

Overseas Craftsmen at **Work in NOVA SCOTIA**

DRAWING upon the centuries-old skills of their native lands, European industrialists have been quick to realize the profitable possibilities of Nova Scotia. They've come to this old province by the sea to secure spacious and valuable tide-water sites at nominal prices—to set up shop and serve the growing Maritime Provinces market of \$650,000,000 annually, as well as to export their wares to the leading world ports.

Get in on this new era of progress and expansion. Come and join those who have found prosperity in New Scotland.
