Introduction.

KING'S COLLEGE was founded by a Act of the Provincial Legislature, A. D. 1789, chiefly through the exertions of the Right Reverend Charles Inglis, D. D., first Bishop of Nova Scotia, and was opened in 1790. For this foundation funds were granted by the Provincial Legislature, and subsequently by the British Government.

By the Royal Charter granted in 1802, all the privileges of a University were conferred on King's College, which thus became the first University of British origin established within the present limits of Canada.

A Provincial Act incorporating the Governors of King's College, and annulling the Act of 1789, was passed April 4th, 1853. It provides that the Royal Charter of Incorporation shall not be effected by it further than is necessary to give effect to its own enactments.

The University confers degrees in Arts, Divinity, Law, Engineering, Science, and Medicine.

The School of Law, situated in St. John, N. B., was established in 1892.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

Candidates for Matriculation may be examined at distant centres.

Students reside in the old building which was modelled on the Colleges of Oxford. It is heated throughout with hot water. The old fashioned, roomy studies are shared by two or three students according to arrangements. Everyone has his own bedroom.

The aggregate outlay necessary for the three years' residence and study qualifying for a degree will, of course depend much upon the tastes and economy of the student, but may be estimated at about \$200 per year. The mere money payment demanded need never, however, exclude a candidate really prepared to benefit by the course of instruction offered, inasmuch as many benefactors of the University possess the right of nomination. Each nominee is exempt from the payment of certain yearly fees (See Stat. Cap. III, Sec. 2), besides the fee for B. A. degree. There being some forty certificates conferring this privilege, it is easy for students to obtain it. If a Divinity scholarship is held besides, nearly the whole cost of education will be covered.

Non-resident Undergraduates are admitted to the College Course and Graduations, under regulations which will be found in the Calendar.

The lists of members of the University, and winners of Prizes, will be published again in the full Calendar in 1907.

SPECIAL NOTE.—The publication of this work has been unavoidably delayed on account of the Reconstruction arrangements. In future years the Calendar will be ready for Encænia

Course of Study.

The object aimed at in the Arts Course is to impart a good general education with special reference to North American conditions, while every facility is afforded for the prosecution of special studies.

There are at present in the University five schools open to matriculated students:—

- | | |
|------|---------------------|
| I. | The School of Arts. |
| II. | “ Divinity. |
| III. | “ Engineering. |
| IV. | “ Science. |
| V. | “ Law. |

A Student in Arts, after passing through the course prescribed for the first two years, must pass the examination called Responsions, after which he must select three or more of the subjects lectured on to form the subject of his Degree examination. If he be desirous of taking Honours at his B. A. Examination, he can do so in any one or more of the subjects lectured on, the precise regulations for which will be found under the heading of Examinations.

Students who do not intend proceeding to a Degree may attend the Lectures of any of the Professors, subject to the usual regulations, and can obtain from the Registrar certificates of examinations passed.

Special attention is called to the History School which is intended to give the student a comprehensive outline of world history that can afterwards be filled in by his own reading. Particular notice is taken of Japan's position among the nations and of the present circumstances of North America.

Students.

Students are admissible to the College who are not less than 16 years of age: "undergraduates" are those who have duly matriculated, "conditioned students" those who are pursuing the same course without having passed the whole of their matriculation examination; if they successfully pass it by the end of the first year they may count their terms from the time they actually came into residence.

A Registration Fee of \$2.00 will be charged to all students who enter without passing the Matriculation Examination.

Women are admitted on the same terms as men.

King's College being now affiliated with McGill University' Montreal, in Arts, (including work for B. Sc.) students may, if they desire it, take their first two years at Windsor and then enter the third year at McGill. The course for the first two years has accordingly been assimilated to that of McGill, but for those who have no intention of completing their course in Montreal, "options" are arranged for as explained on page 19 *seq.*

King's College is affiliated to the Universities of Oxford, Cambridge, and Dublin, under conditions which allow an undergraduate who has taken two years' work, to pursue his studies and take his Degree at any of those universities on a reduced period of residence.

Attendance at Lectures.

Attendance at all Lectures, except those which are announced as optional, is compulsory upon all undergraduates.

Professors will register the presence or absence of students immediately before beginning lectures; any student entering thereafter will be noted as absent, unless a satisfactory explanation be given to the Professor.

No student is allowed to absent himself from Lectures (except by special permission, obtained from the Professors), nor from the Examinations in any Department in his course.

Of Terms and Residence.

The Academical year begins in October, and contains three terms. Michaelmas Term extends from the first Saturday of October to December 22nd; Lent Term from the second Saturday of January to the Saturday before Palm Sunday; Easter Term from the Monday after Easter Monday to the last Thursday but one in June.

Students are required to pass the Terminal Examinations at the end of Michaelmas and Easter Terms. No student who has failed to pass a terminal examination shall be allowed to present himself for examination in the subjects of any subsequent term until he shall have passed a supplementary examination in the subjects in which he has previously failed. The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade," *i. e.*, to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

The following days are observed as holidays in the University: All Saints' Day, Ash Wednesday, Ascension Day, Whitsun Monday, Victoria Day, and the Birthday of the reigning Sovereign.

Students from Other Colleges.

Students who have taken a partial course at any other University recognised by the Board of Governors, may, upon presentation of certificates of their standing, be admitted *ad eundem statum* and complete their course at King's College.

Students who have received their diploma from St. Augustine's College, Canterbury, St. Boniface, Warminster, Wycliffe College, Toronto, Montreal Diocesan Theological College, or other recognised Theological Colleges may obtain the degree of B. A. from this University, by a residence of one year, upon presenting satisfactory certificates of work done, and passing the required examinations in any three of the prescribed subjects other than Divinity.

Regulations for Non-Resident Students.

Non-resident undergraduates, *i. e.*, students residing at such a distance from Windsor as to render them unable to attend the lectures of the Professor (the decision in each case resting with the College Board) are admitted to the College course and graduation under the following condition :—

1. Students in Arts must matriculate, and, in their first year, pass one terminal examination.
2. In their second year they must pass the examination for Responsions, as prescribed for resident students.
3. In the third year they are required to pass :—
 - (a) The terminal examination at the end of Michaelmas term.
 - (b) The examinations for the Degree of B. A., at the end of the Easter Term.
4. In case of failure candidates must pass a supplementary examination before they can present themselves for a succeeding examination.
5. Supplementary examinations are held at the beginning of the next term after the regular examination.
6. Candidates who fail in the Degree Examination may present themselves for a supplementary examination at the end of the following Michaelmas Term.
7. Candidates for the degree of B. Eng. or B. Sc. are required to matriculate and to pass :—
 - (a) One terminal examination in their first year.
 - (b) The first University examination for the degree at the end of the Easter Term in their second year.
 - (c) The second University examination for the Degree at the end of the Easter Term in their third year.
 - (d) The final examination for the Degree at the end of the Easter Term in their fourth year.

8. All examinations are held at the College, at Windsor, but that for Matriculation may be held at various centres.

9. On application to the President of the College, arrangements may be made, under suitable regulations, for holding Matriculation Examinations at other centres than those prescribed in the College Calendar.

10. Candidates must appear at the examination in proper academical costume, and during their attendance at the College are subject to the same regulations as resident students.

11. Non-resident students may compete for the McCawley Hebrew Prize, the Bishop's Prize, and the Binney Responsions Prize, but they are not eligible for scholarships, nor can they hold nominations.

12. Non-resident students are permitted to become students for one or more terms, for the purpose of attending lectures in such subjects as they may desire, but they shall not be exempt from the regulations governing such students, except with the consent of the College Board.

N. B.—On application, information will be afforded by the Professors of the different departments as to the subjects, required for the terminal examination.

FEES.

Matriculation, at Windsor.....	\$ 2 00
“ at any other centre.....	5 00
College Dues, per annum.....	20 00
Each Terminal Examination.....	10 00
Responsions Examination.....	15 00
First Examination for B. Eng.....	15 00
“ “ B. Sc.....	15 00
Final Examination for the degree of Bachelor in any Faculty except Divinity.....	15 00
Each Supplementary Examination.....	5 00

All fees, including College dues, must be paid to the Bursar before a candidate may present himself for examinations, and they are not returnable in case of failure to pass.

The fees for admission to degrees, etc., are the same as those already prescribed.

Discipline.

All students are required to be in residence not later than the first Monday in each Term.

The resident Students are under the immediate charge of the President and Vice-President.

All students attend the services in the College Chapel. Students who are not members of the Church of England are permitted to attend the Sunday Services of their own Church.

Students residing in the College are not to be out of it after 10 p. m. without the permission of the President, or, in his absence, the Vice-President, and no permission is given to be out after midnight. The College authorities may enter the apartments of undergraduates at all hours of the day or night.

No visitor is allowed to remain in College after 10 p. m. unless by permission.

The President is authorised to impose fines or written exercises for infraction of regulations, insubordination or disorderly conduct; matters of a more serious nature are referred to the Board of Discipline, which meets once a week, or oftener if required.

The Board of Discipline may deprive any Student of his Term for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, if required by the Board.

The introduction or use of spirituous liquors in the College is absolutely prohibited.

Matriculation.

Matriculation examinations are in June and September.

The Examination is divided into two parts, Preliminary and Final. The subjects of the Preliminary Division may be taken

at any Matriculation Examination, and those of the Final Division at the same or any subsequent examination, but (except as provided in the next paragraph) a candidate must pass in the whole of either division at one time in order to secure exemption from further examination therein. When two or more books or subjects are prescribed for one examination it is necessary to pass in each.

Candidates who fail in one or more subjects at the June examination, or who have taken part only of the examination, and present themselves in the *following* September, will not be required to take the subjects in which they pass in June.

Candidates who at the September examination fail in a small part only of the whole examination may, if their general standing is sufficiently high, be allowed to enter the First Year Undergraduate Course as Conditional Students. Students will not as a rule be conditioned unless they present themselves for examination in September, and show a sufficient knowledge of the work to justify the examiners in recommending that they be allowed to enter. Such students can obtain full undergraduate standing by passing at a subsequent June or September Matriculation Examination in the subjects in which they failed, and will not be permitted to enter the Second Year of their course of study until such examinations have been passed.

Certificates of having passed the Junior Leaving Examination (Grade XI.) of the Province of Nova Scotia will be accepted *pro tanto* in lieu of the Matriculation Examination, *i. e.*, in so far as the subjects and standards are, to the satisfaction of the College Board, the same as or equivalent to those required for the Matriculation Examination of the University; but candidates offering certificates of having passed such examinations will be required to pass the Matriculation Examination in such of the required subjects, if any, as are not covered thereby.

Applications for exemptions from the Matriculation Examination, based upon certificates of having passed examinations other than this, will be considered by the College Board.

SUBJECTS OF THE EXAMINATIONS.

Preliminary Division.

ENGLISH (COMPOSITION, DICTATION, GRAMMAR).
BRITISH HISTORY. (For 1904 and 1905 only).
ARITHMETIC.

Final Division.

For candidates intending to take the B. A. Course:—

1. HISTORY AND GEOGRAPHY. (In and after 1906).
2. ENGLISH LITERATURE.
3. LATIN OR GREEK.
4. One of the following:—GREEK OR LATIN (the one not already chosen),
FRENCH, GERMAN.
5. ALGEBRA, PART I.
6. GEOMETRY, PART I.
7. One of the following:—PHYSIOGRAPHY, BOTANY, CHEMISTRY, PHYSICS, a LANGUAGE not already chosen.

For candidates intending to take the B. Sc. Course:—

1. HISTORY and GEOGRAPHY. (In and after 1906).
2. ENGLISH LITERATURE.
3. FRENCH.
4. GERMAN.
5. ALGEBRA. PART I.
6. GEOMETRY. PART I.
7. One of the following:—PHYSIOGRAPY, BOTANY, CHEMISTRY, PHYSICS,
LATIN, GREEK.

FACULTY OF ENGINEERING.

Preliminary Division.

(Same as in Arts).

Final Division.

1. HISTORY and GEOGRAPHY.
2. ENGLISH LITERATURE.
3. One of the following:—FRENCH, GERMAN, LATIN, GREEK.
4. ALGEBRA. PARTS I. and II.
5. GEOMETRY. PARTS I. and II.
6. TRIGONOMETRY.
7. One of the following:—PHYSIOGRAPHY, BOTANY, CHEMISTRY, PHYSICS, a LANGUAGE not already chosen.

Details of the Requirements in each Subject.

Preliminary Division.

ENGLISH (COMPOSITION, DICTATION, GRAMMAR).

Candidates will write a short essay on a subject to be given at the time of the examination.

A paper on English Grammar, including Analysis. The candidate will be expected to show a good knowledge of Accidence, as treated in any grammar prepared for the higher forms of schools. A similar statement applies to grammatical Analysis. Candidates are required to state the class to which any subordinate sentence belongs, and to arrange and define the various members of all sentences set. Failure in Analysis and Parsing will cause the rejection of the paper. West's English Grammar for Beginners is recommended as a text-book.

BRITISH HISTORY.

Candidates will be required to show a somewhat intimate acquaintance with the History from 1485 to the present time. While any text-book written for the upper forms of schools may be used in preparation for the examination—Gardiner's Outline of English History (Longman's) is recommended.

In 1906 this subject will be transferred from the Preliminary to the Final Division, and Geography will be added to the requirements. A somewhat particular knowledge of the whole History will be expected of all candidates, such as can be obtained by a study of Wrong's "History of the British Nation." The Geography required will be that relating to the History prescribed.

ARITHMETIC.

All the ordinary rules, including Square Root, and a knowledge of the Metric System.

Final Division

ENGLISH LITERATURE AND COMPOSITION.

1904. Selections from Tennyson, Part I., (ed. Rowe & Webb, Macmillan); Shakespere's Merchant of Venice.

1905 & 1906. *Literature*.—Shakspeare's Merchant of Venice; Selections from Tennyson, Part I (Rowe Webb, Macmillan), or Nineteenth Century Prose by (by J. W. C.), pages 1-126, with notes (Copp, Clark Co.)

Composition.—As in Syke's Elementary Composition with an essay on some subject connected with the works prescribed in Literature. Frequent practice in composition will be essential, in order that candidates may be prepared to meet the requirements of the examination.

GREEK.

Grammar.

Texts.—(Translation and grammatical style):—

1905 and 1906: Xenophon, Anabasis I (as in White's Beginners' Greek Book, pp. 304-428), or Xenophon Anabasis II.

Translation at Sight, and Prose Composition.—Sentences and easy narrative based upon the prescribed texts.

At the September Examination other texts equivalent to those specified may be accepted, if application be made to the Registrar at least two weeks before the date of examination.

LATIN.

Grammar.

Texts.—(Translation and grammatical study):

1904—Cornelius Nepos, Lives of Miltiades and Epaminondas (G. H. Nall, in Macmillan's Elementary Classics); Cæsar, De Bello Gallico, I and II; Ovid, Stories from the Metamorphoses (as in Gleason's "A Term of Ovid," pages 1 to 53, American Book Company).

1905 and 1906—Cornelius Nepos, Lives of Themistocles and Aristides (Wilkinson, in Macmillan's Elementary Classics); Cæsar, De Bello Gallico, Books IV and V; Ovid, Stories from the Metamorphoses (as in Gleason's "A Term of Ovid," pages 54 to the end, American Book Company).

Translation at sight, and Prose Composition.—Sentences and easy narrative based upon the prescribed texts.

At the September Examination other texts in Latin equivalent to those specified may be accepted, if application be made to the Registrar at least two weeks before the day of the examination.

FRENCH.

Grammar.—Accidence and Syntax, including translation into French of simple English sentences to test the candidate's familiarity with elementary grammar. No candidate will be allowed to pass who fails in this part of the examination. Bertenshaw's French Grammar is recommended as containing the amount required under this head.

Translation at Sight from French into English. Translation into French of easy English passages.

GERMAN.

Grammar.—A thorough knowledge of German accidence.

Translation.—Candidates must be able to translate into German with tolerable correctness exercises approximately equal in difficulty to those contained in the First Part of Van der Smissen's High School German Grammar, or in the First or Second Parts of the Joynes - Meissner German Grammar (Heath & Co.)

Texts.—(Translation and grammatical study):—

1904 and 1905: Auf der Sonnenseite (Heath & Co.)
Storm, Immensee (Heath & Co.)

1906: As in 1905.

At the September examination other texts equivalent to those specified may be accepted, if application be made to the Registrar at least five weeks before the date of the examination.

ALGEBRA, PART I.

Elementary Rules, Involution, Evolution, Fractions, Indices; Surds, Simple and Quadratic Equations of one or more unknown quantities, as in Hall and Knight's Elementary Algebra to end of Surds (omitting portions marked with an asterisk), or in similar text-books.

ALGEBRA, PART II.

The three Progressions, Ratio, Proportion, Variation, Permutations and Combinations, Binomial Theorem, Logarithms, Interest and Annuities, as in remainder of Hall and Knight's Elementary Algebra (omitting chaps. 36, 40, 41, 42), or in similar text-books.

GEOMETRY, PART I.

Euclid's Elements, Books I, II, III, with easy deductions; or an equivalent.

GEOMETRY, PART II.

Euclid's Elements, Books IV and VI, with definitions of Book V, and easy deductions; or an equivalent.

TRIGONOMETRY.

Measurement of angles, Trigonometrical ratios or functions of one angle, of two angles and of a multiple angle, as in Hamblin Smith's Trigonometry, pp. 1-105, or as in Lock's Elementary Trigonometry, Chaps. I-XII, or in similar text-books. In 1906, as in Lock's Elementary Trigonometry, Chaps. I to XII, Hall and Knight's Trigonometry, Chaps. I to IV and VII to XII, all inclusive, or as in similar text-books.

PHYSIOGRAPHY.

The elements of the Science, as in Davis's Elementary Physical Geography, Tarr's First Book of Physical Geography, or other text-books covering the same ground.

BOTANY.

As in Groom's Elementary Botany.

Candidates will be given extra credit for Plant collections of a maximum of 25 species each. They will use Penhallow's Guide to the Collection of Plants and Blanks for Plant Descriptions.

The collection will be returned, if desired, at the expense of the school or individuals to whom they belong.

Any plant of the same family may be substituted for any one of those specified in Part II of Groom's Elementary Botany, according to the requirements of the locality.

CHEMISTRY.

Elementary Inorganic Chemistry, comprising the preparation and properties of the chief non-metallic elements and their more important compounds, the laws of chemical action, combining weight, etc. The ground is simply and effectively covered by Remsen's "Elements of Chemistry," pp. 1 to 165, (Macmillan's Edition).

PHYSICS.

Properties of Matter; Elementary Mechanics of Solids and Fluids, including the Laws of Motion, Simple Machines, Work, Energy; Fluid Pressure and Specific Gravity; Thermometry, the effects and modes of transmission of Heat.

Text-book recommended: Gage's Introduction to Physical Science, 1902 edition (Ginn & Co.) chaps I to V.

Dates of the Examinations.

The fall examination in 1904 will commence on September 12th. Special arrangements may be made for the examination of candidates who are prevented by severe illness or domestic affliction from presenting themselves on the date fixed.

The Time Table for the examination will be as follows:—

Monday, September 12th

Morning 9-10.30.—English Grammar.
10.30-11.—English Dictation.
11-12.—English Composition.

 4.30-6.—Chemistry and Botany.

Thursday, September 15th

Morning 9-11.—Geometry, Part I.
 11-12.20.—Physics and Physiography.
 Afternoon 2.30-5.—Algebra, Part II, and Geometry, Part II.

Friday, September 16th

Morning 9-11.—Algebra, Part I.
 11-1.—Greek Grammar and Composition.
 Afternoon 3-5.—Greek Books and Sight Translation.

ADMISSION TO SECOND YEAR.

Admission to the Second Year is open, as a rule, only to undergraduates who have passed the First Year Sessional Examination in regular course, but in exceptional cases, to be dealt with by the College Board, candidates may be admitted directly to the Second Year without having passed through the curriculum of the First Year. Students holding the Grade "A" Nova Scotia Provincial Certificate, covering the subjects required, are admitted to the Second Year.

Regulation for Degrees.

After passing the First Year Matriculation Examination, an Undergraduate, in order to obtain the Degree of B. A., B. Sc. or B. Eng., is required to attend regularly the appointed courses of lectures for four years, and to pass the required examinations in each year.

ORDINARY COURSE FOR DEGREE OF B. A.

First Year:

GREEK, 1, *or* LATIN, 1.
 ENGLISH, 1, and HISTORY, 1.
 MATHEMATICS, 1.
 LATIN, 1, *or* GREEK, 1, *or* FRENCH, 1, 2, *or* GERMAN, 2.
 PHYSICS, 2.

French cannot be taken as a qualifying option in the First Year, except by students who have passed the Matriculation Examination in this subject.

Second Year:

(a) ENGLISH, 2.
 (b) LATIN, 2, *or* GREEK, 2.
 (c) GREEK, 2, *or* LATIN, 2, *or* A MODERN LANGUAGE.
 (d) MATHEMATICS, 3, *or* ELEMENTARY BIOLOGY, 1.
 (e) CHEMISTRY, 1, LABORATORY WORK IN ADDITION.
 (f) LOGIC AND PSYCHOLOGY.
 (g) HEBREW, 1.
 (h) GERMAN *or* FRENCH.

ANY THREE
 OF WHICH (d),
 (e), or (g) MUST
 BE ONE.

Students intending to take the double course in Arts (B. A.) and Engineering must take Mathematics and Chemistry.

ORDINARY COURSE FOR THE DEGREE OF B. Sc.

First Year:

ENGLISH, 1, and HISTORY, 1.
 FRENCH, 1, 2.
 GERMAN, 2.
 MATHEMATICS, 1.
 PHYSICS, 2.

Second Year:

ENGLISH, 2.
 FRENCH, 3, 4.
 GERMAN, 3.
 CHEMISTRY, 1 — LABORATORY WORK IN ADDITION.
 MATHEMATICS, *or* ELEMENTARY BIOLOGY, 1.

Details of the Requirements of Each Subject.

GREEK I.

For 1904-5, the work will be Arrian's *Anabasis* (Selections, Macmillan); Homer, *Iliad*, XVIII (Platt, Blackie's Illustratsd Series); Euripides, *Hecuba* (Upcott, Bell's Ill. Classics). For *Composition*, the manual used will be North & Hillard's Greek Prose Composition (Rivington's); for *Translation at Sight*, written and oral, Greek Unseens in Prose and Verse, Intermediate Lecture (Blackie and Son).

History.—From B.C. 560 to 469, Cox's "Greeks and Persians" [Longman's Epoch Series.]

GREEK 2.

The work of the Second Year will be selected mainly from the Greek Dramatists, and from Thucydides, Plato or Demosthenes. Students are expected to be provided with Allen's Elementary Greek Grammar.

SUMMER READINGS.—Plato's *Apology of Socrates* (Adam). Students are also recommended to work through some portion of Burnett's *Greek Rudiments* (Longmans).

SESSIONAL LECTURES.—Thucydides VII [Marchant, Macmillan,] in part; Homer, *Odyssey* VII [Merry, Clarendon Press]; Sophocles, *Ajax* [Jebb, Rivingtons]. Practice in *Composition and Translation at Sight* will be given North & Hillard's Greek Prose Composition [Rivingtons], and Unseens in Prose and Verse, Senior Section [Sharwood Smith, Blackie and Son].

HISTORY.—The Athenian Supremacy; Bury's *History of Greece*.

LITERATURE.—Fowler's *History of Ancient Greek Literature*, pp. 1-57 and 179-246.

The following books are recommended for reference during the first two years of the course:—

Jebb's *Introduction to Homer* (Maclehose); Fowler's *History of Greek Literature*; Gow's *Companion to School Classics* (in part); Bury's *History of Greece* (Macmillan); Mahaffy's *Primer of Greek Antiquities*; and

Tozer's *Primer of Classical Geography* (Macmillan); Allen's *Elementary Greek Grammar* (Clarendon Press); or Burnett's *Greek Rudiments*.

Students should also provide themselves with Kiepert's *Atlas Antiquus*.

LATIN I.

In this class, besides a general review of grammatical principles [New Latin Grammar, Allen & Greenough], portions of some Latin author such as Ovid, Tibullus, Livy, Sallust, Virgil, Horace or Cicero—are read and explained.

For 1904-5, the subjects will be Cicero, *De Senectute* [Warman, Bell & Sons]; Ovid, *Elegiac Selections* [F. C. Smith, Bell & Sons]; Virgil, *Æneid* VI [Phillipson, Bell & Sons]. For practice in *Composition*, both written and oral, the text-book in use during the first year will be North & Hillard's *Prose Composition* [Rivingtons]; and for *Translation at Sight*, Alford's *Latin Passages for Sight Translation* [Macmillan]. *History*.—*Carthaginian Wars*, B. C. 263-146; Shuckburgh's *History of Rome*, or "Rome and Carthage" [Longmans' Epoch Series]. For advanced section only: Tacitus, *Agricola* [Pearce, Bell & Sons].

LATIN 2.

For 1904-5, the subjects will be:

SUMMER READINGS.—Cicero, *In Catilinam* I and II (Herring, Bell & Sons); or Cicero *De Senectute* (Warman, Bell & Sons.)

SESSIONAL LECTURES.—Cicero, *Pro Lege Manilia*, and *Pro Archia* (King, Clarendon Press); Horace, *Wickham's Selected Odes* (Clarendon Press); Virgil, *Æneid* IV (Warman, Bell & Sons). *Composition and Translation at Sight*: Bradley's *Arnold*, and Alford's *Latin Passages for Sight Translation* (Macmillan).

HISTORY.—The Last Century of the Republic, B. C., 133-31; as in How & Leigh's *Roman History*.

LITERATURE.—The subject matter of Quintilian X, chap. 1, §§ 37-131. For advance section only: Horace, *Epistles*; Book I.

The following books are recommended for reference during the first two years of the course: How & Leigh's History of Rome (Longmans); Strachan-Davidson's Cicero; Warde-Fowler's Cæsar (Putnam); Wilkinson's Primer of Roman Literature; Wilkins' Primer of Roman Antiquities; New Latin Grammar (Allen & Greenough).

Students should provide themselves also with Kiepert's Atlas Antiquus.

GERMAN 3.

SUMMER READINGS for students entering on their Second Year:—Hauff, Lichtenstein [Heath & Co.]

SESSIONAL LECTURES.—The Joynes-Meissner German Grammar; Horning, German Composition; Schiller, Die Jungfrau von Orleans [Holt & Co.]; Beresford-Webb, German Historical Reading Book [Holt & Co.]; Schiller's Ballads [Heath & Co.]; Gœthe, Gœtz von Berlichingen [Holt & Co.]; Keller, Bilder aus der Deutschen Literatur [American Book Co.]

HEBREW 1.

Hebrew grammar and translation; English rendered into Hebrew; Masoretic notes explained; Harper's Elements of Hebrew; Harper's Introductory Method and Manual.

HISTORY 1.

The main epochs of European History. The general design is less to present a mass of facts than to illustrate the chief features of racial political and social progress.

Text-book: "European History," by G. B. Adams [Macmillan.]

The use of Puttzer's Historischer Schul Atlas is recommended.

MATHEMATICS 1.

Plain and Solid Geometry.—The equivalent of Books IV, VI and XI of Euclid, with supplementary matter; Hall & Stevens' Euclid.

Algebra.—Hall and Knight's Elementary Algebra (omitting Chapters 36, 40, 41, 42), or the same subject matter in similar Text-books.

Trigonometry.—Hall and Knight's Elementary Trigonometry; The Elements of Spherical Trigonometry; Nature and Use of Logarithms.

MATHEMATICS 2.

Geometry.—[a] Solid Geometry, continuation of the First Year; [b] Geometrical Conic Sections, Wilson's Solid Geometry and Geometrical Conics.

Algebra.—Exponential and Logarithmic series; Undetermined Coefficients; Partial Fractions; Elementary Theory of Probabilities; Elements of Determinants; Graphic Methods.

MATHEMATICS 3.

Elementary Analytical Geometry; Elementary Parts of the Differential and Integral Calculations; Simple Differential Equations.

PHYSICS 1, 2.

Laws of Mechanics—Sound, Light and Heat.

CHEMISTRY 1.

General Chemistry.—A course of lectures on Elementary Chemical Theory, and on the principal elements and their compounds. The lectures are fully illustrated by means of experiments.

Text-book: Holleman's Text-book of Inorganic Chemistry, translation by Cooper.

Elementary Practical Chemistry.—This course is compulsory for all undergraduates taking the above course of lectures. The work includes experiments illustrative of Laws of Chemical Combination, the Preparation of Pure Chemical Compounds, and Elementary Qualitative Analysis.

BIOLOGY.

Plant Biology (second half session).—A course in the general morphology of plants embracing a discussion of the general prin-

ciples of morphology and classification, respiration, photosynthesis, nutrition, reproduction, symbiosis and adaptations, as also the relations of plants in geological time. These studies will be illustrated by means of special types taken from the principal groups.

Animal Biology.—This course includes a careful study of the laws of Biology, as illustrated by a selected series of types. Special stress is laid on the study of the elements of Vertebrate Anatomy and Physiology, to which the most of the time is devoted. The types studied are Amœba, Paramœcium, Hydra, Lumbricus, Scyllium and Rana.

LOGIC AND PSYCHOLOGY.

Formal Logic.—In the second term a course in Formal Logic and Fallacies. Text-book: S. H. Mellone, "Introductory Text-book of Logic." The course will embrace an outline of the general formal principles of valid reasoning, with frequent illustrations of their application to actual discussion. This will be followed by more detailed examination of the types of fallacious reasoning most commonly perpetrated in literature and daily life. Weekly exercises will be set and will form an important feature of the course.

Psychology.—Text-book: James' Psychology, Briefer Course, pp. 1-217, omitting pp. 78-90. This course will include a general account of sensation, with special illustration by reference to the sensations which are of pre-eminent importance for the purposes of practical life—sight, hearing, contact, movement. This will be followed by a general outline sketch of the functions of the central nervous system and particularly of the higher brain centres, as the physiological correlates of mental activity. In this connection reference will be made to the more important results obtained from vivisectional experiment and from the study of mental disorder. The nature of Habit and its importance for mental life will next be studied, and the course will conclude by an examination of the leading features of the concrete stream of actual mental life and the principal constituents of the self.

SCHOOL OF ENGINEERING.

The course for the first and second years will follow generally the McGill course for B. Sc. (Applied) in the following branches:—

1. Architecture.
2. Civil Engineering.
5. Electrical Engineering.
4. Mechanical Engineering.
5. Mining Engineering.

Subjects for First Year.—(In all branches): English, Mathematics, Physics and Physical Laboratory, Descriptive and Freehand Drawing, Shopwork and Lettering. In Architecture: French, History and Architectural Drawing.

Subjects for Second Year—In Branch 1: Mathematics, Architectural, Descriptive and Mathematical Drawing, History, etc., of Agriculture, Design, Building Construction, Detailing, Surveying, Mapping, Modelling.

In Branches 2, 3, 4 and 5: Mathematics, Physics and Physical Laboratory, Descriptive Geometry, Shopwork.

Also, in Branch 2: Building Construction, Surveying and Mapping.

In Branch 3 and 4: Kinematics of Machines and Mechanical Drawing.

In Branch 5: Surveying and Mapping.

The third and fourth year courses will be announced in the Calendar for next year. It is intended to devote the time chiefly to Civil Engineering and Surveying, with special reference to the circumstances of the Maritime Provinces.

FOR DEGREE OF M. Sc.

A candidate for this Degree must be a B. Sc. of three years' standing. He will be required to send in a satisfactory Thesis on some subject embodying original work, and also to pass an examination in some branch of scientific work, approved by the College Board, on the recommendation of the Professor of Science.

FOR DEGREE OF D. S.

A candidate for D. Sc. must be a B. Sc. of eight years' standing, or a M. Sc. of five years' standing.

A Thesis on some approved subject, to be sent to the Board of Examiners, and a proof of continued successful work in Science.

THE TEACHERS' LICENSE "A." (XII.)

With the object of bringing King's College into more intimate connection with the Provincial system of education, it has been arranged that students may now, if they desire it, be prepared for the examination qualifying for the above as part of their college course. The examination may taken at the end of the first or second year. Candidates will take the work of the first year with the following modifications and additions:—

A. IMPERATIVE. BOTH SIDES.

Psychology will be taken with the ordinary third year work.
History and Sanitation will be read in private under the supervision of the Professor of History, who will hold frequent classes and assume general responsibility for the work of the "A" students.

B. CLASSICAL SIDE.

Latin and Greek Texts prescribed by the Department of Education will be substituted *pro tanto* for those already specified.

C. SCIENTIFIC SIDE.

Chemistry will be taken with the ordinary second year work.
Botany, Zoology, Geology, Navigation and Astronomy will be taken with the ordinary third year work.

D. OPTIONAL.

French and German Texts prescribed by the Department of Education will be substituted *pro tanto* for those already specified.

As a matter of convenience during the year 1904-5, the text books prescribed by the Department will probably be lectured on instead of those already specified.

The details of the Government requirements for the examination are as follows:—

A. IMPERATIVE. BOTH SIDES.

1. *English*.—As in Lounsbury's English Language, Chaucer's Canterbury Tales: The Prologue, the Knight's and the Nonne Prestre's Tales. [Skeat's 2/6 Edition.] Also for 1905.
2. *English*.—Stopford Brooke [Copp, Clark] for reference; Thackeray's Humourists, Shakespere's Henry V, and Milton's Paradise Lost, I and II. For 1906—Shakespere's Lear, Tennyson's In Memoriam, Elliot's Adam Bede, or Selections from Newman. [Henry Holt & Co.]
3. *History*.—As in Green's Short History of the English People, and Clement's History of Canada.

4. *Psychology*.—As in James' Text-Book of Psychology, Titchener's Primer, or Maher—, edition of 1900.
5. *Sanitation*.—As in the Ontario Manual of Hygiene.

B. IMPERATIVE FOR CLASSICAL SIDE.

6. *Latin*.—Grammar as in Bennett, and Composition as in Bradley; Arnold or equivalents; Latin translation at sight.
7. Tacitus—Annals, Book IV. Also for 1906.
8. Cicero—Pro Lege Manilia and Pro Archia. [For 1906, M. Catilinam, I to IV.]
9. Virgil—Æneid, Books V and VI. Also for 1906.
10. Horace—Odes, Books III and IV. [For 1906, Satires, omitting I, 2 and 8.]
11. Roman History and Geography.—As in Liddell's.
12. *Greek*.—Grammar as in Goodwin, and Composition as in Fletcher and Nicholson, or equivalents. Greek translation at sight.
13. Plato—Apology and Crito. [For 1906—Xenophon's Hellenica, Books I and II.]
14. Demosthenes—Philippics, I and III, and on the Chersoness. [Also for 1906.]
15. Sophocles—Æschylus, Prometheus Vincetus. [Also for 1906.]
16. Greek History and Geography.—As in Smith's.

C. IMPERATIVE FOR SCIENTIFIC SIDE.

Science.

17. Physics.—As in Gage's Principles of Physics.
18. Chemistry.—As in Storer & Lindsay's Elementary.
19. Botany.—As in The Essentials of Botany, by Bessey (latest edition); with a practical knowledge of representative species of the Nova Scotia flora.
20. Zoology.—As in Ontario High School Zoology, or equivalent, with dissection of typical Nova Scotia species, as in list specified in *Journal of Education*.
21. Geology.—As in Sir William Dawson's Handbook of Canadian Geology (excepting the details relating to other provinces, from pp. 167 to 235), or an equivalent text.

Mathematics.

- 22.—As in Young's Elements of Astronomy.
23. Navigation.—As in Norris's Epitome, or equivalent.
24. Trigonometry.—As in Murray's Plane Trigonometry.
25. Algebra.—As in Hall and Knight's Higher Algebra, omitting "(*)" paragraphs and chapters xxiv to xxxi.
26. Geometry.—Euclid, particularly VI and XI, as in Hall and Stevens, with exercises. "Loci and their Equations," as in Chapter I. Wentworth's Elements of Analytical Geometry.

D. OPTIONAL FOR EITHER SIDE.

French.

27. French Grammar and Composition.—As in Brachet, or equivalent.
28. French Authors.—(a) Berthon's Specimens of Modern French Prose., complete; Le Beourgeois Gentilhomme, by Molière. (b) Berthon's Specimens of Modern French Verse, Part I, and the pieces beginning on the following pages of Part II of Macmillan & Co.'s editions: 112, 120, 125, 129, 134, 139, 146, 151, 158, 170, 176, 178, 183, 187, 197 and 206.

German.

29. German Grammar and Composition.—As in Joynes-Meisner, or equivalent.
30. German Authors.—As in Buchheim's German Reader, Part II.

To pass (scientific) minimum aggregate of 1000 must be made on twenty papers, including all A and C, and any other *five* papers.

To pass (classical) minimum aggregate of 1000 must be made on twenty papers, including all in A and B, and any other *four* papers.

To pass (scientific and classical), all subjects in A, B, C, D must be taken.

No paper to fall below 50 per cent.

"B" examination is taken *pro tanto* for matriculation.

Those who already hold "A" certificate are admitted at once to the second year.

PROVINCIAL NORMAL SCHOOL (AT TRURO).

The regular term for those seeking a Diploma of Academic rank is as follows:—

- (a) For those holding the certificate of Grade A and a College Degree, from the opening of the session in October to the last Thursday in February.
- (b) For those holding a Grade A certificate *without* a College Degree, from the opening of the session in October to the close in June.

This course is free to those who intend to teach in the Province of Nova Scotia.

Divinity Candidates in Arts must take both Latin and Greek in matriculation and first and second years; they will be permitted to substitute Divinity subjects for Mathematics.

For combined Degree of B. A. and B. Eng., candidates must qualify for the ordinary subjects for B. Eng. and also for three of the groups for B. A., one of which must be a language.

Degree Work.

The examination for the B. A. Degree is held towards the end of Michaelmas and Easter Terms. Students are not permitted to offer themselves for this before their ninth term, except those who intend to offer themselves for Honours in subjects where the Honour work is given separately, who may be examined in the Ordinary Degree subjects in their seventh term. In such case the student must pass an examination in the Honour subjects chosen by him before being admitted to a degree.

The examination is carried on mainly by written questions and answers, but the Examiners at all times have the power of examining *viva voce*.

Every candidate for a Degree must give notice in writing to the President of the College of his intention to present himself for examination, such notice to contain a list of subjects prepared and to be sent not later than twenty-one days previous to the date published in the CALENDAR for the holding of Degree examination.

Candidates must be examined in three or more of the subjects on which lectures are delivered by the Professors.

Where Honour work is given separately, the student must satisfy the examiners in the Ordinary Degree subjects before taking it. Otherwise the same papers will be set, special questions at the end being provided for those who desire to take Honours.

I. CLASSICS:

LATIN.—Tacitus, *Annals*, I; Cicero, *Pro Lege Manilia* and *Pro Archia*; Tacitus, *Historiæ*, I; Cicero, *De Senectute* and *De Amicitia*; Horace, *Odes*, Books III and IV.

GREEK.—Plato, *Apology* and *Crito*; Sophocles, *Antigone*; Demosthenes, *De Corona*.

Sight Translation (Latin) will be practised each term, and a passage set in the examination. Candidates will also be examined in a selected period of Roman and Greek History, the Geography of Ancient Greece and Italy, and in a selected portion of Donaldson's *Theatre of the Greeks*.

HONOURS:

GREEK.—Plato, *Republic*, Books . . .; Sophocles, *Antigone*; Theocritus, ten selected *Idyls*; Pindar, *Olympian Odes*.

LATIN.—Lucretius, *De Rerum Natura*, Books . . .; Catullus, *Ellis' Carmina Selecta*; Cicero, *De Oratore*, Book . . .; Terence, *Andria*.

LATIN PROSE.—Mahaffy's *Greek Literature*; Ferrier's *Lectures on Early Greek Philosophy*; Zeller's *Socrates and the Socratic Schools*; Crutwell's *History of Roman Literature*; Whitney's *Life and Growth of Languages*.

II. ENGLISH LITERATURE:

General Text-book—Morley. Period for 1904-5—Sixteenth Century. The following works will be lectured on, with some attention to other books of the period:—

More, *Utopia*; Ascham, *Schoolmaster*; Marlowe, *Tamburlane*; Shakespeare, *Julius Cæsar*, *Merchant of Venice*, *Hamlet*; Raleigh, *History of the World* (outline); Spenser, *Faerie Queene*, Bk. II.

III. DIVINITY.

BIBLE.—General Introduction, Text, Versions, Contents of Book.

GREEK TESTAMENT.—The Four Gospels (Tischendorf's *Synopsis Evangelica*); Miller's *Introduction to Textual Criticism*.

PRAYER BOOK.—History and Contents of the Book of Common Prayer.

CHURCH HISTORY.—A general knowledge of the History of the Church of England.

HONOURS.

Hebrew Bible, selected portions; Greek Testament, selected Epistles; Westcott *On the Canon of the N. T.*, or Salmon's *Introduction to the New Testament*; Butler's *Analogy*; Church History to A. D. 451, and the English Reformation; Browne *On the Articles*; Pearson *On the Creed*; Hooker's *Ecclesiastical Polity*, Book V; Liddon's *Bampton Lectures*, or Martensen's *Christian Ethics*; St. Athanasius, *De Incarnatione*.

IV. MATHEMATICS AND PHYSICS:

[Details will be announced on Mr. SALMON'S arrival from Cambridge.]

V. NATURAL SCIENCE.

GEOLOGY.—Dana's Text-books and Lecture Notes.

MINERALOGY, including Blowpipe Analysis. Dana's Manual.

HONOURS.—Analytical Chemistry, *advanced course*; (Jones' Junior Course of Practical Chemistry and Fresenius' Manuals); Field Geology (Geikie's Outlines).

The scientific collections of the College are available for study, and these are supplemented, when necessary, by the Professor's collections. Excursions for field work will be made when practicable.

VI. MODERN LANGUAGES—FRENCH OR GERMAN:

Terms VI, VII, VIII. [Three Lectures a Week].

Syntax Idioms.—Text-book, Chardenal's Exercises for Advanced Students.

For Composition and Narration.—Macmillan's French Composition for Advanced Students. [Macmillan & Co.]

History of French Literature.—General view of French Literature up to the XVII Century, and more fully the following authors:

XVII Century: Corneille, Racine, Molière.

XVIII Century: Voltaire, J. J. Rousseau, Montesquieu, Buffon.

XIX Century: Lamartine, V. Hugo, De Vigny, A. de Musset, Gautier, Mérimée, Fr. Coppée, [Text-book: *Sept Grand Auteurs*.]

Sight Translation.

Literature (partly to be read in private): *Le Cid*, by Corneille; *Atthalie*, by Racine; *L'Avare*, by Molière.

VII. GERMAN:

Terms VI, VII, VIII, IX. (Three Lectures a Week.)

Syntax: Part III.—Joynes-Meissner's German Grammar (D. C. Heath & Co., Boston.)

For Composition and Narration:—"Exercises on German Composition." by Horning (The Copp, Clark Co., Toronto.)

History of German Literature:—General view of German Literature up to 1740 and more fully: Die Sturm und Drang Periode and the following authors: Klopstock, Herder, Wieland, Lessing, Uhland, Chamisso, Schiller, Goethe, Heine. The works of V. Scheffel, Jul. Wolf, Wildenbruck, Südermann, Hanptmaun, L. Fulde.

Literature:—(Partly to be read in private.) Schiller's *Marie Stuart* and Goethe's *Faust*.

HONOURS :

FRENCH:—Histoire de la littérature française par Dinoyert (Librairie Hachetté et Cie., Paris). "Les Heroïnn de Roman" par Brilian [Giun & Co.] "Charlotte Cordaz" by Ponsard. (Cambridge Huis, Paris.)

Idioms: Chardinal.

GERMAN.

Either of the following two courses:

Course T.—Geschichte der deutschen Litteratur von Scherer. Die eraten yehn Kapitel. Die Meisterwerke des Mittel—Altevs by Carla Waukebach. [D. C. Heath & Co.]

Essays:

Idionis: Taker and Roges, [Macmillian & Co.]

Course B.—Wright's Old High German and Middle High German Primer. Meisterstücke aus der altdeutschen Zeit im Ur. Text [Carla Wenckebach.] Meisterstücke aus der mittelhoch-deutschen Zeit im Ur-Text [Kurz]. Bernhardt's Gothische Grammatik. Auszuge aus Ulfilas Bibel Uebersetzung.

VII. HISTORY :

The general idea of this course is to present an outline of world history, particularly enquiring what each race has contributed to the sum of human well being. The following is a brief synopsis:—

Egypt [The Jews].	{ Flinders Petrie. Bunsen.	China.....	Wells Williams.
Greece.....	{ Grote. Smith.	India... ..	Hunter.
Rome.....	Liddell.	Japan.....	Murray.
Rome, decline and fall.....	{ Gibbon.	Easter Asia, [out-line].....	{ Hannah.
Mediaeval Empire..	Bryce.	England and her Expansion.	{ Freeman. Seeley.
Europe in Middle Ages..	{ G. B. Adams.	America.....	{ Prescott. Fiske.

A selected portion of the above will be lectured on each year.

VIII. ECONOMICS, ETC.:

The general idea of this course is to enquire in the broadest spirit what light the history of political economy, etc., throws on present day industrial and other problems in North America.

For political economy the works of Ruskin, Herbert Spencer, Giddings, J. S. Mill and Carlyle will be studied; for International Law, Lawrence; for Psychology, James.

Successful candidates for degrees will be classed as follows:—

HONOUR DEGREES.

- First, - - - - Optime Meruit.
- Second, - - - - Laudabilis progressus feict.
- Third, - - - - Honores inetc., adeptus est.

PASS DEGREES.

Successful candidates are divided into three classes according to the average marks obtained.

Candidates must obtain, in all examinations, a minimum of 35 per cent. in each paper.

FOR THE DEGREE OF M. A.

Candidates must be of three years standing from the time of taking the B. A. degree, and must present a satisfactory thesis on some subject approved by the College Board.

DIVINITY STUDENTS.

The course of study for candidates for Holy Orders comprises the subjects usually required for the Ordination Examinations, and the special subjects prescribed for the "Voluntary Preliminary Examination" of the Provincial Synod of Canada. Students are also practised in the composition and delivery of sermons. Hebrew is optional.

This course ordinarily covers a period of two years; but for graduates who have taken Greek in their Arts course one year's residence is sufficient.

Arrangements are being made for supplementary courses of lectures on various subjects to be given by some of the leading clergy. Details will be announced at the beginning of each term.

Mr. Hannah will lecture to the Divinity students on "Christian Antiquities," taking Stanley's Eastern Church as a general text-book and describing conditions, etc., in the Levant from his own observation while travelling there.

The University of King's College having entered into an agreement with the other Church Universities and Theological Colleges in Canada to adopt a uniform standard for Degrees in Divinity, all such Degrees are now only conferred by the University in accordance with the Canon of the Provincial Synod of Canada on Degrees in Divinity within the Ecclesiastical Province of Canada. Particular information concerning the regulations for such Degrees, and concerning the "Voluntary Preliminary Examination," may be had upon application to the Secretary of the Board of Examiners, Rev. G. H. Broughall, 96 Bellevue Avenue, Toronto, or to the President of the College.

GRADUATION IN ENGINEERING.

Undergraduates presenting themselves for examination for the Degree of Bachelor of Engineering are required to have matriculated in the School of Engineering, to be twelve terms' standing and to have passed the examinations prescribed for the first two years.

FOR THE DEGREE OF M. ENG.

Every candidate must have taken the Degree of B. Eng., and must have been engaged in practical work as a Civil Engineer for at least three years from the time of so doing. He must have held a position of responsibility in such connection.

He will be examined in Practical Engineering, including the Preparation of Designs, Specifications and Estimates for Engineering Work, and also in some special branch of Theoretical Engineering Science, selected by the candidate, and [upon the recommendation of the Professor of Engineering] approved of by the College Board.

The particular department of Practical Engineering work in which the candidate will be examined, will be chosen with reference to the character of the work in which he has been specially engaged, and in this portion of the examination candidates will be tested as regards their knowledge of the subject by being required to submit a complete set of Drawings, Specifications and

Estimates for some proposed work, for the preparation of which a month or five weeks will be allowed. These drawings, with the detailed calculations upon which they are based, will be sent in to the examiners, and if they are approved, an oral examination of the candidates will be conducted for the purpose of supplying the authenticity of the work submitted and of testing the candidate's professional ability.

The examiners in Civil Engineering shall be appointed yearly by the Board of Governors, and the Professor of Engineering shall be [*ex officio*] a member of the examining body.

DEGREES IN LAW

[See *Law School Calendar* at end of volume.]

DEGREES IN SURGERY AND MEDICINE

Are granted by the University after examinations, particulars of which can be had on application.

Local Examinations.

Local examinations for candidates who are not members of the University are held in Windsor the first week in June, and in other places where it may be requested, at such times as may be found expedient.

Every candidate who passes the examination is entitled to receive a certificate specifying the subjects in which he or she has satisfied the examiners, and the class obtained. To obtain a first class an average of 75 per cent. must be made, and an average of 50 cent. for second class.

The Junior examination is accepted for Matriculation, Senior for entrance into the second year as far as they cover the subjects required.

Candidates passing the Senior Examination receive the title of "ASSOCIATE IN ARTS."

Local Committees wishing to have examinations held in their several districts may obtain all necessary information from the President of King's College.

All such applications must be lodged with the President two months before examinations begin.

REGULATIONS FOR SENIOR CANDIDATES.

Every candidate is required to pay a fee of \$4.00 to the Secretary of the Examination Committee.

The examinations will comprise the subjects mentioned in the following twelve sections: Students are required to satisfy the Examiners in Section I, and in at least four of the eleven sections, II - XII, of which two must be taken from the four sections, II - V, and one from the five sections, VI - X. No candidate may enter for more than eight sections altogether. In any of the sections, V - IX, XI, XII, distinction is given for work done sufficiently well.

Section I.—Arithmetic, including Simple and Compound Interest, Discount and Stocks.

Section II.—Religious knowledge. Any two of the following and three for distinction.

(a) Jeremiah XXVI-XXVIII, XXXIV-XLIV, LII; Ezra, Nehemiah.

(b) Gospel of St. Mark.

(c) The Prayer Book: Collects, Epistles and Gospels, Holy Communion Service, Baptismal Offices.

(d) Church History, A. D. 381-590; English Church History to A. D. 604.

Section III.—One of the following, and both for distinction:

(a) Outlines of English History from 1603 - 1760.

(b) " Canadian History from 900 - 1698.

Section IV.—Any two of the following, and three for distinction:

(a) Outlines of English Historical Literature from the birth of Chaucer to the death of Shakspeare.

(b) Shakspeare's "Richard III."

(c) Byron's "Child Harold," Canto III.

Section V.—The Physical, Commercial and Political Geography of Great Britain and her Colonies.

Section VI.—French: (a) Passages will be set for translation into English from "Le Petit Chose en Provence; Part I, Daudet.

(b) Questions will be set requiring a fair knowledge of Grammar.

(c) Passages not contained in the book named will be set for translation into English.

(d) Passages will be set for translation from English into French,

Section VII.—Latin: (a) Virgil, Æneid XII; Horace, Odes I; Cæsar, de Bello Civili I; Cicero, Pro Mureno. Candidates must select one prose and one verse subject from these four.

(b, c), (d), as in Section VI.

Section VIII.—Greek: (a) Euripides, Hercules Furens; Homer, Odyssey X; Thucydides I (24-87); Herodotus VIII (199). Candidates must select one prose and one verse subject from these four.

(b), (c), (d), as in Section VI.

Section IX.—German: (a) Leberecht. Hünchen, by Seidel.

(b), (c), (d), as in Section VI.

Section X.—(a) Candidates will be required to satisfy the Examiners in Euclid I, II, III, IV, VI Questions will also be set in Book XI.

(b) Algebra, including Binomial Theorem, and the Theory of Logarithmus.

(c) Plane Trigonometry, exclusive of the use of the Exponential Theorem, DeMoivre's Theorem, and the expansions of $\sin \theta$ and $\cos \theta$ in the powers θ .

(d) Conic Sections treated both geometrically and by easy analytical geometry.

(e) Applied Mathematics, including Elementary Statics and Elementary Dynamics.

To pass in this Section, candidates must satisfy the Examiners in Euclid and Algebra. These, if done well enough, are sufficient for the mark of distinction.

Section XI.—Natural Science: Chemistry, Mineralogy, Zoology.

*** Scholarships and Prizes.**

THE COGSWELL SCHOLARSHIP.

[£24 sterling per annum. Open to candidates for Holy Orders, under the direction of the Trustees.]

1904:—A. W. Watson.

THE DIVINITY SCHOLARSHIP.

[Open to students for Holy Orders actually requiring assistance, and subject to the control of the Bishop of the Diocese.]

Eight in number. Thirty pounds sterling per annum.

Two of these Scholarships are awarded each year, and are tenable for four years. They are awarded to those only who matriculate and take an Arts Course. In order to obtain a Scholarship a candidate must make an average of not less than fifty per cent. in the Matriculation Examination, and be not less than nineteen years of age. The Scholarships are awarded according to the rank obtained in the Matriculation Examination,

without excluding some consideration of the character and circumstances of the candidates. The Scholarships shall be forfeited for serious misconduct, of which the Board of Discipline shall be the judges [the Board to report to the Bishop for his action], and any student failing to keep his terms, unless prevented by illness or other urgent reason, shall *ipso facto* forfeit his Scholarship, and the scholarship thus forfeited may, upon the recommendation of the President and Professor of Divinity, be given by the Bishop to a Divinity Student of the same Academical standing as the one who forfeits the Scholarship.

Divinity Scholars are required to reside in the College Building.

THE BINNEY EXHIBITION.

\$50.00 per annum.

In the year 1858, Miss Binney, sister of the late Visitor, and daughter of the late Rev. Hibbert Binney, in the name and on behalf of her father's executors, handed over to the Governors certain stock amounting to \$1000, to found an exhibition at King's College, to be called "The Binney Exhibiton," in memory of her said father.

The design of this Scholarship is to assist students who may require assistance, and who shall have commended themselves by their exemplary conduct, although their abilities and acquirements may not qualify them to be successful competitors for an open scholarship.

TERMS.—On or before the first day of May, in each year, the College Board shall nominate two students, in their third term at the least, whom they may deem best qualified, having regard to their straitened means and the excellence of their character; and the President shall forthwith transmit their names, together with a brief statement of their claims, to the Visitor, who shall select one of them to be the exhibitor, and to receive the interest accruing for the following year, commencing July 1st. Or, at

* No Scholarship or prize open to competition shall be awarded unless at least 50 per cent. shall have been made in each paper.

his discretion, if he considers the claims of the two nominees to be equal, or nearly so, the Visitors may adjudge that the amount be divided between them.

THE McCAWLEY CLASSICAL SCHOLARSHIP.

This scholarship is given out of the interest of a fund raised by subscription for a testimonial to the Rev. G. McCawley, D.D., on his retirement from the office of President.

1. The competition shall be confined to matriculated undergraduates who have completed their first year of residence.

2. The examination shall be conducted by the President, assisted by such other person as the Governors shall appoint for the time being, either within or without the University, as assessor.

3. The examination shall be confined principally to such classical works as the President shall have appointed at the beginning of Michaelmas Term preceding, and shall include the translation, grammatical construction and relation to the content of the passages selected, together with such critical papers in prose and verse as may be set at the examination.

4. The examination shall be subject, in respect of the number of marks required, to the general regulations of the University with reference to prizes and scholarships.

5. In the event of their being no competition, or on failure in the examination, the year's interest shall be expended in the purchase of classical books for the library from a list selected by the President, having in view, in the first instance, the completion of a collection of the works of all the classical authors, and of the best editions of the respective works, whether English and foreign, and also of books illustrative of the same at the discretion of the President.

6. This scholarship shall be competed for in the Easter Term.

An Act relating to the Admission of Attorneys.

Sec.

Preamble.

1 Hon. Atty. Gen. and Prest. of the Barristers' Society and another member of said Society to be *ex officio* members of the Board of Examiners of King's College Law School.

Sec.

2 Graduate of said School to be admitted an Attorney without further examination.

3 Sec. 3 of Chap. 33, Con. Stat. amended.

Passed 3rd April. 1901.

WHEREAS the University of King's College, Windsor, in the Province of Nova Scotia, has established a School of Law in the City of Saint John, in this Province, and has appointed a Dean and Law Faculty and Board of Examiners in connection therewith;

And whereas a Student at Law in this Province, who is a Student in such School, must undergo and pass the Examination prescribed by said Faculty and Board of Examiners before being qualified for the Degree of Bachelor of Civil Law of said University;

Be it therefore enacted by the Lieutenant-Governor and Legislative Assembly, as follows:—

1. The Honorable the Attorney General and President of the Barristers' Society of this Province for the time being, and such other member of the Council of the Barristers' Society as may be designated by said Council, shall be *ex officio* members of the Board of Examiners of said School of Law.

2. From and after the passing of this Act any Student at Law, making application for admission as an Attorney of the Supreme Court of this Province, shall on presentation of a Diploma from the said University of King's College, conferring on him the Degree of Bachelor of Civil Law, and a certificate signed by the Dean of the said School of Law and countersigned

by the Attorney General or the President of the said Barristers' Society, of his having there satisfactorily passed the examination prescribed by said Faculty and Board of Examiners, and recommending him for admission as an Attorney of said Supreme Court, and on said Student conforming with the requisites of the bye-laws of the Barristers' Society in all other respects, shall be entitled to be admitted as such Attorney without undergoing or passing any other examination.

3. Section 3 of Chapter 33, of consolidated Statutes, is hereby amended by inserting after the word "Laws" in line three, the words "or Bachelor of Civil Law."

DEGREES IN LAW.

BACHELOR OF CIVIL LAW.

I. MATRICULATION.

(1) The candidate for this degree must be a matriculated student in Arts of King's College, except in cases hereinafter provided for. If he be an Attorney-at-Law or a Student-at-Law who has been matriculated by any Law Society, or duly entered according to the law and practice of the Courts of any one of the Provinces of Canada, he shall be admitted to matriculation in the University without further examination. These shall be termed undergraduates.

(2) The Candidate will be required to pass three examinations, separated by intervals of not less than a year, to be called the first, second and final examinations in law.

(3) A Barrister of three years' standing, who is a graduate in law of any recognized University may be admitted to the degree of B. C. (Particulars of the University Matriculation Examination will be found in the General Calendar; this examination is held at the College at Windsor, and the following centres: St. John, N. B., Charlottetown, P. E. I., St. John's Newfoundland, and Bermuda).

(4) A Barrister of not less than seven years' standing, who shall have been a lecturer in the Faculty of Law for three years, may be admitted to the standing of an undergraduate of the third year.

(5) A graduate in law of any recognized University may be admitted as an undergraduate of the third year, and shall be entitled to the degree of B. C. L. on passing the examination for the third year, including an examination in Roman law.

(6) General students (being those who are not undergraduates) may be admitted to attend the Lectures on producing certificates of good moral character. Partial courses may also be taken.

II. REGISTERING.

All undergraduates must sign the matriculation register, and general and partial students the register provided for the purpose.

III. TRANSFER OF STUDENTS.

Undergraduates of other Law Schools may be admitted to an *ad eundem* standing in this School if, on examination, they shall be found qualified. Any person duly matriculated may, at the end of the first year, (though he has not attended the lectures of the School) matriculate as a student of the second year on passing the same examination as is provided for students at the close of the first year, and the same provision shall apply to the third year.

VII.—EXAMINATION AND GRADUATION.

(1). All undergraduates shall be required to undergo examinations at the end of Hilary Term in all the subjects of their respective years.

(2). Every undergraduate, previous to presenting himself for an examination, must obtain from each Professor or Lecturer whose lectures he has attended during the term, a certificate of attendance, which shall not be granted without the consent of the Faculty if there be more than three absences during the course of a term.

(3). An undergraduate who has attended the lectures and passed the examinations of the first two years may be admitted to the degree of B. C. L., on passing the final examination and paying the fees for the third year, without attending the lectures of the third year.

(4). In order that a candidate may pass in any of the three examinations, he must obtain sixty per cent. of the marks assigned to each year.

(5). If an undergraduate fails to pass in more than two subjects at an examination he shall lose his year, but if he fail to pass in two or less, he shall be allowed a supplementary examination in such subject, or subjects, at the beginning of any subsequent year, and not sooner.

(6). The certificate referred to in the Act of the Legislature of the Province of New Brunswick, 1 Edward VII., Cap. xvii, Sec. 2, is issued by the Dean on the recommendation of the Faculty, and is only granted to those graduates who attend lectures during the full three years.
