IT'S DONE

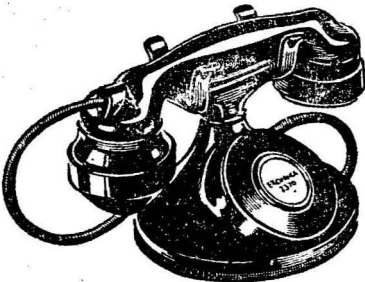

JUST LIKE THAT!

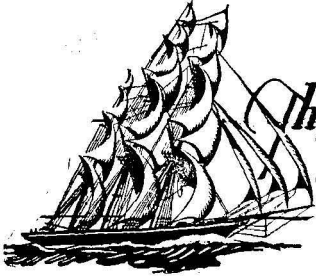

Dispatching business matters is only a matter of seconds —when it's done by Long Distance Telephone. If you use Station-to-Station Service it's even quicker...and the cost is far less.

Of particular interest to business men is the savings that can be effected by using Station-to-Station Service. By asking for a telephone number instead of specifying a certain person, you can often effect savings up to 40 per cent. The average saving per call is approximately 25 per cent.

The economy of Station-to-Station Service is making it possible for business men to make wider and better use of Long Distance than ever before. Your Long Distance operator will gladly provide you with any information you want about this speedy, money-saving service.

EATON **Made - to - Measure** **CLOTHES**

There's a story behind the outstanding success and popularity of EATON Made-to-Measure Clothes... a story of intelligent styling, careful buying and selection of materials, as well as painstaking workmanship.

But it takes more than this to make EATON Made-to-Measure Clothes the success they are... it requires the taking of individual measurements by experienced fitters... skillful hand-cutting of fabrics... expert shaping, padding and pressing that is designed to assure a full measure of satisfaction.

Many discriminating men... to whom Style is important... have come to rely upon EATON Made-to-Measure Clothes, because they get the type of casual comfort (along with smart styling) which they demand, and still pay only a modest price for their clothes!

The word **ACCIDENT** is defined in the Oxford dictionary as a happening that is unforeseen, unexpected, or chance. Here is a list of a few of the accidents (picked at random) which occurred in Canada in August.

Montreal, Que., Aug. 27—During a fire, which occurred in his shoe-shine parlor while he was cleaning a hat, Rene Wilson was badly burned about the hands and face.

Charlottetown, P. E. I., Aug. 21—Tumbling 30 feet from a third-storey hotel window, Dolph Dorion was fatally injured.

Brandon, Man., Aug. 20—Mrs. A. B. Knowlton had her left eye so severely hurt when it was struck by a golf ball that removal was necessary.

Kenora, Ont., Aug. 26—Constable Terry W. Higgins is suffering from poisoning in his arm from a bite on the hand by a large spider.

Sturgis, Sask., Aug. 17—Tossed several times by a bull, Nick Toma had his arm broken, his chest crushed and ribs smashed before he was able to get clear of the animal.

Rosseau, Ont., Aug. 14—Postmaster H. F. C. Jones suffered a burn on his arm and was momentarily blinded when a letter which contained toy caps exploded as he was stamping it.

New Westminster, B. C., Aug. 17—W. Williamson, Surrey, was run down by his own car and suffered injuries to his legs, when it suddenly started as he lay beneath, making adjustments.

Winnipeg, Man., Aug. 18—When part of a fire-escape at J. L. Morton & Co.'s plant fell, two workmen suffered head and back injuries. They were sitting beneath it eating their lunch.

Innisfail, Alta., Aug. 17—Frank Carpenter was fatally burned when he became victim of a strange accident. As he lit his pipe while mixing weed killer, powder from the chemical on his clothing was ignited.

If accidents are pure chance does it not follow that anyone of us may be the next victim. We cannot prevent the accident, but by means of our accident insurance policies we can prevent you suffering heavy financial loss. You can get a good accident policy for \$25 a year and upwards. You Buy Roads, Too!

WHEN you buy gasoline, you also buy roads over which to drive your car.

Approximately one-fifth to one-third of the price you pay goes directly to your Provincial Government in road tax.

Twelve years ago there was no gasoline tax. Today the tax ranges from six to eight cents per gallon. And yet the cost of gasoline to you is no more because during those twelve years the price of gasoline has been steadily reduced.

Imperial Oil played a leading part in the developments that made lower prices possible. But lower prices were not achieved at the expense of labor. Imperial Oil employees have always been well paid. They work under ideal conditions. They have sickness and death benefits and pensions plans to protect them and their dependents. Five thousand of them are part owners of the Company.

They are given every incentive to work efficiently and happily. The result has been better gasoline at lower and lower prices.

SUGAR—that important article of diet

SCIENTISTS go on record and say—that a pound of sugar contains three times as many calories—units of food value, as a pound of eggs or raw potatoes, and nearly three hundred more calories than a pound of roast beef: also that it is ten times more quickly digested than starch foods. The nitrogen retention of such protein foods as meat, fish, eggs and milk is increased when eaten with sugar

NOVA SCOTIA

A Sanctuary

In his book "At Home and Abroad" the Right Honorable Ramsay Macdonald says of Nova Scotia:

"Nova Scotia without its past would be attractive as a playground: with its past it is alluring as a sanctuary."

The annals of Nova Scotia are replete with romantic and adventurous story. That is one of the many reasons why this Province is a land of pilgrimage for all time, beloved for its natural beauty and for the romance of its history.

To meet the demand from abroad for data on the traditional background of the Province and various centers therein we have published a booklet entitled:
