SEVERAL changes have been made in the Professorial staff for the next Academic year.

No appointment has yet been made to the office of President, as the Governors are of opinion that further time is required, in order to enable them to obtain the services of one possessing the necessary qualifications for the position. Until the definite appointment of a President, the Professor of Divinity has kindly consented to act as President, and a Lecturer in Classics has been temporarily appointed.

The Rev. Isaac Brock, M. A., has been appointed Professor of Divinity. Mr. Brock is a First Class Honor man of Oxford, has resided several years in this country, and was formerly Principal and Professor of Divinity, Huron College, London, Ont.

G. T. Kennedy, Esq., M. A., etc., has been re-appointed Professor of Chemistry, etc.

C. G. D. Roberts, Esq., M. A., has been appointed Professor of English Literature and French. Mr. Roberts is well known for his literary attainments, and the friends of King's College are to be congratulated on having secured his services.

W. A. Hammond, Esq., M. A., of Harvard and Princeton, graduate in Classical Honours, who has been temporarily appointed Lecturer in Classics and German, comes to King's College most highly recommended by such well-known men as Principal McCosh, of Princeton, etc.

Professor Butler retains his former position in the Chair of Mathematics.

A movement has been set on foot, having for its object the thorough restoration of the main College building. It is intended to have as much of the work as possible completed before the winter sets in.

INTRODUCTION.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established in the Dominion.

A Provincial Act incorporating the Governors of King's College received the royal sanction in 1853. It provides that the Royal Charter of Incorporation shall not be affected by it further than is necessary to give effect to its own enactments.

The Patron of the University is the Archbishop of Canterbury, to whose approval "all Statutes, Rules and Ordinances" of the Board of Governors are subject, but King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any Faculty, with the exception of Divinity.

In 1871 a Curriculum was issued for a course of Civil Engineering, and the University has subsequently granted degrees and diplomas in that science, as well as in Arts, Law and Divinity.

During the past Academic Year valuable donations have been made to the Library by the Hon. Dr. Ross, Premier, Province of Quebec; by the Hon. Senator Almon, M.D.; by the Radical Bay Club; by the Halliburton Club; by the Geological Survey of Canada; by Dr. Hearn; by the Royal Society of London; by the Royal Society of Dublin; by the Royal Society of Canada; by the Dominion government; by the Institute of Civil Engineers of London, G. B.; by the American Institute of Mining Engineers; by the Chief Engineers of the U. S. Army; by the Commissioner of Mines (per C. Carman, Esq.) and others,—a detailed account of which will be found on page 46 of the Calendar.

Candidates for matriculation may now be examined at distant centres, under special regulations, which will be found in the Calendar.

The aggregate outlay necessary for the three years' residence and study qualifying for a degree will of course depend much upon the tastes and economy of the student, but may be estimated at about \$300 to \$350 per year. The mere money payment demanded, need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of yearly fees, amounting to \$90 for the three years' course, besides the fee for a B. A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a scholarship is held besides, nearly the whole cost of the education will be covered. The Calendar supplies all necessary information with regard to these nominations.

The Examiners for the past Academical Year outside the Faculty were as follows: The Rev. F. Partridge, D.D., and N. C. James, Esq.

COURSE OF STUDY.

The object aimed at is to secure a good general education for all matriculated students, while every facility is afforded for the prosecution of special studies. Accordingly every matriculated student, except under peculiar circumstances to be approved of by the College Board, is required to attend the Lectures of all the Professors until he has passed his Responsions, which is generally done in the sixth term of residence. After this he is at liberty to select three or more of the subjects lectured on to form the subjects of his B. A. Examination. If the student be desirous of taking Honours at his B. A. Examination he can do so in any one of the subjects lectured on after passing the ordinary Examinations. The precise regulations will be found under the head of Examinations.

Students who do not intend to take the degree of B. A. are permitted to attend the Lectures of any of the Professors, subject to all the usual Regulations, and can, moreover, under certain conditions, proceed to Degrees in Science and Engineering.

The schemes of Responsions and B. A. Examinations will afford a general idea of the usual Curriculum, which, within certain limits, is varied as circumstances require.

Numerous scholarships, Prizes, and Honorary Distinctions, (which are more fully referred to elsewhere in the Calendar), are open to be competed for by students in the several faculties, the principal of these being the following:—

<i>Scholarship or Prize.</i>	<i>Annual Value.</i>
One Cogswell Scholarship.....	£24 sterling.
Eight Divinity Scholarships.	£30 sterling each.
One Binney Exhibition.....	\$50.
One McCawley Hebrew Prize.....	£9 sterling.
One Bishop's Prize.....	\$20 in books.
One Almon-Welsford Prize.	Interest of Fund £100 Old Currency.
One Aikins Historical Prize.....	\$30.
Three Stevenson Scholarships....	\$60 each.
One McCawley Scholarship.....	Interest of Fund.

No Professor will grant such certificate if more than two absences without leave, during the course of the Term, are recorded against the applicant, or if his conduct shall have been in any way reprehensible.

The list of candidates who shall have passed the Terminal Examination shall be published in the hall after the close of the examination. The names shall be arranged in the order of merit. Any student whose name does not appear in this list shall forfeit his examination.

The University Library.

The foundation of the Library is due to the efforts of the first Bishop of Nova Scotia, and may be placed in the year 1780. Several contributions in money had previously been received, but it was not till that year that efforts were made to obtain books.

The original fund at the disposal of the Governors was not more than £250 sterling, and was intrusted to Mr. Inglis (afterwards Bishop), son of the Bishop, and a graduate of the University, who repaired to England in 1800, for the purpose of purchasing books. The names of Dr. Moore, Archbishop of Canterbury, Dr. Porteous, Bishop of Rochester, Wm. Wilberforce, Sir S. Bernard Morland, John Eardly Wilmot, M. P., and others, thus became connected with the early history of the Library.

Munificent gifts from the University of Oxford continued to increase the value of the collection, which was further enriched by gifts from various English gentlemen, and from others settled in Nova Scotia.

The room in the College building set apart for many years for a Library Hall, was completed in 1810 at the expense of Sir Thomas Strang and the Archbishop of Canterbury.

Subsequently valuable works were presented by Drs. Bayard and McCulloch, and by the Society for Promoting Christian Knowledge.

Among later benefactors may be mentioned Dr. Greswell, of Worcester College, Oxford; The Smithsonian Institute; The British and Foreign Bible Society; The Dean and Chapter of Westminster; T. B. Akins, Esq., D. C. L.; The Society of Incorporated Alumni of King's College; E. Binney, Esq.; C. Cogswell, Esq., M. D.; The Dominion Government; The Radical

Bay Club; The Halliburton Club; The Secretary of the Interior, United States; The Institution of Civil Engineers; The Society of Engineers; The Royal Society; The Religious Tract Society; The Rev. George McCawley, D. D.; The Rev. Canon Hensley, D. D.; General Sir W. F. Williams, K. C. B.; the present Bishop of Nova Scotia; the Right Rev. Dr. Rigand, late Bishop of Antigua; the Rev. George Morris, and Her Majesty the Queen.

This large collection of books, now numbering about 8000 volumes, contained till the year 1870 in a single room in the College Building, was then removed to the new Hall specially built for the purpose and presented to the University by the Incorporated Alumni. It contains a large number of standard works of reference in Theology, which is by far the richest department in the Library, and a fair selection of the great Greek and Latin classics.

In Modern History and Belles-Letters it is very poorly supplied.

In Science some recent standard works have from time to time been added, and, next to Theology and Classics, this is the largest department. The languages of Modern Europe are not so well represented.

In spite of many blanks, the Library is one of the largest in the Province, and contains all the elements requisite for making it a thoroughly well appointed and efficient Reference Library.

There is no special Library fund except the fee from students, and the collection can only be increased by grants of money from the Governors, the occasional lapsing of the Welsford prize money, and the benefactions of friends of the University.

NATURAL HISTORY.

GEOLOGY AND MINERALOGY.

The Geological Specimens, many of which are very fine, illustrate the most prominent features of general Geology but the majority have been collected in Nova Scotia and are especially adapted to show the characters of the Fossil Flora and Fauna of the province. There are several collections, which may be discriminated as follows:—

1. The W. B. Almon Collection, presented over forty years ago by Mrs. W. B. Almon, of Halifax, contains, with many minerals and a few shells, a considerable number of rock specimens and a few fossils, chiefly from Scotland, collected by the late W. B. Almon, M. D.

2. The Governors' Collection consists of coal fossils obtained in 1860, at the expense of the Governors of the College; these were collected by Professor How with the valuable assistance of a party headed by Richard Brown, Sr., Esq., then agent at the Sydney Mines, who from long study was familiar with the district. Many of the specimens are exceedingly fine, and some are of large size.

3. The Alumni Collection consists of Silurian and Devonian Fossils, chiefly from Arisaig, N. S., collected, named and arranged stratigraphically by Dr. Honeyman; purchased and presented in 1861 by the Alumni of King's College.

4. The Australian Collection consists of specimens obtained through Col. Nelson, in 1863, from Sir William Denison, then Governor of New South Wales, in exchange for Nova Scotian specimens from the College Cabinet, sent by Professor How. It contains some beautiful fossils, and is arranged stratigraphically; its value is increased by an accompanying large detailed colored

section made by the Government Examiner of Coal Fields under instructions from Sir W. Dennison.

A collection of British Fossils' chiefly Silurian and Devonian, obtained through Dr. McCawley in exchange for Nova Scotian specimens sent by Professor How from the College Cabinet, in 1860, to Captain, now Sir James Anderson.

6. A collection from Europe, illustrating chiefly the nature of crystalline and sedimentary rocks, purchased by the Governors.

7. Several collections, some of which are unnamed, and single specimens, given and obtained by exchange at various times; of these it will suffice to name: Reptilian Tracks of great geological interest, presented by the widow of their discoverer, the late Dr. Harding; valuable Fossils, chiefly carboniferous, presented by H. Poole, Esq.; Silurian Fossils from Arisaig, presented by H. Hill, Esq., Sheriff of Antigonish; Coal Plants from Cumberland County, presented by Rev. Mr. Townshend, Rector of Amherst; Cretaceous Fossils from England, presented by C. B. Bowman, Esq., and Dr. Honeyman; Silurian and Carboniferous Fossils of Nova Scotia from Professor How; Rocks and Minerals from the Dominion Government; Devonian Corals of Ontario and Canadian Rocks from Professor Spencer.

The mineralogical specimens represent the most important species of minerals,—some of them are of great beauty. They consist of those in the collection, of Zeolites collected at the expense of the Governors, and of various others obtained by gifts and exchange, as mentioned with regard to the geological department. Sir Rupert George; Rev. Dr. Robertson, Rector of Wilmot; H. Brown, Esq., Director of the Geological Survey of Victoria, formerly a distinguished student in science at this College; Rev. Mr. Ambrose; Rev. J. C. Cochran; C. B. Bowman, Esq.; J. Bowman, Esq.; Rev. D. W. Picket; Hon. W. Odell, and Professor How, have presented interesting specimens.

ZOOLOGY.

The Willis Collection consists of specimens fully illustrating Nova Scotia Mollusca, named, arranged, and presented by J. R. Willis, Esq.; A collection from the U. S. Government.

The department is further illustrated by a collection of foreign shells, some interesting skulls and skins, and a limited number of preserved animals.

BOTANY.

The Cogswell Herbarium, bound in five Imperial folio volumes, contains a fine systematically arranged collection of Phænogamous and Cryptogamous Plants of Great Britain, presented by Dr. Cogswell.

The Gossip Herbarium consists of a small number of Scottish Plants, presented by Dr. Gossip.

The Willis Herbarium consists of Nova Scotia Algæ and Terrestrial Plants, presented by J. R. Willis, Esq.

The Strange Herbarium consists of a considerable number of East India Plants, presented, in 1805, by Sir T. Strange.

The Ball Herbarium of Nova Scotia, consisting of about 250 species, presented by Rev. E. H. Ball.

There are also a few woods, barks, leaves, and fruits—from various sources—presented by C. B. Bowman, Esq., Hon. W. J. Almon, M. D., and other benefactors.

THE GENERAL COMMITTEE.

The General Collection consists of various curiosities from different parts of the world, and a small but choice cabinet of coins. Other interesting curiosities are the beautiful Indian Pipe from Queen Charlotte's Island, the models of the leaning Tower and the Baptistery at Pisa, and the memorials of Gens. Williams and Inglis, which include the sword worn by the former throughout the siege of Kars, and that used by the latter during the defence of Lucknow. There is also a model of the Cawnpore Memorial Cross, formed of wood from the house in the court-yard of which the women and children were massacred.

The College possesses also a number of autographs of royal and distinguished personages; one of Thomas Moore, the poet,

inscribed in a copy of Lucian, presented by him on the occasion of his visit.

The Coins illustrate the Numismatics of Rome, and most of the countries of the modern world.

The different departments of the museum are arranged in twenty-four flat cases, supported by the balustrade surrounding the gallery, and five large table cases, all glazed and provided with lock and key. The large specimens which could not be conveniently placed in cases are arranged on shelves or distributed in different parts of the Hall.

The friends of Science in Nova Scotia and elsewhere are respectfully requested to contribute specimens to the Museum of King's College. The steps which have been lately taken by the Governors to provide suitable cases for the arrangement and display of the contents of the Museum in the fine Hall erected at the expense of the Alumni, offer a guarantee that the liberality of donors will be carefully recognized and fully recorded.

It is particularly requested that donors will send their contributions of Books, Coins and Curiosities, addressed to the *Librarian*, and of Natural History specimens to the *Natural History Curator*, King's College Museum, Windsor N. S. in order that the receipt may be duly acknowledged, and the donations acknowledged in the yearly Calendars as heretofore.

A superb collection of Loyalist China, over three hundred pieces, arranged in three cases, was presented by Judge and Mrs. Weldon, on the 79th anniversary of the landing of the Loyalists in New Brunswick.

REPORT.

THE Executive Committee of the Associated Alumni of King's College, Windsor, on their Thirty-eighth Anniversary, beg leave to submit the following Report.

Your Committee, from time to time, as occasion required, have met to transact such business as was brought before them.

At the last Annual Meeting the enthusiasm of Mr. Ruggles, and the satisfactory account he gave the Association, led us to hope that, though the progress of the Endowment Fund had previously been retarded, it had received a new impetus, and the College would soon be established on a firmer basis than ever.

In October, when your Committee held their usual meeting, the first intimation of serious trouble arising out of the contention respecting the Professor of Modern Languages, which, for the previous two years had been brought before the Association, was given to your Committee in a letter from the President of the Board of Governors, as follows:

“HALIFAX, October 13th, 1884.

“MY DEAR SIR,—As the Alumni called the attention of the Governors of King's College to current objections to Professor DeFourmentin as inefficient, I think that it may be right to inform their Committee, through you, what has been done in consequence of their action.

“The Governors decided to test the effects of the Professor's work by requiring from all his pupils a translation from English into French, to be submitted to a disinterested examiner in Halifax, who gave a very satisfactory report, which was communicated to the annual meeting of the Alumni, at Windsor, in June, and no objection was made, so far as I remember, to the character of that examination, although the mover of the resolution of 1883 was present.

“It afterwards, however, transpired, that the Rev. H. How, the seconder of that resolution, who was not present this year, called the First Year Class of nine, and had obtained from seven, signatures to a paper specifying a few cases in which it was alleged that help had been given by the President. Of this the first intimation was given to me by Professor Wilson, at the *Conversazione*, on the Wednesday evening, who said, ‘that examination was a fraud, and How is ready to prove it.’

"I only remarked, 'he ought to have made his statement at the meeting this morning, if he had anything to say,' and refrained from further conversation upon the subject.

"However, I immediately wrote to Mr. How, as Visitor, telling him of Professor Wilson's statement, and received from him the evidence obtained from the students. As the vacation had commenced, I could take no further step before the return of the students to College.

"But, on Thursday, 2nd inst., I received from Professor Wilson a threatening letter, enclosing a statement based upon Mr. How's, with these words, 'unless your Lordship can give me an *immediate* assurance that an investigation is, at an early date, to be held, it is determined to circulate printed copies of this statement before Monday, 6th inst, among the Governors of King's College, and among the Bishops and Clergy of these Provinces, and the principal lay constituents of an institution which only truth and honesty can save.' I answered that the Governors would be ready to receive his evidence at their meeting, to be held as usual at Windsor, on the second Wednesday in October.

"He then appeared, but stated that he had not had time to collect evidence, and would leave the statement of the case to Mr. How, although he had himself sent me a statement ready for publication, of which it would appear that he had never investigated the truth.

"However, the Governors were ready to hear all that could be adduced, and he and Mr. How called their own witnesses (the students of the First Year who had been examined) and questioned them as they pleased. It was made evident that the students had understood the object of the special examination, and purposely did *not* do their best, and the President, as it appeared, with good intentions to counteract this spirit, had suggested *two* or *three* words in French idioms, of which most of them denied that they had availed themselves; and, after full consideration of all the evidence, the enclosed resolution was passed:

"*Resolved*, That in the opinion of this Board no assistance was given to the students examined in French, by the President, in June last, calculated materially to affect the result of the examination as a test of the students' knowledge; but that the mode in which the President conducted the examination was, in some respects, injudicious and improper, and that the directions of this Board in relation to said examination were not fully carried out.

"And further *Resolved*, That the Board is fully satisfied that such examination was not in any respect fraudulent."

"Mr. How also stated in his charges submitted to me, as Visitor, with reference to the meeting at which he obtained the signatures of seven out of the eight who had been examined, 'others present declined to sign for fear of future plucks and lest their Scholarships would be taken away. The effect of intimidation was very evident.'

"I presume that your inference from the above will be the same as my own, that there must have been at the least three or four *others*, perhaps more, who refused on account of intimidation; whereas, on investigation, it came out that there was only *one* who *could* have signed, that *he* had no Scholarship, but only some allowance from the Bishop of Fredericton, entirely independent of the College authorities, and that there was not the slightest trace of 'intimidation' in any way whatever.

"That Professor de Fourmentin has incurred the ill-will of the students is evident, but there is no proof of his inefficiency. In November last year these same students presented a memorial complaining that he required too much from them considering the amount of work to be done in other departments, and I have obtained their papers written at the regular Terminal Examination last June, from which I hope to obtain some definite evidence as to the progress made by them under his tuition.

"We have not the slightest wish to retain the present Professor if he ought to be removed, but we must not sacrifice him to unfounded prejudices on the part of the students.

"Yours very truly,

(Signed) "H. NOVA SCOTIA.

"*The President of the Alumni of King's College.*"

This letter your Committee acknowledged, but deferred its consideration until their next monthly meeting, when another letter, from the President, of the 5th November, informing them of the action of the Board and their vote, 8 to 2, dismissing the Professor of Classics, for a letter published by him in the *Herald* newspaper on the 20th October, and also informing them that the Board had decided to investigate certain charges made against other members of the Faculty, whereupon your Committee passed the following Resolution:—

"*Resolved*, That in the opinion of the Executive Committee of the Alumni Association, it is deemed not only injudicious, but also inexpedient, for any action of deprivation to be passed upon the Professor of Classics before he has had an opportunity of defending himself in person with regard to any charge brought against him, and a full investigation has been made into all the alleged difficulties at present surrounding the College, as well with regard to the incompetency of one or all of the Professorial Staff, as to its general management; and further, that the Committee realizing the critical position in which the College is now placed, will gladly cooperate with the Governors in bringing about a speedy and amicable settlement of the present trouble."

This Resolution was duly forwarded to the Board, from whom the following series of resolutions, accompanied by a letter from their

Secretary, was received and considered at a Special Meeting of the Executive Committee, held on the 18th November :—

“HALIFAX, 13th November, 1884.

“Charles H. Carman, Esq., Secy. Alumni K. C.

“DEAR SIR,—I am instructed by the Board of Governors King’s College, Windsor, to acknowledge the receipt of your communication of 12th inst., containing copy of Resolution passed at the meeting of the Executive Committee of the Alumni, held on the 11th inst., and to thank them for their offer of assistance, which they will be glad to avail themselves of should occasion arise.

“I am also instructed to enclose you copies of Resolutions passed, which will explain to the Committee the action of the Board of Governors and the present position of the case to which the Committee refers.

“I have the honor to remain,

“Your obdt. servt.,

“THOS. RITCHIE,

“Secy. Board of Governors,

“K. C., W.”

Resolution passed at meeting of Board of Governors, King’s College, Windsor, held 12th November, 1884 :—

“Whereas, a memorial presented to this Board by Professor Wilson, at the regular meeting in October last, was deferred for consideration at the next regular meeting ; and whereas, in the meantime, that is to say, on the 20th October, a letter was published by Professor Wilson, including the said memorial ;

“And Whereas, the said letter has been fully discussed at a meeting of this Board specially called for the consideration thereof, on the 4th inst., and the conduct of the Professor (in publishing that letter) has been condemned by a large majority, viz., by eight against two, as entered upon the minutes of the Board ;

“Therefore Resolved, That a copy of the said Resolution, with the numbers voting, be forwarded to Professor Wilson, in answer to his memorial.

“And whereas, the said memorial alludes to charges made against the Professor, the Board affirms that no charge against him had been made by the Board, and that any publicity given to the private letter of enquiry by the Visitor, is entirely through the act of the Professor himself.

“That the Board, as is apparent by the Visitor’s letter, had not decided to hold an investigation, and that if such an investigation had been deemed necessary after the receipt of a reply to that letter, it would have been

conducted as a matter of internal discipline, with all reasonable facilities to Professor Wilson for establishing his own views of the merits of the case.”

Resolution passed at meeting of the Board of Governors, King’s College, 4th November, 1884 :—

“Whereas, the Rev. Professor Wilson has published in the daily papers, viz., October 20th, 1884, a letter containing disparaging statements relative to the Visitor, the Governors and the President of King’s College, expressed in language unbecoming his position as a Professor ;

“And whereas, such conduct cannot but be subversive of discipline in the College ;

“Therefore resolved, that Professor Wilson be informed that his services will not be required after ———.”

Passed 8 to 2.

On the 15th November the following Resolution was received through the President of the Association, accompanied by this letter from the Secretary of the Board :—

“HALIFAX, 15th November, 1884.

“DEAR SIR,—I enclose you herewith, by instruction of the Board of Governors King’s College, copy of a Resolution passed at the meeting of the Board held yesterday.

“I remain,

“Your obdt. servt.,

“THOS. RITCHIE,

“Secretary.

“THOMAS TRENAMAN, ESQ.,

“President Incorporated Alumni

“of King’s College.”

“Whereas, the condition of the affairs of King’s College, Windsor, has become so complicated as to necessitate a new basis ;

“Be it resolved, That all the members of the Faculty be requested without delay to place their resignations in the hands of the Board of Governors, but that each Professor be eligible for re-appointment if so decided by the successors in office to the present Board.

“And further resolved, That all the members of the Board of Governors appointed by the Alumni tender their resignations to a general meeting of the Associated Alumni called for the purpose of choosing their successors.”

After due consideration, it was thought advisable to call a special meeting of the Association, of which due notice was given by the

following advertisement, which your Committee have embodied in their minutes as a formal Resolution :—

“ALUMNI OF KING'S COLLEGE, WINDSOR, N. S.

“A Special General Meeting of the Alumni of King's College, Windsor, will be held at St. Luke's Hall, on Thursday, 27th inst., at 3 p. m., to consider the proposed resignation of certain members of the Board of Governors, and to transact such other business in the interests of the College as may be deemed advisable.

“By order.

“CHARLES H. CARMAN,
“Secretary.”

The members of the Association in large numbers met as notified, and after long and deliberate consideration, the following Resolution passed, 28 to 13 :—

“Resolved, That in consideration of the present state of affairs in King's College, the Governors be requested to notify the Faculty of King's College that their services will not be required after June 30, 1885.”

This Resolution was immediately communicated to the Board of Governors, who on the 8th December sent the following Resolutions to your Committee :—

“HALIFAX, N. S.

“CHARLES H. CARMAN, ESQ.,
“Secy. Alumni King's College,

“DEAR SIR,—I enclose you by instructions of the Board of Governors King's College, copy of Resolution passed at meeting held on Friday last.

“I have the honor to be,

“Your obdt. servant,

THOS. RITCHIE,
“Secretary Governors K. C., W.”

“Resolved, That whereas it is found to be impossible, owing to the state of the finances, to continue the present number of the staff of King's College, the Executive Committee of the Alumni be requested to appoint a committee to confer with a committee of this Board as to the possibility of raising sufficient funds, or as an alternative, the propriety of reducing the number of Chairs.”

“Resolved, That the Governors beg to acknowledge the receipt of the Resolution passed by the Alumni on the 27th November last, and inform

them that they have taken such steps as in their opinion are in the interests of the College.”

These Resolutions were considered by your Committee at a special meeting called for the purpose on the 16th December, when, after mature deliberation, the following Resolution was passed and forwarded to the Board :—

“Whereas, The Board of Governors have asked for the appointment of a Joint Committee to consider the possibility of raising sufficient funds to continue the present Staff of King's College, or the reduction of the number of Chairs ; therefore be it

“Resolved, That while the Executive Committee consider that they have been treated, both in the meeting of November 27th and also in the Resolution of December 5th, with scant courtesy by the Board of Governors, in that they have failed to take this Committee in the least degree into their confidence, they nevertheless do hereby appoint the committee as requested, and do nominate _____ as such committee, with the understanding that the subjects to be discussed be not limited to the two topics named in the Resolution of the Board of Governors ; and further

“Resolved, That the Executive Committee be and are hereby appointed that committee.”

A joint meeting was accordingly held, and the several matters referred to were fully discussed.

The Treasurer's account for the past year is herewith submitted.

The following notice of motion, handed in by Dr. Almon at the last annual meeting, calls for your consideration, as well as the one following it, given by Mr. Wilson at the special general meeting :—

“That a general meeting of the Associated Alumni be held in Halifax yearly, on the second Wednesday in June, and that at that meeting (in addition to any other business which may be transacted) the names of the candidates for Governors of King's College, to be elected at the ensuing annual meeting at Windsor, be proposed, and that no person whose name has not been proposed at this preliminary meeting in Halifax, shall be eligible for election as Governor at the regular annual meeting at Windsor.

“That persons entitled to vote by proxy, may at the preliminary meeting nominate candidates in writing.

“That the Secretary of the Associated Alumni, as soon as possible after the preliminary meeting, shall notify, by postal card, or otherwise, all

persons residing in the Maritime Provinces entitled to vote, the names of the persons proposed at the preliminary meeting for election.

"That no proxy for the election of Governors of King's College be valid unless it specifies by name the candidate in whose behalf it is to be used."

"HALIFAX, N. S., 27th November, 1884.

"I give notice that at the next annual meeting of the Alumni I will move that members of the Faculty of King's College shall be ineligible for the position of Governors of the College."

Your Committee beg leave to recommend that application be made to the Legislature for the repeal of "the Act to amend the Act to Incorporate the Governors of King's College, Windsor, and to Repeal the Act for Founding, Establishing and Maintaining a College in this Province."

(Passed the 7th day of May, A. D. 1866.)

"Be it enacted by the Governor, Council and Assembly, as follows :

"Sections 2 and 3 of the above named Act are hereby amended by adding to the 3rd Section the following words :

"But no person shall be re-elected to the office of Governor of said College until after the period of at least eleven months from the time he shall have last served as such Governor."

The question of confederation of King's College with Dalhousie College having been much discussed during the past year, your Committee consider it a matter of vital importance, and though they have nothing to report, they yet trust the subject may receive the most careful consideration at this meeting.*

This year we have to again announce the demise of several of the oldest members of the Association.

ADMIRAL BAYFIELD, of Charlottetown, P. E. I.

JOHN C. HALLIBURTON, Esq., of Halifax,

and the HON. LEWIS M. WILKINS, D.C.L., of Windsor,

who matriculated in 1815, was made B.A. in 1819, and an Hon. D.C.L. in 1874, and who, after a long and honorable career, has left a name of which the College may justly be proud.

In addition to the other business of the day, you will have to elect four Governors to fill the vacancies caused by the resignation of John P. Mott, Esq, elected at the last annual meeting, but who declined to serve; the demise of the Hon. Lewis M. Wilkins, D.C.L., and the

expiration of the term of office of the Hon. Wm. J. Almon, M.D., Senator, and Henry Pryor, Esq., D.C.L.

7. The College hereby incorporated shall be taken to be an University, with all the usual privileges of such an institution, whether relating to the conferring of degrees and honors, or otherwise.

9. All academical honors and degrees, all rights, powers, privileges and authorities now had, held, or exercised by any person, by virtue of the Act hereby repealed, or of the charter hereinbefore referred to, except so far as they may be necessarily taken away, altered, abridged or affected by, or in consequence of this Act, shall be had, held, and exercised, in relation to the College hereby incorporated, as fully as now had, held, or exercised.

10. The Royal Charter, incorporating "the Governors, President, and Fellows of King's College, at Windsor, in the Province of Nova Scotia," shall not in any manner be affected by this Act, except so far as may be necessary to give effect to this Act.

(Passed the 7th day of May, A. D. 1866.)

Be it enacted by the Governor, Council and Assembly as follows:—

Sections 2 and 3 of the above named Act are hereby amended by adding to the 3rd section the following words:

An Act to amend the Act to incorporate the Governors of King's College, Windsor.

(Passed the 19th day of April, A. D. 1883.)

Be it enacted by the Governor, Council and Assembly as follows:—

1. The number of the Governors of King's College, Windsor, shall be increased to fifteen by the addition of two Governors, who shall hereafter be elected from time to time by the Diocesan Synod of Nova Scotia and shall be members of that Synod at the time of their election. Such additional Governors so to be elected, shall hold office for four years and shall go out of office alternately, and one of such Governors shall be elected at each regular Biennial Session of the Diocesan Synod of Nova Scotia. Until such election can take place, J. Norman Ritchie, and Charles James Stewart of Halifax, Esquires, who have been nominated by the said Synod for the purpose at its last Session, shall be, and they are hereby appointed Governors of King's College, Windsor; the said Charles James Stewart to continue in office until the Session of said Synod in 1884 and the said J. Norman Ritchie until the Session of said Synod in 1886. In case of the death or resignation of any of said additional Governors, the vacancy shall be filled at the next ensuing Session of the Diocesan Synod of Nova Scotia, and the Governor then elected shall hold office for the residue of the term of four years.

2. Whenever and so soon as the Diocesan Synod of Fredericton shall by resolution declare King's College at Windsor to be the College

approved by said Synod for the education and training of the Divinity Students of the Diocese of Fredericton, the Governors of King's College, Windsor, may by resolution, duly passed at a meeting called for that purpose, still further increase their number by the addition of three more Governors, one to be the Lord Bishop of Fredericton for the time being who shall then be *ex officio* a Governor of King's College, and the remaining two to be elected from time to time by the Diocesan Synod of Fredericton in such way and for such term as the said Diocesan Synod may from time to time limit and appoint, and to be members of that Synod at the time of their election. But if at any time thereafter the approval and support of the Diocesan Synod of Fredericton shall be withdrawn from King's College, or the Divinity Students of that Diocese shall cease to attend said College, the persons so elected by the Synod of that Diocese, and also the Bishop of Fredericton shall thereupon cease to be Governors of King's College, Windsor, and the number of said Governors shall be reduced to that extent, which reduction shall be effected by a resolution of the Governors of King's College, Windsor, passed at a meeting called for that purpose.

3. Whenever, and so soon as the Diocesan Synod of Newfoundland shall by resolution declare King's College at Windsor to be the College approved by the said Synod for the education and training of the Divinity Students of the Diocese of Newfoundland, the Governors of King's College, Windsor, may by resolution duly passed at a meeting called for that purpose, still further increase their number by the addition of two more Governors to be elected from time to time by the Diocesan Synod of Newfoundland, in such way and for such time as the said Diocesan Synod may from time to time limit and appoint. But if at any time thereafter the approval and support of the Diocesan Synod of Newfoundland shall be withdrawn from King's College, or the Divinity Students of that Diocese shall cease to attend said College, the persons so elected by the Synod of that Diocese shall thereupon cease to be Governors of King's College, Windsor, and the number of said Governors shall be reduced to that extent, which reduction shall be effected by a resolution of the Governors of King's College, Windsor, passed at a meeting called for that purpose.

4. All Governors elected by virtue of this Act shall as regards their eligibility for re-election be subject to the regulations of the Synod by which they have been elected respectively, notwithstanding the provisions of Chapter 100 of the Acts of the Legislature of Nova Scotia for 1866.

KING'S COLLEGE SCHOOL,

WINDSOR, N. S.

HEAD MASTER: The REV. C. E. WILLETS, M. A., D. C. L.

Graduate and formerly Scholar of Corpus Christi College, Cambridge.

This School is in direct connection with King's College, and is carried on under regulations prescribed by the Board of Governors.

The object of the School is to provide a sound, religious, classical, mathematical, and general education, in conformity with the principles of the Church of England; but it is open to all denominations without restriction.

Pupils belonging to the Church of England attend the Sunday Services in the College Chapel, but those of other Denominations, may if required by their parents, attend the Sunday services of the Denomination to which they belong. In the latter case certificates of proper attendance will be required from the Minister.

While ample provision is made to prepare boys for the University and high Civil Examinations, the utmost attention is devoted to imparting such a training as may fit them for all pursuits and professions, and enable them to take that position in society which is conceded only to men of liberal education and refined habits.

COURSE OF INSTRUCTION.

The course of instruction includes all the usual branches of a sound education in Classics, Mathematics, German, French, English, etc.

There are two exhibitions connected with the School, one of \$40 and the other of \$20, and a prize of \$10 for French.

RULES REGULATING THE COLLEGIATE SCHOOL PRIZES OR EXHIBITIONS.

“The exhibitions shall be annually contended for, the first prize to be open to the Senior form alone; the second to all the forms of the School except the Senior.”

The exhibition of forty dollars shall be awarded to the pupil of the Senior form who shall stand first on the list of Examiners, and the second exhibition of twenty dollars to the pupil of all the other forms who shall stand first on the list of the Examiners.

No pupil shall be entitled to the highest exhibition unless the examination he has passed shall be such as to qualify him to matriculate at King's College, though not compulsory for him so to do.

Several years ago a third prize was added to the number, viz., one of ten dollars for the best scholar in the French language, open for competition to the whole school.
