INTRODUCTION.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in the Dominion.

A Provincial Act incorporating the Governors of King's College received the royal sanction in 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approbation "all Statutes, Rules and Ordinances" of the Board of Governors are subject, but King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any Faculty with the exception of Divinity.

In 1871 a Curriculum was issued for a course of Civil Engineering, and the University has subsequently granted Degrees and Diplomas in that science, as well as in Arts, Law and Divinity.

A few changes have occurred, and some progress has been made since the publication of the last Calendar.

The failing health of Dr. Stiefelhagen compelled him to resign the Professorship of Modern Languages, the duties of which office he had performed with zeal and efficiency for many years. The friends of the College will be glad to know that the appointment of Professor DeFourmentin to the vacant chair has proved most satisfactory.

After many years of faithful service the Rev. J. C. Cochran, D. D., has retired from the office of Secretary to the Board of Governors; Charles H. Carman, Esq., has been appointed his successor.

The new Collegiate School, erected on the site of the old building, which was burnt down in 1871, will be opened for the reception of pupils in October.

The corner stone of the new Chapel, which Edward Binney, Esq., is generously building at his own expense, was laid by him at the last Encænia. The Chapel will be ready for Divine Service in Michaelmas Term.

The following have been the Examiners for the past year, outside the Faculty of the College:—

BISHOP'S PRIZE:

Rev. Canon Maynard, M. A.
Rev. J. Ellis.

MCCAWLEY HEBREW PRIZE:

Rev. J. L. Keating, M. A.

GENERAL WILLIAMS' PRIZES:

H. S. Poole, Esq., M. A., F. G. S., &c., Inspector of Mines in Nova Scotia.
J. Rutherford, Esq., Member of the North of England Institute of Mining and Mechanical Engineers.
C. E. Keating, Esq., City Engineer, (Halifax).

DIVINITY:

Rev. Canon Maynard, M. A.
Rev. John Ambrose, M. A.

All the information for candidates for admission may be gathered from the pages of the Calendar.

UNIVERSITY,

King's College, Windsor, D. S.

THIS University was originated and recommended by a Committee of the House of Assembly, November, 1787. It was founded by Act of Parliament in 1788, under the title of "King's College, of Nova Scotia," and a Royal Charter was granted by King George III. in 1802.

Students.

There are three classes of Students admissible to the College :

- 1.—Matriculated Students in Arts :—
- 2.—*Matriculated Students in Civil Engineering*: for requirements see school of C. E. further on.
- 3.—*Elective Students*: who desire to attend during an Academic Year or Term, one, two, or more courses of Lectures.

MATRICULATION IN ARTS:

Every Student presenting himself for Matriculation shall be required to pass an examination in the following subjects :—

I. CLASSICS.

THE GREEK AND LATIN LANGUAGES.

One Greek and two Latin Books, to be selected and published by the College Board one year in advance. Latin Prose Composition.

NOTE.—By a “book” shall be meant one division of an author’s work. For example, one book of Homer’s *Odyssey* shall mean any one book out of the twenty-four into which the poem is divided.

II.—MATHEMATICS.

ARITHMETIC.

The ordinary Rules of Arithmetic: Vulgar and Decimal Fractions.

ALGEBRA.

Addition, Subtraction, Multiplication, and Division of Algebraical quantities.

GEOMETRY.

The First Two Books of Euclid.

III.—THE ENGLISH LANGUAGE.

Orthography: Writing from Dictation: The Grammatical Structure of the Language.

IV.—THE FRENCH OR THE GERMAN LANGUAGE.

(At the option of the Candidate.)

One passage from some author for translation into English. The College Board to select the work and publish the name one year in advance.

Candidates shall not be approved by the Examiners unless they pass in *three* of the above subjects, of which Classics shall be one.

It shall also be necessary to pass in Arithmetic.

Subjects for 1877--78 :—

Homer: *Iliad*. I. or Xenophon, *Anab.* I.

Cicero pro Archia, and Horace. Odes I.

Latin Composition: Arnold’s Introduction to Latin Prose, to the end of the Passive Voice, and translation back again into Latin of a plain English version from the Latin of some easy author.

French: Charles XII., Voltaire, Book I.

German: Adler’s Reader, Part I.

Matriculation in Engineering the same as in the School of Arts with the omission of the *Classical Subjects*.

Matriculated Students are required to attend the Lectures and Examinations in all the Departments of their course, and to procure from each Professor a certificate of attendance, without which they will not be allowed to proceed to the Examination held at the end of every term.

ATTENDANCE AT LECTURES.

Attendance at all Lectures, except those which shall be announced as optional, shall be compulsory upon all Under-graduates.

Professors will note upon the Lectures Attendance List the presence or absence of students immediately before beginning the exercises of the class: any Student entering thereafter will be registered as absent, unless a satisfactory explanation be given to the Professor.

No Student shall be allowed to absent himself from any Lecture except by special permission, obtained from the Professor.

COURSE OF STUDY.

The object aimed at is to secure a good general education for all Matriculated Students, while every facility is afforded for the prosecution of special studies. Accordingly, every Matriculated Student, except under peculiar circumstances to be approved of by the College Board, is required to attend the Lectures of all the Professors until he has passed his Responsions, which is generally done in the sixth Term of residence. After this he is at liberty to select two or more of the subjects lectured on to form the subjects of his B. A. Examination. If the student is desirous of taking Honours at his B. A. Examination he can do so in any one of the subjects lectured on after passing the ordinary Examinations. The precise Regulations will be found under the head of Examinations.

Students who do not intend to take the degree of B. A. are permitted to attend the lectures of any of the Professors subject to all the usual Regulations.

The schemes of Responsions and B. A. Examination will afford a general idea of the usual Curriculum, which, within certain limits, is varied as circumstances require.

Paid by the Society for the Propagation of the Gospel in Foreign Parts; open to Students for Holy Orders, actually requiring assistance, and subject to the control of the Bishop of the Diocese.

Ten in number.—£30 Sterling per annum.

THE BINNEY EXHIBITION.

(£16 Sterling per annum. Open to students in indigent circumstances, and of exemplary conduct.)

In the year 1853, Miss Binney, sister of the present Visitor, and daughter of the late Rev. Dr. Hibbert Binney, in the name and on the behalf of her father's executors, handed over to the Governors certain stock, amounting to \$1,000, to found an Exhibition at King's College, to be called the "Dr. Binney Exhibition," in memory of her said father.

The design of this Scholarship is to assist poor Students who may require assistance, and who shall have commended themselves by their exemplary conduct, although their abilities and acquirements may not qualify them to be successful competitors for an open scholarship.

TERMS.—On or before the last day of May, in every year, the College Board shall nominate two Students, in their third term, at the least, whom they may deem best qualified, having regard to their poverty and the excellence of their characters: and the President shall forthwith transmit their names, together with a brief statement of their claims, to the Visitor, who shall select one of them to be the Exhibitioner, and

to receive the interest accruing for the following year, commencing July 1st. Or at his discretion, if he considers the claims of the two nominees to be equal, or nearly so, the Visitor may adjudge that the amount be divided between them.

THE ALMON WELSFORD TESTIMONIAL.

WILLIAM J. ALMON, Esq., M.D., has endowed King's College with \$400, the interest of which is to be appropriated as a prize to be competed for every June, by matriculated students, in their first year of residence. The prize is to be presented by the President in the College Hall, on the anniversary of the attack upon the Redan, in which Major WELSFORD fell—on which day, in every year, his gallant and loyal deeds are to be commemorated in Latin. (N. B.—Day changed to first Monday in Michaelmas Term.)

THE AKINS HISTORICAL PRIZE.

T. B. AKINS, Esq., D. C. L., Barrister-at-Law, and Commissioner of Public Records, has vested in the Governors, as Trustees, a sum of money sufficient to found a Prize of Thirty Dollars, annually, for the best Paper or Essay on the County History of Nova Scotia, embracing matter derived from local records, and traditions relating to the early and progressive history of each County. The Essays must be given in to the Secretary of the Governors on or before the 1st of June, 1878. The decision on the merits of the Essays to rest with the Governors, or such persons as they may appoint, and to be announced at the Encœnia in June.

Each Essay to be distinguished by a motto, and to be accompanied by a *sealed* paper, bearing the same motto on the outside, and containing the name of the writer. The subject for 1878 is the County of Colchester.

The Essays when given in are the property of the College.

THE GENERAL WILLIAMS PRIZES.

- Three of \$60 each, annually, during His Excellency's life, for the best scholar in—
- 1.—Mining and the Science of Mineralogy as it bears practically on these operations.
 - 2.—Mechanics and Civil Engineering as they bear on all matters relating to railroads, motive power for them, and all other modern aids to the human hand.
 - 3.—Languages of Modern Europe—German, but more especially French, as the almost universal medium of communication in Europe.

His Excellency has decreed that should no candidate be found duly qualified, the amount in that case, in any year, shall be applied to the purchase of books in the department for the College Library.

TERMS.

I. The Williams Prize in Mineralogy applied to Mining.—The preparation for such competition shall be, in addition to a brief sketch of Geology, a study of the general principles of Mining, and of specimens of metals and minerals, particularly the

natural products of the British North American Provinces, such as ores of gold, copper, iron and other metals; coal, antimony, gypsum, manganese and other useful minerals. The Candidate shall be required to produce satisfactory certificates of attendance and attention, at Lectures on chemical physics and inorganic chemistry either in the College or elsewhere, in addition to the like satisfactory certificates of attendance at the special Lectures by the Professor.

II.—The Williams Prize in Engineering.—The course of study preparatory to this competition shall embrace *first*—that part of Engineering comprehended under the general name of Engineering Geodesy, which depends upon Geometrical principles alone, such as surveying, both with the chain and by angular measurements, levelling, setting-out works, copying, enlarging and reducing plans, together with a philosophical account of all the instruments used in these operations. *Second*—a summary of the principles of stress, stability and strength. *Third*—the principles according to which structures are combined into extensive works of Engineering, such as roads, railways, natural and artificial water channels, inland navigation, tidal and coast works.

III.—The Williams Prize in Modern Languages.—The course of study preparatory to this competition shall embrace at least French and German. French must be known grammatically, and must be correctly pronounced. Some knowledge of the best authors must be displayed. Facility in writing the language must be shown, and a readiness and fluency of conversational expression. Similarly in German, but with excellence in one language, mediocrity in the others will be tolerated. Provided always, that no Student shall succeed without passing a really good examination in French.

The system of examination pursued in deciding for the prizes, shall be as uniform as possible throughout them all.

THE STEVENSON SCHOLARSHIPS.

(Three of \$80 each).

THE REV. J. STEVENSON, M. A., (sometime Professor of Mathematics in King's College) lately deceased, has left a sum of money for the purpose of founding THREE SCHOLARSHIPS, tenable for two years, and open to Matriculated Students in their second year of residence.

REGULATIONS FOR STEVENSON SCHOLARSHIPS.

1. These scholarships shall be competed for in the month of October, and shall be open to all matriculated students in their second year of residence.
2. No student shall hold more than one of these Scholarships; and in the event of two being vacant at the same time, they shall be awarded to the first and second candidate on the list who shall have attained the proper number of marks.
3. No student shall be admitted as a candidate who is not prepared to undergo an examination in at least two of the Departments recognized in the Professorships, and who cannot produce satisfactory certificates of moral conduct.
4. No Scholarships shall be awarded to any candidate who shall not have made at the examination 50 per cent. in two Departments.
5. In arriving at a decision on the merits of the candidates, the following shall be assigned as full marks in the various subjects named; but no subject shall count in which less than 25 per cent. shall have been obtained; and subjects limited to those making up 800 marks.

MCCAWLEY SCHOLARSHIP.

This Scholarship is given out of the Interest of a Fund raised by Subscription for a Testimonial to the Rev. G. McCawley, D. D., on his retirement from the office of President.

1. The competition shall be confined to matriculated undergraduates who have completed their first year of residence.

2. The examination shall be conducted by the Reverend the President, assisted by such other person as he shall appoint for the time being, either within or without the University, as assessor.

3. The examination shall be confined principally to such classical works as the President shall have appointed at the beginning of the Michaelmas Term preceding, and shall include the translation, grammatical construction and relation to the context of the passages selected, together with such critical and taste papers in prose or verse as may be set at the examination.

4. The examination shall be subject, in respect of the number of marks required, to the general regulations of the University with reference to prizes and scholarships.

5. In the event of there being no competitors, or on failure in the examination, the year's interest shall be expended in the purchase of classical books for the library from a list selected by the President, having in view in the first instance the completion of a collection of the works of all the classical authors, and of the best editions of the respective works, whether English or foreign, and also of books illustrative of the same, at the discretion of the President.

In order to insure the receipt of the interest forming the prize prior to the time of the competition, and a due preparation for the examination, the first competition shall take place early in Easter Term, 1877, and the amount of one year's interest shall be given to the successful candidate at the Encœnia of the same year.

Only two meals are furnished, at 8 A.M. and 6 P.M. Those who require lunch can obtain it from the Steward at 5 cents per lunch.

The rooms are unfurnished, so that a small outlay is required at entrance, to be made by each Student, so as to suit his own means and tastes.

When two Students live together, which is the usual arrangement, the expenses for fuel and furniture is greatly diminished, and the cost of Board, &c., in College may be set down at about \$4.00 per week.

Students are also permitted, on proper application, to board out of College in any place approved by the College authorities.

Nominations.

The following is the form of Nomination for a Student to pass through the University, free of fees, and must be addressed to the Secretary of the Board of Governors :

To.....

Secretary of the Governors of King's College, Windsor.

I do hereby nominate (A. B.) to pass through the University, free of fees, (except Library Fee)* by virtue of certificate No....., held by me.
(Date.) (C.D.)

In case of a joint certificate, the above form must be complied with, and the same must be signed by all holders.

Each nominee is exempt from the payment of yearly fees, amounting to \$180 for the three years' course, besides the fee for a B. A. Degree. There being some eighty certificates conferring this privilege, it is easy for Students to obtain it. If a scholarship is held besides, nearly the whole cost of the education will be covered.

 For holders of Nominations see former Calendars.

At the request of the Associated Alumni, nominated Students are required to pay the annual Library Fee of \$5, unless specially exempted on nomination.

1. That on death or transfer the certificate is to be delivered up, and a new certificate obtained.
2. That the right of nomination belongs to the executors, administrators, or assigns, of the original holder, and not to the heirs.

No nomination will be accepted which is not signed by the person or persons in whose name or names the certificate is registered.

* The words "except Library Fee," may be omitted.

Examinations.

TERMINAL EXAMINATION.

Every Student will be required to undergo an Examination at the end of each Term in all the subjects in which he has attended lectures.

Every Undergraduate, previous to presenting himself for any Terminal Examination, will have to obtain from each Professor, whose lectures he has attended during the Term, a certificate of attendance and good conduct.

No Professor will grant such certificate if more than two absences without leave, during the course of the Term, are recorded against the applicant, or if his conduct shall have been in any way reprehensible.

Such certificate will then be handed in by the Undergraduate to the Vice President previous to the beginning of the Examination, and no Undergraduate shall be allowed to present himself at any Terminal Examination, unless he shall have complied with these regulations.

The list of candidates who shall have passed the Terminal Examination shall be published in the hall, after the close of the examination. The names shall be arranged in the order of merit. *Any Student whose name does not appear in this list shall forfeit his examination.*

RESPONSIONS.

Every Matriculated Student is required to pass a public Examination called Responsions, for which he cannot offer himself until he has completed his fourth Term, and no Term after the sixth can be reckoned until it has been passed.

This Examination is held at the beginning of the Easter Term. The subjects are ordinarily as follows :—

1. Classics—Two Greek and two Latin Books, and Latin Prose Composition.
2. English Literature—Shakspeare, Richard III. ; Milton, Paradise Lost, Books I., II., III. ; Macaulay's Essays, Warren Hastings, Trench, Study of Words.
3. Divinity—One Gospel, or the Acts of the Apostles.
4. Mathematics—Algebra to the end of Quadratic Equations ; Logarithms ; Euclid, Books I., II., III., IV., VI., and Definitions of Book V.
5. Chemical Physics and Chemistry, Inorganic or Organic.
6. Modern Languages—any one :
 - French—The two first books of Charles XII. or an equivalent. The Etymology of the language according to Otto's Grammar.
 - German—The first part of Adler's Reader or an equivalent. The Etymology of the language according to Otto's Grammar.

B. A. EXAMINATION.

Undergraduates presenting themselves for examination for a Degree, shall be required to produce satisfactory certificates of attendance and conduct during the whole of the three years' course. The certificates must be signed by the various Professors whose courses of lectures they have attended, and no Undergraduate shall be allowed to present himself at any Degree Examination, unless he shall have complied with the above regulations. Or, if Undergraduates shall not have attended the whole time at King's College, they shall be required to produce similar certificates from the University they have attended.

The Examination shall be carried on mainly by written questions and answers, but the Examiners at all times shall have the power of examining *viva voce*.

A Public Examination for Degrees shall be held towards the end of Michaelmas and Easter Terms. Students shall not be permitted to offer themselves for this before their ninth Term, except those who intend to offer themselves for Honours, who may be examined in the Ordinary Degree subjects in their seventh Term, between the Responsions and this Examination. In such case, the Student must pass an examination in the Honour-subjects chosen by him before being admitted to a Degree.

Every candidate for a Degree must be examined on two days in at least three of the subjects on which lectures are delivered by the Professors, of which Classics or Mathematics must be one. The following (or their equivalents) are the subjects for an Ordinary Degree :—

I. CLASSICS :

Greek—Three Plays and one Book of Herodotus ; Latin—Horace, Epistles. Cicero de Oratore Prose Composition.

II. ENGLISH LITERATURE :

Shakspeare, Henry VIII., Macbeth ; Milton, Comus and Shorter Poems ; Macaulay's Essays ; Addison and Hallam's Constitutional History ; Formal Logic ; Composition of an English Essay.

III. DIVINITY :

Four Gospels, Bible History and Liturgy.

IV. MATHEMATICS :

Algebra (including Theory of Equations) ; Euclid, six Books ; Plane and Spherical Trigonometry ; Conic Sections.

V. CHEMISTRY :

Chemical Physics ; Inorganic and Organic Chemistry.

VI. MODERN LANGUAGES—Any one :

French—The forms and Syntax of the language according to Otto's Grammar. One half (either the 1st or 2nd) of the "Causeries Parisiennes" by Peschier, or an equivalent, to be correctly and fluently read and translated. Candidates must be able to translate ordinary English prose into French without serious errors, and show some readiness in conversation.

German—The forms and Syntax according to Otto's Grammar, Adler's Readers and some of Schiller's Poems. Easy prose to be translated into German, and some readiness in speaking to be shown.

All Candidates for Honours in any branch must first pass the Ordinary Degree Examination.

Every candidate for a Degree in Honours shall be examined in one or more of the following subjects at his own choice:—

I. CLASSICS:

Greek—Sophocles, three Plays; Thucydides, two books; Aristotle's Ethics. Latin Terence's *Andria*; Tacitus, six books; Cicero de Officiis; Prose and Verse Composition.

II. ENGLISH LITERATURE:

Shakspeare, Four Plays exclusive of those previously presented; Spenser, *Faery Queene*, Books I, II, III; Pope, *Essay on Man*, *Moral Essays*; Bacon, *Essays*; Smith's *Student's English Language*; *History of English Literature*; Whately's *Logic*; Whately's *Rhetoric*; Composition of an English Essay.

III. DIVINITY:

Hebrew and Greek Scriptures, Evidences, Ecclesiastical History, Systematic Divinity, Church Polity and Liturgies.

IV. MATHEMATICS AND MATHEMATICAL PHYSICS:

Algebra, Euclid, Trigonometry, Diff. and Int. Calculus, Conic Sections, Mechanics, Optics, Acoustics, Heat, Electricity, Astronomy or Engineering.

V. CHEMISTRY AND NATURAL HISTORY:

Chemical Physics; Inorganic and Organic Chemistry; Practical Chemistry; Qual. Analysis of Compounds and Preparations; and Mineralogy, Geology, or Botany—any one.

VI. MODERN LANGUAGES—Any two:

Candidates must show a good knowledge of the forms and Syntax of both French and German. In French they must be able to read and translate the whole of the "Causeries Parisiennes," and another standard Prose work, at the option of the Candidate, correctly and fluently, and to read and translate any French prose whatever, without much hesitation. Any ordinary English prose is to be correctly translated into French, and facility must be shown in conversation. In German, the whole of Adler, or an equivalent, most of Schiller's Poems, and one of his Dramas must have been read. The rest like French.

Modifications in the subjects to be made with the approval of the College Board.

Undergraduates who shall have passed the Degree Examination shall be divided into four classes.

None shall be admitted into the First two Classes but those who shall have taken Honours in any subject.

The Third Class shall comprise those who shall have shown great proficiency in *all* the subjects of the Pass Examination, but who shall not have taken Honours.

The Fourth Class shall comprise all such as have obtained the required number of marks, but have not sufficiently distinguished themselves to qualify for a place in the first three Classes.

An Examination Fee of One Dollar (\$1) shall be paid by each candidate to meet the expenses of stationery,—for the examinations through the year,—which shall be provided by the University.

Elective Students may also obtain Pass Certificates, Honour Certificates, and Diplomas in lieu of Degrees, which shall entitle them to the designation of Associate of Arts.

SCHOOL OF CIVIL ENGINEERING.

1. Candidates for the Degree of B. E. shall be required to have been admitted Matriculated Students of King's College.

2. To have subsequently studied in the above College the course herein prescribed.

3. To have passed two University Examinations.

The Examination for Matriculation shall be the same as in the School of Arts, with the omission of the *Classical* subjects.

The course for the Degree in Civil Engineering shall usually extend over three years, and shall comprise attendance on the following Curriculum:

FIRST YEAR.

Mathematics (1st course)
Chemistry.
Experimental Physics.

A modern Continental Language.
Geometrical Drawing.
Office Work.

SECOND YEAR.

Mathematics (2nd course).
Mathematical Physics.
Mineralogy or Geology.

Civil Engineering.
Office Work.
Field Work.

THIRD YEAR.

Natural Philosophy (applied)
Civil Engineering.
Office Work.
Field Work.

Geology or Mineralogy.
Practical Chemistry.
Engineering Excursions.

Attendance on these Lectures, shall, in all cases, include passing such Examinations as may be appointed by the College Board.

Candidates shall, on the recommendation of the College Board be admitted to the Degree after two years' residence, instead of three, if their previous acquaintance with a sufficient group of the subjects set down for study in the 1st and 2nd years be deemed satisfactory by the Board; and Candidates shall, for special reasons, to be approved by the Board, be admitted to the Degree after one year's residence, instead of three.

In such cases the Certificate of the Board will be accepted in lieu of attendance upon these causes, but will not exempt Candidates from the University Examinations in them.

Students who have completed their 2nd year must attempt the first University Examinations before rising to the third year, unless prevented by illness, in which case the Board may admit them to a Supplementary Examination.

Candidates who have attempted but failed to pass the first University Examination will be admitted to a Supplementary Examination.

Candidates shall be examined in English Literature as for Responsions.

The course for the first University Examination shall include Mathematics (1st and 2nd courses), Experimental Physics, Mensuration, Levelling, Mapping, and a Modern Continental Language.

The 1st course in Mathematics shall include:—1st, 2nd, 3rd, 4th and 6th Books of Euclid and Definitions of 5th Book.

Arithmetic, Algebra, including the usual rules to the end of Quadratics. Proportion, "Binomial Theorem," for positive integral exponents, "Geometrical and Arithmetical Progressions," and nature and use of Logarithms. Plain Trigonometry to the end of solution of triangles. The second course shall include:—Algebra with the "Theory of Equations," Plane and Spherical Trigonometry, Analytical Geometry as far as the "Equation of the Second Degree." Conic Sections, "Differential and Integral Calculus."

Experimental Physics shall be represented by the Professor's Lectures to the Arts' Students and part of Ganot's Physics.

The Examination for the Degree in Civil Engineering shall embrace the following subjects:—

Engineering.	Natural Philosophy (applied).
Mensuration.	Chemistry.
Levelling and Mapping.	Geology.
Mathematical Physics.	Mineralogy.

Each Candidate will be required to produce at this Examination the Field Notes and Drawings of a Survey made by him.

The course in Mathematical Science will be represented by such books as Newth's Mechanics, Todhunter's Mechanics for beginners, Galbraith & Haughton's Hydrostatics, Optics and Astronomy.

The course in Natural Philosophy applied will include:—Twisden's Practical Mechanics, Elements of Thermo-Dynamics and parts of Ganot's Physics. Galbraith & Haughton's Steam Engine.

The course of Chemistry will include Chemical Physics, (Fownes), Inorganic Chemistry (Fownes), Practical Chemistry, Qualitative Analysis (Fresenius).

Mineralogy (Dana's Manual).

Geology (Dana's Text Book).

Each candidate must forward to the Registrar on or before the 1st June, notice of his intention to offer himself as a candi-

date, and before entering on either of the two University Examinations, must produce official proofs of having complied with the above named regulations.

Successful candidates will be arranged in three classes.

The fee for the Degree in Civil Engineering will be \$12.00. It must be lodged with the Bursar before the Examination begins.

OF EXAMINERS.

1. The Examiners to conduct the Degree Examination, and the Prize Examinations in each year may be appointed by the Governors.

2. These Examiners shall sign the Declaration, No. 4, in the Appendix to the present code of Statutes.

3. The Examinations shall be conducted by means of printed or written papers, and shall take place at such time as shall permit of the results being made known at the Encænia of that year.

TEXT-BOOKS REQUIRED.

GREEK.

Homer's Iliad, Xenophon's Anabasis, Sophocles, Herodotus, Thucydides, Aristotle's Ethics, Arnold's Greek Prose.

LATIN.

Cicero's Orations, Horace, Cicero de Oratore, Terence, Tacitus, Cicero's Smaller Treatises, Arnold's Latin Prose.

Cambridge Texts (Bell and Daldy) recommended.

ENGLISH LITERATURE.

Shakspeare, Spenser's Faery Queene, Milton, Pope, Bacon's Essay's, Macaulay's Essay's, Whately's Logic, Whately's Rhetoric.

DIVINITY.

Greek Testament, for all students.

For Divinity Students,—Blunt's Key to the Prayer Book, Burton's Church History, Kip's Double Witness, Browne on the Articles, Hooker, Book V., Butler's Analogy, Paley's Evidences, and Horæ Paulinæ, Pearson on the Creeds, Arnold's First Hebrew Book, Hebrew Bible.

MATHEMATICS.

Todhunter's Euclid, Algebra, Plane and Spherical Trigonometry, Differential and Integral Calculus, Galbraith and Haughton's Mechanics, Optics, Hydrostatics and Astronomy, Hymer's Conic Sections.

Engineering Students,—Rankine's Engineering, Twisden's Practical Mechanics, together with Drawing Board, T-square, set-square 60° and 30°, compass with Pen and Pencil Legs.

CHEMISTRY.

Fownes's Elementary Chemistry.
Fresenius's Qualitative Analysis.

NATURAL HISTORY.

Dana's Text-Book of Geology.
" Manual of Mineralogy.
Asa Gray's "How Plants Grow."

FRENCH AND GERMAN.

Otto's French Grammar.
" German "
Adler's " Reader.
Schiller's Poems.

For occasional text-books and books of reference, the Library is available.

OF TERMS AND RESIDENCE.

The Academical year shall begin in October, and shall contain three terms, in which all scholastic exercises shall be performed, and all degrees conferred. Michaelmas Term shall extend from the first Saturday of October to December 22nd; Lent Term from the Second Saturday of January to the Saturday before Palm Sunday; Easter Term from the Monday after Easter-Monday to the last Thursday in June.

The following days shall be observed as Holidays in the University: All Saints' Day, Ash-Wednesday, Ascension Day, Whit-Monday, and the Birth-Day of the reigning Sovereign.

In order to encourage School-teachers and others, whose engagements prevent them from attending the full course, and who desire to obtain the Degree of B. A., the following special arrangements will be made.

Any such Student, on making proper application, will be permitted to come into residence during the first week of November in each year, and to remain until the end of the succeeding Lent Term, passing the regular examinations. This will be allowed as two Terms. After thus keeping eight Terms, he will be permitted to present himself for the B. A. Examination on any subsequent occasion.

DISCIPLINE.

The resident Students are under the immediate charge of the President and Vice-President.

A Register shall be kept of the attendance of all Students at Lecture and Chapel.

No Student shall be out of College after 9.30 P.M., unless by permission.

No visitor shall be allowed to remain in College after 9.30 P.M., unless by permission.

The President and Vice President are authorized to impose fines or written exercises for infraction of regulations, insubordination, or disorderly conduct; matters of a more serious nature shall be referred to the Board of Discipline, which shall meet once a week, or oftener, if required.

Each Professor shall keep a record of the attendance at his Lectures, to be handed in at the weekly meeting of the Board and duly registered.

The Board of Discipline may deprive any Student of his Term, for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, if required by the Board.

Extracts from the Statutes.

No undergraduate shall resort to any inn, tavern, or public-house, except for some special cause, to be approved by the President, or shall spend his time in the streets of the town.

All bills of the Undergraduates are to be sent by the tradesmen with whom the debts are incurred, to the Bursar at the end of every term; and parents are particularly requested to refuse payment of bills not thus sent in.

The introduction of spirituous liquors into the College is absolutely prohibited.

The University Library.

THE foundation of the Library is due to the efforts of the first Bishop of Nova Scotia, and may be placed in the year 1789. Several contributions in money had previously been received, but it was not till that year that efforts were made to obtain books.

The original fund at the disposal of the Governors was not more than £250 sterling, and was intrusted to Mr. John Inglis, son of the Bishop, and a graduate of the University, who repaired to England in 1800, for the purpose of purchasing books. The names of Dr. Moore, Archbishop of Canterbury, Dr. Porteous, Bishop of Rochester, William Wilberforce, Sir S. Bernard Morland, John Eardley-Wilmot, M. P., and others thus became connected with the early history of the library.

Munificent gifts from the University of Oxford continued to increase the value of the collection, which was further enriched by gifts from various English gentlemen, and from others settled in Nova Scotia.

The room in the College building set apart for many years for a Library Hall, was completed in 1810 at the expense of Sir Thomas Strange, and the Archbishop of Canterbury.

Subsequently valuable works were presented by Drs. Bayard and McCulloch, and by the Society for promoting Christian Knowledge.

Among later benefactors must be mentioned Dr. Greswell of Worcester College, Oxford; the Smithsonian Institute; The British and Foreign Bible Society; The Dean and Chapter of Westminster; T. B. Akins, D.C.L.; The Society of Incorporated Alumni of King's College; E. Binney, Esq.; C. Cogswell, M.D.; The Dominion Government; The Secretary of the Interior, United States; The Institution of Civil Engineers; The Society of Engineers; The Royal Society; The Rev. G. McCawley, D.D.; Rev. Canon Hensley, D.D.; General Sir W. F. Williams, K.C.B.; the present Bishop of Nova Scotia; and Her Majesty the Queen.

This large collection of books, now numbering over 6000 volumes, contained till the year 1870 in a single room in the College building, was then removed to the new Hall specially built for the purpose and presented to the University by the Incorporated Alumni. It contains a large number of standard works of reference in Theology, which is by far the richest department in the Library, and a fair selection of the great Greek and Latin classics.

In Modern History and Belles-Lettres it is very poorly supplied.

In Science some recent Standard books have from time to time been added, and, next to Theology and Classics, this is the largest department. The languages of modern Europe are not so well represented.

In spite of the many blanks, the Library is one of the largest in the Province, and contains all the elements requisite for

making it a thoroughly well appointed and efficient Reference Library.

There is no special Library fund, and the collection can only be increased by grants of money from the Governors, the occasional lapsing of the General Williams prize moneys, and the benefactions of friends of the University.

NATURAL HISTORY.

GEOLOGY AND MINERALOGY.

THE Geological specimens, many of which are very fine, illustrate the most prominent features of general geology, but the majority have been collected in Nova Scotia and are especially adapted to shew the characters of the Fossil Flora and Fauna of the Province. There are several collections, which may be discriminated as follows:—

1. The Almon collection, presented about twenty years ago by Dr. W. J. Almon, of Halifax, contains, with many minerals and a few shells, a considerable number of rock specimens and a few fossils, chiefly from Scotland.

2. The Governors' Collection consists of coal fossils obtained in 1860, at the expense of the Governors of the College; these were collected by Prof. How with the valuable assistance of a party headed by Richard Brown, Sr., Esq., then Agent at the Sydney Mines, who from long study was familiar with the district. Many of the specimens are exceedingly fine, and some are of large size.

3. The Alumni Collection consists of Silurian and Devonian Fossils, chiefly from Arisaig, N. S., collected, named and arranged stratigraphically by Dr. Honeyman; purchased and presented in 1861, by the Alumni of King's College.

4. The Australian Collection consists of specimens obtained through Col. Nelson in 1863 from Sir William Denison, then Governor of New South Wales, in exchange for Nova Scotian specimens from the College Cabinet, sent by Prof. How. It contains some beautiful fossils, and is arranged stratigraphically; its value is increased by an accompanying large detailed colored section made by the Government Examiner of Coal Fields under instructions from Sir W. Denison.

5. A collection of British Fossils, chiefly Silurian and Devonian, obtained through Dr. McCawley in exchange for Nova Scotian specimens sent by Professor How from the College Cabinet, in 1860, to Captain, now Sir James Anderson.

6. A collection from Europe, illustrating chiefly the nature of crystalline and sedimentary rocks, purchased by the Governors.

7. Several Collections, some of which are unnamed, and single specimens, given and obtained by exchange at various times; of these it will suffice to name: Reptilian Tracks of great geological interest, presented by the widow of their discoverer, the late Dr. Harding; valuable fossils, chiefly carboniferous, presented by H. Poole, Esq.; Silurian Fossils from Arisaig, presented by H. Hill, Esq., Sheriff of Antigonish; Coal Plants from Cumberland Co., presented by Rev. Mr. Townshend, Rector of Amherst; Cretaceous Fossils from England, presented by C. B. Bowman, Esq., and Dr. Honeyman; Silurian and Carboniferous Fossils of Nova Scotia from Professor How.

The Mineralogical specimens represent the most important species of minerals—some of them are of great beauty. They consist of those in the Almon collection, of Zeolites collected at the expense of the Governors, and of various others obtained by gifts and exchange, as mentioned with regard to the geological department. Sir Rupert George, Rev. Dr. Robertson, Rector of Wilmot, H. Brown, Esq., Director of the Geological Survey of Victoria, formerly a distinguished student in science at this College, Rev. Mr. Ambrose, Rev. J. C. Cochran, C. B. Bowman, Esq., J. Bowman, Esq., Rev. D. W. Pickett, Hon. W. Odell, and Prof. How, have presented interesting specimens.

ZOOLOGY.

The Willis Collection consists of specimens fully illustrating Nova Scotia Mollusca, named, arranged, and presented by J. R. Willis, Esq.

The department is further illustrated by a collection of foreign shells, some interesting skulls and skins, and a limited number of preserved animals.

BOTANY.

The Cogswell Herbarium, bound in five Imperial folio volumes, contains a fine systematically arranged collection of Phanogamous and Cryptogamous Plants of Great Britain, presented by Dr. Cogswell.

The Gossip Herbarium consists of a small number of Scottish Plants, presented by Dr. Gossip.

The Willis Herbarium consist of Nova Scotia Algæ and Terrestrial Plants, presented by J. R. Willis, Esq.

The Strange Herbarium consists of a considerable number of East Indian Plants, presented, in 1805, by Sir T. Strange.

There are also a few woods, barks, leaves, and fruits—from various sources—presented by C. B. Bowman, Esq., W. J. Almon, Esq., M. D., and other benefactors.

THE GENERAL COLLECTION.

The General Collection consists of various curiosities from different parts of the world, and a small but choice cabinet of coins.

The most interesting curiosities are the beautiful Indian Pipe from Queen Charlotte's Island, the models of the Leaning Tower and the Baptistery at Pisa, and the memorials of Gens. Williams and Inglis, which include the sword worn by the former throughout the siege of Kars and that used by the latter during the defence of Lucknow. There is also a model of the Cawnpore Memorial Cross, formed of wood from the house, in the courtyard of which the women and children were massacred.

The College possesses also a number of autographs of royal and distinguished personages; one of Thomas Moore, the poet, inscribed in a copy of Lucian, presented by him on the occasion of his visit.

The Coins illustrate the Numismatics of Rome and most of the countries of the modern world.

The different departments of the Museum are arranged in twenty-four flat cases, supported by the balustrade surrounding the gallery, and five large table cases, all glazed and provided with lock and key. The large specimens which could not be conveniently placed in cases are arranged on shelves, or distributed in different parts of the Hall.

The friends of Science in Nova Scotia and elsewhere are respectfully requested to contribute specimens to the Museum of King's College. The steps which have been lately taken by the Governors to provide suitable cases for the arrangement and display of the contents of the Museum in the fine Hall erected at the expense of the Alumni, offer a guarantee that the liberality of donors will be carefully recognized and faithfully recorded.

It is particularly requested that donors will send their contributions of Books, Coins and Curiosities addressed to the LIBRARIAN, and of Natural History specimens to the NATURAL HISTORY CURATOR, King's College Museum, Windsor, N. S., in order that the receipt may be duly acknowledged, and the donations recorded in the yearly calendars as heretofore.

Additions to the Library, 1876-77.

REPORT.

THE Executive Committee of the Associated Alumni of King's College, Windsor, have much pleasure in presenting this their 30th Annual Report—and to know that the internal affairs of the University under the management of Canon Dart are greatly improved, the changes introduced by him having tended to make the course of study more in accordance with the requirements of the day, and of the future competition with other colleges at the examinations before the University of Halifax.

Besides this a greater interest is being taken by our friends in the comfort and well-being of the students who may from the superior advantages offered by our Alma Mater, be induced from time to time to present themselves for residence. Most notably the munificence of Mr. Edward Binney, who, in undertaking to build the new College Chapel, has surpassed his former deeds of benevolence, and won for himself a lasting renown, and the gratitude of all who in any way have been or may be connected with the University.

We had hoped to have been able to report some satisfactory progress in the trust committed to us last year by Canon Dart's resolution:—

"That this meeting deem it advisable to procure the services of gentlemen to make personal application for subscriptions towards the Collegiate School throughout the Maritime Provinces, and that the Executive Committee be authorized to carry out this resolution."

Your Committee were exceedingly anxious to comply with this request, and made it one of the special subjects for consideration at their July meeting, when a resolution directing the Secretary to write to several gentlemen supposed to be friendly to the College, requesting their co-operation in carrying out the terms of Canon Dart's resolution, was passed.

This was a preliminary step—but the Alumni funds not admitting the employment of special delegates—it was hoped some response might be had to the request so conveyed, and your Committee be encouraged to take some farther steps. The distribution of circulars had already been tried without effect, and your Committee felt that a renewal of the same plan would only be the incurring of expense without result.

In the last report notice was given of a sum bearing interest which your Committee had on deposit receipt in the Bank of Nova Scotia, with the hope at some future time of being able still farther to increase their revenue and revive the Scholarships formerly given in certain subjects by the Alumni but which from lack of funds had been discontinued since the year 1862.

Before that time an Alumni Scholarship of £10, Prizes in Mathematics, Modern Languages and Natural Science of £5 each, (the Prize for Modern Languages having latterly been increased to £7, and divided equally between the French and German classes) and a Prize of £5 to scholars on Martication had been awarded.

It has been decided to recommend you to devote a sum not exceeding Forty Dollars per annum, to be given at the June Martication to the Candidate or Candidates who shall obtain the highest number of marks.

It is felt that the revival of this Prize will have a beneficial effect, and it is to be hoped the improved condition of the College may induce friends to come forward with contributions to the Funds of the Alumni until they are sufficiently increased to admit of the revival of the other Prizes in the several subjects for which they were formerly awarded.

The Treasurer's account here submitted shows a balance of \$496.61, after paying the sum of \$500 to the Board of Governors, being two years allowance by the Alumni to the Professor of Modern Languages. This balance includes the amount at interest which your Committee consider may be looked upon as a permanent investment, the monies derived from other sources in the ensuing year, being, it is hoped, sufficient to cover all expenditure.

The other business for the consideration of the meeting is the election of two governors in the place of Hon. P. C. Hill, D. C. L., and the Rev. George W. Hodgson, M. A., whose term of office has expired, the election of a President in the place of Henry Pryor, Esq., D. C. L., and three members of the Executive Committee in the stead of Charles H. Carman, Esq., Edward Jennings, Esq., M. D., and Charles W. Payzant, Esq., M. A., who, in the order of their election go out of office, but are eligible for re-election. At the same time your Committee would suggest the desirability of appointing members to the Committee who reside in Halifax, it being much more convenient for them to attend the meetings than members living at a distance.

By order,

CHARLES H. CARMAN,

Secretary.

Halifax, June 12, 1877.

ADDENDUM.—Since drawing up our Report we have with the most profound regret to record that terrible calamity by fire which has befallen the city of Saint John—which from being one of the most enterprising and prosperous cities of the Dominion, became in a short time a ruinous heap—nearly everything that was valuable in the form of public or private buildings—including Trinity Church, the Church of her founders, having in a few hours been utterly destroyed. Her homes laid waste and her people scattered without a vestige remaining of that which they held most dear. The City of Saint John, founded in 1783, by Loyalists from the state of New York, and established by Charter in 1785,* has proved herself most loyal to Church and State, and ever taken the warmest interest in the well-being of our Alma Mater. Some of her most honoured names may be found on our College Roll and on the list of our Benefactors. While they and their children have been so mindful of our progress, it well becomes us at this juncture to recall their good deeds, and offer them through their descendants the expression of our fraternal regard and heart-felt sympathy.

* Charter granted by His Excellency, Governor Carleton, May 18, 1785. Destroyed by Fire, June 20th, 1877.

REPORT OF TRUSTEES, COLLEGIATE SCHOOL EXHIBITION.

THE Trustees of the Prizes for the Collegiate School beg leave to report that the two prizes of Eight and Four sovereigns have been offered for competition, but in consequence of the Interest of the surplus money alluded to in their last Report as having been capitalized not having yet been drawn, they could not offer the Prize in Modern Languages this year as was proposed, but they have no reason to doubt that they will be able to do so next year.

WILLIAM J. ALMON.

GEORGE W. HILL.

An Act to Incorporate the Alumni of King's College, Windsor.

(Passed the 30th day of March, 1848.)

WHEREAS, a number of persons have associated themselves under the name of the Alumni of King's College, Windsor, for the promotion of education, and have raised by private contribution sums of money which they are desirous to expend in aid of the funds of the said College, and the Collegiate School, at Windsor, connected therewith, in or towards the maintenance and support of the teachers therein, or in such other way as may best conduce to the end which they have in view, and they are desirous of obtaining assistance from the Legislature, by the passing of an Act of Incorporation for enabling them to hold property, and to manage their affairs with greater ease and convenience.

I. Be it therefore enacted by the Lieutenant-Governor, Council, and Assembly : that John T. Twining, James B. Uniacke, Henry Pryor, Hugh Hartshorne, and all and every such other person and persons as now are members of, or in the said society, and their successors, shall be and are hereby appointed a body, politic and corporate, in deed and in name, by the name of "The Alumni of King's College, Windsor," and by that name have succession and a common Seal, and by that name shall sue and be sued, plead and be impleaded, at law and in equity, and in all courts and places, and be able and capable in law to have, hold, purchase, get, receive, take, possess, and enjoy, lands, tenements, hereditaments, and rents, in fee simple or otherwise, and also goods and chattels, and all other things real, personal and mixed, and also to give, grant, sell, let, assign or convey the same or any part thereof, and to do and execute all other things real, personal and mixed, and also to give, grant, sell, let, assign or convey the same or any part thereof, and to do and execute all other things in and about the same, as shall or may be thought necessary or proper ; and also shall have from time to time and at all times full power, authority, and license to constitute, make and establish such Bye-

Laws, Rules, and Ordinances, as may be thought necessary for the rule and good management of said society, the establishing of officers proper for the management of its affairs, and declaring the extent, duration, and authority of the offices and officers of the society, and their mode of appointment, and generally for promoting the objects of the society, provided such Bye-Laws, Rules and Ordinances be not contrary and repugnant to the Laws and Statutes of this Province, or those in force within the same, or to the Laws and Statutes of King's College, Windsor, respectively, at the time such Bye-Laws, Rules and Ordinances may be constituted and established, or to the provisions of this Act ; and provided, also, that the said society shall not hold at any time, lands tenements, hereditaments, goods, chattels, property or effects, of greater value than ten thousand pounds.

II. And be it enacted, that all persons paying an annual subscription of twenty shillings or upwards, or making at one time a donation of twenty pounds or upwards, shall be entitled to be members of the said society, having been duly admitted, pursuant to the Bye-Laws thereof, provided that such annual subscription or donation be actually paid into the funds of the society, and provided that no person now a member of the said society, or who, hereafter, may become a member of the same, shall, at any time hereafter, continue a member of the same, unless he shall have heretofore paid, or shall hereafter pay at one time into the funds of the said society a donation of at least twenty pounds, or shall hereafter annually, and from year to year, pay into the said funds the sum of twenty shillings or upwards ; and if such annual subscription, or payment of any such annual member, shall not be paid on the first day of May in each year, such member shall thereupon cease to be a member of the said society, until such annual subscription or payment shall be actually paid, or until such person shall otherwise become a member of the said society, under some Bye-Law or Rule thereof.

III. And be it enacted that the said society shall be governed, and its affairs managed, by a committee of nine, comprising a President, Vice-President, and seven other members, a Secretary and Treasurer ; the said committee to be henceforth called the Executive Committee, and such other officers as the said Society, from time to time may think proper.

IV. And provided and be it enacted that John T. Twining, D.D. now the President of the said Society, shall after the passing of this said Act,

be the President of the said society ; that the Hon. Henry Hezekiah Cogswell, now the Vice-President of the said society, be the Vice-President of the said society, after the passing of this Act ; that Samuel L. Shannon, Esquire, now the Secretary and Treasurer of the said society, be the Secretary and Treasurer thereof, after the passing of this Act ; and Samuel P. Fairbanks, Henry Pryor, James B. Uniacke, William J. Almon, Robert Fitzgerald Uniacke, Mather B. Almon, and Charles Twining, now the managing committee of the said society, shall, after the passing of this Act, be the executive committee of the said incorporated society, until an Executive committee be elected under this Act.

V. And be it enacted that all persons, without regard to religious denomination or difference of religious sentiment may be and at any time hereafter become members of the said incorporated society, being in all other respects entitled to be and become members of the said society, and now, and at any time hereafter, may hold any of the said appointments, or any other offices and appointments in the said incorporated society, being duly elected and appointed thereto, pursuant to the Bye-Laws thereof, anything contained herein, or in any Rules, Regulations, or Bye-Laws of the said society to the contrary notwithstanding.

VI. And be it enacted that the said society, incorporated as afore said, shall have power from time to time hereafter, to appoint the President, Vice-President, and executive committee, at some general meeting of the said society by a majority of the members of the society present, the whole number present being not less than twenty members, according to such regulations concerning such appointments as may hereafter be made by any Bye-Laws of the said society, to be made by virtue hereof.

VII. And be it enacted that the secretary and treasurer of the said society, and such other officers as may hereafter be required for the management of its affairs, shall be appointed in such manner as shall be declared by the Bye-Laws and Rules of said society, to be passed by virtue hereof.

VIII. And be it enacted that all donations to the said incorporated society, to constitute life members or otherwise, if not less than twenty pounds, shall be invested under the direction of the executive committee as a permanent fund for the benefit of the said society, and that the

funds of the said incorporated society shall from time to time, be laid out and applied by the executive committee in such way and for such purpose only as any general meeting of the said society may direct or appoint, and that the executive committee shall be bound and are hereby required annually to account to the society for all their acts, receipts, expenditure, and doings whatsoever, in the said office, and to make a report annually to the said society, at its general meeting, of the progress and state of the said society, and of its affairs generally.

IX. And be it enacted that a general meeting of the said society shall be held once, that is to say, some time within the last ten days of the month of June, in each year, and as much oftener as may be directed by any Rule or Bye-Laws of the said society.

X. And be it enacted, that the executive committee of the said Society shall meet and assemble as often as there may be occasion, and any three members shall form a quorum.

An Act to Incorporate the Governors of King's College, Windsor, and to repeal the Act for Founding, Establishing, and maintaining a College in this Province.

(Passed the 4th day of April, A. D. 1853.)

Be it enacted by the governor, council, and assembly as follows :

1. The act passed in the twenty-ninth year of the reign of his late majesty king George the third, entitled an act for founding, establishing and maintaining a college in this province, is hereby repealed.

2. The Lord Bishop of Nova Scotia, the honorable Brenton Halliburton, reverend George McCawley, D.D., the honorable James B. Uniacke, and Lewis Morris Wilkins, esquire, together with eight persons, being members of the church of England, to be elected at a general or special meeting of the "Alumni of King's College, Windsor," shall be governors of the college hereby incorporated.

3. The Lord Bishop of Nova Scotia, for the time being, shall be always ex-officio a governor, president of the board and visitor, the said Brenton Halliburton, George McCawley, James B. Uniacke, and Lewis Morris Wilkins, shall be governors for the term of their respective lives; and of the eight persons to be elected by the alumni of King's College, Windsor, two shall, in each and every year, successively, in the order of their election, go out of office, but such two governors may be re-elected.

4. All vacancies hereafter occurring, whether by death, resignation, removal from office, or otherwise, amongst the governors, from time to time, shall be filled up by the alumni of King's College, Windsor, in manner hereinbefore appointed, but the governors shall always be elected from among members of the church of England, and every person hereafter elected on any such vacancy, shall, as to his tenure of office, be subject to the regulation hereinbefore prescribed touching the eight persons to be elected by the alumni of King's College, Windsor.

5. For the better management of the college, and for more completely executing the purposes of this act, the governors appointed, and to be appointed from time to time by virtue hereof, shall be a body politic and corporate in deed and in name, and have a common seal and succession for ever, by the name of governors of King's College, Windsor, and by that name shall make bye-laws and ordinances for the regulation and management of the college, and shall also have, hold and enjoy, for the use and benefit of the college, and the purpose of this act, all the goods and chattles, and all the lands which are now had, held occupied or enjoyed by "the governors of King's College, of Nova Scotia," or by "the governors, president, and fellows of King's College, at Windsor, in the province of Nova Scotia," or by any person in trust for them, or in their behalf, in the same manner as if the same had been duly conveyed and transferred to the governors hereby incorporated, by virtue of a statute of this province, authorizing the conveyance and transfer thereof, and also shall have power to purchase, receive, take, hold, and enjoy, for the use and benefit of the said college, and the purpose of this act, and other goods, chattles, or lands, so as the said last mentioned lands shall not exceed in value ten thousand pounds, and also at all times hereafter shall have power to sell, lease, mortgage, or otherwise dispose of the lands belonging to the college, or any part thereof, for the benefit of the

said college, as to the governors, thereby incorporated, shall seem proper, any law to the contrary notwithstanding.

6. The governors hereby incorporated, at any general meeting assembled, shall, from time to time, and as they shall think fit, make and establish such statutes and ordinances for the instruction, care, and government of the students, the management of the property of the college, the appointment of the president, professors, fellows, and scholars, (the president always to be a member of the church of England); and also touching any matter or thing respecting the college, which to them shall seem meet.

7. The college, hereby incorporated, shall be taken to be an university, with all usual privileges of such an institution, whether relating to the conferring of degrees and honors, or otherwise.

8. From the time of this act coming into operation until the appointment of a full board of governors, by virtue thereof, the present governors, shall, notwithstanding this act, continue to exercise all the powers which are now vested in them, by the act hereby repealed, and the royal charter which they now hold.

9. All academical honors and degrees, and all rights, powers, privileges, and authorities, now had, held, or exercised by any person, by virtue of the act hereby repealed, or of the charter hereinbefore referred to, except so far as they may be necessarily taken away, altered, abridged, or affected, by, or in consequence of this act, shall be had, held, and exercised, in relation to the college hereby incorporated, as fully as they now had, held, or exercised.

10. The Royal Charter, incorporating "the governors, president, and fellows of King's College, at Windsor, in the Province of Nova Scotia," shall not in any manner be affected by this Act, except so far as may be necessary to give effect to this Act.

11. This Act shall not come into operation until Her Majesty's assent be signified thereto.

An Act to amend the Act to Incorporate the Governors of King's College, Windsor, and to repeal the Act for Founding, Establishing, and Maintaining a College in this Province.

(Passed the 7th day of May, A.D. 1866.)

Be it enacted by the Governor, Council, and Assembly, as follows:—

I. Sections 2 and 3 of the above named Act are hereby amended by adding to the third Section the following words:

“ But no person shall be re-elected to the office of Governor of said College until after the period of at least eleven months from the time he shall have last served as such Governor.”

BYE-LAWS

OF

The Alumni of King's College, Windsor.

PASSED AT A GENERAL MEETING HELD AT THE HALIFAX HOTEL, JUNE 27, 1848.

I. Besides the Annual General Meeting of the Incorporated Society, it shall be competent for the Committee at any time, either of their own accord, or upon a requisition signed by at least ten of the members of the association, upon giving seven days' notice in the public papers, to call a special general meeting of the association, specifying the purposes for which it is called, and in which meeting it shall be competent for the association to transact any such business as may be required. Ten members shall be deemed a quorum for the transaction of business.

II. That the books, accounts, and papers of the association shall be open at all times for the inspection of the members, and the Secretary shall furnish an account of the affairs of the association whenever required by the committee.

III. That the Treasurer and Secretary, and such officers as shall be requisite for the incorporated Society, shall be annually appointed by the Executive Committee.

IV. That at the annual meeting of the association, the President and Vice-President shall alternately go out of office, accompanied by the first three of the committee, and that all or any of them having a majority of votes shall be eligible to be re elected.

V. That at any meeting, members not present may vote by proxy in writing, to be held by any other member; provided that no member shall be entitled to vote either personally or by proxy, whose dues are not all paid up for the preceding year.

VI. That the funds of the association will be appropriated for the payment of one or more professors or lecturers, and one or more scholarships at the University of King's College, or one or more teachers or exhibitions in the Collegiate School at Windsor, to be denominated the Alumni professorships and scholarships, respectively.

VII. That the association will scrupulously apply such donations as may be made to them, to such specific objects in aid of King's College, as may be directed by the donors respectively.

VIII. That all meetings of the incorporated society shall be opened with prayer.

IX. (*Passed at general meeting of June 21st., 1849.*) That the elections of members of the incorporation shall be by ballot.

RULES AND RESOLUTIONS

PASSED AT DIFFERENT TIMES.

THAT no resolution or proceeding inconsistent with or modifying any resolution or proceeding adopted by a general meeting be entertained by the executive committee in Halifax, except upon a month's notice to the committee being given by the person proposing the same, and that no such resolution or proceeding be carried into effect until the same shall have been confirmed by a general meeting to be summoned for the consideration thereof, if necessary to be arranged before the annual general meeting.

That a corresponding committee of three residents in Windsor or its neighbourhood, the chairman whereof shall be, if possible, a member of the executive committee, be appointed to meet on the second Wednesday in every month, and at such other times as may be expedient, upon summons of the chairman, to confer with the officers of the College or Collegiate School upon any subject, to be submitted to them either by such officers, or by the executive committee in Halifax, in reference to the College or School, and to report thereon to the executive committee.

A month's notice shall be given of all resolutions affecting the rights of members, or creating new offices or salaries.

No individual shall be entitled to vote under a parochial certificate unless he be authorized by a parish meeting.

All annual general meetings of this association shall be holden at Windsor.

That the treasurer make up his annual account to the 30th of April in each and every year.

All undergraduates, resident at College, shall be competent to compete for the prize or certificate for modern languages.

At the annual meeting held at Windsor, June 29th, 1856, Dr. King moved the resolution, notice of which was given at the last annual meeting by the Rev. Dr. Twining, in reference to the mode of election of Governors, viz: that the present mode of voting for each individual separately and in alphabetical order be discontinued, and that the usual mode of putting all the names proposed on the same ballot, out of whom those having the highest number shall be declared elected, should be adopted; which motion was seconded by Dr. Almon. After considerable discussion Mr. A. M. Cochran moved in amendment that the following proviso be added:—"Provided that no person shall be declared elected as Governor unless he have a majority of votes cast." The amendment was seconded by Nepean Clarke, Esq., and carried. The original resolution of Rev. Dr. Twining as amended by Mr. Cochran's proviso, then passed.

At the annual meeting, June 25th, 1873:—

"That in the election of Governors the order of names be such as to place the name of the Candidate obtaining the smallest number of votes at the head of the list, and so in succession."

At the general meeting, October 17th, 1856:—

"That the right of voting by proxy be in no way interfered with."

At the general meeting, June 24th, 1857:—

"That the ballot be not sent round for any officer of this association, or of the Board of Governors, whose name has not been previously proposed and seconded by some member of the association; and that the ballot be not taken until all the names of all persons intended to be proposed for any office be given."

At the annual meeting, June 27th, 1860, the following resolutions passed:—

"That the Executive Committee of the Associate Alumni be empowered at their monthly meetings, during the interval between one annual general meeting and the next, to elect members of the Incorporation, provided that no black beans be cast against them."

Whereas, the funds of this association are pledged, and consequently, no funds are left for providing the Alumni scholarship and the usual prizes.

Resolved, that honorary certificates be granted in the several departments instead of the prizes as heretofore.

At the annual meeting, June 28th, 1865:—

"That any member of this society whose annual subscription shall remain and be unpaid for three years shall cease to be a member of this society, and can only be admitted as a new member by being proposed and seconded and duly elected pursuant to the bye-laws."

At the annual meeting, June 23d, 1869:—

"That the Board of Governors be requested to furnish, previous to the annual general meeting of the Associated Alumni in each year, for their information, a copy of the Treasurer's account."

"That all officers of the Associated Alumni shall have been members of the Association, for at least one year previous to their appointment."

At the annual meeting, June 25th, 1873:—

"*Whereas*, the Library is suffering from the want of the literature of the day, for which there are no funds available since the nominations have in effect abolished all fees payable by the Students."

"*And Whereas* it was suggested some time ago, that the holders of such nominations should in using them subject the nominee to the payment of the Library fee of five dollars annually, but such suggestion has not been generally complied with."

"*Resolved*, That the Governors be requested in publishing the Calendar, to append to the article on nominations a note requesting that such nominations should be made subject to the payment of such Library fee, and that it be the duty of the Secretary of the Governors to ascertain whether the party nominating except the Library fee from the exemptions."

At the annual meeting, June 24th, 1874:—

"That the Board of Governors be requested to submit the minutes of their meetings to the annual meeting of the Alumni."

A REPORT from the Committee appointed at the last annual meeting on the subject of adding a Department of Mining Engineering to the College was submitted.

The report recommended a course of Lectures of six weeks a year for two years. In the opinion of the Committee it would require a sum of at least \$200 per annum to pay the Lecturer's salary, and \$100 per annum to purchase apparatus for the first two or three years.

Resolved, That the report be received and be referred to the Governors with the regret that the Alumni had no funds to carry out the objects contemplated.

At the Annual Meeting, June 23rd, 1875:

"That this Association agree to pay the Board of Governors the sum of two hundred and fifty dollars, on condition that the salary of the Professor of Modern Languages be made up by the Board to the sum of eight hundred dollars from the 1st day of July, 1875."

At the Annual Meeting, June 28th, 1876:—

"That while the Alumni of King's College are firmly determined to maintain, intact the rights and privileges of the College, they yet are quite ready to co-operate with the University of Halifax."

At the Annual Meeting, June 27th, 1877:—

On motion of Rev. Hy. Pryor Almon, D. C. L., seconded by Frederick Allison, Esq., M. A.

"That the sum of Forty Dollars be granted as an Alumni Scholarship, which may be competed for by all matriculated Students who have completed their third term, the successful candidate, if required, to perform the ordinary duties of a scholar of the College."

On motion of the Hon. S. L. Shannon, D. C. L., seconded by Henry How, Esq., D. C. L.

"The recent disastrous fire in Saint John, New Brunswick, by which many members of the Association resident in that City have suffered severely, having been brought to the notice of the meeting by the Report.

It was *Resolved*,—That this meeting beg to express their sympathy with their brethren who have been overtaken by so dire a calamity, and that a copy of this resolution be sent to the Rev. Stanley Boyd, M. A., as representing the Alumni in New Brunswick.

KING'S COLLEGE SCHOOL,
WINDSOR, N. S.

HEAD MASTER: THE REV. C. E. WILLETS, M. A.,

Graduate and formerly Scholar of Corpus Christi College, Cambridge, late Sub-Rector Bishop's College School, Lennoxville, Quebec.

This School is in direct connection with King's College, and is subject to the supervision of the President and Vice-President of the College, under instructions from the Board of Governors.

The object of the School is to provide a sound religious, classical, mathematical and general education, in conformity with the principles of the Church of England; but it is open to all denominations without restriction.

Pupils belonging to the Church of England will attend the services in the College Chapel, but those of other denominations may, if required by their parents, attend the Sunday services of the denomination to which they belong. In the latter case certificates of proper attendance and good conduct will be required from the Minister.

While ample provision is made to prepare boys for the University and higher Civil Examinations, the utmost attention is devoted to imparting such a training as may fit them for all pursuits and professions, and enable them to take that position in society which is conceded only to men of liberal education and refined habits.

COURSE OF INSTRUCTION.

The course of instruction includes all the usual branches of a sound education in Classics, Mathematics, German, French English, etc.

TERMS.

The School year is divided into three Terms:
Michaelmas Term.—First Saturday in September to December 21st.
Lent Term.—Third Saturday in January to 1st Saturday in April.
Trinity Term.—First Saturday in April to last Thursday in June.

FEES.

Boarders.....	\$200 per annum.
Day Scholars.....	40 " "

The Fees are distributed over the year as follows :—

Boarders—Michaelmas Term.....	\$80
Lent and Trinity Terms.....	60 each.
Day Scholars—Michaelmas Term.....	16
Lent and Trinity Terms.....	12 each.

Modern Languages—Boarders and Day Scholars—Michaelmas Term \$5. Lent and Trinity Terms \$3.50 each.

A half Term's notice must be given in writing previous to the removal of a pupil.

There are two exhibitions connected with the School, one of \$32 and the other of \$16.

Apply in Halifax to Rev. J. W. Abbott, Rector St. Luke's Cathedral ; in Windsor to Mr. C. W. Knowles, Stationer, etc., who will forward applications until August 21st, after which date the Head Master will be in residence at Windsor.
