Introduction.

KING'S COLLEGE was founded by an act of the Provincial Legislature, A. D., 1789, chiefly through the exertions of the Right Reverend Charles Inglis D. D., first Bishop of Nova Scotia, and was opened in 1790. It received a Royal Charter from King George III in 1802, and is the oldest Colonial University in the British Empire.

By the Royal Charter all the privileges of a University were granted to King's College. The University confers degrees in Arts, Divinity, Law, Engineering, Science and Medicine.

King's College is open to students of all denominations, and imposes no religious test either on entrance or on graduation in any faculty, excepting that of Divinity.

Candidates for Matriculation may be examined at distant centres.

Students reside in the college building, which is heated throughout with hot water. The old fashioned, roomy studies are shared by two or three students according to arrangement. Everyone has a separate bedroom.

The aggregate outlay necessary for the four years' residence and study qualifying for a degree will, of course, depend much upon the tastes and economy of the student, but may be estimated at about \$200 per year. A student taking the Law Lectures, as outlined on pages 25 and 27, and passing satisfactory examinations, is accepted as a second year student at any Law School.

The School of Law, established in 1892, is situated in St.

John, N. B. By an Act of the Provincial Legislature of New Brunswick, graduates of this school are admitted as attorneys without further examination.

Affiliation to other Universities.

King's College is affiliated to the Universities of Oxford, Cambridge, and Dublin, under conditions which allow an undergraduate who has taken at least two years' work, to pursue his studies and take his Degree at any of those Universities on a reduced period of residence. Under the terms of the affiliation with Oxford, candidates for the Rhodes Scholarship who have taken the Arts Course at King's, including Greek, are exempt from the qualifying examination.

The Rhodes Scholarship will be open to students from King's College in 1916.

The Collegiate School (or Academy) was opened in 1789. Three years ago the school building was removed to the top of hill, and put in thorough repair.

Students.

Persons who are less than 16 years of age are not admitted as students of the College, except under special circumstances. "Undergraduates" are those who have duly matriculated. "Conditioned Students" are those who are pursuing the same course without having passed the whole of their matriculation examination; if they successfully pass at the end of the first year the examination in the work of the year, they may count their terms from the time they actually came into residence, providing they take, as subjects for their first year, all subjects required in Matriculation.

A registration Fee of \$2.00 will be charged to all students who enter without passing the Matriculation Examination.

Women are admitted on the same terms as men.

Undergraduates who have taken a partial course at any other University recognized by the Board of Governors, may upon presenting certificates of standing, be admitted *ad eundem statum* and complete their course at King's College, provided the certificates show at least as much work done as called for by equivalent examination at this University.

A Student who has received his diploma from Augustine's College, Canterbury; St. Boniface, Warminster; Wycliffe College, Toronto; Montreal Diocesan College Theological College or any other recognized Theological College; upon presenting satisfactory certificates of work done, may obtain the degree of B. A., from this University, by a residence of two years, and by passing the examinations as required of all third and fourth year students.

Matriculation.

The President of the College must receive from each candidate for Matriculation before the day of Examination, a certificate of good moral conduct extending over a period of not less than eighteen months immediately preceding. In the case of candidates from a boarding-school, a certificate from the Head Master will suffice; but those candidates who have attended a day school must, in addition, produce a certificate from the minister of the church they have attended.

The Faculty of the College are authorized to accept certificates from the Head Masters of approved schools in lieu of Matriculation.

The Junior Leaving Examination (Grade XI) of the High Schools of Nova Scotia or an equivalent examination of another province is accepted *pro tanto* as equivalent to the Matriculation Examination. Candidates will be required to pass in such of the required subjects (if any) as are not covered thereby.

The Academical year begins in September, and contains two terms. Michaelmas Term extends from the first Wednesday after Sept. 15th, to December 22nd; Lent Term from the first Wednesday after 2nd day of January to the last Thursday in April.

Lectures are not given on the following days: King's Birthday, Ash Wednesday, Thursday to Saturday in Holy Week, Easter Monday.

Students are required to pass the Terminal Examination at the end of each Term. The Degree Examination will cover the work of the whole year. No student who has failed to pass a terminal examination shall be allowed to present himself for examination in the subjects of any subsequent term until he shall have passed a supplementary examination in the subjects in which he has previously failed.

Students intending to take Supplementary Examinations must send in a request, accompanied by a fee of two dollars, to the President at least one week before the opening of term.

The Supplementary Examinations may be held before the beginning of term.

The standing of undergraduates is determined by the yearly examinations.

The College Board will, in their discretion, require a student who, from whatever cause, shall fail to keep up with the work of his year, to "degrade" *i. e.*, to go into a lower year, in which case such student shall lose the seniority of the year from which he degrades. Students shall rank according to the number of terms they have kept.

For particulars concerning affiliation with Oxford and with other Universities, see Introduction on page 5.

Discipline.

All students are required to report to the President on the first day of each term.

The resident students are under the immediate charge of the President (or, in his absence, the Vice-President).

All students in residence are required to attend the services in the College Chapel. Students who are not members of the Church of England are permitted to attend the Sunday Services of their own Church.

Attendance at all Lectures in the course entered upon except those which are announced as optional, is compulsory upon all students, and no student is allowed to absent himself from the examinations in any subject in which he has taken Lectures, except by special permission of the Professor.

Students who have absented themselves from any Lectures without permission of the individual Professor and without proper excuse, will be reported to the weekly meeting of the Board of Discipline.

More than two unexcused absences from Lectures, or forfeiture of Lectures from disorderly conduct, will disqualify a student from examination and from keeping his term.

Students residing in the College are not to be out of it after 10 p. m., without the permission of the President (or, in his absence, the Vice-President) and no permission is given to be out after midnight. The College authorities may enter the apartments of undergraduates at all hours of the day or night.

No visitor is allowed to remain in College after 10 p. m., unless by permission.

All noise is forbidden in College during Lecture hours.

The President is authorized to impose fines for infraction

of regulations, insubordination or disorderly conduct; matters of a more serious nature are referred to the Board of Discipline, which meets once a week, or oftener if required.

The Board of Discipline may deprive any Student of his Term for negligence of due preparation for Lectures.

In case of sickness a medical certificate must be produced, required by the Board.

The introduction or use of intoxicating liquors in the College is absolutely prohibited.

Students are forbidden by the Statutes to resort to any inn, tavern or public house, except for special cause approved by the President.

Scholarships and Prizes.

The Cogswell Scholarship.

[£24 sterling per annum. Open to candidates for Holy Orders, under the direction of the Trustees.]

The Divinity Scholarships.

[Open to Students for Holy Orders actually requiring assistance, and subject to the control of the Bishop of Diocese.]

Six in number. \$100.00 per annum.

Two of these Scholarships are awarded each year, and are tenable for four years. They are awarded to those only who matriculate and take an Arts Course. In order to obtain a Scholarship a candidate must make an average of not less than fifty per cent. in the Matriculation Examination, and be not less than nineteen years of age. The Scholarships are awarded according to the rank obtained in the Matriculation Examination, without excluding some consideration of the character and circumstances of the candidates. Scholarships shall be forfeited for serious misconduct, of which the Board of Discipline shall be the judges (the Board to report to the Bishop for his action,) and any student failing to keep his terms, un-

less prevented by illness or other urgent reason, shall *ipso facto* forfeit his Scholarship, and the Scholarship thus forfeited may, upon the recommendation of the President and Professor of Divinity, be given by the Bishop to a Divinity student of the same Academical standing as the one who forfeits the Scholarship.

Every student before receiving a Divinity Scholarship is required to sign an agreement in which he binds himself to serve in the Diocese of Nova Scotia after ordination for as many years as he has held the Scholarship.

Divinity Scholars are required to reside in the College Building.

The Binney Exhibition.

The design of this Scholarship is to assist students who may require assistance, and who shall have commended themselves by their exemplary conduct, although their abilities and acquirements may not qualify them to be successful competitors for an open Scholarship.

TERMS.—On or before the first day of April in each year, the College Board shall nominate two students, in their third term at the least, whom they may deem best qualified, having regard to their straitened means and the excellence of their character; and the President shall forthwith transmit their names, together with a brief statement of their claims, to the Visitor, who shall select one of them to be the exhibitor, and to receive the interest accruing for the following year, commencing July 1st. Or, at his discretion, if he considers the claims of the two nominees to be equal, or nearly so, the Visitor may adjudge that the amount be divided between them.
