalhousie whose home was in Midlothian, Scotland. Each member takes her turn in discussing any book that she feels will be of interest to the group. Periodically, the regular procedure is varied when guest speakers, usually professors, review a book of particular interest.

#### SHIRREFF HALL

Left to right: Jeanette LeBrun, Anne Thompson, Bobby Kelly, Heather Hope, Dorothy McIntosh, Elaine Woodside (Pres.), Laura Wiles, Sally Forbes—missing.

"House Committee", as it is usually called, is a democratic society which guides the destiny of all those girls who in any way, violate the rules of the House. It is the honour system, and no grudges are held. This Committee plans the Hall Formal and the Christmas Party which are held annually. It is with gratitude that we thank those who watch over us at the "Hall".

### DELTA GAMMA

Left to right: Jean Ross, Mary Ann Lohnes (Pres.), Jean Scriven, Elsie Lane, Jeanette LeBrun, Nancy Wickwire.

The year '53-54, has been a very successful one for Delta Gamma, an organization on the Campus to which all women students belong. This year Delta Gamma was under the Presidency of Mary Ann Lohnes, with Jeanette LeBrun as Secretary.

The functions of the organization includes the Big Sister project, and Open House at Shirreff Hall in November.

During the year, Delta Gamma sponsored a team in the Inter-Faculty debating, and also in the Connolly Shield competition. Delta Gamma also sponsored the annual Sadie Hawkins week, which was held in the last week in January.

### SOCIOLOGY CLUB

Left to right: Maxwell Clattenburg (Pres.), Joan Venner, Marion Hudson.

The Sociology Club was re-organized for its '53-'54 activities on October 28, 1953.

Dr. Prince, the Honorary President, acquainted the new students with the nature of the club and something of its long history.

The November meeting had as special speaker Miss Marion Burns, R.N., who was one of two Canadian nurses asked to sit in the Abbey at the Coronation. She gave a vivid word-picture of the proceedings.

At the next meeting, January 25, Mr. Peter Jangaard will show slides on Norway.

### CERCLE FRANCAIS

Left to right: Prof. Chavy, Judy James, (Pres.), Eleanor Ritcey, Ted Rountree, Madame Chavy, Prof. Aikens.

This Club, organized by and for the Dalhousie French students, has been very active during the year 1953-54. At the meetings, the students participated in songs and games—all in French—which were led by the President, Prof. Chavy and Prof. Aikens. They also enjoyed many French movies shown at their monthly meetings. A Christmas meeting was also held, the highlight of the evening being, the singing of French carols. Much interest has been shown by the students in the club year, and we hope they will continue to show as much enthusiasm in the year 1954-55.

#### DAL RADIO COMMITTEE

Left to right: Matthew Epstein, Ken Stubington, John Mercer, Nancy Hanrahan, Russ Hatton (Chairman).

The Dalhousie Radio Committee has aimed this year for a strong organization and to introduce to radio-minded students the various fields of radio programming which include administration production, script-writing, announcing, news broadcasting, musical and dramatic presentations, technical operations and public relations.

In addition to the regular D-day activities the Dalhousie Radio Committee successfully planned and produced a series of programs over the Maritime Network of the CBC entitled "DALHOUSIE THROUGH THE DECADES!" The P. A. system was also in operation.

#### CHEERLEADERS

Left to right: Jill Wickwire, Carolyn Fleming, Gwen MacDonald, Anne Stacey, Ann Rainnie, Ann Rayworth.

The cheerleaders this year deserve much credit for their faithful support of the Dalhousie Football team. They added much color to the games as well as initiating enthusiasm from the grandstands. It was felt this year the fans were more responsive and co-operated, and it is hoped that next year will bring forth even more spirit.

#### RINK RATS

Left to right: Jack O'Neil (Chairman), Jim Fogo, John Nichols, Sarah Pullen, Betty Morse, Anne Stacy, Sheila Piercing.

The Rink Rats, now in their fifth year of operation are still striving towards the reduction of the ten thousand commitment to the Dalhousie Memorial Rink.

This year the Rink Rats were the people behind the scene in the Gazette Midway Dance, and in collaboration with W. U. S. C. produced the big revue, "Singing In The Seine"—. This production proving to be a big success.

The Nova Scotia Intercollegiate Golf Championship was held at the Brightwood Golf and Country Club, Dartmouth, with Dalhousie carrying off top honors. The Dalhousie team, led by Lea Windsor, former Canadian Junior Champion, and Doane Hallett, ex Maritime Junior Champ, defeated St. F.X., the defending champions, by the margin of one stroke. The Antigonish bid for the title was spearheaded by George Arsenault, Cape Breton professional, and "Lugs" Rae, well known Xaverian athlete. The team from Acadia, while finishing third, turned in a very creditable performance, finishing a mere ten strokes behind St. F.X.

This tournament, inaugurated by Dalhousie two years ago, has drawn considerable interest in other Maritime Colleges and it is hoped a competition for the Maritime Championship will become a reality in the near future.

MAKE DELIGHTFUL EATING

**ATHLETES  
EAT NEILSON'S  
JERSEY MILK  
CHOCOLATE  
FOR ENERGY**

It is a striking fact that many of the outstanding athletes train on chocolate because it is a food and an energy producer.

Chocolate is a creator of vigor and nerve force and supplies the body with that extra energy—that added punch—that is necessary to win.

Jersey Milk Chocolate is the finest of all milk chocolate. Experts say the habit of eating a bar of Jersey Milk Chocolate every day is a healthful one to form.

# LEARNING BY DOING!

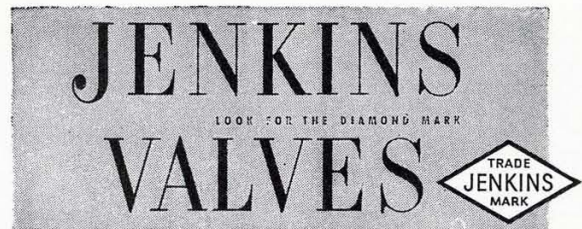

It's experience that counts! That's the reason for Jenkins' leadership. More than half a century of practical experience has gone into the manufacture of Jenkins quality valves — making them the longest-lasting, lowest-upkeep valves money can buy.

You can gain valuable experience yourself, by profiting from the knowledge of others. Follow the lead of thousands of Canadian industries. Relying at first on the fine reputation of Jenkins Bros. — they have now learned from actual experience that valves bearing the famous Jenkins diamond trade mark give extra long trouble-free service!

## REMEMBER THE NAME JENKINS...

— and forget valve worries! Consult us on any problem concerning valve selection, installation or maintenance.
