

CANDID SNAPSHOTS

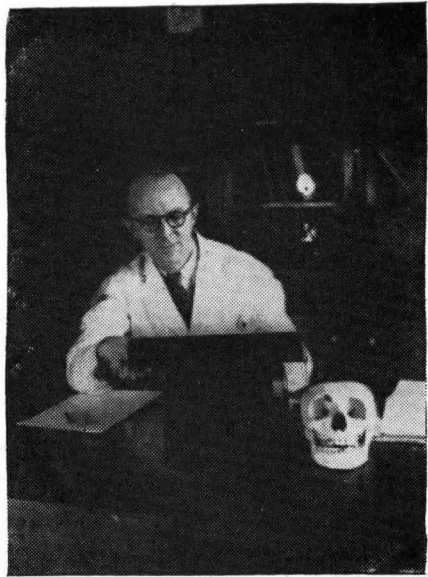

*One cannot be too dogmatic
since the average is not al-
ways the normal.*

H. B. ATLEE
Professor of Obstetrics and Gynaecology

*Just another lesson in
careful observation.*

Photography by J. I. Morrison, '40.

DONALD MAINLAND
Professor of Anatomy

*“Every woman who bleeds
irregularly, from the cradle
to the grave, has cancer un-
til you can prove that she
hasn't.”*

E. GORDON YOUNG
Professor of Biochemistry
